(1588cc): covers special and limited edition versions of the above models. Scénic & Grand Scénic, including special/limited editions. Petrol: 1.4 litre (1390cc) & 1.6 litre (1598cc). Does NOT cover 2.0 litre (1998cc) engines. Turbo-Diesel: 1.5 litre (1461cc) & 1.9 litre (1870cc) dCi. This book provides highly detailed, easy-to-follow service instructions ideal for beginners and experts alike. It also provides chapters on body repairs, buying secondhand, buying spares, fault finding, safety and getting through the MOT. Haynes offers the best coverage for cars, trucks, vans, SUVs and motorcycles on the market today. Each manual contains easy to follow step-by-step instructions linked to hundreds of photographs and illustrations. Included in every manual: troubleshooting section to help identify specific problems; tips that give valuable short cuts to make the job easier and eliminate the need for special tools; notes, cautions and warnings for the home mechanic; color spark plug diagnosis and an easy to use index. Ant Anstead's Building a Special brings the Haynes story full circle, coming 61 years after the original Building a 750 Special was written by John Haynes, Haynes Publishing's founder, when he was still a schoolboy. This book is a TV tie-in, following the 12-part TV series Ant Anstead Master Mechanic, aired on Motor Trend, part of the Discover Network in the US and UK, following Ant Anstead's build of his own-design 'special' car, taking inspiration from the Alfa 158 - the first World Championship-winning F1 car, which raced from the 1930s until the 1950s. The 12-part TV series followed Ant's build of the car, from the first design ideas, through the construction, culminating in the debut of the car during the 2019 US Grand Prix weekend in Austin, Texas. The book follows Ant's personal build of the car, from the selection of the donor MG TD for the chassis, and Alfa Romeo Spider for the engine and gearbox, through modifying the chassis, building the suspension, steering, brakes, bodywork and interior, and putting all the components together to produce a finished one-off 'special.' Content includes: Introduction The history of specials Planning Donor car Chassis, suspension, steering, rear axle Engine, fuel system, cooling system, ancillaries, exhaust Gearbox Bodywork Braking system Cockpit Wiring Preparation and painting Testing Setting up and Making road legal. Diesel & turbo-Diesel engines used in the following applications. Should be used in conjunction with the appropriate Haynes Manual: Fiesta - 1989 to 1995 (1595). Escort - 1980 to 1990 (0686).
