**The Origin and Development of Jewish Messianic Beliefs** Nov 25 2020

**A Living Tree** Aug 15 2022 This book examines biblical and rabbinic law as a coherent, continuing legal tradition. It explains the relationship between religion and law and the interaction between law and morality. Abundant selections from primary Jewish sources, many newly translated, enable the reader to address the tradition directly as a living body of law with emphasis on the concerns that are primary for lawyers, legislators, and judges. Through an in-depth examination of personal injury law and marriage and divorce law, the book explores jurisprudential issues important for any legal system and displays the primary characteristics of Jewish law.

A Place in History Jan 28 2021 A Place in History is a cultural study of Tel Aviv, Israel's population center and one of the original settlements, established in 1909. The book describes how a largely European Jewish immigrant society attempted to forge a home in the Mediterranean, and explores the difficulties and challenges of this endeavor.

**An Historical Approach to the Development and Problems of the Jewish Welfare Federation Movement in the United States** Dec 27 2020

Social and Cultural Development of Jewish in Eastern Europe and Specification of American Jewishness Dec 19 2022

**Early Judaism** Sep 04 2021 Jewish writings from the period of Second Temple present a rich and complex variety of first-hand materials. Here, the editors have updated their classic sourcebook on Jewish beliefs and practices to take into account current thinking about the sources.

*Philo Judaeus* Apr 30 2021

*The Development of Jewish Messianism* Oct 25 2020

**Curriculum Development for Jewish Education** Feb 15 2020

**An Illustrated History of the Jewish People** Aug 23 2020 The epic 4000-year story of the Jews, from the ancient patriarchs and kings through centuries-long persecution to the growth of a worldwide culture.

**The Hebrew Gospel and the Development of the Synoptic Tradition** Mar 10 2022 This book offers a new explanation of the development of the first three Gospels based on a careful examination of both patristic testimony to the "Hebrew Gospel" and internal evidence in the canonical Gospels themselves. James Edward breaks new ground and challenges assumptions that have long been held in the New Testament guild but actually lack solid evidence.

Jewish History in Conflict Jun 01 2021 Explores the famous dispute about the length of time that Persia ruled over the land of ancient Israel.

**Jewish Economic Development** Mar 18 2020

*Halakhah in the Making* Oct 05 2021 Halakhah in the Making offers the first comprehensive study of the legal material found in the Dead Sea Scrolls and its significance in the greater history of Jewish religious law (halakhah). Aharon Shemesh's pioneering study revives an issue long dormant in religious scholarship: namely, the relationship between rabbinic law, as written more than one hundred years after the destruction of the Second Temple, and Jewish practice during the Second Temple. The monumental discovery of the Dead Sea Scrolls in Qumran led to the revelation of this missing material and the closing of a two-hundred-year gap in knowledge, allowing work to begin comparing specific laws of the Qumran sect with rabbinic laws. With the publication of scroll 4QMMT—a polemical letter by Dead Sea sectarians concerning points of Jewish law—an effective comparison was finally possible. This is the first book-length treatment of the material to appear since the publication of 4QMMT and the first attempt to apply its discoveries to the work of nineteenth-century scholars. It is also the first work on this important topic written in plain language and accessible to nonspecialists in the history of Jewish law.

**Seconding Sinai** Jul 02 2021 This work criticizes the terms "Pseudepigraphy" and "Rewritten Bible", which presuppose conceptions of textual fidelity foreign to ancient Judaism. It develops the concept of a discourse whose creativity and authority depend on repeated returns to the exemplary figure of a founder.

**An Introduction to the History and Sources of Jewish Law** Dec 07 2021 Jewish law has a history stretching from the early period to the modern State of Israel, encompassing the Talmud, Geonic and later codifications, the Spanish Golden Age, medieval and modern response, the Holocaust and modern reforms. Fifteen distinct periods are separately studied in this volume, each one by a leading specialist, and the emphasis throughout is on the development of the institutions and sources of the law, providing teachers with the essential background material from which a variety of sources, from many different perspectives, may be taught. Most chapters are written to a common plan, with treatment of the political background of the period and the nature of Jewish judicial autonomy, the character (literary and legal) of the sources, the legal practice of the period, its principal authorities, and

examples of characteristic features of the substantive law (especially in family law).

**An Exploratory Study of the Development of Jewish Studies in American Higher Education with Special Emphasis on Three Contemporary Programs** Feb 09 2022

**A Star is Rising** May 12 2022 Not merely a review or survey of sources, but an interpretive and historical biography of the concept of the Messiah. Laato (exegetics, Abo Academy, Turku, Finland) traces it to Near Eastern royal ideology, then follows its development into a central issue in the Old Testament and Jewish eschatology of the Second Temple period, and to the New Testament christology developed in conjunction with Jewish messianic ideas. Milestones on the journey include Nathan's dynastic oracle, the Assyrian crisis, the post-exile period, Hasmonean propaganda, the Qumran scrolls, and Tannaitic Judaism. **The Development of Jewish Law and Burdens of Proof in Capital Cases** Apr 11 2022

**A Reconceptualization of Foundations for Curriculum Development in Jewish Education** Jan 08 2022

*From Jesus to Christ* Feb 26 2021 "Magisterial. . . . A learned, brilliant and enjoyable study."—Géza Vermès, Times Literary Supplement In this exciting book, Paula Fredriksen explains the variety of New Testament images of Jesus by exploring the ways that the new Christian communities interpreted his mission and message in light of the delay of the Kingdom he had preached. This edition includes an introduction reviews the most recent scholarship on Jesus and its implications for both history and theology. "Brilliant and lucidly written, full of original and fascinating insights."—Reginald H. Fuller, Journal of the American Academy of Religion "This is a first-rate work of a first-rate historian."—James D. Tabor, Journal of Religion "Fredriksen confronts her documents—principally the writings of the New Testament—as an archaeologist would an especially rich complex site. With great care she distinguishes the literary images from historical fact. As she does so, she explains the images of Jesus in terms of the strategies and purposes of the writers Paul, Matthew, Mark, Luke, and John."—Thomas D'Evelyn, Christian Science Monitor

**The Jewish Jesus** Aug 03 2021 How the rise of Christianity profoundly influenced the development of Judaism in late antiquity In late antiquity, as Christianity emerged from Judaism, it was not only the new religion that was being influenced by the old. The rise and revolutionary challenge of Christianity also had a profound influence on rabbinic Judaism, which was itself just emerging and, like Christianity, trying to shape its own identity. In *The Jewish Jesus*, Peter Schäfer reveals the crucial ways in which various Jewish heresies, including Christianity, affected the development of rabbinic Judaism. He even shows that some of the ideas that the rabbis appropriated from Christianity were actually reappropriated Jewish ideas. The

result is a demonstration of the deep mutual influence between the sister religions, one that calls into question hard and fast distinctions between orthodoxy and heresy, and even Judaism and Christianity, during the first centuries CE.

*Social and Cultural Development of Jewish Life in Eastern Europe and Specification of American Jewishness* Oct 17 2022

*Ashkenazic Jews and the Biblical Israelites* May 20 2020 Who were the early ancestors of East European Ashkenazic Jews, how were they related to the biblical Israelites/Judeans, and when and from where did they arrive in Eastern Europe? This book intends to answer these questions, but first it discusses some of the important questions that are neglected in the literature but important in the author's work such as the ethnic composition of Canaan/Palestine and the switch from a patrilineal system (Israelites/Judeans) to a matrilineal one including converts (Jews). The author also discusses more present-day topics such as whether it is possible to determine if someone is (Ashkenazic) Jewish and a descendant of the biblical Israelites based on a genetic profile, and whether Ashkenazic Jews are more Jewish than Indian or Ethiopian Jews. Jits van Straten argues that the answer is negative in both cases, based on the official definition of who is a Jew. Finally, it is shown why East European Ashkenazis speak Yiddish without originating from a German-speaking region.

Jewish Music Feb 21 2023 In this landmark of musical scholarship, the leading 20th-century authority on Jewish music describes and analyzes its elements and characteristics, and chronicles its development from the earliest appearance of Semitic song 2000 years ago to the early 20th century. Liberally illustrating every type of music discussed, the book examines the music as a tonal expression of Judaism, Jewish life and the spiritual aspects of Jewish culture.

The Chosen Few Jul 22 2020 Maristella Botticini and Zvi Eckstein show that, contrary to previous explanations, this transformation was driven not by anti-Jewish persecution and legal restrictions, but rather by changes within Judaism itself after 70 CE--most importantly, the rise of a new norm that required every Jewish male to read and study the Torah and to send his sons to school. Over the next six centuries, those Jews who found the norms of Judaism too costly to obey converted to other religions, making world Jewry shrink. Later, when urbanization and commercial expansion in the newly established Muslim Caliphates increased the demand for occupations in which literacy was an advantage, the Jews found themselves literate in a world of almost universal illiteracy. From then forward, almost all Jews entered crafts and trade, and many of them began moving in search of business opportunities, creating a worldwide Diaspora in the process.

The Hebrew University, Jerusalem Nov 13 2019

**A History of the Jewish People** Mar 30 2021 First published in Hebrew in Tel Aviv in 1969. First English translation by Weidenfeld and Nicholson in 1976.
