*Nassau Country Club* Aug 25 2020 Heritage is synonymous with Nassau Country Club, home of the "two dollar Nassau wager"; also of the original Calamity Jane, renowned putter of Bobby Jones, & the Nassau bowl, oldest tennis award in the U.S. This Nassau Journey began 100 years ago in the heart of the old Gold Coast of Glen Cove, Long Island. The founders were rich in the history of this country at the turn into the 1900's. Among its first golf professionals were Alex Smith & Jimmie Maiden, from Carnoustie, Scotland. Nassau CC was The Place To Be for Jones, Travers, & Hagen, Vardon & Ray--for Nassau Bowl aspirants tennis greats Clothier, Tilden, Riggs, Trabert & Newcombe--J. P. Morgan & Percy Chubb--past Presidents of the U.S., luminaries, & royalty from abroad. Nassau is that rich in past tournaments in golf, lawn tennis, & squash that we earnestly researched & detailed many matches stroke by stroke; although unique for a club history, we invite the true follower to relive the excitement of days past to the present. Along the way, we introduce our members, their fun ways, the challenges exacerbated by two world wars, & the paths followed to solve problems & insure a future bicentennial.

[Witchcraft Medicine](#) Nov 20 2022 An in-depth investigation of traditional European folk medicine and the healing arts of witches • Explores the outlawed "alternative" medicine of witches suppressed by the state and the Church and how these plants can be used today • Reveals that female shamanic medicine can be found in cultures all over the world • Illustrated with color and black-and-white art reproductions dating back to the 16th century Witch medicine is wild medicine. It does more than make one healthy, it creates lust and knowledge, ecstasy and mythological insight. In Witchcraft Medicine the authors take the reader on a journey that examines the women who mix the potions and become the healers; the legacy of Hecate; the demonization of nature's healing powers and sensuousness; the sorceress as shaman; and the plants associated with witches and devils. They explore important seasonal festivals and the plants associated with them, such as wolf's claw and calendula as herbs of the solstice and alder as an herb of the time of the dead--Samhain or Halloween. They also look at the history of forbidden medicine from the Inquisition to current drug laws, with an eye toward how the sacred plants of our forebears can be used once again.
