Louisiana Department of Education has not endorsed the contents of this book. The exciting story of the first-ever moon landing—a perfect way to introduce young readers to that pivotal moment in human history! On July 20, 1969, Neil Armstrong became the first person in history to set foot on the moon. As he did so, he uttered his famous declaration: “That ’ s one small step for man, one giant leap for mankind.” But how did he and Buzz Aldrin reach the moon? What was their journey like? In this gorgeously illustrated book, readers join the crew of Apollo 11 as they race into space and reach incredible new heights. With a message that anything is possible if you try, and a large trim size that works nicely for group reads, this is a wonderful classroom or story-time read-aloud and a great way to share the story of the first moon landing with young readers. To commemorate this extraordinary moment in human history, Robert Burleigh and Mike Wimmer have created a breathtakingly beautiful tribute that transports readers to the stars, where they will experience the moon landing just as Neil Armstrong and Buzz Aldrin did. This book is designed to help students get LEAP assessment rehearsal along with standards aligned rigorous skills practice. It Includes: Access to Online Resources 2 Practice Tests that mirror the LEAP Assessments 7 Tech-enhanced Item Types

Self-paced learning and personalized score reports Strategies for building speed and accuracy Instant feedback after completion of the Assessments Standards based Printed Workbooks Ratios and Proportional Relationships, The Number System Expressions & Equations Geometry Statistics & Probability Students will have the opportunity to practice questions related to all the critical math learning objectives included in the common core state standards (CCSS) and college and career readiness standards (CCRS). Matches the LEAP 2025 Assessments for 2017-2018! This practice book is the perfect preparation tool for the new LEAP 2025 English Language Arts assessments. It includes practice for all the tasks students will encounter on the real LEAP 2025 ELA tests. Complete Preparation for the LEAP 2025 Tests - Separate sets cover all the types of tasks found on the real tests - Includes practice for literary analysis tasks, research simulation tasks, narrative writing tasks, literary passage sets, informational passage sets, and paired passages - Each set mimics the content of the real assessments - Flexible format allows question sets to be completed to suit any schedule Matches the LEAP 2025 English Language Arts Assessments - Covers the skills assessed on the LEAP 2025 assessments - Includes the same question types found on the LEAP 2025 assessments - Provides practice completing selected-response, technology-enhanced, and constructed-response

questions - Includes essay questions and narrative writing tasks Focuses on the Key Features of the LEAP 2025 Assessments - Stronger emphasis on writing skills - Encourages close reading - Focuses on using evidence from texts - Greater emphasis on analyzing and evaluating texts - Increased rigor compared to previous tests - Prepares students to take the test online Preparation for the LEAP English Language Arts Assessment for 2015-2016! This workbook is specifically designed to develop writing skills. Students will write in response to passages, as well as write narratives, opinion pieces, and essays. Students will gain experience completing research projects and edit and revise their work. This workbook will develop the writing skills that students need, while preparing students for the more rigorous reading and writing tasks on the LEAP English Language Arts assessments. Full Coverage of Louisiana's English Language Arts Standards - Covers all the types of writing in the state standards, including opinion pieces, informative/explanatory texts, and narratives - Includes exercises for additional writing skills, including completing research projects and gathering information from sources - Provides extensive practice writing in response to literary and informational texts Preparation for the LEAP English Language Arts (ELA) Assessments - Helps students gain the skills and experience needed for the LEAP assessments - Provides practice writing in response to passages - Prepares students for narrative writing tasks - Guided tasks teach students how to write effective essays and narratives - Provides extensive experience providing written answers to reading comprehension questions - Builds higher-order thinking skills such as analyzing and evaluating texts - Develops the strong reading comprehension skills needed for the new assessments Provides Ongoing Skill Development and Practice - Ten convenient practice sets allow for ongoing skill development - Each practice set contains two reading comprehension tasks where students write in response to passages - Each practice set contains two writing tasks where students write a short story, personal narrative, opinion piece, or essay - Guided writing tasks include hints, planning activities, and review checklists to guide students and encourage strong skill development - Each set includes additional core skills exercises that focus on key writing skills Key Benefits of this Workbook - Flexible format allows practice sets to be completed to suit any schedule - Helps students transition to the more rigorous state assessments - Develops the writing skills that are emphasized by the state standards - More rigorous tasks encourage deeper understanding and more advanced thinking - Tips, planning, and review activities teach the key features expected of student writing - Format allows for review after each set to provide feedback and promote improvement The Challenge Built to Last, the defining management study of the nineties, showed how great companies triumph over time and how long-term sustained performance can be engineered into the DNA of an enterprise from the very beginning. But what about the company that is not born with great DNA? How can good companies, mediocre companies, even bad companies achieve enduring greatness? The Study For years, this question preyed on the mind of Jim Collins. Are there companies that defy gravity and convert long-term mediocrity or worse into long-term superiority? And if so, what are the universal distinguishing characteristics that cause a company to go from good to great? The Standards Using tough benchmarks, Collins and his research team identified a set of elite companies that made the leap to great results and sustained those results for at least fifteen years. How great? After the leap, the good-to-great companies generated cumulative stock returns that beat the general stock market by an average of seven times in fifteen years, better than twice the results delivered by a composite index of the world's greatest companies, including Coca-Cola, Intel, General Electric, and Merck. The Comparisons The research team contrasted the good-to-great companies with a carefully selected set of comparison companies that failed to make the leap from good to great. What was different? Why did one set of companies become truly great performers while the other set remained only good? Over five years, the team analyzed the histories of all twenty-eight companies in the study. After sifting through mountains of data and thousands of pages of interviews, Collins and his crew discovered the key determinants of greatness -- why some companies make the leap and others don't. The Findings The findings of the Good to Great study will surprise many readers and shed light on virtually every area of management strategy and practice. The findings include: Level 5 Leaders: The research team was shocked to discover the type of leadership required to

achieve greatness. The Hedgehog Concept (Simplicity within the Three Circles): To go from good to great requires transcending the curse of competence. A Culture of Discipline: When you combine a culture of discipline with an ethic of entrepreneurship, you get the magical alchemy of great results. Technology Accelerators: Good-to-great companies think differently about the role of technology. The Flywheel and the Doom Loop: Those who launch radical change programs and wrenching restructurings will almost certainly fail to make the leap. "Some of the key concepts discerned in the study," comments Jim Collins, "fly in the face of our modern business culture and will, quite frankly, upset some people." Perhaps, but who can afford to ignore these findings? This book is designed to help students get LEAP assessment rehearsal along with standards aligned rigorous skills practice. It Includes: Access to Online Resources 2 Practice Tests that mirror the LEAP Assessments 7 Tech-enhanced Item Types Self-paced learning and personalized score reports Strategies for building speed and accuracy Instant feedback after completion of the Assessments Standards based Printed Workbooks Reading: Literature Reading: Informational Text Language Students will have the opportunity to practice questions related to all the critical english language arts (ELA) learning objectives included in the common core state standards (CCSS) and college and career readiness standards (CCRS).
