In this beautifully illustrated treasury, Dave and Neta Jackson present the true-life stories of fifteen key Christian heroes. Each hero is profiled in a short biography and three educational yet exciting and thought-provoking anecdotes from his or her life. Ideal for family devotions, homeschooling, and more, this inspiring collection includes stories from the lives of Amy Carmichael, Martin Luther, Dwight L. Moody, John Wesley, Samuel Morris, Gladys Aylward, and nine others.

Winter is not coming. Winter is here. As unique and beautifully formed as a snowflake, each of these fifteen stories spins a brand new take or offers a fresh take on an old favorite like Jack Frost, The Snow Queen, or The Frof King. From a drafty castle to a blustery Japanese villiage, from a snow-packed road to the cozy hearth of a frammhouse, from an empty coffee house in Buffalo, New York, to a cold night outside a university library, these stories fully explore the perils and possibilities of the snow, wind, ice, and bone-chilling cold that traditional fairy tale characters seldom encounter. In the bleak midwinter, heed the irresistible

call of fairy tales. Just open these pages, snuggle down, and wait for an icy blast of fantasy to carry you away. With all new stories of love, adventure, sorrow, and triumph. In the human comedy of Chaucer's Canterbury Tales the pilgrims react to one another. The tales they tell reveal their own characters and serve in turn to supply dramatic settings for other tales told in response. In the chronicle of their self-revelations and of their reactions to one another, a thematic design may be traced. Chaucer's art of high comedy has behind it a literary tradition of which it is the fulfillment. Briefly this is the

thesis of Professor Bernard F. Hupp, 's A Reading of the Canterbury Tales. The book itself is the direct result of more than fifteen years of lecturing on the Canterbury Tales, during which time Professor Hupp, 's views on the dramatic structure of the tales have been modified, clarified, and sharpened through discussion with students and colleagues, and through his study of Chaucer's literary tradition. A Reading of the Canterbury Tales retains the freshness and immediacy of a lecture series. It is intended to be provocative and to stimulate active discussion. The fifteen stories contained in The Power of Horses portray, each in a

different way, the sensitive and enduring culture of the Dakota of the Upper Plains and convey many of the basic truths that have sustained Elizabeth Cook-Lynn's people for countless generations. Though the stories are often filled with violence and grief, they are also brimming with beauty, gentleness, charm, and humor. In these striking and memorable tales of Dakota country, Joseph grieves that the body of his middle son will never be returned to his native shores from the distant World War I battlefields where he was killed; family members gather to bury their father and barely survive their own weaknesses and bickering; a grandmother

takes her grandchild for a walk and imparts to the child some of the old wisdom of times past; a whining hound dog's primordial to the Dakota's competes unwittingly with Reverend Tileston's efforts to bring the word of the Christian God to a tight-knit family, and wins; Maggie is a poet but is also on parole, and just as his friends have begun to rethink the finality of justice, he is 'accidentally' shot and killed in the white man's jail. Cook-Lynn writes unsparingly yet compassionately of reservation life in the last century. In each of these gemlike stories she reveals something of the mystery and essential toughness of the

Dakota people. Hong Kong pathologist Feng Chi-shun once owned a dive bar in Kowloon City: a rough part of town which was home to the Sun Yee On triad gang. During that time, he heard a lot of stories. How about the street sleeper who was a millionaire, or the man who chose to end it all in Chungking Mansions? Do you want to know the details of the gruesome Hello kitty murder, or what the taxi driver from hell did to his passengers? How about Elvis of the Orient, the ancient movie star who fooled hundreds of people for his final performance, or the student who stumbled into the 1967 riots and entered the world of girlie bars? And what was the

truth about the girl with the eagle tattoo? The 15 stories in Hong Kong Noir offer a glimpse of what happens in the shadows. "This book has been more helpful to the students--both the better ones and the lesser ones--than any other book I have ever used in any of my classes in my more than a quarter century of university teaching." --RICHARD L. "In Mr. Wilson ants have found not only their Darwin but also their Homer." —Economist In *Tales from the Ant World*, two-time Pulitzer Prize winner Edward O. Wilson takes us on a thrilling myrmecological tour

across continents and through time, inviting us into his decades-long scientific obsession with ants. Animating his observations with personal stories, Wilson hones in on twenty-five ant species to explain how these creatures talk, smell, taste, and crucially, how they fight to determine dominance. Richly illustrated throughout with depictions of ant species and photos from Wilson's own expeditions, *Tales from the Ant World* is a fascinating personal account from one of our greatest scientists—and a necessary volume for any lover of the natural world. Facebook is now used by nearly 500 million people throughout the world,

many of whom spend several hours a day on this site. Once the preserve of youth, the largest increase in usage today is amongst the older sections of the population. Yet until now there has been no major study of the impact of these social networking sites upon the lives of their users. This book demonstrates that it can be profound. The tales in this book reveal how Facebook can become the means by which people find and cultivate relationships, but can also be instrumental in breaking up marriage. They reveal how Facebook can bring back the lives of people isolated in their homes by illness or age, by shyness or failure, but equally

Facebook can devastate privacy and create scandal. We discover why some people believe that the truth of another person lies more in what you see online than face-to-face. We also see how Facebook has become a vehicle for business, the church, sex and memorialisation. After a century in which we have assumed social networking and community to be in decline, Facebook has suddenly hugely expanded our social relationships, challenging the central assumptions of social science. It demonstrates one of the main tenets of anthropology - that individuals have always been social networking sites. This book

examines in detail how Facebook transforms the lives of particular individuals, but it also presents a general theory of Facebook as culture and considers the likely consequences of social networking in the future. Written under the pseudonym "Jane Morgan," the two tales collected in this volume reflect the profound influence that British author Jane Austen had on Cooper's early development as a writer. Geared toward younger audiences, these romances strive to impart important moral lessons. "This book has been more helpful to the students—both the better ones and the lesser ones—than any other book I have ever

used in any of my classes in my more than a quarter century of university teaching."  
—RICHARD L. KIRKWOOD,  
University of Wisconsin-Eau Claire

Young Geraldine longs to have adventures as thrilling as those in the Book of Tales, the book her papa reads to her and her

brother Button at night. More than that, she wants to be brave--a seemingly impossible task in a world where ravens throw black shadows over the earth and wolves prowl barren lands in search of their prey. But Geraldine is a mouse. The weakest of ground things. Why was she, who wants so much to be brave, created by God to be small and quivering? The book's ten stories follow the Woolkins family--Papa, Mama, Geraldine, and Button--from October to December, as they face their rather human trials and tribulations and Geraldine struggles to understand Very Very Big Hands, the creator of all, including ravens and wolves. Suitable for readers of

most ages. Parents will want to read the book to younger children, preferably after making them a cup of cocoa. A CBC BOOKS BEST NONFICTION OF 2020 AN ENTROPY MAGAZINE BEST NONFICTION 2020/21 A NEW YORK PUBLIC LIBRARY BOOK OF THE DAY (07/23/2022) Fairy tales shape how we see the world, so what happens when you identify more with the Beast than Beauty? If every disabled character is mocked and mistreated, how does the Beast ever imagine a happily-ever-after? Amanda Leduc looks at fairy tales from the Brothers Grimm to Disney, showing us how they influence our expectations and behaviour

and linking the quest for disability rights to new kinds of stories that celebrate difference. "Historically we have associated the disabled body image and disabled life with an unhappy ending" - Sue Carter, Toronto Star "Leduc persuasively illustrates the power of stories to affect reality in this painstakingly researched and provocative study that invites us to consider our favorite folktales from another angle." - Sara Shreve, Library Journal "She [Leduc] argues that template is how society continues to treat the disabled: rather than making the world accessible for everyone, the disabled are often asked to adapt to

inaccessible environments." - Ryan Porter, Quill & Quire "Read this smart, tenacious book." - The Washington Post "A brilliant young critic named Amanda Leduc explores this pernicious power of language in her new book, *Disfigured ...* Leduc follows the breadcrumb crumbs back into her original experience with fairy tales - and then explores their residual effects ... Read this smart, tenacious book." - The Washington Post "Leduc investigates the intersection between disability and her beloved fairy tales, questioning the constructs of these stories and where her place is, as a disabled woman, among those narratives." - The Globe and

Mail "It gave me goosebumps as I read, to see so many of my unexpressed, half-formed thoughts in print. My highlighter got a good workout." - BookRiot "Disfigured is not just an eye-opener when it comes to the Disney princess crew and the Marvel universe - this thin volume provides the tools to change how readers engage with other kinds of popular media, from horror films to fashion magazines to outdated sitcom jokes." - Quill & Quire "It's an essential read for anyone who loves fairy tales." - BuzzFeed Books "Leduc makes one thing clear and beautifully so - fairy tales are fundamentally fantastic, but

that doesn't mean that they are beyond reproach in their depiction of real issues and identities." - Shrapnel Magazine "As Leduc takes us through these fairy tales and the space they occupy in the narratives that we construct, she slowly unfolds a call-to-action: the claiming of space for disability in storytelling." - The Globe and Mail "A provocative beginning to a thoughtful and wide-ranging book, one which explores some of the most primal stories readers have encountered and prompts them to ponder the subtext situated there all along." - LitHub "a poignant and informative account of how the stories we tell shape our

collective understanding of one another.” - BookMarks “What happens when we allow disabled writers to tell stories of disability within fairytales and in magical and supernatural settings? It is a reimagining of the fairytale canon we need. Leduc dares to dream of a world that most stories envision is unattainable.” - Bitch Media A COMPILED COLLECTION OF THE FINAL THREE BOOKS OF THE "DIE NACHT SERIE" SAGA BY THE AUTHOR MATEO G.R. the greatest and most  
ambitious works in English  
literature, in the original

Middle English The Canterbury  
Tales depicts a storytelling  
competition between pilgrims  
drawn from all ranks of society.  
The tales are as various as the  
pilgrims themselves,  
encompassing comedy, pathos,  
tragedy, and cynicism. The  
Miller and the Reeve express  
their mutual antagonism in a  
pair of comic stories combining  
sex and trickery; in “The  
Shipman’s Tale,” a wife sells  
her favors to a monk. Others  
draw on courtly romance and  
fantasy: the Knight tells of  
rivals competing for the love of  
the same woman, and the  
Squire describes a princess  
who can speak to birds. In  
these twenty-four tales,  
Chaucer displays a dazzling

range of literary styles and  
conjures up a wonderfully vivid  
picture of medieval life. This is  
a freshly established Middle  
English text with standardized  
spelling and punctuation and  
on-page glossing. It Features  
an introduction by Jill Mann, a  
chronology of Chaucer's life  
and works, detailed  
explanatory notes, suggestions  
for further reading, a full  
glossary, and a bibliography.

Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators. A man is thrown in jail for picking up a rope. A student earns one hundred points on his math and history tests, yet fails both classes. A spider saves a fugitive from a legion of warriors. A farmer buys a cow, a horse, and a donkey, all with a single ear of corn.... Each of the eighteen stories in this book is true, technically. But each is also a lie. In his second collection of "true lies" from around the world, George Shannon challenges young

readers to uncover the whole truth. But be careful: a word with more than one meaning can obscure the facts. And a hidden detail can mean the difference between honesty and a twisted truth that is, in its essence, a lie. Can you tell the difference? Can you discover: "What's the truth, the whole truth? And where's the lie?" The author imagines the girlhood of Shakespeare's heroines. An NPR Best Book of the Year Proudly introducing the Well-Read Black Girl Library Series, *On Girlhood* is a lovingly curated anthology celebrating short fiction from such luminaries as Rita Dove, Alice Walker, Toni Morrison, and more. Featuring stories by:

Jamaica Kincaid, Toni Morrison, Dorothy West, Rita Dove, Camille Acker, Toni Cade Bambara, Amina Gautier, Alexia Arthurs, Dana Johnson, Alice Walker, Gwendolyn Brooks, Edwidge Danticat, Shay Youngblood, Paule Marshall, and Zora Neale Hurston. "When you look over your own library, who do you see?" asks Well-Read Black Girl founder Glory Edim in this lovingly curated anthology. Bringing together an array of "unforgettable, and resonant coming-of-age stories" (Nicole Dennis-Benn), Edim continues her life's work to brighten and enrich American reading lives through the work of both canonical and contemporary

Black authors—from Jamaica Kincaid and Toni Morrison to Dana Johnson and Alexia Arthurs. Divided into four themes—Innocence, Belonging, Love, and Self-Discovery—On Girlhood features fierce young protagonists who contend with trials that shape who they are and what they will become. At times heartbreaking and hilarious, the stories within push past flat stereotypes and powerfully convey the beauty of Black girlhood, resulting in an indispensable compendium for every home library. “A compelling anthology that . . . results in a literary master class.” —Keishel Williams, Washington Post “A beautiful and comforting patchwork quilt

of stories from our literary contemporaries and foremothers.” —Ibi Zoboi, New York Times best-selling coauthor of *Punching the Air* In the twenty-first century, the residents of Canterbury Hall gathered around a table to tell each other tales just as Chaucer's pilgrims did on their way to Canterbury in the fourteenth century. Like Chaucer's stories, these fifteen tales are contemporary to their times, and sometimes the account of the persons who tell these tales are as interesting as the stories themselves. Written in Chaucer-style verse, *The Canterbury Hall Tales* are a treat for people, young and old, who enjoy the humor and

adventure of Chaucer's stories. The author has made no attempt to capture Chaucer's bawdiness. Fifteen top voices in speculative fiction explore the intersection of fear and love in a haunting, at times hilarious, darkly imaginative volume. Predatory kraken that sing with — and for — their kin; band members and betrayed friends who happen to be demonic; harpies as likely to attract as repel. Welcome to a world where humans live side by side with monsters, from vampires both nostalgic and bumbling to an eight-legged alien who makes tea. Here you'll find mercurial forms that burrow into warm fat, spectral boy toys, a Maori force of

nature, a landform that claims lives, and an architect of hell on earth. Through these and a few monsters that defy categorization, some of today's top young-adult authors explore ambition and sacrifice, loneliness and rage, love requited and avenged, and the boundless potential for connection, even across extreme borders. With monstrous stories by M. T. Anderson Paolo Bacigalupi Nathan Ballingrud Holly Black Sarah Rees Brennan Cassandra Clare Nalo Hopkinson Dylan Horrocks Nik Houser Alice Sola Kim Kathleen Jennings Joshua Lewis Kelly Link Patrick Ness G. Carl Purcell Humanity has long been fascinated by its

darkest hours, secretly thrilled with terror and death, musing endlessly over visions of supernatural horrors lurking in dark corners. This book follows our impulses into the shadows of the mind and what lies beyond it, tracing through death and, sometimes, even further. WELSH RAREBIT TALES contains 15 very short stories. In explaining how these tales came to be, the author tells that he was a member of a "certain literary club" which held irregular meetings. Each member would read his latest work since the previous meeting. The others would comment and critique the work, which created "much mutual benefit" to all. At one

such meeting, it seems that the members had "run short of first-class plots" so they decided to attempt an experiment, and sat down to a dinner of: 1 Large Portion Welsh Rarebit, 1 Broiled Live Lobster, 1 Piece Home Made Mince Pie, 1 Portion Cucumber Salad. The following meeting of the club had to be postponed "on account of illness of fourteen of the members," but at the next, "the accompanying tales were related." He notes also that "By unanimous sentence of the other fourteen members, and as a punishment for having been the originator of the scheme, mine was chosen as the unlucky name under which the Tales should

appear" and hence, Welsh Rarebit Tales came into being. All these tales are very different. There is a mix of science fiction, horror, dark crime and all reveal something about the nature of the characters. Some are sad, some are downright pathetic, but for the most part, in combination they make for fun reading. The 15 tales in this collection are: The Man Who Made a Man In the Lower Passage The Fool and His Joke The Man and the Beast At the End of the Road The Space Annihilator A Question of Honor The Wine of Pantanelli The Strangest Freak The False Prophet A Study in Psychology The Painted Lady and the Boy The Palace of Sin
