**Secret Service** Sep 15 2022 "Either you can decide to compete on price alone and pray you can maintain a cost structure to generate a profit, or you can provide magical moments that create value for your guests. . . . Throughout Secret Service, DiJulius demonstrates how to transform bland customer service standards into memorable customer experiences."— from the foreword by Bill Capodagli and Lynn Jackson, coauthors of The Disney Way and Every Business Is Show Business How many successful businesses provide the kind of unforgettable client experience that keeps customers coming back time after time and year after year? John DiJulius has built his award-winning business around a customer service approach that has earned comparisons to Disney, Nordstrom, and other legendary customer experience pioneers. In Secret Service DiJulius reveals how to develop behind-the-scenes systems that will enable your business to \* develop a great corporate culture that shows in the dedication and passion of your front-line people \* "go deeper" with your existing customers \* turn complaints into positive experiences \* make each customer feel welcome, comfortable, important, and understood. DiJulius will teach you all the techniques that have catapulted his business to the top, making him one of the most sought-after service experts in America. By quantifying and examining each phase of the Customer Experience Cycle, Secret Service reveals clever, practical ideas that can be transformed into repeatable best practices in any organization and at every level. Packed with examples applicable to a wide range of industries, this book provides practical, realistic ways to reap the benefits of greater customer loyalty, exponentially expanded referral networks, lower employee turnover, and stronger bottom-line results.

**Fire Service Hydraulics & Pump Operations, 2nd Ed** Aug 22 2020 Understanding hydraulics and pump operations doesn't have to be difficult, and it is of key importance to the science of fire engineering. Putting all the pieces together correctly so that the right stream is brought to the fire is essential to effective fireground operations. In the second edition of Fire Service Hydraulics and Pump Operations, author Paul Spurgeon, engineer/pump operator with the Denver Fire Department, breaks down the sometimes difficult-to-understand formulas of hydraulics and pumps into easily learned steps, taking care to explain the hows and whys of each formula discussed. Using an in-the-street, practical approach, Spurgeon teaches readers how to develop proper fire streams as well as how they relate to overall fireground strategies. He covers hydraulics and pumps extensively—from the properties of water to its supply to pumping to sprinkler systems and foams. So readers can put what they've learned into practice, Spurgeon provides both end-of-chapter tests and practice sets at the end of the book, complete with answers so that readers can check their knowledge. The second edition includes numerous updates and additions, including the Rule of Thumb chapter that illustrates how to perform these complex calculations while under stress on the fireground. This text meets the learning objectives for FESHE Fire Protection Hydraulics and Water Supply course work. Features and Benefits: • Summary of chapter formulas • End-of-chapter tests with answers • Practice sets with answers to further test your understanding

**Learning Service** Mar 29 2021 "This year, over ten million people will go abroad, eager to find the perfect blend of adventure and altruism. Volunteer travel can help you find your place in the world—and find out what you're made of. So why do so many international volunteer programs fail to make an impact? Why do some do more harm than good? Learning Service offers a powerful new approach that invites volunteers to learn from host communities before trying to 'help' them. It's also a thoughtful critique of the sinister side of volunteer travel; a guide for turning good intentions into effective results; and essential advice on how to make the most of your experience."--Amazon.com.

**Zero Fail** May 11 2022 NEW YORK TIMES BESTSELLER • "This is one of those books that will go down as the seminal work—the determinative work—in this field. . . . Terrifying."—Rachel Maddow The first definitive account of the rise and fall of the Secret Service, from the Kennedy assassination to the alarming mismanagement of the Obama and Trump years, right up to the insurrection at the Capitol on January 6—by the Pulitzer Prize winner and #1 New York Times bestselling co-author of A Very Stable Genius and I Alone Can Fix It NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE WASHINGTON POST Carol Leonnig has been reporting on the Secret Service for The Washington Post for most of the last decade, bringing to light the secrets, scandals, and shortcomings that plague the agency today—from a toxic work culture to dangerously outdated equipment to the deep resentment within the ranks at key agency leaders, who put protecting the agency's once-hallowed image before fixing its flaws. But the Secret Service wasn't always so troubled. The Secret Service was born in 1865, in the wake of the assassination of Abraham Lincoln, but its story begins in earnest in 1963, with the death of John F. Kennedy. Shocked into reform by its failure to protect the president on that fateful day in Dallas, this once-sleepy agency was radically transformed into an elite, highly trained unit that would redeem itself several times, most famously in 1981 by thwarting an assassination attempt against Ronald Reagan. But this reputation for courage and excellence would not last forever. By Barack Obama's presidency, the once-proud Secret Service was running on fumes and beset by mistakes and alarming lapses in judgment: break-ins at the White House, an armed gunman firing into the windows of the residence while confused agents stood by, and a massive prostitution scandal among agents in Cartagena, to name just a few. With Donald Trump's arrival, a series of promised reforms were cast aside, as a president disdainful of public service instead abused the Secret Service to rack up political and personal gains. To explore these problems in the ranks, Leonnig interviewed dozens of current and former agents, government officials, and whistleblowers who put their jobs on the line to speak out about a hobbled agency that's in desperate need of reform. "I will be forever grateful to them for risking their careers," she writes, "not because they wanted to share tantalizing gossip about presidents and their families, but because they know that the Service is broken and needs fixing. By telling their story, they hope to revive the Service they love."

**Care of Military Service Members, Veterans, and Their Families** Dec 26 2020 The book provides civilian medical and nonmedical care providers with practical information to effectively understand, support, and address this population's needs. Promoting family resilience is a theme emphasized throughout chapters on traumatic brain injury, substance use disorders, and more.

**Diversity Beyond Lip Service** Nov 05 2021 The ugly truth about diversity is that some people worry they must give up their power for others to have a chance. La'Wana Harris's Inclusion Coaching method helps people realize that sharing power isn't the same as losing it. The elephant in the room with diversity work is that people with privilege must use it to allow others equal access to power. This is often why diversity efforts falter—people believe in diversity until they feel that they have to give something up. How do we talk them through this shift? La'Wana Harris introduces Inclusion Coaching, a new tool based on cutting-edge research that identifies the stages of preparation, implementation, and "self-work" necessary to help individuals, teams, and organizations build a sustainable culture of inclusion. Harris's six-stage COMMIT model—Commit to courageous action, Open your eyes and ears, Move beyond lip service, Make room for controversy and conflict, Invite new perspectives, and Tell the truth even when it hurts—provides a proven process for making people aware of their own conscious and unconscious biases and concrete steps to make inclusion an embedded reality. Harris offers managers and diversity coaches new models to empower everyone from employees to CEOs to "do" inclusion and address deep-rooted biases that are often invisible. She addresses the growing need to challenge bias and build authentic cultures where everyone can feel a sense of belonging.

**Digital Customer Service** Jul 13 2022 Digital Customer Service is the new standard for creating a 5-star customer experience As much as technology has improved our lives, for many people customer service experiences remain unnecessarily frustrating. But the advent of Digital Customer Service (DCS) promises to make these interactions seamless and effortless by creating experiences that occur entirely on a customer's own screen, even in situations where it is preferable to speak to an agent. Digital Customer Service: Transforming Customer Experience for an On-Screen World traces the evolution of customer service—as well as the evolution of customer expectations and the underlying psychology that drives customer behavior - from the days of the first call centers in the 1980s all the way to today's digital world. Written for Customer Service and Customer Experience leaders as well as C-suite executives (CEOs, CFOs, CIOs), Digital Customer Service helps business leaders balance three critical priorities: Creating an excellent experience for customers that increases customer loyalty and profitability Driving down the cost of Customer Service/Support interactions, while increasing revenue through Sales interactions Moving quickly toward the goal of "digital transformation" We have discovered—in our research and our first-hand experience—that when companies commit to achieving true Digital Customer Service, they can make significant progress toward all three of these goals at once. Digital Customer Service provides the roadmap for how your company can get there. And when you do, who wins? EVERYONE.

**Conscious Service** Sep 03 2021 Conscious Service: Ten ways to reclaim your calling, move beyond burnout, and make a difference without sacrificing yourself will help service providers in all types of human service understand and move beyond burnout and compassion fatigue and discover a renewed energy for serving others. Each of us can learn how to thrive and find fulfillment in our vocations as we make a positive difference in our homes, workplaces, and communities. Using images, storytelling, and practical application exercises, Elizabeth Bishop invites us to reimagine how we think about, train for, and embody service. Blurring the line between the traditional and the alternative with expertly chosen spiritual and self-help insights, Conscious Service: Ten ways to reclaim your calling, move beyond burnout, and make a difference without sacrificing yourself offers pragmatic and inspiring guidance for direct service providers and the people responsible for the systems and structures through which service is delivered. Even if serving others isn't the core focus of their vocation, readers will discover keys to feeling better, living with purpose, and contributing with impact.

**Senior Executive Service** Jan 27 2021

**Service, The Path To Justice** Feb 25 2021 Service, the Path to Justice is a timely antidote to cynicism and despair in a world of growing inequality and injustice. The authors argue that serving others is the basis for human survival because only through service to others will injustice be eradicated and peace prevail. Redekop and Beitzel focus on the concept of voluntary service—public participation motivated by the value of loving one's neighbour as oneself—as morally worthy social action in which the doer and the recipient of the action benefit equally. This approach to social action counteracts the inequality and injustice inherent in society's structures. The development and practice of self-giving in Mennonite, Brethren, and Quaker denominations is analyzed, bringing sociological, ethical, and applied perspectives to the examination. The practice of voluntary service is immediately available to everyone, and the win-win benefits flowing from this approach to social action promote sustained public participation for social action. This is an enlightening and optimistic view of the power of an individual to bring kindness, fairness, and peace to the world.

**Room Service** Jan 07 2022 Celebrating a birthday isn't fun when there's a killer on the loose in this scream-worthy read from the author of ESCAPE ROOM. No parents, no rules. Fender, Linnea, Lucas, and Kate are celebrating Kate's birthday in a luxury hotel. They're here to have fun and make forever memories. They all know not to bring up what happened last year, especially on this weekend. All that matters is having the most epic time ever. But the party is over. Someone is leaving messages at their door. Someone who knows exactly what happened a year ago. Someone who wants revenge. Underlined is a line of totally addictive romance, thriller, and horror titles coming to you fast and furious each month. Enjoy everything you want to read the way you want to read it.

**Service Systems** Apr 10 2022 This SpringerBrief explores the internal workings of service systems. The authors propose a lightweight semantic model for an effective representation to capture the essence of service systems. Key topics include modeling frameworks, service descriptions and linked data, creating service instances, tool support, and applications in enterprises. Previous books on service system modeling and various streams of scientific developments used an external perspective to describe how systems can be integrated. This brief introduces the concept of white-box service system modeling as an approach to model the internal aspects and elements of service systems. This approach provides descriptions that can be used for service management, optimization, and analytics. Service Systems: Concepts, Modeling, and Programming is designed for researchers, teachers, and advanced-level students who want to learn about the new emerging field of service science and IS/IT practitioners who are looking for better ways to describe, model, and communicate services.

**Full Service** Oct 16 2022 A World War II veteran and Hollywood gas station attendant describes how his good looks and open bisexuality culminated in liaisons with numerous celebrities, providing a chronicle of Hollywood's sexual underground in the 1940s and 1950s.

**Inside a U.S. Embassy** Feb 20 2023 All-new third edition of the essential guide to the Foreign Service

**Memoirs of General Miller** Oct 04 2021

**The Service** Oct 12 2019 The Service addresses many of our Countries contemporary problems such as how to improve our medical, educational, legal, and electoral systems. The book is written as a compilation of short stories that graphically illustrate ideas and concept that offer solutions to our economic, social, and political difficulties. Following each short story are Author's notes that further explain the ideas and concepts. The stories build on one another so that at the conclusion of this book the reader is left with a clear idea of how we can work together to make this Country a better place to live.

**Generalist Case Management: A Method of Human Service Delivery** Dec 18 2022 This practical text equips students with the fundamental information and skills needed to be effective case managers, covering such central issues as the responsibilities of case management, competencies needed for ethical and multicultural case management, participation in interdisciplinary and interorganizational teams, and engagement in advocacy and leadership. The first-person experience of a client and her case managers draws students into the text. To ensure that the book offers current and accurate information, the authors interviewed human service case managers nationwide about their jobs, skills, challenges, and clients. These interviews, combined with current research and numerous case studies, make GENERALIST CASE MANAGEMENT: A METHOD OF HUMAN SERVICE DELIVERY, 5th Edition, realistic and relevant. The text also aligns with NASW case management standards and helps to prepare students for earning C-SWMC certification and the HS-BCP credential. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

**No Place for Truth** Aug 14 2022 Evangelicals, argues Wells, have largely lost the truth that God also stands outside all human experience, that he still summons sinners to repentance and belief regardless of their self-image, and that he calls his church to stand fast in his truth against the blandishments of the modern world.

**Mobile Service Computing** Sep 22 2020 This book introduces readers to the background and principles of mobile service computing. It discusses various aspects of service computing in mobile environments, including key methods and techniques for service selection, recommendation, composition, offloading, execution, deployment, and provision.

**The Customer Service Revolution** Apr 29 2021 In *The Customer Service Revolution*, DiJulius points out how numerous companies have made Customer service their biggest competitive advantage, are dominating their industries, and have made price irrelevant. As a result of this Customer service revolution, people are being treated differently, better, and in a way like never before. This is a result of how companies and management are treating their employees and how employees are treating each other and the Customer—which ultimately permeates into people’s personal lives at home and in their communities. Can the way you run your business or treat your Customers have an effect on the world at large? John DiJulius will show you just that! Drawing on years of experience consulting with the top customer service companies around the world and in his role building his first business, John Robert’s Spa, into one of the top 20 salons in the US, DiJulius will show you exactly how to create your very own Customer service revolution and make price irrelevant.

**The Minister's Service Book** Jun 12 2022 Features text for common ceremonies such as marriage services, baptismal services, dedication of children, reception of new members, funeral services, dedication of church buildings, and installation of officers. Gold stamped

**Be Our Guest** Nov 17 2022 Foreword by Michael D. Eisner. All organisations drive towards the same goal - how best to serve their customers. Walt Disney World has always enjoyed a reputation as a company that set the benchmark for outstanding business practices. Now, for the first time, one critical element of the method behind the magic is revealed: that of quality service. Here, their proven principles and processes are fully outlined, to help your organisation focus its vision and assemble its infrastructure to deliver exceptional customer service.

**Technologies of Consumer Labor** Jul 21 2020 This book documents and examines the history of technology used by consumers to serve oneself. The telephone’s development as a self-service technology functions as the narrative spine, beginning with the advent of rotary dialing eliminating most operator services and transforming every local connection into an instance of self-service. Today, nearly a century later, consumers manipulate 0-9 keypads on a plethora of digital machines. Throughout the book Palm employs a combination of historical, political-economic and cultural analysis to describe how the telephone keypad was absorbed into business models across media, retail and financial industries, as the interface on everyday machines including the ATM, cell phone and debit card reader. He argues that the naturalization of self-service telephony shaped consumers’ attitudes and expectations about digital technology.

**Acts of Service** Mar 09 2022 A “bold and unflinchingly sexy” (*Vogue*) debut novel about a young woman who follows her desires into a world of pleasure, decadence, and privilege, unraveling everything she thought she knew about sex . . . and herself. “One of the most entertaining books about sex I’ve ever read . . . The perfect read for fans of Raven Leilani and Ottessa Moshfegh, this is a book that will have people talking.”—BuzzFeed “A sex masterpiece.”—*The Guardian* ONE OF THE BEST BOOKS OF THE YEAR: *The New Yorker*, *The Hollywood Reporter* “Anytime I want, I can forsake this dinner party and jump into real life.”—Eve Babitz Eve has an adoring girlfriend, an impulsive streak, and a secret fear that she’s wasting her brief youth with just one person. So one evening she posts some nudes online. This is how Eve meets Olivia, and through Olivia the charismatic Nathan. Despite her better instincts, the three soon begin a relationship—one that disturbs Eve as much as it entralls her. As each act of their complicated, three-way affair unfolds across a cold and glittering New York, Eve is forced to confront the questions that most consume her: What do we bring to sex? What does it reveal of ourselves, and one another? And how do we reconcile what we want with what we think we should want? In the way only great fiction can, *Acts of Service* takes between its teeth the contradictions written all over our ideas of sex and sexuality. At once juicy and intellectually challenging, sacred and profane, Lillian Fishman’s riveting debut is bold, unabashed, and required reading of the most pleasurable sort.
