Ordnance Operations (FM 4-30) Aug 08 2021 The purpose of the ordnance corps is to support the development, production, acquisition and sustainment of equipment- including weapons systems and munitions- and to provide explosive ordnance disposal (EOD), during peace and war, to provide superior combat power to the United States (U.S.) Army. The ordnance corps has a rich and robust history of supporting the force dating back from the American Revolution to present day. The future of our nation and Army will continue to be engaged in an era of "persistent conflict" a period of protracted confrontation among states, non-state, and individual actors increasingly willing to use violence to achieve their political and ideological ends. The ordnance corps must evolve and remain the indispensable sustainment warfighting function in order for the Army to successfully execute simultaneous and protracted operations.

Was the Red Flag Flying There? Marxist Politics and the Arab-Israeli Conflict in Egypt and Israel 1948-1965 Mar 03 2021 "Illuminating. . . . The entire field of modern Middle Eastern Studies still has remarkably little closely researched social history of this sort. Bein's study adds to the work recently published by revisionist Israeli historians, debunking the dominant view of the origin and early history of the Palestine conflict and extending the revision into the 1950s and early 1960s. His explanation of the different political paths that were taken, turned back from, and lost sight of is an important—indeed vital—contribution to contemporary scholarly and political understanding."—Timothy Mitchell, New York University

The Jews Of Egypt Aug 20 2022 The Jewish community of Egypt in modern times—now practically non-existent—consisted in part of autochthonous Jews who traced their origins to the periods of Maimonides, Philo, and even the prophet Jeremiah, thus making it the oldest community in the Jewish Diaspora. It also contained Jews who were part of the waves of immigration into Egypt that began in the second half of the nineteenth century. Coming mostly from Mediterranean countries, this predominantly Sephardic community maintained a network of commercial, social, and religious ties throughout the entire region, as well as a distinctively Mediterranean culture and life-style. In this volume, international scholars examine the Ottoman background of this community, the political status and participation of the Jews in Egyptian society, their role in economic life, their contributions to Egyptian-Arabic culture, and the images of the community in their own eyes, as well as in the eyes of Egyptians and Palestinian Jews. The book includes an extensive set of appendixes that illustrate the wide range of primary sources used by the contributors.

The Encyclopedia of Magic and Alchemy Sep 21 2022 A comprehensive illustrated reference guide with more than 400 entries on the subjects of magic and alchemy.

Through the Lens of Cultural Awareness May 25 2020 Conducting the Global War on Terrorism (GWOT) and projecting United States (US) influence worldwide has meant an increasing number of US diplomats and military forces are assigned to locations around the world, some of which have not previously had a significant US presence. In the current security environment, understanding foreign cultures and societies has become a national priority. Cultural understanding is necessary both to defeat adversaries and to work successfully with allies.

Alexandrian Summer Jan 01 2021 "A powerful novel of tensions—sexual, familial, religious, and political . . . Alexandria—sensual and enchanting—shimmers in these pages" (Dalia Sofer, national-bestselling author of *The Septembers of Shiraz*). *Alexandrian Summer* is the story of two Jewish families living their frenzied last days in the doomed cosmopolitan social whirl of Alexandria just before fleeing Egypt for Israel in 1951. The conventions of the Egyptian upper-middle class are laid bare in this dazzling novel, which exposes startling sexual hypocrisies and portrays a now vanished polyglot world of horse-racing, seaside promenades, and elegant nightclubs. Hamdi-Ali senior is an old-time patriarch with more than a dash of strong Turkish blood. His handsome elder son, a promising horse jockey, can't afford sexual frustration, as it leads him to overeat and imperil his career, but the woman he lusts after won't let him get beyond undoing a few buttons. Victor, the younger son, takes his pleasure with other boys. But the true heroine of the story—richly evoked in a pungent upstairs/downstairs mix—is the raucous, seductive city of Alexandria itself. "Helps show why postwar Alexandria inspires nostalgia and avidity in seemingly everyone who knew it . . . The result is what summer reading should be: fast, carefree, visceral, and incipiently lubricious." —*The New Yorker* "Luminous . . . One of the great triumphs of *Alexandrian Summer* is the richness of the evocation of this city and the multiple cultures pressed within it . . . A sultry eroticism pervades." —*The Forward* "Gormezano Goren's characters are vividly depicted as they grow up or grow older in a city of conflicting loyalties, riven by resentment, ready to revolt. Readers will be transported." —*Publishers Weekly* "A profound literary experience." —*Ahshav*

The Dispersion of Egyptian Jewry Feb 26 2023 Egypt's indigenous Jewish population comprised Arabic-speaking Rabbanite and Karaite Jews, some of whom had been in the country since the early Islamic era. Jews expelled from Spain in 1492 took refuge in Egypt, and their numbers were augmented in the mid-nineteenth century by Sephardic immigrants. Originally welcomed elsewhere in the Ottoman Empire, these Spanish Jews came to Egypt seeking economic opportunity in the era of Suez Canal construction and the cotton boom. The late nineteenth century brought Ashkenazi Jews fleeing persecution in Eastern Europe. The different groups formed a heterogeneous community of cosmopolitan hybrids, which was both an element of strength and a factor in its eventual demise. The Dispersion of Egyptian Jewry examines the history of the Egyptian Jewish community after 1948, focusing on three major areas: the life of the majority of the community, which remained in Egypt from the 1948 Arab-Israeli War until the aftermath of the 1956 Suez/Sinai War; the dispersion and reestablishment of Egyptian Jewish communities in the United States, France, and Israel; and contested memories of Jewish life in Egypt since President Anwar al-Sadat's visit to Jerusalem in 1977. Beinun argues that the experiences of Egyptian Jews cannot be adequately accounted for by either Egyptian nationalist or Zionist narratives. Fusing history, ethnography, literary analysis, and autobiography, Joel Beinun conducts an interdisciplinary investigation into identity, dispersion, and the retrieval of identity that is relevant for anyone interested in Egypt, the Jewish diaspora, or the formation of cultures and identities.

In The Middle Of Nowhere Dec 20 2019 In the Middle of Nowhere is a story of beating the odds, of the power of love and the strength of family ties to overcome every obstacle. Terry met John at St Vincents Hospital, where she was training to be a nurse and he was recuperating from a horse-riding accident. They wrote love letters to each other for five years before marrying. Terry's new home on the huge pastoral lease of Riveren consisted of a tent and a newly drilled bore. The newlyweds literally built their station from scratch, brick by brick, and raised and educated their four children on the station. In the Middle of Nowhere is a story of beating the odds, of the power of love and the strength of family ties to overcome every obstacle. It is a story told with warmth and a knowledge of the bush, its people, and the issues facing the Northern Territory of Australia today.

The London Gazette Dec 12 2021

Perfected Fables, Now Sep 09 2021 Since the mid-1960s, Gordon Rohlehr has been an incomparable recorder and analyzer of Caribbean literature and culture, and their intersection with history and politics. Rohlehr doffs the costume of the carnival figure of the "Bookman," the recording Satan of the devil band, who walks with his book in which he writes down the names of the damned. And here we have the clue to the fact that along with the serious analysis of calypso; his summing up of what is essential in the work of Derek Walcott, Earl Lovelace, and V.S. Naipaul; and the essays of remembrance for those like Walcott, Lloyd Best, Pat Bishop, Tony Martin, and others who have made their earthly exits, there is a devilish humor at work. This comes out particularly in an essay that joyfully demolishes an attempt to characterize the Caribbean in any other than its own terms, and the subservience of Trinidad's rulers to the neo-colonialisms of tourism, visiting American ships and the U.S. embassy.

Fields of Offerings Oct 30 2020 This Festschrift celebrates the multifaceted career of Raphael Patai, presenting twenty-two articles on Jewish folklore and mythology, Jewish and Middle Eastern ethnology and anthropology, the social psychology of Arabs and Jews, Jewish cultural history, and Zionism. All of these are fields in which Raphael Patai has made major contributions.

The Family of Leete Nov 23 2022 The Leete family of South Norwood, Surrey, Eng., with branches in America and Ireland.

Redefining the Egyptian Nation, 1930-1945 Jun 06 2021 The authors examine the emergence of nationalism among the Egyptian middle class during the 1930s and 1940s, and its growing awareness of an Arab and Muslim identity. Previously Egypt did not define itself in these terms, but adopted a territorial and isolationist outlook. It is the revolutionary transformation in Egyptian self-understanding which took place during this period that provides the focus of this study. The authors demonstrate how the growth of an urban middle class, combined with economic and political failures in the 1930s, eroded the foundations of the earlier order. Alongside domestic events, the momentum of Arabism abroad and the impact of events in Palestine, necessitated Egyptian regional involvement. Egypt's present position as a major player in Arab, Muslim and Third World affairs has its roots in the fundamental transition of Egyptian national identity at this time.

Climate Change, Coming Soon to a Court Near You Jan 25 2023 Report 1 guides readers through some of the basics about climate change as a defining challenge of our time. It further explains how judges from Asia and the Pacific contribute to climate governance and litigation. Without urgent climate action, humanity faces a world that cannot sustain civilization as we know it. People

around the globe are demanding action, some with climate litigation. This report is the first in a four-part series that ADB produced in recognition of the inevitability of increased litigation in the era of climate change.

National Climate Change Legal Frameworks in Asia and the Pacific Jul 27 2020 National legal and policy frameworks underpin international climate action because they are the backbone of domestic responses to the climate emergency. Unless they support global objectives, local climate action stalls. Concerned by sluggish national responses to climate change or injured by its impacts, citizens are filing lawsuits, making courts central to national climate governance. To adjudicate these lawsuits, courts require current information about their climate change legal and policy frameworks. This report provides holistic syntheses of the climate legal and policy frameworks of 32 countries in Asia and the Pacific and discusses key legislative trends and climate-relevant constitutional rights.

Understanding Media Cultures Jun 25 2020 Praise for the First Edition: 'I can't think of a book in media studies that handles so well the diversity of perspectives and issues that Stevenson addresses. Whether reconstructing Marxism or deconstructing postmodernism, tackling the pleasures of soap opera or the repetitive structures of daily news presentation, Stevenson is always clear and insightful' - Sociology The Second Edition of this book provides a comprehensive overview of the ways in which social theory has attempted to theorize the importance of the media in contemporary society. Now fully revised to take account of the recent theoretical developments associated with 'new media' and 'information society', as well as the audience and the public sphere, *Understanding Media Cultures*: - Critically examines the key social theories of mass communication - Highlights the work of individual theorists including Fiske, Williams, Hall, Habermas, Jameson, McLuhan and Baudrillard. - Covers the important traditions of media analysis from feminism, cultural studies and audience research. - Now includes a discussion of recent perspectives developed by Castells, Haraway, Virilio and Schiller. - Provides a glossary of key terms in media and social theory. Retaining all the strengths of the previous edition, *Understanding Media Cultures* offers a comprehensive and up-to-date overview of the field. It will be essential reading for students of social theory, media and cultural studies.

The Economic Basis of Ethnic Solidarity Feb 20 2020 This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, Voices Revived makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1980.

Operation Susannah Aug 28 2020

The Origins of Zionism Mar 23 2020 Increasing interconnections between nation-states across borders have rendered the transnational a key tool for understanding our world. It has made particularly strong contributions to immigration studies and holds great promise for deepening insights into international migration. This is the first book to provide an accessible yet rigorous overview of transnational migration, as experienced by family and kinship groups, networks of entrepreneurs, diasporas and immigrant associations. As well as defining the core concept, it explores the implications of transnational migration for immigrant integration and its relationship to assimilation. By examining its political, economic, social, and cultural dimensions, the authors capture the distinctive features of the new immigrant communities that have reshaped the ethno-cultural mix of receiving nations, including the US and Western Europe. Importantly, the book also examines the effects of transnationality on sending communities, viewing migrants as agents of political and economic development. This systematic and critical overview of transnational migration perfectly balances theoretical discussion with relevant examples and cases, making it an ideal book for upper-level students covering immigration and transnational relations on sociology, political science, and globalization courses.

The Sorority Handbook Jan 13 2022 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.
