In this breakthrough book, Stephen Arroyo discusses the two subjects that people most often want to understand through astrology: Relationship Compatibility and the Cycles that Shape Our Lives. The spontaneous quality of this book makes it especially informative and valuable, since it includes numerous insights and observations not found in more conventional presentations. As many reviewers have observed, the sections on precisely how to compare charts to analyze relationships and how to use the houses in such comparisons are completely unique and original contributions to the field of astrological psychology. "Friendly, upbeat, and simple, yet offering deep insights into your soul's purpose. A "cut to the core" addition to books on spiritual astrology. Read it and(as Edgar Cayce would say) apply it!" - Karla Siedschlag, Director of Outreach Services, Edgar Cayce's A.R.E." "Celestial promises. Earthly fulfillment. Did you know that before you were born, your soul made a promise with the entire universe to aim higher and do better in this life? Sounds like a tall order! Not to worry, taking care of your contract with the universe is really about taking care of yourself and bringing some balance into your corner of the earth. Your astrological birth chart reveals your soul's contract with the universe. By connecting the cosmic dots, you can figure out where you came from and the destiny you chose for this life. Fulfilling your contract is just a matter of knowing where to look. In this eBook original, numerous practical as well as philosophical issues are explored. In an in-depth, wide-ranging interview appearing in book form for the first time, Stephen Arroyo answers questions about his early years in astrology, how he came to write some of his classic works, and his views on various central issues in astrology's current practice and potential future development. In another chapter, he provides concise new observations and guidelines that provide more insightful ways of understanding many factors in both individual birth charts and chart comparisons. In the other sections of this book, he discusses what astrology can contribute to psychology, how to understand the Ascendant, and possible explanations of transits' powerful effects. And importantly, this is the only book currently available that describes and explores his unique theory of "subtones" as an incisive, psychologically revealing method of achieving greater depth in understanding any birth chart. In short, utilizing "subtones" is a method of synthesizing the major chart factors in any person's chart in a simple, quick way that people at any level of astrological knowledge can easily learn and reliably use. Understanding your previous incarnations can turn into a fascinating journey of self-discovery and healing. You can gain insight into destructive habits that may have begun in a past life -- and then create a more positive and creative new life. In "Astrology and Your Past Lives" astrologer and regression therapist Jeanne Avery provides a simple yet profound way to understand one's blocks and blessings. By focusing on

the meaning of one planet -- Saturn, the planet of limitations -- Avery shows how we "pick our own type of gravity" that connects this life to our previous incarnations. This insightful and original book focuses on the understanding and use of astrology as a tool for spiritual and psychological growth. In contrast to traditional prediction-oriented astrology, this new approach to the most ancient of all sciences is based upon the law of karma and the urge toward self-transformation. Especially emphasizing the transformative and karmic significance of Saturn, Uranus, Neptune, and Pluto, this book places all astrological techniques in a growth-oriented perspective. It is especially pertinent for those whose interest in astrology is based on a recognition of its spiritual significance and its value for enhancing self-knowledge. Included are chapters on such topics as: karma & relationships; progressions; transits; astrology in the Edgar Cayce readings; the meaning of the Ascendant & its ruler; and a positive approach to Saturn. In addition, the chapters on Pluto and on the aspects are the most complete in-depth treatments of these subjects now available in print. Cette approche originale de l'astrologie se fonde sur la loi du karma et sur l'aspiration à la transformation de soi. En effet, l'être profond est perpétuellement en métamorphose et ce sont les planètes lentes qui, dans le thème de chaque individu, sont porteuses du dynamisme des actes passés et donc de l'énergie créatrice de nouvelles structures psychologiques. La coloration et la situation de Saturne, Uranus, Neptune et Pluton dans le thème ainsi que la façon dont chacun vit les transits de ces planètes sont des données essentielles pour reconnaître le niveau de conscience de l'individu et sa capacité à se transformer. Arroyo nous offre ici une étude positive de Saturne et les pages les plus complètes sur l'influence de Pluton de la littérature astrologique d'aujourd'hui. Stephen Arroyo est l'un des chefs de file de l'école astrologique américaine. Il dispense son enseignement dans ses nombreux centres de la côte Ouest et à l'université J.F. Kennedy. De l'auteur du best-seller *L'Astrologie, la psychologie et les quatre éléments*, voici le troisième titre publié en France aux Editions du Rocher. Based on many years' experience with clients and researching thousands of horoscopes, astrologer Clifford offers a methodical way to understanding the essential areas and dynamics of any horoscope. According to professional astrologer Steven Forrest, behind your familiar astrological chart lies another chart entirely, one whose existence you may never have suspected. This chart tells the tale of who you were in a prior lifetime. It speaks of what wounded you then and what work you left undone. ABOUT THE BOOK: Saturn, god of the saturnine disposition, is popularly associated with doom and gloom. But Saturn in Transit reveals the planet's useful and developmental influence in our lives. Saturn assists the modern hero and heroine, during its Companion to Psychological Astrology. An intensive psychological study of the aspects made by planets in the natal horoscope. Discusses how aspects are formed, how signs affect an aspect, how approaching and departing aspects work, and shares aspect experiences of her clients. Includes a cookbook to show how an aspect will work in relation to individual development. Thousands of readers worldwide have found personal meaning in Arroyo's bestselling books. Here, he shows how to develop reliable, in-depth interpretations for any birth chart. Jeff Wolf Green's writing embodies everything you would expect from Pluto; intense, powerful, riveting, transformative and penetrating. If you want to help yourself and assist others in conscious evolution, rather than simply waiting for it to happen, this book is the essential map for that journey! How often do we find ourselves in relationships that echo the past, that recapitulate familiar but destructive patterns? How often have we tried to analyze an unhealthy or unhappy relationship from a psychological perspective, only to find that this kind of interpretation doesn't "feel" right? Martin Schulman suggests that we can reach a deeper and more constructive understanding if we search out the karmic layers in our relationships - those attitudes, behaviors and beliefs which are residue from past lifetimes, and which stand in the way of our achieving harmony and balance, the prerequisites for enduring relationships using a karmic lens. He compares every possible combination of the major aspects, showing the reader how one facet of personality (represented by a planet) compares to planets in your partner's chart. Where are the points of stress in your relationship karmically, we can grow both spiritually and emotionally. One of the most radical and unorthodox interpretations of retrograde planets yet published. Disregarding the traditional "good" or "bad" explanation, the author gives instead a system which explains the three vibrational moods in which these planets may be expressed. Each planet is discussed thoroughly in all signs and houses. There is also an examination of the esoteric and karmic symbolism begun in his best-selling *"Karmic Astrology Volume I: The Moon's Nodes and Reincarnation."* A great book with focus on Karma and astrology. Arroyo shows us how we can understand and use what we were born with to transform our lives. This is a unique perspective, and a definitive book to help you gain

yours This volume, a directory of astrological correspondences, is the result of a research project that drew together the thoughts of many others into a reference book, assuming the role of a dictionary to astrologers, but vastly more complete. It is the only place where all sign, planetary and house rulerships have been brought together and put in a good workable order. It is organized in such a way that one can use the book for quick and easy reference, and it eliminates the need to search through various other volumes. In four parts: an alphabetical listing, a listing by planets, a listing by signs, a listing by houses. Plus an Appendix with special listings: principal bones of the body, principal veins of the body, chart of an organization, flavors and handwriting forms. Enthusiastically endorsed and used by professionals and students alike, no reference library is complete without this best-selling volume. Using a new language of energy based on the ancient "four elements" and in harmony with that used by the more advanced healing arts, renowned author Stephen Arroyo here explores how astrology as a language of energy can be astoundingly accurate and useful in illuminating individuals' energy exchange in all close relationships. The preface, author's note, introduction, and early chapters of Person-to-Person Astrology lay the groundwork for serious consideration of astrology as a significant discipline. The following chapters detail the influence of the four elements—Fire, Earth, Water, Air—on the 12 signs, with a particular emphasis on the rising sign (Ascendant). The author shows readers how to experiment by comparing birth charts, and explains, through detailed descriptions, people's psychological motivations and needs based on the positions of their Moon, Venus, and Mars. Appendices include astrological definitions, keywords, and sign tables that allow readers quick access to the basics. Written in the author's trademark clear, accessible style, Person-to-Person Astrology presents a new approach to finding fulfillment in any kind of relationship. Astrology and the Authentic Self is a ground-breaking work by Demetra George, one of the most the respected authors in her field. This book provides a model for the practicing astrologer to analyze a client's life purpose as indicated through the natal chart. It addresses significant concerns, such as relationship and vocation and provides methods for determining current timing movements. She gives the methods to communicate this complex information in a concise and professional manner within the context of an astrological counseling session. Ms. George provides an excellent introduction to the doctrines of ancient astrology concerning how to determine the condition of a planet and its capacity to be effective and produce favorable outcomes. She outlines how to follow these traditional guidelines, but interprets them within a modern context, adding the insights of more contemporary approaches. The Shodasa Vargas or sixteen divisional charts are an essential technique that is studied in vedic astrology in order to understand the true nature of an individual. Each varga focuses on a different area of life, and together they represent the complete picture, reflecting human consciousness from reality to the subconscious. Komilla Sutton unravels the sixteen vargas and their secrets through the in-depth study of case histories that include Sri Ramana Maharshi, Bill Clinton, Prince William, Bill Gates, Sri Aurobindo, Oprah Winfrey, Julia Roberts, George Clooney, Michael Jackson and many more. She explains the navamsha techniques of relationship compatibility, karakamsha, the atmakaraka in navamsha, how to analyse dasha and transits with vargas, plus vimshopaka, visheshika amsha and finally, appropriate remedies. This book is perfect for all students of vedic astrology, from beginner level to advanced. Your position in the universe was fixed upon the moment of your birth. In this long-awaited supplement to their groundbreaking Mythic Astrology: Internalizing the Planetary Powers, Arielle Guttman and Kenneth Johnson give us a deeper look at the planetary players that operate within all of us, with an emphasis on Myth and the Feminine. For the first time, a Tantric scholar and expert in the Hindu traditions of Ayurveda and astrology presents a system of numerology that combines numerical calculations, astrological data, and an analysis of body type. He illustrates the Vedic Square and the visual patterns that can be derived from it, casting a revealing light on the more esoteric interpretations of numbers and their relationship to one another. Recommendations are given regarding strong and weak periods of day or year, favorable colors and precious stones to be worn, and meditations and mantras to be practiced for health and prosperity. Explains how to determine the psychic number, name number, and destiny number; how

these numbers relate to each of the nine planets, and how they apply to every aspect of life-- including personality, temperament, intelligence, talents, sexuality, spirituality, finances, travel, and health. Using mythology, archetypal symbolism, and a wealth of case histories, this study provides new material and insight into the many facets of this major, transformative contact between the Moon and Pluto. Hall explains why Pluto-Moon aspects are so important, and gives a description of the Hades Moon through the signs and houses. She shows us the symptoms and offers practical information about flower essences and techniques that can help people handle Hades Moon energy. In astrology, each planet in our solar system is symbolically associated with specific archetypes, characteristics, themes and patterns in human experience. The discovery in 2005 of Eris -- a dwarf planet beyond Pluto -- was therefore an event of great significance for astrology as well as astronomy. In this unique book, Keiron Le Grice considers the astrological significance of Eris. How, he asks, can we determine Eris's meaning? What archetypal themes is it associated with? In what ways might the myths of Eris, the Greek goddess of strife, be relevant to the astrological meaning? What can Eris's discovery tell us about the evolutionary challenges we now face? Drawing on a wide variety of perspectives -- including mythology, ecology, religion, history, philosophy and Jungian psychology -- Le Grice carefully constructs a multi-faceted picture of Eris's possible meaning, helping to illuminate the unprecedented events of our time and providing clues to our possible future directions. The longing for redemption is a many-headed daimon that dwells within the most earthbound and prosaic of souls. Neptune is the astrological symbol that describes this energy. Liz Greene, an internationally known astrologer, has given us the most complete and accessible book about Neptune ever written! She explores Neptune themes in literature, myth, politics, religion, fashion, and art to show how this energy manifests. This book is the very essence of Jupiter. From its apt title, to its generous use of many famous chart examples, to Arroyo's trademark insight and wisdom on every page, "Exploring Jupiter" is positively a winner! The presentation of the astrology is clear, practical and intelligent, making it a must for both newer students and more experienced practising astrologers. Unlike the majority of modern astrologers, Arroyo refers to Jupiter's ancient rulership of Pisces as being significant. The book includes: Jupiter through the signs, Jupiter through the houses (arranged by element), Jupiter aspects in the birth chart and so on. As always with Stephen Arroyo, it is the clarity and profound depth of these guidelines for interpretation that is so striking. The chapter on transits involving Jupiter is particularly good, building on ideas he has expressed in earlier writings. Have you ever wondered who you were in a past life? Astrology can help you discover your past lives and how they effect your present. You will learn how to read your astrological birthchart from a karmic perspective, and identify the patterns and influences hidden within it. Once you understand past relationships and issues and their effect on your present life, you will be able to identify key problems and find new solutions. Ultimately, you will be happier and more fulfilled. This classic astrology text, revered by beginners and professional astrologers alike, is now available in a Weiser Classics edition. "The most important single contribution of twentieth-century astrology is that astrology is not a map of one's fixed destiny but is a potential map of the unfolding of the authentic, higher self." —Robert Hand, from the foreword Saturn's darker persona is recognized universally in myth and fairytale. In this classic astrology text, renowned astrologer and Jungian analyst Liz Greene offers a fresh perspective on how to handle the influence of this much-maligned astrological symbol. In Saturn, Greene shows us how the frustrating experiences connected to this planet can be turned into opportunities for greater insight and meaning in our lives. Saturn, she says, symbolizes a psychic process—one that allows us to utilize the experience of pain for self-discovery and a more fulfilling and complete life. Greene retraces Saturn's character through sign, house, aspect, and synastry in a brilliant analysis that reveals his other face: that of the initiator who, for the price of our honesty with ourselves, offers us greater consciousness, self-understanding, and, eventually, freedom. "Geocentricity might well be egocentricity" the phenomenon of retrograde motion is based on our Earth-centered view of the solar system, but the movement and cycles of retrograde planets are based entirely on the apparent motion of the Sun through the zodiac. Sullivan organizes and explains retrograde motion from a systems-view-point the system of the Sun and planets and interprets retrograde planets natively, by progression, and in transit. *Astrology for Yourself* is designed to introduce you to the language, art, and science of astrology through a series of self-directed, program-learning exercises that will literally enable you to write your own chart interpretation.
