**Colonialism, Uprising and the Urban Transformation of Nineteenth-Century Delhi** Aug 15 2022 No other city in the Indian subcontinent can lay claim to having so many lives as Delhi. This book examines Delhi in the politically and culturally dynamic nineteenth century which was marked midway by the 1857 uprising against British colonial rule as a watershed event. Following British occupation, Delhi became a receptacle for encounters between the centuries-old Mughal traditions and the incoming colonial ideal, producing a traditionalism-modernity binary. Employing the built environment lens, the book traces the architectural trajectory of Delhi as it transitioned from the seventeenth-century Mughal Badshahi Shahar (imperial city) first into a culturally hybrid Dilli-Delhi combine of the pre-uprising era and thereafter into a modern British city following the uprising. This transition is presented via four constructs that draw on the traditionalism-modernity binary of Mughal and British Delhi and include Marhoom Dilli (Dead Delhi); Picturesque Delhi; Baaghi Dilli (Insurgent Delhi) and Tamed Delhi. The book goes beyond the nineteenth century to examine the vestiges of Delhi's four nineteenth-century lives in the present while making a case for their acknowledgement as a cultural asset that can propel the city's urban development agenda. By bringing together the city's past and its present as well as addressing its future, the book can count among its readers not just scholars but also those interested in cities and their evolving landscapes.

**Grown in Delhi** Jan 16 2020 This book explores how power relationships, measured through qualitative social network analysis, impact planning participation and livelihood strategies of a marginalized group of farmers cultivating the Yamuna River floodplain in Delhi, India. Through an in-depth study of 165 farming households facing land development, this book offers insights from the ground-up into how social dynamics enable and constrain agency. A novel mixed-methods approach was used to measure social networks and access to resources based on the different types of people farmers might interact with as part of their livelihoods: hired laborers, vendors, other farmers, etc. Digging deeper into social network patterns, typologies of power are illustrated as they manifest household agency through diverse pathways. More broadly, a political ecology lens is used to link together the multiple and fragmented Yamuna farmers' stories with broader social, ecological, infrastructural, and economic contexts to suggest future directions for inquiry and policy related to localized urban food systems and sustainable development. This monograph will be of interest to academic faculty and graduate students in critical geography, cultural anthropology, food studies, landscape architecture/urban planning, and sociology.

**Delhi's Changing Built Environment** Jun 13 2022 The rapid expansion, urban form and development of the built environment in the world's second most populous city, Delhi, has been the consequence of social, political, economic, planning and architectural traditions that have shaped the city over thousands of years. Whilst seamless at times, these traditions have often resulted in the fragmented development of the city's built environment. This book charts the political, economic and social forces that drove development in India generally and in Delhi in particular, and investigates the drivers and constituents of Delhi's urban landscape. The book provides a lens through which to examine the development path of a mega-city, which can be used as a guide in the development of emerging urban centres. Furthermore, the strengths and weaknesses of Delhi's built environment are critically analysed, with consideration to the role of the market, finance and policy over time. This book not only provides valuable insight into the physical evolution of Delhi and its surrounds, but it also asks broader questions about how people, power and politics interact with urban environments. It is essential reading for planners, architects, urbanists and social historians.

**Statehood for Delhi?** Jun 01 2021 The founding fathers of the Constitution were unambiguous; categorical and crystal clear that the concept of Statehood for Delhi is impractical and cannot be given effect to as long as Delhi remains India's Federal capital and the seat of Central Government. However; notwithstanding unanimity of views expressed by them; some political parties at the local level; driven unabashedly by narrow vested interests and in contradiction to the vision and wisdom of our national icons; continued to demand full Statehood for Delhi from time to time. Thanks to the maturity and sophistication of Delhi voters; they have now bottled up the issue by puncturing the plank of Statehood in the recently concluded Parliamentary elections; 2019 by not giving even a single seat in Lok Sabha to the protagonists of this concept. An unmissable book on the subject which unravels many mysteries.

*Delhi in Transition, 1821 and Beyond* Aug 03 2021 Commissioned by the English East India Company to write about contemporary nineteenth-century Delhi, Mirza Sangin Beg walked around the city to capture its highly fascinating urban and suburban extravaganza. Laced with epigraphy and fascinating anecdotes, the city as 'lived experience' has an overwhelming presence in his work, *Sair-ul Manazil*. Interestingly, Beg made no attempt to 'monumentalize' buildings; instead, he explored them as spaces reflective of the socio-cultural milieu of the times. *Delhi in Transition* is the first comprehensive English translation of Beg's work, which was originally published in Persian. It is the only translation to compare the four known versions of *Sair-ul Manazil*, including the original manuscript located in Berlin, which is being consulted for the first time. Shama Mitra Chenoy's exhaustive introduction and extensive notes, along with the use of varied styles in the book to indicate the multiple sources of the text, contextualize Beg's work for the reader and engage him with the debate concerning the different variants of this unique and eclectic work.

*Delirious Delhi* Nov 18 2022 When the Big Apple no longer felt big enough, Dave Prager and his wife, Jenny, moved to a city of sixteen million people—with seemingly twice as many honking horns. Living and working in Delhi, the couple wrote about their travails and discoveries on their popular blog *Our Delhi Struggle*. This book, all new, is Dave's top-to-bottom account of a megacity he describes as simultaneously ecstatic, hallucinatory, feverish, and hugely energizing. Weaving together useful observations and hilarious anecdotes, he covers what you need to know to enjoy the city and discover its splendors: its sprawling layout, some favorite sites, the food, the markets, and the challenges of living in or

visiting a city that presents every human extreme at once. Among his revelations: secrets that every Delhiite knows, including the key phrase for successfully negotiating with any shopkeeper; the most fascinating neighborhoods, and the trendiest; the realities behind common stereotypes; tips for enjoying street food and finding hidden restaurants, as well as navigating the transportation system; and the nuances of gestures like the famous Indian head bobble. *Delirious Delhi* is at once tribute to a great world city and an invitation to explore. Read it, and you'll want to book the next flight!

*Delhi* Jul 14 2022 Not many people know that the busy and bustling capital city of Delhi and its surroundings have a long past, going back thousands of years. Prehistoric stone tools have surfaced here and many ancient remains have been found, sometimes accidentally by farmers tilling their fields, and at other times by archaeologists carrying out systematic excavations. A mound one passes everyday or a narrow strip of stream tells a story of ancient times. Centuries of history coexist with metro stations and plush cars. The readings in this book give us glimpses of the lives of people who lived in the Delhi area over the centuries, and how these details have been pieced together by historians. It brings into focus the importance of the historian's method and the sources of information found in ancient texts, archaeology and even legends and folklore, sometimes hanging on the thread of a slender historical fact. The editor of the volume, points to the urgency of further exploration and documentation to fill in the still all-too-meagre details of Delhi's ancient history. However, she ends on a note of caution, bordering on alarm, when she points out that invaluable evidence of the city's past is being extensively destroyed due to quarrying and the construction of new roads and buildings. Such activities are an integral part of the modernization of a living city but the balance between modernization and the preservation of ancient remains is indeed very fragile and needs to be maintained from an informed and realistic perspective. This collection of essays has been put together by a teacher for students of history, but will also be of enormous value to a large number of other interested readers. Upinder Singh is Professor of history at the University of Delhi.

*Delhi in Historical Perspectives* Jun 20 2020 The fascinating and chequered history of Delhi through the centuries has been a popular subject among authors. Yet, only a few other than K.A. Nizami record in rich detail the cultural, social, economic, and spiritual fabric of the city—the 'gorgeous blaze of glory' that was Delhi—between the thirteenth and eighteenth centuries. He presents his accounts of the periods of the Delhi Sultanate, the Mughals, and the poet Ghalib through the analyses of wide-ranging sources: original literary, travel, biographical, hagiographical, and administrative accounts in Persian, Hindavi, and Urdu. This book is a compilation of the historian's lectures delivered at the University of Delhi and the Ghalib Institute in Delhi, first published in Urdu in 1972. The author's conversational style, replete with literary allusions, makes this an essential read for lovers and admirers of this beguiling city and its historic Sufi culture. Ather Farouqui's English translation captures the true essence of Nizami's work and now makes it easily available to a wider readership.

Celebrating Delhi Sep 16 2022 About the Book : - Who are the real makers of a city? Delhi, located at the crossroads of history, has been occupied, abandoned and rebuilt over the centuries. It has been the capital of the Pandavas, the Rajputs, Central Asian dynasties, the Mughals and the British, and is best described as a melting pot of these vastly varying traditions and customs. Originally part of the Sir Sobha Singh Memorial Lecture series organized by The Attic in collaboration with the India International Centre and the Indian National Trust for Art and Cultural Heritage, this updated selection explores Delhi's living syncretic heritage. The essays illuminate unknown and fascinating aspects of the city's history. Place names, part of the cultural fabric of a city, unearth a vanishing history of Delhi, while the contrasting history of Sufi shrines draws attention to the spiritual masters, the pirs, and their search for truth. This open-mindedness is reflected in the letters and public proclamations issued from the Mughal court in the Delhi uprising of 1857. These were emphatically religious, yet inclusive of both Hindus and Muslims. As the centre of political power for centuries, many great artists, poets and musicians found patronage at the royal courts of Delhi. The city has been home to a rich tradition of classical music. The many peoples who made Delhi their home through the centuries have all contributed to the creation and development of a sumptuous cuisine noted for its rich variety. Celebrating Delhi takes you on a journey, both varied and unexpected.

**Historical Cities of Delhi: Walks Using the Delhi Metro** Apr 11 2022 Delhi is much more than just the capital of India. It is a city with an amazing history. So many times, it has been the major city or capital of India, from the earliest Mahabharata days to the Rajputs to the Delhi Sultanate to the Mughals to the British. Each time the new rulers left their mark on the city. As a result, now we have a Delhi which has the mark of at least seven or eight different historical cities, if not more. In this book, we review the different historical cities of Delhi. We use the Delhi metro, which is currently probably the best developed metro in India, as the preferred means of transport to see the sights of the seven cities of Delhi. We hope that this short guide will help the reader the experience a little bit of what Delhi is all about, its people and its history. In this book, we do not cover all the historical sites or attractions of Delhi, such as the many modern museums, markets and other attractions. Rather, we focus on the sites that form part of the historical cities of Delhi and those that are located within the historical boundaries of those cities. This book was born out of many travels and exploratory walks made by the authors in Delhi, where they live.

Persian Authorship and Canonicity in Late Mughal Delhi Feb 15 2020 Writing in the eighteenth century, the Persian-language litterateurs of late Mughal Delhi were aware that they could no longer take for granted the relations of Persian with Islamic imperial power, relations that had enabled Persian literary life to flourish in India since the tenth century C.E. Persian Authorship and Canonicity in Late Mughal Delhi situates the diverse textual projects of 'Abd al-Qādir "Bīdil" and his students within the context of politically threatened but poetically prestigious Delhi, exploring the writers' use of the Perso-Arabic and Hindavi literary

canons to fashion their authorship. Breaking with the tendency to categorize and characterize Persian literature according to the dynasty in power, this book argues for the indirectness and complexity of the relations between poetics and politics. Among its original contributions is an interpretation of Bīdil's Sufi adaptation of a Braj-Avadhī tale of utopian Hindu kingship, a novel hypothesis on the historicism of Sirāj al-Dīn 'Alī Khān "Ārzū"s oeuvre and a study of how Bīndrāban Dās "Khvushgū" entwined the contrasting models of authorship in Bīdil and Ārzū to formulate his voice as a Sufi historian of the Persian poetic tradition. The first book-length work in English on 'Abd al-Qādir "Bīdil" and his circle of Persian literati, this is a valuable resource for students and scholars of both South Asian and Iranian studies, as well as Persian literature and Sufism.

Delhi's Meatscapes May 20 2020 Tracing the journey of meat from the farm to the meat shop and other workspaces of the butcher within the multi-sited margins in Delhi, the current volume intimately follows the lives of Qureshi butchers and other meat sector workers in this transforming mega-city. The author addresses the tensions that meat throws up in a bristling society whose stakes are now more than ever intense. She shows how meat is also a rising sector in the Indian economy, and fetches precious foreign exchange. Qureshi butchers stand at the crossroads of class, caste, stigma, religion, market, urban ecological policies, and a never-ceasing political debate around these issues. Delhi's Meatscapes brings together rare archival documents, vernacular sources, and ethnographic insights gleaned from several years of immersion in the city's meatscapes and is the first of its kind for urban anthropologists, economists, political scientists, policy planners and readers who wish to take a hard look at their own (non-)meat choices.

**Delhi** Feb 26 2021 Ronald Vivian Smith is an author of personal experiences - a rare breed to find in a time when even journalists hesitate to put pen to paper without scanning through the internet. A definitive voice when it comes to some known and unknown tales and an inspiration to a new generation of city-scribes, Smith is a master-chronicler of Delhi's myriad realities. Among the capital's most ardent lovers, Smith believes in the power of observation and interaction. His travels across Delhi, most often in a DTC bus, examine the big and small curiosities - seamlessly juxtaposing the past with the present. Be it the pride he encounters in the hutments of one of Chandni Chowk's age-old beggar families, or his ambling walks around Delhi's now-dilapidated cemeteries, Smith paints with his words a city full of magic and history. This anthology features short essays on the Indian sultanate, its fall after the British Raj, and its resurrection to become what it is today - the National Capital Territory of Delhi. 'No amount of bookish knowledge can compete with the sort of insights and real, lived memories he [Smith] has.' —Rakshanda Jalil, LiveMint '... When it comes to writing on monuments of Delhi - known, little known or unknown - no one does a better job than R.V. Smith.' —Khushwant Singh, Hindustan Times

**The Delhi Sultanate** Dec 19 2022 The Delhi Sultanate was the first Islamic state to be established in India. In a broad-ranging, accessible narrative, Peter Jackson traces the history of the Sultanate from its foundation in 1210 to its demise in 1400 at the sack of Delhi by the Central Asian conqueror, Tamerlane. During the thirteenth and fourteenth centuries, the Sultanate was the principal bastion of Islam in the subcontinent. While the book focuses on military and political affairs, tracing the Sultanate's resistance to formidable Mongol invasions from the north-west and the administrative developments that underpinned these exploits, it also explores the Sultans' relations with their non-Muslim subjects. As a comprehensive treatment of the period, the book will make a significant contribution to the literature on medieval Indo-Muslim history. Students of Islamic and Indian history, and those with a general interest in the region, will find it a valuable resource.
