But Peridot's holiday consultant is sweetly generous, irresistibly curvy, and cinnamon-scented to unleash all his cravings... When Peridot turns into her rescuer, she discovers the starched business suit conceals a hunky, protective, red-hot male more than capable of making her sugar plums dance the cha-cha. This research breaks new ground by examining Chinese people's stories of drug addiction. Chinese Stories of Drug Addiction systematically evaluates how drug addiction is represented and constructed in a series of contemporary life stories and filmic stories from mainland China, Taiwan and Hong Kong. These stories recount experiences leading up to and during drug addiction, as well as experiences during drug rehabilitation and recovery. Through analysis of these contemporary life stories and filmic stories, the book presents a comprehensive picture of how Chinese people from both inside the experience of drug addiction and outside of it make sense of a social practice that is deemed to be highly transgressive in Chinese culture. It employs a blended discourse analytic and narrative analytic approach to show how salient cultural, political and institutional discourses shape these Chinese stories and experiences. Complementing existing humanities research which documents the historical narrative of drug addiction in China at the expense of the contemporary narrative, the book also provides health and allied professionals with a rich insight into how Chinese people from different geographical locations and walks of life make sense of the experience of drug addiction. Moving beyond historical narrative to examine contemporary stories, Chinese Stories of Drug Addiction offers a valuable contribution to the fields of Chinese studies and personal health and wellbeing, as well as being of practical use to health professionals. Focusing on the new DSM-V classifications for addiction with an emphasis on CACREP, neuroscience, and treatment, this provocative, contemporary text is an essential reference for both students and practitioners wanting to gain a deeper understanding of those with addiction. Grier's fiery passion for Salena might be everything his dragon ever wanted but loving her might just lead to the destruction of everything he's trying to save. With all that is happening in his land, the upcoming shifter mating ceremony is the least of Grier's concerns. Even though he is heir prince of the dragonshifters, he doesn't have the authority needed to help the humans stranded in dragon territory, nor can he banish those who ruthlessly control them.

Yet honor demands he finds an opportunity to intervene, and he hopes that doing so won't start a war the shifters can't win. Discovering his destined mate couldn't have come at a worse time. Salena knows what it is like to be a pawn of the Federation. They might have kidnapped her and brought her to this strange territory, but she will never do what they want of her... what everyone wants of her. The last thing the fugitive needs is the very public attention of a fierce dragon prince claiming they're fated by the gods—even if the sexy man makes her burn in more ways than one. Dragon Addiction - Shapeshifter Romance Beginning a few days before Christmas, in an unnamed town in the Midwest, the main character is living as a full blown Meth addict, and in addition to doing addict things like getting high, he falls in love. The circumstances are sketchy at best, and the focus of his love interest probably not a fitting recipient of his affections. The instant bond of love develops fast, almost as fast as the clothes start to come off. To celebrate when one is an addict is to get higher than usual, and sometimes this behavior comes with unforeseen, and fatal consequences. This is exactly what happens to or man, his lady, and her friends. We leave the group dead or dying, with the main character narrating as he takes a fatal dose after finding his love interest seemingly overdosed. But is she dead? Is he dead. No one starts getting high in the hopes of becoming an addict and dying. But that is what happens; there are only three endings to an addicts life—jails, institutions, or death. p { margin-bottom: 0.1in; line-height: 115%; } The Dragon Stone steals the souls of dragons ... .. but allows humans to have elemental magic ... created by our stories or are we the inspiration of such stories? For many centuries, many were those who have tried to explain the struggles of the human spirit through life and, in particular, in love and relationships. We do represent, for many thousands of years, the same meanings, the same transmutations, the same roles and the same symbols, in the way we form our experiences. That is why not much was changed ever since someone decided to separate beast, human and spirit or demons. In this book, you will understand the meanings behind such stories and become able to correlate them with your behavior with others, and in particular with the ones you love, or should love. You will also realize why so many people struggle to find love, to maintain it and to live joyful existences with their partners. This book unveils the secrets of our soul and the subconscious mind, explaining the will behind our actions and decisions, including our betrayals, towards others and ourselves, manifested every time and whenever we fall in love. Throughout the following chapters, you will understand love in a way that nobody ever had the courage to tell you. A book about serendipity, and mindfulness, and the good things in life. It's about dogs and flowers, random acts of fun, people and books taking over the house. It's also a thoughtful book, as Valerie Davies touches on philosophy, the environment, corporate raiders and their effect on the third world...When it comes to fun, there's the inimitable Duchess of Devonshire and Patrick Leigh Fermor, jolly ladies who lunch, and the strange addiction of blogging. There's plenty about the pleasures of food, and recipes for threadbare gourmets which have delighted readers in the world-wide blogosphere. And threaded in among these pleasures is a concern and deep love for the natural world, for animals and insects, lions and whales. This is the perfect bed-side book, to dip into and enjoy - good humoured, sometimes funny, and always intriguing.
