Proceedings of the 7th Progressive and Fun Education International Conference (PROFUNEDU 2022) Sep 23 2020 This is an open access book. Education is an effort to educate people, through education the quality of human life becomes better, and it is captured and realized by all Muhammadiyah universities in Indonesia, especially from the Faculty of Teacher Training and Education Science. The problem that occurs is the need for a lot of innovation related to the implementation of learning in the classroom so that the learning process becomes more enjoyable. Thus,

students will be more eager to learn and their academic achievement will be better, which of course has implications for the quality of education which is also better. Therefore, the Association of Muhammadiyah Higher Education Teaching Institutions (ALPTK-PTM) in collaboration with Universitas Muhammadiyah Sorong (UNAMIN) dan Universitas Pendidikan Muhammadiyah Sorong (UNIMUDA) as the local committee initiated the holding of The 7th Progressive and Fun Education International Conference (The 7th Profunedu) which was held on 8-9 September 2022. The conference invited eight invited speakers from international speakers and Indonesian speakers. In addition, the conference was also attended by 115 participants and presenters with 107 papers listed. The 7th Profunedu this time collaborated with the Atlantis Press in the paper publication process. From 107 papers listed, 30 papers were selected to be published by Atlantis Press as publishing partners in this conference.

Cultural Dynamics in a Globalized World Jan 08 2022 The book contains essays on current issues in arts and humanities in which peoples and cultures compete as well as collaborate in globalizing the world while maintaining their uniqueness as viewed from cross- and interdisciplinary perspectives. The book covers areas such as literature, cultural studies, archaeology, philosophy, history, language studies, information and literacy studies, and area studies. Asia and the Pacific are the particular regions that the conference focuses on as they have become new centers of knowledge production in arts and humanities and, in the future, seem to be able to grow significantly as a major contributor of culture, science and arts to the globalized world. The book will help shed light on what arts and humanities scholars in Asia and the Pacific have done in terms of research and

knowledge development, as well as the new frontiers of research that have been explored and opening up, which can connect the two regions with the rest of the globe.

ICOST 2019 Oct 25 2020 We are delighted to introduce the proceeding of the first edition of the International Conference on Science and Technology (ICoST) that was held in Claro Hotel, May 2-3, 2019. It was organized by Faculty of Science and Technology, Universitas Islam Negeri Alauddin Makassar in partnership with Forum Dekan Fakultas Sains dan Teknologi PTKIN. The theme of the ICoST is "Roles and Challenges of Science and Technology in Guaranteeing Halal Products in the Industrial Revolution 4.0". The Indonesian government has begun to respond this industrial change by launching the roadmap of 'Making Indonesia 4.0' as a strategy to ease Indonesia's steps to become one of the new powers in Asia in April 2018. This roadmap provides a clear direction for the movement of the national industry in the future, including a focus on developing priority sectors that will become Indonesia's strength towards Industry 4.0. The proceeding of ICoST contains the scientific research, written by the academicians, researchers, practitioners, and government elements who have the same thoughts about the effort to develop the society's ability to adapt the advancement of science and technology in the global competition to face the industrial revolution 4.0. We are also very grateful to all keynote speakers and committee members, willing to act as referee for their time and efforts to keep our conference going well. In the future, we expect the ICoST will be

able to provide another scientific atmosphere and stimulate more participants to join this conference.

ISSHE 2020 Aug 23 2020 International Seminar on Social Science, Humanities and Education (ISSHE) is motivated by efforts to increase the quality of research and respond to the development of studies related to social science, humanities and education fields. This seminar aims: (1) to bring together all scientists, researchers, practitioners, and lecturers, (2) to share and discuss theoretical and practical knowledge about social science, humanities and education fields. The conference was held virtually by using Zoom on November, 25th 2020. The host of the conference was the Faculty of Cultural Sciences of Universitas Haluoleo, Kendari, Indonesia in collaboration with Graduate Program of Linguistics Universitas Warmadewa, Denpasar-Bali, Indonesia. By organising the seminar, it is expected it can be used as a scientific forum to accommodate discussions among young researchers originated from Indonesia in the fields of social science, humanities, and education. Therefore, the keynote speakers and invited speakers in the seminar are the researchers that are reputable and well-known in the world. We would like to thank the organising committee and the board of reviewers for their kind assistance and intention in reviewing all the papers. We would also extend our best gratitude to keynote speakers for their invaluable contributions and worthwhile ideas shared in the seminar. As a result, ISSHE is expected to be able to be used as academic media to exchange ideas that will impact on conduction of any study related to social science, humanities, and education phenomena.

UNDERSTANDING TRANSLATION Apr 18 2020 Translation has strongly showed its significance to bridge communication between nations. It has been used to spread and update news, information, knowledge, entertainment, and ideas from all over the world. It also enables effective communication between people of different languages and culture. This book is written in a simple everyday English, so it is easy to understand and follow. It is hoped that readers find this book helpful in helping them preparing translating any texts for their tasks or even their future works. I gladly welcome this book. It has been compiled to present ideas about translation. It provides basic general and basic insights on Translation. Reading this book will also encourage students to practice their translation skills, so they can be a good translator in the future.

Dynamics of Industrial Revolution 4.0: Digital Technology Transformation

and Cultural Evolution Jul 22 2020 The 7th Bandung Creative Movement conference presented the theme "Dynamics of Industrial Revolution 4.0" which discussed how the digital world and connectivity changed human culture in various aspects of life, and transformed in accordance to human needs and social culture. Digital technology has transformed society to serve people from manufacturing needs to smart cities, from network connectivity to people connectivity. The application of information technology has helped in improving live quality and environmental sustainability. Digital transformation is revolutionizing how businesses and workers interconnect to be more productive and efficient. The result is improved collaboration, faster processes and time-to-market, lower costs and better products. Devices are getting smarter, meaning they are able to perform more and more tasks without human intervention; moreover, these devices generate data that provide insights to further improve processes and gain greater efficiencies. Moreover, with the Internet of Things (IoT), all these smart devices are interconnected in ways that not only help make them even smarter, but also enhances the intelligence of the overall system. Digital technology is a formidable driver for the transformation of a highly carbon-dependent world into one that is more ecologically 'smart.' We are entering a new era of environmental innovation that is driving better alignment between technology and environmental goals. Since its first announcement in 2011, industrial revolution 4.0 has dynamically changed and transformed to adjust itself to the human needs and to serve more efficiency and effectiveness of everyday life as well as environmental enhancement. The 7th Bandung Creative Movement has brought forward discussions on dynamic changes, ups and downs, innovations, relations of industrial revolution of the internet of thing, data, automation, to human physical world, new art and aesthetic, business, product innovation, built environment, and education.

Proceedings of the 2nd International Student Conference on Linguistics (ISCL 2022) Sep 04 2021 This is an open access book. Linguistics as a field of study discussing languages plays a fundamental role in the life of humans. It affects the human way of thinking in various aspects. In turn, there is a pervasive influence of language on our daily lives. The impact is that the work of linguists is no longer only managing language in one discipline, but relating and interconnecting the linguistics with other fields at a further level. Linguistic studies have now been carried out in various fields including psychology, anthropology, neuroscience, law, philosophy, computer science, communications, and education. Linguistics enthusiasts find practical solutions for their linguistic training in the computer, law, and forensic industries, teaching foreign languages and English as a second language, translation and interpretation, speech pathology, lexicography, and

policymaking in government and education. Nowadays, these jobs are, however, no longer operational but encounter many challenges, especially in the global era. The digital revolution has created new avenues for language use and new communication modalities. The existence of technology mediates our linguistic and social interactions. The pervasive influence of technology on human development has the potential to influence language acquisition and change social behavior. In this global era, many challenges in human life arise. Our brave new digital world has caused some discord for language activists – and if harsh text speakers do not feel good, woe ensues our new diet of round-shaped emojis. Our language and our relationship to language have developed to keep pace with cultural changes. Furthermore, since the spread of the COVID-19 pandemic, society has been carrying out communication online through the internet and social. To , society has been accustomed to doing it that way. One of the challenges linguistics studies are facing is the implementation of appropriate language capacity. There are conditions for the use of inaccurate languages according to standardized rules in communication through online media. To solve this, reciprocal interactions are also important for creating a pool of different perspectives among the smart human community. In total, digital technologies are also changing the ways we learn and teach, as well as the ways we compose and research. These changes are occurring throughout the academy, including the humanities — a set of disciplines less associated with technology. In an effort to vanquish the challenges trending in the linguistic study in order to depict the future perspectives on it established in the description above, fresh ideas from the younger generations are needed. For that purpose, the Graduate School of Linguistics, the Postgraduate Program University of Warmadewa in collaboration with other institutes presents an international academic discussion forum in the form of a conference. This event is themed “The 2nd Student Conference on Linguistics: Trends and Future Perspectives in Language study and Language Teaching”. Through the forum students from various parts of the world are expected to share bright and innovative ideas to discover solutions to the problems and challenges faced by linguistics today and in the coming future.

Humour in Asian Cultures Dec 07 2021 This innovative book traces the impact of tradition on modern humour across several Asian countries and their cultures. Using examples from Japan, Korea, Indonesia and Chinese cultures in Mainland China, Hong Kong and Taiwan, the contributors explore the different cultural rules for creating and sharing humour. Humour can be a powerful lubricant when correctly interpreted; mis-interpreted, it is likely to cause considerable setbacks. Over time, it has emerged and submerged in different periods and different forms in all these countries but today’s conventions still reflect traditional attitudes to and assumptions about what

is appropriate in creating and using humour. Under close examination, Milner Davis and her colleagues show how forms and conventions that differ from those in the west can also be seen to possess elements in common. With examples including Mencian and other classical texts, Balinese traditional verbal humour, Korean and Taiwanese workplace humour, Japanese laughter ceremonies, performances and cartoons, as well as contemporary Chinese-language films and videos, they engage with a wide range of forms and traditions. This fascinating collection of studies will be of great interest to students and scholars of many Asian cultures, and also to those with a broader interest in humour studies. It highlights the increasing importance of understanding a wider range of cultural values in the present era of globalized communication and the importance of reliable studies of why and how cultures that are geographically related differ in their traditional uses of and assumptions about humour.

Proceedings of the Sixth International Conference on Language, Literature, Culture, and Education (ICOLLITE 2022) Mar 30 2021 This is an open access book. The rapid advancement of technology has created new civilization in this digital era which affects almost all aspects of life including language, literature, culture, and education. The digital era brings opportunities as well as challenges that people have to deal with. Thus, some adjustments need to be done in order to keep up with those changes. Studies on language, literature, culture, and education need to be continuously conducted and developed to revitalize those aspects in facing the dynamic changes of the digital era. In relation to this, Faculty of Language and Literature Education, Universitas Pendidikan Indonesia (FPBS UPI) hosts this year's International Conference on Language, Literature and Culture (ICOLLITE) with the theme "Revitalization of Language, Literature, Culture, and Education in the Digital Era" as a forum for experts and professionals to share their research, ideas, and experiences on this issue. Presenters and participants are welcome to

discuss and disseminate current issues and offer solutions to the challenges of our time. Discussions on current trends in digital literacies are expected to pave way to learn from each other for betterment as one big society of humankind, regardless of their social, economic, and cultural backgrounds.

BASA 2020 Jun 13 2022 This proceeding contains selected papers of The International Seminar On Recent Language, Literature, And Local Culture Studies In New Normal "Kajian Mutakhir Bahasa, Sastra, dan Budaya Daerah di Era Normal Baru (BASA)" held on 4 November 2020 with virtual conference in Solo, Indonesia. The conference which was organized by Sastra Daerah, Faculty of Cultural Sciences Universitas Sebelas Maret. The conference accommodates topics for linguistics in general including issues in language, literature, local cultural studies, philology, folklore, oral literature, history, art, education, etc. Selecting and reviewing process for the The International Seminar On Recent Language, Literature, And Local Culture Studies in New Normal "Kajian Mutakhir Bahasa, Sastra, dan Budaya Daerah di Era Normal Baru" was very challenging in that it needs a goodwill of those who were involved in such a process. More than ten experts were invited in reviewing, giving suggestions for revision and at last selecting the papers. On that account, we would like to forward our appreciation and our gratefulness to such invited experts for having done the process. Papers in the proceeding are expected to give academic benefits, especially in broadening the horizon of our understanding in language, literature, and local culture studies in new normal. We realize that what we are presenting for the publication is still far from being perfect. Constructive criticism is very much welcome for improvement. Finally, the committees thank for the participation and congratulate for the publication of the papers in the proceedings of BASA#4-2020. The committees also thank all those who have supported and actively participated for the success of this event. Hopefully these Proceedings can be used as references in developing technology and improving learning activities in the fields of education, social, arts and humanities.

Linguistik Umum Dec 19 2022 Adanya variasi bahasa seringkali dihubungkan dengan adanya kebudayaan yang berbeda. Pandangan itu dipengaruhi oleh hasil kerja para antropolog yang cenderung menyikapi bahasa sebagai bagian budaya yang diartikan sebagai pengetahuan yang diperoleh secara sosial. Pendapat itu menegaskan bahwa variasi bahasa berhubungan erat dengan keberadaan budaya yang berbeda-beda. Dalam

kajian tentang budaya dunia, ditemukan bahwa suku yang satu berbeda dengan yang lain, tidak saja mengenai bahasa yang dimilikinya, tetapi juga dalam pandangan tentang dunia yang tecermin dalam Bahasa mereka. Bahasa memiliki variasi. Di antara variasi-variasi itu terdapat ciri-ciri yang umum. Ciri-ciri yang umum dan merupakan ciri-ciri pasti itu disebut semestaan bahasa (language universals). Artinya, semua suku bangsa dari lingkungan geografis dan kebudayaan yang berbeda dapat berbahasa. Setiap anak manusia memperoleh Bahasa pertama pada tahun-tahun pertama kehidupannya. Pemerolehan bahasa dapat terjadi tanpa adanya pengajaran khusus. Menjelang usia enam tahun, anak telah menguasai sebagian besar gramatika Bahasa aslinya. Bahasa anak tersebut memiliki sistem kebahasaan yang dapat menghasilkan kalimat yang tidak terbatas yang dapat digunakannya dalam percakapan. Fenomena ini menurut pandangan kaum empiris, manusia tidak memiliki kemampuan alami untuk memperoleh bahasa. Kenyataannya bahwa manusia memperoleh bahasa dan gramatika bahasa itu karena pengalamannya dalam mendengar rangsangan kebahasaan ketika masa kanak-kanak.

Insular Southeast Asia Feb 09 2022 This festschrift - dedicated to Bernd Nothofer - contains twelve contributions which comprise studies on linguistics and the cultural history of insular Southeast Asia. The linguistic studies range from an overview article to analyses of very specific linguistic features. James Collins and Alexander Adelaar discuss the positions of several languages and dialects of West and East Kalimantan. Karl-Heinz Pampus introduces an almost unknown linguist of the Mentawai language. Waruno Mahdi's article about the beginnings of the Commissie voor de Volkslectuur examines aspects of literary history as well as linguistic aspects. Some of the cultural studies have a historical approach. Wilfried Wagner analyses the variant perceptions of Malacca's downfall. Fritz Schulze highlights the importance of Malay chronicles for understanding the Islamisation process in that area. Holger Warnk sheds some new light on the Malay-speaking community in Cairo at the end of the 19th century. Ragna Boden describes the intricacies of Indonesian-Soviet relations until the coup of 1965. The last two articles discuss contemporary problems. Ulrich Scholz puts forward some remarks on the problems caused by the oil palm boom in Indonesia and Malaysia. Sven Kosel considers the position of the indigenous people of Indonesia between decentralisation and globalisation.
