A thinly veiled autobiographical account of one woman's austere life in the north Georgia mountains, *A Circuit Rider's Wife* draws on the years Corra Harris accompanied her husband in his work as a Methodist missionary. Set mostly in the fictional Redwine circuit, the novel tells of the challenges, hardships, and--aside from the occasional homemade or homegrown donations--mostly intangible rewards of itinerant country preaching. Through the eyes of Elizabeth Thompson, the circuit rider's wife and narrator, Harris offers a witty but caring assessment of the sometimes fine differences between spiritual and merely religious folks, town and country society, backsliders and straight-and-narrow plodders, Methodists and Baptists, and heaven and hell. In an era of happiness, lattes and the 'quick fix' Donohoe explores the natural but painful experience of grief. The question on her lips is 'Am I Grieving Normally?' She soon discovers there is nothing normal about profound loss. This beautifully written memoir and grief manual is healing and transformative for anyone experiencing loss. "Grief provided time to heal from the brokenness of loss: my broken heart, my broken spirit, my broken life, my broken future..." Meet courageous parents who all learnt that love transcends death and that grieving is like breathing – we instinctively know how to do it. "Death stripped my son of his life yet grief provided the opportunity to strip away the protective walls I'd built around mine. Death was the doorway to his new life in spirit and as my precious son moved on, I too, was moving on. My soul had been stripped bare in preparation for my rebirth." "In this book, Sarah Watts probes this dark side of the Rough Rider, presenting a fascinating psychological portrait of a man whose personal obsession with masculinity profoundly influenced the fate of a nation. Drawing on his own writings and on media representations of him, Watts attributes the wide appeal of Roosevelt's style of manhood to the way it addressed the hopes and anxieties of men of his time. Like many of his contemporaries, Roosevelt struggled with what it meant to be a man in the modern era. He saw two foes within himself: a fragile weakling and a primitive beast. The weakling he punished and toughened with rigorous, manly pursuits such as hunting, horseback riding, and war. The beast he unleashed through brutal criticisms of homosexuals, immigrants, pacifists, and sissies - anyone who might tarnish the nation's veneer of strength and vigor. With his unabashed paeans to violence and aggressive politics, Roosevelt ultimately offered American men a chance to project their longings and fears onto the nation and its policies. In this way he harnessed the primitive energy of men's desires to propel the march of American civilization - over the bodies of anyone who might stand in its way."--BOOK JACKET. "In a wonderfully captivating heroic fantasy adventure", a woman finds herself in a world of deadly danger and complex magic, compelled by forces she cannot understand. Brilliantly conceived and written at a breakneck pace, it is a loving, imaginative, and, above all, passionate tribute to the art of bicycle road racing. Not a dry history of the sport, The Rider is beloved as a bicycle odyssey, a literary masterpiece that describes in painstaking detail one 150-kilometer race in a mere 150 pages. We are, every inch of the way, inside amateur biker Tim Krabbé's head as his mind churns at top speed along with his furious peddling. Privy to his every thought-on the glory and vagaries of the sport itself, the weather, the characters and lineage of his rival cyclists, almost hallucinogenic anecdotes about great riders of the past-the book progresses kilometer by kilometer, thought by thought, and the reader is left breathless and exhilarated. A thrillingly realistic look at what it is like to compete in a road race, The Rider is the ultimate book for bike lovers as well as the arm-chair sports enthusiast.
