Sticking Points Jan 16 2020 This is the first time in American history that we have had four different generations working side-by-side in the workplace: the Traditionalists (born before 1945), the Baby Boomers (born 1945-1964), Gen X (born 1965-1980), and the Millennials (born 1981-2001). Haydn Shaw, popular business speaker and generational expert, has identified 12 places where the 4 generations typically come apart in the

workplace (and in life as well). These sticking points revolve around differing attitudes toward managing one's own time, texting, social media, organizational structure, and of course, clothing preferences. If we don't learn to work together and stick together around these 12 sticking points, then we'll be wasting a lot of time fighting each other instead of enjoying a friendly and productive team. *Sticking Points* is a must-read book that will help you understand the generational differences you encounter while teaching how we can learn to speak one another's language and get better results together.

Mosaic Feb 09 2022 Starting in Krakow, Poland in 1890, and spanning more than one hundred years, five generations, and four continents, *Mosaic* is Diane Armstrong's moving account of her remarkable, resilient family. This story begins when Daniel Baldinger divorces the wife he loves because she cannot bear children. Believing that "a man must have sons to say Kaddish for him when he dies," he marries a much younger woman, and by 1913, Daniel and his second wife Lieba have eleven children, including six sons. In this richly textured portrait, Armstrong follows the Baldinger children's lives over decades, through the

terrifying years of the Holocaust, to the present. Based on oral histories and the diaries of more than a dozen men and women, Mosaic is an extraordinary story of a family and one woman's journey to reclaim her heritage.

Undoing the Knots Apr 11 2022 A personal and historical examination of white Catholic anti-Blackness in the US told through 5 generations of one family, and a call for meaningful racial healing and justice within Catholicism Excavating her Catholic family's entanglements with race and racism from the time they immigrated to America to the present, Maureen O'Connell traces, by implication, how the larger Catholic population became white and why, despite the tenets of their faith, so many white Catholics have lukewarm commitments to racial justice. O'Connell was raised by devoutly Catholic parents with a clear moral and civic guiding principle: those to whom much is given, much is expected. She became a theologian steeped in social ethics, engaged in critical race theory, and trained in the fundamentals of anti-racism. And still she found herself failing to see how her well-meaning actions affected the Black members of her congregations. It seemed that whenever she tried to undo the knots of racism, she only ended up getting more tangled in them. Undoing the Knots weaves together narrative history, theology, and critical race theory to begin undoing these knots: to move away from doing good and giving back and toward dismantling the white Catholic identity and the economic and social structures it has erected and maintained.

Of Women and Salt Feb 15 2020 AN INSTANT NEW YORK TIMES BESTSELLER THE WASHINGTON POST NOTABLE BOOK OF 2021 A GOOD MORNING AMERICA BOOK CLUB PICK WINNER of the Isabel Allende Most Inspirational Fiction Award, She Reads

Best of 2021 Awards • FINALIST for the 2022 Southern Book Prize • LONGLISTED for Crook's Corner Book Prize • NOMINEE for 2021 GoodReads Choice Award in Debut Novel and Historical Fiction A sweeping, masterful debut about a daughter's fateful choice, a mother motivated by her own past, and a family legacy that begins in Cuba before either of them were born In present-day Miami, Jeanette is battling addiction. Daughter of Carmen, a Cuban immigrant, she is determined to learn more about her family history from her reticent mother and makes the snap decision to take in the daughter of a neighbor detained by ICE. Carmen, still wrestling with the trauma of displacement, must process her difficult relationship with her own mother while trying to raise a wayward Jeanette. Steadfast in her quest for understanding, Jeanette travels to Cuba to see her grandmother and reckon with secrets from the past destined to erupt. From 19th-century cigar factories to present-day detention centers, from Cuba to Mexico, Gabriela Garcia's *Of Women and Salt* is a kaleidoscopic portrait of betrayals—personal and political, self-inflicted and those done by others—that have shaped the lives of these extraordinary women. A haunting meditation on the choices of mothers, the legacy of the memories they carry, and the tenacity of women who choose to tell their stories despite those who wish to silence them, this is more than a diaspora story; it is a story of America's most tangled, honest, human roots.

Recovering Five Generations Hence Nov 06 2021 Born in the 1880s in Jefferson, Texas, Lillian B. Jones Horace grew up in Fort Worth and dreamed of being a college-educated teacher, a goal she achieved. But life was hard for her and other blacks living and working in the Jim Crow South. Her struggles convinced her that education, particularly that involving the printed word, was the key to black liberation. In 1916, before Marcus Garvey gained

fame for advocating black economic empowerment and a repatriation movement, Horace wrote a back-to-Africa novel, *Five Generations Hence*, the earliest published novel on record by a black woman from Texas and the earliest known utopian novel by any African American woman. She also wrote a biography of Lacey Kirk Williams, a renowned president of the National Baptist Convention; another novel, *Angie Brown*, that was never published; and a host of plays that her students at I. M. Terrell High School performed. *Five Generations Hence* languished after its initial publication. Along with Horace's diary, the unpublished novel, and the Williams biography, the book was consigned to a collection owned by the Tarrant County Black Historical and Genealogical Society and housed at the Fort Worth Public Library. There, scholar and author Karen Kossie-Chernyshev rediscovered Horace's work in the course of her efforts to track down and document a literary tradition that has been largely ignored by both the scholarly community and general readers. In this book, the full text of Horace's *Five Generations Hence*, annotated and contextualized by Kossie-Chernyshev, is once again presented for examination by scholars and interested readers. In 2009 Kossie-Chernyshev invited nine scholars to a conference at Texas Southern University to give Horace's works a comprehensive interdisciplinary examination. Subsequent work on those papers resulted in the studies that form the second half of this book.
