Telling a Better Story Feb 14 2020 Christianity Today 2021 Book Award Winner: Apologetics & Evangelism Telling a Better Story clears a path to a more effective, empathetic apologetics for today—both for experienced apologists and those new to sharing their faith with others. Today's Christians often view the practice of defending their faith as pushy or unnecessary. Won't it just be taken for proselytizing? Don't many unbelievers find it offensive? Many Christians have shifted to a strategy of hoping that our lives will show Christ to our neighbors—and, while this is certainly good, it's no substitute to actively telling people about Christ. In Telling a Better Story, author Joshua Chatraw presents a new and refreshing way to engage in apologetics that will help you tell the story of Christ in a holistic, culturally-contextual manner that—while being respectful—helps unbelievers imagine a more complete happiness and a better meaning to life. Telling a Better Story will give you the tools to: Understand the cultural stories that surround us. Recognize how these secular stories have shaped the way many people think. Learn how to tell God's story in a fresh way that allows today's younger generations to see it as a more meaningful and more hopeful story than the scripts around it. Finally, you'll also learn how to deal with the perennial issues and common objections to Christianity.

Telling My Story: the Journey of a Ghetto Girl Jan 27 2021 Author Allesley Officer has had just one wish her entire life to be loved. Even though she has always known the Creator of the universe cared for her, she never truly understood the depth of His love until her life became a suicidal travesty. Officer begins her memoir by candidly detailing her life as a young girl growing up in the inner-city of Kingston, Jamaica. Born to a twenty-one-year-old unwed mother of two other children, Officer's journey was often difficult as she was shuttled back and forth between her mother and father's homes. Repeatedly molested by first a stepsister and then a family friend, Officer relays how she finally told her father and was shocked when he did nothing. As she shares the details of her lifelong battle with suicidal thoughts and images fueled by years of sexual abuse, low self-esteem, and self-loathing, she also provides hope to others by illustrating how she was eventually able to rise above life's challenges and learn to love herself once again. Telling My Story: The Journey of a Ghetto Girl shares one woman's poignant journey of survival that will remind women everywhere to never forget their inner beauty, no matter how difficult life becomes.

Oh the Glory of It All Nov 24 2020 "[An] irreverent and remarkably candid memoir about growing up in wealthy eighties San Francisco . . . rollicking, ruthless . . . ultimately generous-hearted." —Vogue "A vivid mix of brio, self-awareness and sophistication . . . writing well is indeed the best revenge." —The New York Times Book Review "A monumental piece of work." —Kirkus Reviews "In the beginning we were happy. And we were always excessive. So in the beginning we were happy to excess." With these opening lines Sean Wilsey takes us on an exhilarating tour of life in the strangest, wealthiest, and most grandiose of families. Sean's blond-bombshell mother (one of the thinly veiled characters in Armistead Maupin's bestselling *Tales of the City*) is a 1980s society-page staple, regularly entertaining Black Panthers and movie stars in her marble and glass penthouse, "eight hundred feet in the air above San Francisco; an apartment at the top of a building at the top of a hill: full of light, full of voices, full of windows full of water and bridges and hills." His enigmatic father uses a jet helicopter to drop Sean off at the video arcade and lectures his son on proper hygiene in public restrooms, "You should wash your hands first, before you use the urinal. Not after. Your penis isn't dirty. But your hands are." When Sean, "the kind of child who sings songs to sick flowers," turns nine years old, his father divorces his mother and marries her best friend. Sean's life blows apart. His mother first invites him to commit suicide with her, then has a "vision" of salvation that requires packing her Louis Vuitton luggage and traveling the globe, a retinue of multiracial children in tow. Her goal: peace on earth (and a Nobel Prize). Sean meets Indira Gandhi, Helmut Kohl, Menachem Begin, and the pope, hoping each one might come back to San Francisco and persuade his father to rejoin the family. Instead, Sean is pushed out of San Francisco and sent spiraling through five high schools, till he finally lands at an unorthodox reform school cum "therapeutic community," in Italy. With its multiplicity of settings and kaleidoscopic mix of preoccupations—sex, Russia, jet helicopters, seismic upheaval, boarding schools, Middle East, skinheads, home improvement, suicide, skateboarding, Sovietology, public transportation, massage, Christian fundamentalism, dogs, Texas, global thermonuclear war, truth, evil, masturbation, hope, Bethlehem, CT, eventual salvation (abridged list)—*Oh the Glory of It All* is memoir as bildungsroman as explosion.

You Shall Tell Your Children Jul 01 2021 Passover is among the most widely observed holidays for American Jews. During this festival of redemption, Jewish families retell the biblical story of Exodus using a ritual book known as a haggadah, often weaving modern tales of oppression through the biblical narrative. References to the Holocaust are some of the most common additions to contemporary haggadot. However, the parallel between ancient and modern oppression, which seems obvious to some, raises troubling questions for many others. Is it possible to find any redemptive meaning in the Nazi genocide? Are we adding value to this unforgivable moment in history? Liora Gubkin critiques commemorations that violate memory by erasing the value of everyday life that was lost and collapse the diversity of responses both during the Shoah and afterward. She recounts oral testimonies from Holocaust survivors, cites references to the holiday in popular American culture, and analyzes examples of actual haggadot. Ultimately, Gubkin concludes that it is possible and important to make a space for Holocaust commemoration, all the time recognizing that haggadot

must be constantly revisited and “performed.”

The Scribe Method Oct 12 2019 Ready to write your book? So why haven't you done it yet? If you're like most nonfiction authors, fears are holding you back. Sound familiar? Is my idea good enough? How do I structure a book? What exactly are the steps to write it? How do I stay motivated? What if I actually finish it, and it's bad? Worst of all: what if I publish it, and no one cares? How do I know if I'm even doing the right things? The truth is, writing a book can be scary and overwhelming—but it doesn't have to be. There's a way to know you're on the right path and taking the right steps. How? By using a method that's been validated with thousands of other Authors just like you. In fact, it's the same exact process used to produce dozens of big bestsellers—including David Goggins's *Can't Hurt Me*, Tiffany Haddish's *The Last Black Unicorn*, and Joey Coleman's *Never Lose a Customer Again*. The Scribe Method is the tested and proven process that will help you navigate the entire book-writing process from start to finish—the right way. Written by 4x New York Times Bestselling Author Tucker Max and publishing expert Zach Obront, you'll learn the step-by-step method that has helped over 1,500 authors write and publish their books. Now a Wall Street Journal Bestseller itself, The Scribe Method is specifically designed for business leaders, personal development gurus, entrepreneurs, and any expert in their field who has accumulated years of hard-won knowledge and wants to put it out into the world. Storytelling with Data Sep 22 2020 Don't simply show your data—tell a story with it! Storytelling with Data teaches you the fundamentals of data visualization and how to communicate effectively with data. You'll discover the power of storytelling and the way to make data a pivotal point in your story. The lessons in this illuminative text are grounded in theory, but made accessible through numerous real-world examples—ready for immediate application to your next graph or presentation. Storytelling is not an inherent skill, especially when it comes to data visualization, and the tools at our disposal don't make it any easier. This book demonstrates how to go beyond conventional tools to reach the root of your data, and how to use your data to create an engaging, informative, compelling story. Specifically, you'll learn how to: Understand the importance of context and audience Determine the appropriate type of graph for your situation Recognize and eliminate the clutter clouding your information Direct your audience's attention to the most important parts of your data Think like a designer and utilize concepts of design in data visualization Leverage the power of storytelling to help your message resonate with your audience Together, the lessons in this book will help you turn your data into high impact visual stories that stick with your audience. Rid your world of ineffective graphs, one exploding 3D pie chart at a time. There is a story in your data—Storytelling with Data will give you the skills and power to tell it!

101 Ways to Tell Your Child "I Love You" Jul 13 2022 In this endearing collection, the "guru of mommies" offers a wealth of ways to remind children that they are loved. The book's imaginative, hands-on activities and projects help prove the adage that actions speak louder than words. They all can be implemented with little preparation and at little or no cost, making the book a boon for today's busy families.

Tell Your Life Story Dec 06 2021 The title describes Dan Bar-On's method of using storytelling as both a qualitative biographical research method and as an intervention, to bring people from opposite sides to a dialogue. Such work needs slow pace and long-term commitment, with a special combination of a scientific rigorous analysis with a sensitive approach toward the people one approaches. The book first surveys the author's earlier work in this field, in the Kibbutz, with families of Holocaust survivors and descendants of Nazi perpetrators, bringing the two groups together. However, most of the book is devoted to Bar-On's work with Palestinians, both Israeli-Palestinians and Palestinians from the PNA. Through different settings (working with PRIME on developing a school textbook with two narratives; with refugees; at a University setting with a mixed students group; conducting interviews in Haifa) he describes the hardships of peace building 'under fire', but also the potential achievements of such work.

Writing War Aug 22 2020 Writing War is the curriculum for seminars and workshops provided by the Veterans Writing Project. Written by a veteran for veterans, active and reserve service members, and military family members, Writing War details the elements of craft involved in fiction and non-fiction writing. Beginning with the basic questions "Why do we write?" and "What's different about writing the military experience?", the book includes chapters on scene, setting, dialogue, narrative structure, character motivation and development, beginnings and endings, point of view, revision, writing about trauma, and making time in a busy life for writing. Writing War includes detailed examples demonstrating each element of craft. All examples used in the book were written by writers who are also veterans. It is written to be accessible to beginning and more experienced writers.

Telling Your Data Story Mar 29 2021 The Data Whisperer's practical guide to explaining and understanding the strategic value of data management. The need for data management is everywhere across your company. The value of every digitally transformative customer-facing initiative, every data science and analytics-based project, every as-a-service offering, every foray into e-commerce, and every enterprise software implementation is inextricably linked to the successful output of data management efforts. Although it is a simple function of garbage in garbage out, that slogan rarely drives any sustainable executive action. We need to tell a better data story. Data Storytelling is probably the hottest non-technical trend in the technology-related space. But it does not directly support data management because it is focused on analytics or telling stories with data. So, it is time to expand the realm of Data Storytelling to recognize the role of data management by telling stories about data. Learn how to secure stakeholder involvement and executive commitment to fund and support data management as a systematic, consistent, fundamental part of your business. This book is for: Data management leaders trying to explain your value to C-Level and business stakeholders. As a practitioner, you may already know how to fix your data, but your business leaders ignore your advice. When you explain data management to the business, they may nod "yes" on the outside, but they nod off on the inside. Business stakeholders trying to comprehend why data management is important. Many business people may be frightened, threatened, intimidated, or at the very least confused and bewildered by the techno-babble often associated with data-related conversations. If you want to know more about why data management needs to be a strategic imperative in your organization, you'll learn it here in simple terms. Data scientists looking to understand better how you connect to "The Business." A recurring struggle I hear from data scientists is the need to get "closer to business." If you are a data scientist, then you need to understand your company's data story. The more you can align your work to the core value your company delivers, the more successful you will be. This book will help you discover the essence of why data brings value to your business. Anyone interested in understanding the business value of data management. I offer simple explanations about why data management is essential for your organization. Without going deep into technical concepts and processes, I focus on the business-related outputs. I share ways you can think about what foundational data does. Its importance is vital for the future of your enterprise. Since this is a book about telling data stories, I share it through stories divided into five sections: My data story. Why I know what I know and why you should listen to me. Everyone's data story. A collection of classic, foundational data situations relevant to all enterprises. Framing your data story. A set of simple frameworks about data value. Selling your data story. Tips on creating a compelling narrative. Building your data story. Why you must align with the strategic intentions of your enterprise.

Mothers, Tell Your Daughters: Stories Dec 26 2020 “Bonnie Jo Campbell is a master of rural America’s postindustrial landscape.” —Boston Globe Named by the Guardian as one of our top ten writers of rural noir, Bonnie Jo Campbell is a keen observer of life and trouble in rural America, and her

working-class protagonists can be at once vulnerable, wise, cruel, and funny. The strong but flawed women of *Mothers, Tell Your Daughters* must negotiate a sexually charged atmosphere as they love, honor, and betray one another against the backdrop of all the men in their world. Such richly fraught mother-daughter relationships can be lifelines, anchors, or they can sink a woman like a stone. In "My Dog Roscoe," a new bride becomes obsessed with the notion that her dead ex-boyfriend has returned to her in the form of a mongrel. In "Blood Work, 1999," a phlebotomist's desire to give away everything to the needy awakens her own sensuality. In "Home to Die," an abused woman takes revenge on her bedridden husband. In these fearless and darkly funny tales about women and those they love, Campbell's spirited American voice is at its most powerful.

Write Your Memoir Apr 10 2022 Drawing from more than 25 years of literary know-how and modeled after a 15-week college course, this manual provides guidance for seekers wishing to delve further into self-exploration through writing. Extending beyond the idea that memoir writing intends to put past events into a more understandable current perspective, the guide maintains that keeping a document of one's life is actually the basis of a psychic process called "soul work," which manifests as a desire to experience the state of being alive to the fullest. This unusual approach to memoir writing aims to generate more honest and genuine results that come from inner needs rather than outer expectations. Intended to clarify a writer's developmental path, this resource emphasizes the importance of self-awareness and the need for dealing with difficult material that actually alters the writer in the process, resulting in significant growth of the soul.

Tell Your Children Nov 05 2021 In "a brilliant antidote to all the...false narratives about pot" (*American Thinker*), an award-winning author and former *New York Times* reporter reveals the link between teenage marijuana use and mental illness, and a hidden epidemic of violence caused by the drug—facts the media have ignored as the United States rushes to legalize cannabis. Recreational marijuana is now legal in nine states. Advocates argue cannabis can help everyone from veterans to cancer sufferers. But legalization has been built on myths—that marijuana arrests fill prisons; that most doctors want to use cannabis as medicine; that it can somehow stem the opiate epidemic; that it is beneficial for mental health. In this meticulously reported book, Alex Berenson, a former *New York Times* reporter, explodes those myths, explaining that almost no one is in prison for marijuana; a tiny fraction of doctors write most authorizations for medical marijuana, mostly for people who have already used; and marijuana use is linked to opiate and cocaine use. Most of all, THC—the chemical in marijuana responsible for the drug's high—can cause psychotic episodes. "Alex Berenson has a reporter's tenacity, a novelist's imagination, and an outsider's knack for asking intemperate questions" (*Malcolm Gladwell, The New Yorker*), as he ranges from the London institute that is home to the scientists who helped prove the cannabis-psychosis link to the Colorado prison where a man now serves a thirty-year sentence after eating a THC-laced candy bar and killing his wife. He sticks to the facts, and they are devastating. With the US already gripped by one drug epidemic, *Tell Your Children* is a "well-written treatise" (*Publishers Weekly*) that "takes a sledgehammer to the promised benefits of marijuana legalization, and cannabis enthusiasts are not going to like it one bit" (*Mother Jones*).

Living to Tell Your Story Oct 16 2022 August 1952, the Korean War was in its second year. Granny stirred the pot on the stove as the image of Andy getting on the bus headed to the army base crossed her mind; she heard a noise then looked toward the front door. Momma looked up as she sat at the table shelling beans, impressed at the two men in uniform as they came in. They paused for a moment as they removed their caps. Her brother Andy was home on leave, bringing along a buddy of his, Clive, to enjoy a home-cooked meal and spend a few days on the Gulf Coast along the Long Branch River. Andy had spun many tales of his time along the river, and Clive was eager to see for himself. Their daddy was at the store working alone; usually they all would work together, allowing his wife and daughter to be at home when they arrived. Clive was immediately attracted to Momma: slim build, long black hair, and hazel-green eyes. Momma was swept off her feet, and she and Clive married nine months later. Daddy had to force Clive to marry and face his responsibilities. Granny never did like him very much because he was much older than her daughter and there was always strife between them, but she was pleased the children would have a daddy. She turned fifteen ten days after giving birth to her firstborn. By 1960, Momma had five children and a husband who was abusive and too interested in other women. Near year's end, he decided to leave once again, never to return. He left the family car, but Momma could not drive. Granny was living with them since her husband passed, and she could not drive either. They met Allen Stone, who lived in their neighborhood, who agreed to drive them to Orlando, which should have taken only about four hours. Several months later, their kidnapper Allen Stone was arrested along with Momma. They were placed in a foster home until she was cleared of any involvement with him in his crime-ridden trail across the country. She remained there with them working in the foster home until she paid them back for their care and raised enough cash for the trip home. Almost a year later, they made their way to Uncle Andy's house in Machanna.

"And You Shall Tell Your Son" Jan 07 2022 In this volume, Bible Studies scholar Yitzhak (Itzik) Peleg offers an educational, values-based approach to the cycle of Jewish holidays—festivals and holy days—as found in the Jewish calendar. These special days play a dual role: they reflect a sense of identity with, and belonging to, the Jewish people, while simultaneously shaping that identity and sense of belonging. The biblical command "And you shall tell your son" (Exodus 13:8) is meant to ensure that children will become familiar with the history of their people via the experience of celebrating the holidays. It is the author's claim, however, that this command must be preceded by another educational command: "And you shall listen to your son and your daughter." The book examines the various Jewish holidays and ways in which they are celebrated, while focusing on three general topics: identity, belonging, memory. Throughout the generations, observance of the holidays has developed and changed, from time to time and place to place. These changes have enabled generations of Jews, in their various communities, to define their own Jewish identity and sense of belonging.
