The Notebooks of James S. Pike, 1861-1882 Oct 05 2021

Pike Nov 18 2022 The USA Today Bestselling Author of King, T.M. Frazier, brings you an all-new antihero to fall in lust with. Born into chaos. Baptized in the gutter. I was raised by the violent laws of the streets, spilling blood without the hindrance of useless emotions or connections. Unfeeling. Unloved. Alone. My life was perfect. Until her. While on a manhunt for a mysterious enemy, one hellbent on taking both my business and my life, I find Mickey. She's covered in mud, rambling nonsense, and clearly out of her mind. She's also a distraction I don't need. That is until I discover a connection between the girl and my enemy. Mickey isn't a distraction anymore. She's the perfect weapon. One I'll use to exact my revenge. The plan is an easy one, but there's something about Mickey that's making it more and more difficult. A familiarity I can't place. A need I can't explain. A want I have to deny. After all, she's not mine. She's my sacrifice.

The Forgotten Kingdom Dec 07 2021 The story continues in The Forgotten Kingdom, the second book in the epic Lost Queen trilogy, already hailed as "Outlander meets Camelot" (Kirsty Logan, author of Things We Say in the Dark) and "The Mists of Avalon for a new generation" (Linnea Hartsuyker, author of The Golden Wolf). AD 573. Imprisoned in her chamber, Languoreth awaits news in torment. Her husband and son have ridden off to wage war against her brother, Lailoken. She doesn't yet know that her young daughter, Angharad, who was training with Lailoken to become a Wisdom Keeper, has been lost in the chaos. As one of the bloodiest battles of early medieval Scottish history scatters its survivors to the wind, Lailoken and his men must flee to exile in the mountains of the Lowlands, while nine-year-old Angharad must summon all Lailoken has taught her and follow her own destiny through the mysterious, mystical land of the Picts. In the aftermath of the battle, old political alliances unravel, opening the way for the ambitious adherents of the new religion: Christianity. Lailoken is half-mad with battle sickness, and Languoreth must hide her allegiance to the Old Way to survive her marriage to the next Christian king of Strathclyde. Worst yet, the new King of the Angles is bent on expanding his kingdom at any cost. Now the exiled Lailoken, with the help of a young warrior named Artur, may be the only man who can bring the Christians and the pagans together to defeat the encroaching Angles. But to do so, he must claim the role that will forever transform him. He must become the man known to history as "Myrddin." Bitter rivalries are ignited, lost loves are found, new loves are born, and old enemies come face-to-face with their reckoning in this compellingly fresh look at one of the most enduring legends of all time.

A Letter to the Rev. S. Pike, occasioned by his unfair and partial Publication of one to the Author. With some remarks on his four sermons on the nature and evidence of Saving Faith Jun 01 2021

The Expeditions of Zebulon Montgomery Pike: Arkansaw journey Jan 16 2020

Chief Justice Chase. By James S. Pike. 1873 Aug 03 2021

The Expeditions of Zebulon Montgomery Pike: 1805-1807 Jul 22 2020 "The Expeditions of Zebulon Montgomery Pike: 1805-1807" is an account of the two expeditions of the American explorer Zebulon Montgomery Pike to headwaters of the Mississippi River, through Louisiana territory and in New Spain, written from his memory after the Spanish authorities had confiscated his journals. In the summer of 1805 general James Wilkinson, appointed Governor

of the Upper Louisiana Territory, ordered Pike to locate the source of the Mississippi River, explore the northern portion of the newly created Louisiana Territory, and expel Canadian fur traders illegally trading in the borders of the United States. After he returned from this first expedition, Wilkinson almost immediately ordered him to mount a second expedition, this time to explore, map, and find the headwaters of the Arkansas and Red rivers. Additional objectives of this exploratory expedition into the southwestern part of the Louisiana Territory were to evaluate natural resources and establish friendly relations with Native Americans. Pike's second expedition crossed the Rocky Mountains into what is now southern Colorado, which led to his capture by the Spanish colonial authorities near Santa Fe, who sent Pike and his men to Chihuahua (present-day Mexico), for interrogation. Later in 1807, Pike and some of his men were escorted by the Spanish through Texas and released near American territory in Louisiana. No Protestant-Popery. A letter of admonition to the Rev. Mr S. Pike; occasioned by some very offensive passages in his Assembly's Catechism, etc Oct 25 2020

Kenneth L. Pike: An Evangelical Mind Feb 26 2021 This biography examines the life of a most unusual twentieth-century evangelical, Kenneth L. "Ken" Pike (1912-2000), who served with the Wycliffe Bible Translators and the Summer Institute of Linguistics. Pike began his missionary career as a Bible translator, but he went on to become a world-class linguist who made his mark on the science of linguistics and the study of indigenous languages around the world. Known among linguists and anthropologists for his theoretical contributions, this volume seeks to bring Pike to a wider audience by illuminating his life as a key evangelical figure, one who often broke with conventional evangelical constraints to pursue the life of the mind as a Christian intellectual and scholar. Here is a story of how one evangelical Christian man served the global church, the scientific community, and the world's indigenous peoples with his entire heart, soul,

and mind.

Living Diversity Oct 13 2019 Living Diversity collects work by the Columbia Pike Documentary Project, a team of photographers and interviewers who have captured the evolving life of the people and places that make up this historic corridor in Arlington, Virginia, immediately adjacent to the nation's capital. Five gifted photographers have collaborated to document the essence of the place they call home. Older, established ways of life are still in place along the Pike, flourishing alongside those of large numbers of citizens from every corner of the planet. Unlike in many parts of the world, or even in our own country, a stunningly diverse set of people live here in relative harmony. The book depicts historical, artistic, demographic, and cultural trends in this unique community, trends that are mirrored, in one stage or another, in other areas of the nation. Visually, it offers an avenue for understanding the soul of this successful experiment in tolerance and diversity. An exploration, a celebration, a gritty and thought-provoking journey, the book is also a series of quietly expressed questions posed by each photographer. Their eyes, hearts, and minds were opened throughout this seven-year journey--they trust yours will be also. Distributed for the Columbia Pike Documentary Project

Spike Jul 14 2022 SHORTLISTED FOR THE ORWELL PRIZE FOR POLITICAL WRITING 2022 THE TIMES SCIENCE BOOK OF THE YEAR A GUARDIAN BEST POLITICS BOOK OF THE YEAR A TOP 5 SUNDAY TIMES BESTSELLER \*Revised and updated edition with new chapter reflecting on the impact of Covid-19 two years on, and what come next\* Did the UK government really 'follow the science' throughout the Covid-19 pandemic, as it claims? As head of the Wellcome Trust, Jeremy Farrar was one of the first people in the world to hear about

a mysterious new disease in China - and to learn it could readily spread between people. A member of the SAGE emergency committee, Farrar was a key figure in both the UK and the World Health Organization at the onset of the Covid-19 pandemic amid great uncertainty, fast-moving situations and missed opportunities. Spike is his widely acclaimed inside story. His account casts light on the UK government's claims to be 'following the science' and is informed not just by Farrar's views but by interviews with other top scientists and political figures.

Joseph S. Pike Letters Dec 19 2022 Four letters from Joseph S. Pike in Columbia and Albany Flat, Calif. are to his father Joseph F. Pike, apparently in West Chelmsford, Mass. The letters mention health, weather, and lack of fortune. In one Pike mentions that he is boarding at R.G. Northrup's public house in Columbia. He also mentions buildings in Columbia such as the Freemasons Hall, Odd Fellows Hall, Sons of Temperance Hall, churches, hotels, and other brick buildings. Other topics including mining, the charge of \$6 per day for water with which to mine, lack of work (in part due to lack of rain), being robbed, a fire in Sonora, etc. His last letter was written from Albany Flat, and indicates that mail should be directed to nearby Angels Camp.

The Lost Queen May 12 2022 "Outlander meets Camelot" (Kirsty Logan, author of The Gracekeepers) in the first book of an exciting historical trilogy that reveals the untold story of Languoreth—a powerful and, until now, tragically forgotten queen of sixth-century Scotland—twin sister of the man who inspired the legendary character of Merlin. Intelligent, passionate, rebellious, and brave, Languoreth is the unforgettable heroine of The Lost Queen, a tale of conflicted loves and survival set against the cinematic backdrop of ancient Scotland, a magical land of myths and superstition inspired by the beauty of the natural world. One of the most powerful early medieval queens in British history, Languoreth ruled at a time of enormous disruption and bloodshed, when the burgeoning forces of Christianity threatened to obliterate the ancient pagan beliefs and change her way of life forever. Together with her twin brother Lailoken, a warrior and druid known to history as Merlin, Languoreth is catapulted into a world of danger and violence. When a war brings the hero Emrys Pendragon, to their door, Languoreth collides with the handsome warrior Maelgwn. Their passionate connection is forged by

enchantment, but Languoreth is promised in marriage to Rhydderch, son of the High King who is sympathetic to the followers of Christianity. As Rhydderch's wife, Languoreth must assume her duty to fight for the preservation of the Old Way, her kingdom, and all she holds dear.

“Moving, thrilling, and ultimately spellbinding” (BookPage), *The Lost Queen* brings this remarkable woman to life—rescuing her from obscurity, and reaffirming her place at the center of the most enduring legends of all time. “Moving, thrilling, and ultimately spellbinding, *The Lost Queen* is perfect for readers of historical fiction like *The Clan of the Cave Bear* and *Wolf Hall*, and for lovers of fantasy like *Outlander* and *The Mists of Avalon*” (BookPage).

Walleyed Pike Jun 20 2020 From gills to fins, the walleyed pike is a fascinating animal. This game fish is a valuable part of its environment. In the Great Lakes area, walleye is the most popular game fish. Walleye are predators, and mature fish are near the top of the food chain in their environments. Fittingly, the *Fish & Game* series is part life science, part sports and recreation. This book explores the walleyed pike, including its habitat, appearance, history, seasonal habits, scientific classification, life cycle, predators, and defenses. The book also addresses fishing techniques, proper equipment, safety, health, ethics, and responsibility. Through big, full-color photos and approachable text, readers will get inspired to explore nature, and get to know the walleyed pike! Aligned to Common Core Standards and correlated to state standards. Checkerboard Library is an imprint of Abdo Publishing, a division of ABDO.

All Necessary Force Sep 23 2020 The electrifying Pike Logan series continues as the Taskforce—a top secret team that exists outside the bounds of U.S. law—races to stop a terrorist hit.... A shadowy trail leads the Taskforce to Egypt—where an attack leaves one member dead and another barely alive. Veteran warrior Pike Logan and his young partner, Jennifer Cahill, are forced to helm the increasingly convoluted and dangerous mission: a mission that tests both Jennifer's ability to justify her actions, and Pike's tenuous ability to stay in control. Sifting their way through the opposing plots of two terrorist organizations will turn out to be the least of their problems when a weapon of unthinkable power touches American soil—the only country in which Taskforce members are forbidden to operate, and the only country that Pike Logan may be unable to save....

Lipman Pike Oct 17 2022 In the mid 1800s the sport of baseball was working its way across the United States. Amateur teams were springing up and in 1858 the National Association of Base Ball Players was formed. Young men were eager to show their prowess on the field and in the batter's box. Lipman Pike's father, a Dutch immigrant, runs a small haberdashery in Brooklyn, New York, though Lip is more interested in watching the ball players than working behind the counter. His mother doesn't approve -- Jewish boys should be paying attention to more sensible matters. But when Lip is barely a teenager, he's invited to join the Nationals Junior Club and play first base. When he hits his first pitch over the right fielder's head, Lip knows baseball is the sport for him. Award-winning author Richard Michelson chronicles the meteoric rise of one of baseball's earliest (and unsung) champions. Richard Michelson's poetry and children's books have been listed among the year's best books by *The New Yorker*, the New York Public Library, and the Jewish Book Council. His *A is for Abraham: A Jewish Alphabet* won the 2009 Sydney Taylor Award Silver Medal. He lives in Amherst, Massachusetts. Zachary Pullen's picture-book illustrations have won awards and garnered starred reviews. He has been honored several times

with acceptance into the prestigious Society of Illustrators juried shows and Communication Arts Illustration Annual of the best in current illustration. Zak lives in Wyoming.

**The Art, Life and Thoughts of Pike Place Market Wildlife Artist Ed Newbold** Apr 18 2020  
How does a sort-of-realist wildlife artist with a longtime retail outlet in Seattle's Pike Place Market fit into the art world? In this spirited little book Ed Newbold delves into the history of art and finds a way to divide all artists from 1863-on into one of two groups (don't worry, he likes both groups!) He then discusses ways in which artists from the two different groups think differently, and how his membership in one of the groups plays out in his approach to painting. Interspersed in the narrative are sketches of Ed's background, such as a chapter that describes how his two Grandmothers helped set his course in life. Several chapters discuss the thinking and rules Ed follows to create his paintings. In the penultimate chapter Ed presents a case for some slight revisionism of the green agenda along with a heartfelt plea to love and save what some call biodiversity and others call The Creation. The book is 95 pages and includes 158 color images, and includes many of Ed's best paintings.

**L.A. Requiem** Dec 27 2020 "Terrific entertainment . . . A powerful portrait of Los Angeles in our time: swift, colorful, gripping, a real knockout." Dean Koontz The day starts like any other in L.A. The sun burns hot as the Santa Ana winds blow ash from mountain fires to coat the glittering city. But for private investigator Joe Pike, the city will never be the same again. His ex-lover, Karen Garcia, is dead, brutally murdered with a gun shot to the head. Now Karen's powerful father calls on Pike (a former cop) and his partner, Elvis Cole, to keep an eye on the LAPD as they search for his daughter's killer--because in the luminous City of Angels, everyone has secrets, and even the mighty blue have something to hide. But what starts as a little procedural hand-holding turns into a deadly game of cat-and-mouse. For a dark web of conspiracy threatens to destroy Pike and Cole's twelve-year friendship--if not their lives. And L.A. just might be singing their dirge. Praise for L.A. Requiem "One of the best crime novels I've ever read. Absolutely terrific!" David Baldacci "Darker, denser, deeper, and more satisfying than anything he's written before." The Denver Post "[A] whodunit with salsa and soul . . . [Crais] keeps his plot pounding along." People

**The Spike** Nov 25 2020 The story of a neural impulse and what it reveals about how our brains work We see the last cookie in the box and think, can I take that? We reach a hand out. In the 2.1 seconds that this impulse travels through our brain, billions of neurons communicate with one another, sending blips of voltage through our sensory and motor regions. Neuroscientists call these blips "spikes." Spikes enable us to do everything: talk, eat, run, see, plan, and decide. In *The Spike*, Mark Humphries takes readers on the epic journey of a spike through a single, brief reaction. In vivid language, Humphries tells the story of what happens in our brain, what we know about spikes, and what we still have left to understand about them. Drawing on decades of research in neuroscience, Humphries explores how spikes are born, how they are transmitted, and how they lead us to action. He dives into previously unanswered mysteries: Why are most neurons silent? What causes neurons to fire spikes spontaneously, without input from other neurons or the outside world? Why do most spikes fail to reach any destination?

Humphries presents a new vision of the brain, one where fundamental computations are carried out by spontaneous spikes that predict what will happen in the world, helping us to perceive, decide, and react quickly enough for our survival. Traversing neuroscience's expansive terrain, *The Spike* follows a single electrical response to illuminate how our extraordinary brains work.

Vaxxers Aug 23 2020 Chosen as a Book of the Year 2021 by the Financial Times, Sunday Times, Daily Mail, Prospect, Guardian and The Times. 'Vaxxers is so good that the book will be read for long after the pandemic is over' Financial Times 'One of the most epic and pioneering moments in human history' Sir Jeremy Farrar \_\_\_\_\_ The bestselling inside story of a historic moment for science and for humanity. On 1 January 2020, Professor Sarah Gilbert read an article about four people in China with an illness of unknown cause. Within two weeks, she and her team had designed a new vaccine that would go on to save millions of lives from Covid-19. Capturing a landmark moment, Sarah Gilbert and Catherine Green reveal their story of making the pioneering Oxford AstraZeneca vaccine and fighting a pandemic as ordinary people in extraordinary circumstances. They separate fact from fiction, they explain how they made their highly effective vaccine in record time with the eyes of the world watching, and they give us hope for the future.
