Study: For the Elementary and Grammar Grades To the Reverend Pastors of the Archdiocese of San Francisco, the Superiors of the Religious Communities teaching therein, the Principals and Teachers of our Parish Schools. Dearly Beloved in Christ: Since the time the Pastoral Office in this Archdiocese was committed to our charge, nothing has been closer to our heart than the education of our Catholic children. For this purpose, in the year 1915, we established the office of Superintendent of Schools, and appointed the Rev. Ralph Hunt, S. T. L., to that position, with the duty of examining, systematizing, and co-ordinating the programs of instruction in our Elementary and Grammar Schools. To assist him in this delicate undertaking he established, with our advice and approval, a Scholastic Council, composed of representatives from all the Communities engaged in the work of teaching in these schools. Draw your students into the power of language and help them make the connection between abstract grammatical concepts and concrete writing experiences. This book contains: 40 grammar mini lessons and corresponding activities Step by step easy-to-follow instructions Value packed resource with handouts and teaching materials What is language study? Jen McCreight introduces us to a new approach to grammar study, a subject area all too often taught without students and their unique backgrounds in mind. In today's linguistically diverse classrooms, she argues that a more personal approach to grammar is necessary if we want to reach every learner. "By linking language study to children's' backgrounds," she writes, "and by empowering teachers, students, and families to become actively engaged in this work, the disconnect so many children feel from school will begin to shrink." Language study is a student-centered approach to grammar study, with two primary components: - teaching students how to negotiate the language they use based on context - building on background knowledge to make the study of words relevant for all children. Used either exclusively or embedded into an existing grammar curriculum, Jen's step-by-step language study plan brings children's home and school language together for more authentic grammar lessons that help students begin to view their own unique backgrounds as important and connected to the study of words. With examples from 1st and 3rd grade classrooms, activities, tools, and project ideas that bring grammar to life, Celebrating Diversity Through Language Study promises a more culturally sensitive approach to grammar that will help all children thrive.
