This cute 57th Birthday Gift Journal / Diary / Notebook makes for a great birthday card / greeting card present! It is 6 x 9 inches in size with 110 blank lined pages with a white background theme for writing down thoughts, notes, ideas, or even sketching. An uncut edition of Anne Frank's diary includes entries originally omitted by her father and provides insight into Anne's relationship with her mother Renowned whiskey educator Robin Robinson presents a global course on the ever-expanding world of whiskey, from American craft offerings and the Irish whiskey revival to the latest in Japanese, French, and even Indian whiskies. Across ten robust "courses," Robinson guides the whiskey enthusiast through the basics and beyond, including everything from history to production, aging, finishing, and tasting, as well as how to read a label, host a tasting, and build a collection. Organized by country or region, each "class" explores the brands, techniques, and backstories of the best whiskies in the world. Thoroughly up-to-date, The Complete Whiskey Course is a one-stop reference for both newcomers and longtime fans of the "water of life." Music: An Appreciation remains the time-tested solution for welcoming non-majors to the art of listening to great music. Now, Roger Kamien places a renewed focus on learning the elements of music, fostering each student's unique path to listening and understanding. This is achieved through step-by-step guidance as they learn the elements of music, as well as an increased number of musical selections to appreciate, and an enhanced McGraw-Hill Connect experience. As the authority in the Music Appreciation course, Kamien equips students with the language, tools and listening skills required to sustain a life-long enthusiasm for music. When four friends stumble across the body of a fellow club member during a game of golf they suspect murder. The police aren't so sure, and when it looks as though the official verdict will be suicide the men are outraged. Convinced that there had been 'dirty work' and that 'the police aren't very good at following up clues', they undertake their own investigation. A classic Golden Age whodunit that involves the reader in a charming game of detection as the protagonists use Sherlockian methods to unravel the mystery. This volume is a basic art text for college students and other interested readers. It offers a broad introduction to the nature, vocabulary, media, and history of art, showing examples from many cultures. The inspiration for The Durrells in Corfu, a Masterpiece production on public television: A naturalist's account of his childhood on the exotic Greek island. When the Durrells could no longer endure the gray English climate, they did what any sensible family would do: sold their house and relocated to the sun-soaked island of Corfu. As they settled into their new home, hilarious mishaps ensued as a ten-year-old Gerald Durrell pursued his interest in natural history and explored the island's fauna. Soon, toads and tortoises, bats and butterflies—as well as scorpions, geckos, ladybugs, praying mantises, octopuses, pigeons, and gulls—became a common sight in the Durrell villa. Uproarious tales of the island's animals and Durrell's fond reflections on his family bring this delightful memoir to life. Capturing the joyous chaos of growing up in an unconventional household, My Family and Other Animals will transport you to a place you won't want to leave. This ebook features an illustrated biography of Gerald Durrell including rare photos from the author's estate. Written by a former professional baseball player whose career was ended with an injury to his pitching arm in the middle of his third season, Focus on the Good Stuff is filled with passion, authenticity, and humor. Author Mike Robbins offers a step-by-step program with exercises for overcoming negative influence and obstacles, creating a truly grateful approach to life, and establishing an environment that can support success and peace of mind. We've all been there—angry with ourselves for overeating, for our lack of willpower, for failing at yet another diet that was supposed to be the last one. But the problem is not you, it's that dieting, with its emphasis on rules and regulations, has stopped you from listening to your body. Written by two prominent nutritionists, Intuitive Eating focuses on nurturing your body rather than starving it, encourages natural weight loss, and helps you find the weight you were meant to be. Learn: *How to reject diet mentality forever *How our three Eating Personalities define our eating difficulties *How to feel your feelings without using food *How to honor hunger and feel fullness *How to follow the ten principles of Intuitive Eating, step-by-step *How to achieve a new and safe relationship with food and, ultimately, your body With much more compassionate, thoughtful advice on satisfying, healthy living, this newly revised edition also includes a chapter on how the Intuitive Eating philosophy can be a safe and effective model on the path to recovery from an eating disorder. What does it take to make a great performance? It takes great music, a great performer and a great instrument. Music: An Appreciation includes some of the greatest music ever created. Roger Kamien's excellence as an interpreter of that music has made his program number one in the market used by over half a million students since its conception. Now, CONNECT Kamien provides the world-class instrument that allows Music: An Appreciation to bring great music to his audience in an extraordinary new way. Music: An Appreciation is the right music, the right interpreter, and the right instrument. BOOKER PRIZE WINNER • NATIONAL BESTSELLER • A novel that follows a middle-aged man as he contends with a past he never much thought about—until his closest childhood friends return with a vengeance: one of them from the grave, another maddeningly present. A novel so compelling that it begs to be read in a single setting, The Sense of an Ending has the psychological and emotional depth and sophistication of Henry James at his best, and is a stunning achievement in Julian Barnes's oeuvre. Tony Webster thought he left his past behind as he built a life for himself, and his career has provided him with a secure retirement and an amicable relationship with his ex-wife and daughter, who now has a family of her own. But when he is presented with a mysterious legacy, he is forced to revise his estimation of his own nature and place in the world. INSTANT NEW YORK TIMES AND USA TODAY BESTSELLER FROM THE AUTHOR OF IN A DARK, DARK WOOD Featured in TheSkimm An Entertainment Weekly “Summer Must List” Pick A New York Post “Summer Must-Read” Pick Included in Summer Book Guides from Bustle, Oprah.com, PureWow, and USA TODAY An instant New York Times bestseller, The Woman in Cabin 10 is a gripping psychological thriller set at sea from an essential mystery writer in the tradition of Agatha Christie. In this tightly wound, enthralling story reminiscent of Agatha Christie's works, Lo Blacklock, a journalist who writes for a travel magazine, has just been given the assignment of a lifetime: a week on a luxury cruise with only a handful of cabins. The sky is clear, the waters calm, and the veneered, select guests jovial as the exclusive cruise ship, the Aurora, begins her voyage in the picturesque North Sea. At first, Lo's stay is nothing but pleasant: the cabins are plush, the dinner parties are sparkling, and the guests are elegant. But as the week wears on, frigid winds whip the deck, gray skies fall, and Lo witnesses what she can only describe as a dark and terrifying nightmare: a woman being thrown overboard. The problem? All passengers remain accounted for—and so, the ship sails on as if nothing has happened, despite Lo's desperate attempts to convey that something (or someone) has gone terribly, terribly wrong... With surprising twists, spine-tingling turns, and a setting that proves as uncomfortably claustrophobic as it is eerily beautiful, Ruth Ware offers up another taut and intense read in The Woman in Cabin 10—one that will leave even the most sure-footed reader restlessly uneasy long after the last page is turned. Updated with stories from people who have been inspired by the original text, a guide to connecting with what matters most identifies four phrases for honoring relationships, letting go of unhealthy emotions, and living life fully. The new edition of BEGINNING & INTERMEDIATE ALGEBRA is an exciting and innovative revision that takes an already successful text and makes it more compelling for today's instructor and student. The authors have developed a learning plan to help students succeed and transition to the next level in their coursework. Based on their years of experience in developmental education, the accessible approach builds upon the book's known clear writing and engaging style which teaches students to develop problem-solving skills and strategies that they can use in their everyday lives. The authors have developed an acute awareness of students' approach to homework and present a learning plan keyed to Learning Objectives and supported by a comprehensive range of exercise sets that reinforces the material that students have learned setting the stage for their success. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. This 9-CD set includes opera clips and other musical pieces for use with Music: An Appreciation. These audio CD's may be used with the listening software available on the text's Online Learning Center. Rakesh plants a cherry seedling in his garden and watches it grow. As seasons go by, the small tree survives heavy monsoon showers, a hungry goat that eats most of the leaves and a grass cutter who splits it into two with one sweep. At last, on his ninth birthday, Rakesh is rewarded with a miraculous sight—the first pink blossoms of his precious cherry tree! This beautifully illustrated edition brings alive the magical charm of one of Ruskin Bond's most unforgettable tales. A special 25th anniversary edition of the extraordinary international bestseller, including a new Foreword by Paulo Coelho. Combining magic, mysticism, wisdom and wonder into an inspiring tale of self-discovery, The Alchemist has become a modern classic, selling millions of copies around the world and transforming the lives of countless readers across generations. Paulo Coelho's masterpiece tells the mystical story of Santiago, an Andalusian shepherd boy who yearns to travel in search of a worldly treasure. His quest will lead him to riches far different—and far more satisfying—than he ever imagined. Santiago's journey teaches us about the essential wisdom of listening to our hearts, of recognizing opportunity and learning to read the omens strewn along life's path, and, most importantly, to follow our dreams. A flexible structure that supports teaching and learning, a global perspective, and a focus on visual analysis have quickly made Gateways to Art the best-selling book for art appreciation. With an unmatched illustration program and a wealth of tightly integrated digital resources, the Third Edition will make your course even more exciting. You will love our expanded coverage of contemporary art, new tools for cross-referencing between chapters, new videos, and an Interactive Instructor's Guide before sampling. "Music: An Appreciation remains the time-tested solution for welcoming non-majors to the art of listening to great music. Now, Roger Kamien places a renewed focus on learning the elements of music, fostering each student's unique path to listening and understanding. As the authority in the Music Appreciation course, Kamien equips students with the language, tools, and listening skills required to sustain a life-long enthusiasm for music. The 13th edition places a particular focus on students, giving them step-by-step help as they learn the elements of music, an increased number of musical selections to experience, and an enhanced Connect and SmartBook experience"-- An illustrated interpretation of Robert Frost's classic poem of loss, family bonds, and promises to keep. In his first novel in more than a decade, award-winning author David Malouf reimagines the pivotal narrative of Homer's Iliad—one of the most famous passages in all of literature. This is the story of the relationship between two grieving men at war: fierce Achilles, who has lost his beloved Patroclus in the siege of Troy; and woeful Priam, whose son Hector killed Patroclus and was in turn savaged by Achilles. A moving tale of suffering, sorrow, and redemption, Ransom is incandescent in its delicate and powerful lyricism and its unstated imperative that we imagine our lives in the glow of fellow feeling. MasteringGeography™ The Mastering platform is the most effective and widely used tutorial, homework and assessment system for the sciences, and is now available in geography. MasteringGeography helps instructors maximize class time with customizable, easy-to-assign, and automatically graded assessments that motivate students to learn outside of class and arrive prepared for lecture. These assessments can easily be customized and personalized for an instructor's individual teaching style. The powerful gradebook provides unique insight into student and class performance even before the first test. As a result, instructors can spend class time where students need it most. The Mastering system empowers students to take charge of their learning through activities aimed at different learning styles, and engages them in learning science through practice and step-by-step guidance. MasteringGeography offers: Assignable activities that include Geoscience Animation activities, Encounter Physical Geography Google Earth™ Explorations, Geography Video activities, MapMaster™ interactive map activities, Map Projection activities, coaching activities on the toughest topics in physical geography, end-of-chapter questions and exercises, reading questions, and Test Bank questions. Student study resources in the Study Area include Geoscience Animations, web links, videos, glossary flashcards, “In the News” RSS feeds, MapMaster™ interactive maps, chapter quizzes, an optional Pearson eText, including iPad and Android versions, and more. "Film and media studies now attract large numbers of students in schools, colleges and universities. However the setting up of these courses came after many decades of pioneering work at the educational margins in the post-war period. Bolas' account focuses particularly on the voluntary efforts of activists in the Society for Education in Film and Television and on that Society's interchanging relationship with the British Film Institute's Education Department. It draws on recent interviews with many of the individuals who contributed to the raising of the status of film, TV and media study. Through detailed examination of the scattered but surviving documentary record, the author seeks to challenge versions of the received history."--Publisher's website. For more than 60

years, this text has led the way in preparing students for a lifetime of listening to great music and understanding its cultural and historical context. The Thirteenth Edition builds on this foundation with NEW coverage of performance and musical style. NEW tools help students share their deepening listening skills and appreciation in writing and conversation. Previous ed. cat. under McKnight, Tom L. (Tom Lee), 1928- Music: An Appreciation welcomes nonmajors to the art of listening to great music. Roger Kamien continues to focus on coverage of the elements of music, fostering each student's unique path to listening and understanding. The Brief 10th edition of Music: An Appreciation equips students with the language, tools, and listening skills required to sustain a lifelong enthusiasm for music. Typically the first material that a Music Appreciation student encounters in the semester is about the elements of music. Often it is a student's first exposure to musical vocabulary and concepts. The new edition features four learning tools that supplement and expand on Roger Kamien's narrative on the elements. These include Elements of Music Interactives, Fundamentals of Music Video Tutorials, Spotify Playlists, and targeted guidance in Listening Outlines and Vocal Listening Guides. New recordings have been added to the new edition. All selections can be accessed in McGraw Hill Connect®, or students can purchase an access card that allows them to download MP3 files of selections. Can Christianity and evolution coexist? Traditional Christian teaching presents Jesus as reversing the effects of the Fall of Adam. However, an evolutionary view of beginnings doesn't allow for a historical Adam, making evolution seemingly incompatible with what Genesis and the apostle Paul say about him. For Christians who accept evolution and want to take the Bible seriously, this presents a faith-shaking tension. Peter Enns, an expert in biblical interpretation, offers a way forward by explaining how this tension is caused not by the discoveries of science but by false expectations about the biblical texts. Focusing on key biblical passages in the discussion, Enns demonstrates that the author of Genesis and the apostle Paul wrote to ask and answer ancient questions for ancient people; the fact that they both speak of Adam does not determine whether Christians can accept evolution. This thought-provoking book helps readers reconcile the teachings of the Bible with the widely held evolutionary view of beginnings and will appeal to anyone interested in the Christianity-evolution debate.
