African Rifles and Cartridges Nov 16 2019 2014 Reprint of 1948 Edition. Full facsimile of the original edition, not reproduced with Optical Recognition Software. John Howard 'Pondoro' Taylor (1904 - 1969) was a big-game hunter of Irish descent. In Africa he experimented extensively using different types of rifles and calibers, which made him an expert in big game rifles. He is credited with developing the 'Taylor KO Factor' and wrote several now classic books. As a professional ivory hunter with some thirty years of continuous living in the African bush, John Taylor used and tested all the various calibers of British, American and German rifles, and with them killed many species of big game found on the continent of Africa. Taylor's discussion on the practical application of ballistics includes doubles, magazines, and single-shots; the practical value of steel-jacketed bullets versus those covered with cupronickel; the faults of copper-tubed bullets; the actual effects of softpoint bullets with varying degrees of lead exposure; the necessity of modern bullets that will really stand up to the requirements when fired into heavy animals; and many other valuable tips and explanations about cartridges and rifles. Remains a classic work.

Ballplayer Sep 07 2021 Atlanta Braves third baseman and National Hall of Famer Chipper Jones—one of the greatest switch-hitters in baseball history—shares his remarkable story, while capturing the magic nostalgia that sets baseball apart from every other sport. Before Chipper Jones became an eight-time All-Star who amassed Hall of Fame-worthy statistics during a nineteen-year career with the Atlanta Braves, he was just a country kid from small town Pierson, Florida. A kid who grew up playing baseball in the backyard with his dad dreaming that one day he'd be a major league ballplayer. With his trademark candor and astonishing recall, Chipper Jones tells the story of his rise to the MLB ranks and what it took to stay with one organization his entire career in an era of booming free agency. His journey begins with learning the art of switch-hitting and takes off after the Braves make him the number one overall pick in the 1990 draft, setting him on course to become the linchpin of their lineup at the height of their fourteen-straight division-title run. Ballplayer takes readers into the clubhouse of the Braves' extraordinary dynasty, from the climax of the World Series championship in 1995 to the last-gasp division win by the 2005 "Baby Braves"; all the while sharing

pitch-by-pitch dissections of clashes at the plate with some of the all-time great starters, such as Clemens and Johnson, as well as closers such as Wagner and Papelbon. He delves into his relationships with Bobby Cox and his famous Braves brothers—Maddux, Glavine, and Smoltz, among them—and opponents from Cal Ripken Jr. to Barry Bonds. The National League MVP also opens up about his overnight rise to superstardom and the personal pitfalls that came with fame; his spirited rivalry with the New York Mets; his reflections on baseball in the modern era—outrageous money, steroids, and all—and his special last season in 2012. Ballplayer immerses us in the best of baseball, as if we're sitting next to Chipper in the dugout on an endless spring day.

Talladega Superspeedway Mar 13 2022 Originally named Alabama International Motor Speedway, Talladega Superspeedway was built on the site of a World War II-era Air Force base in the heart of Alabama. NASCAR founder Bill France and his family envisioned a race track that would be faster, larger, and more exciting than any track built to date. Construction began on May 23, 1968, and was completed on September 13, 1969. The end result is the most modern speedway ever built. Often simply referred to as "Dega," the track is 2.66 miles long, its high-banked turns are nearly three stories tall, and race cars have reached speeds over 200 miles per hour. It is so popular that it is said to become one of the largest "temporary" cities in the state every race weekend.

Fishing Yesterday's Gulf Coast Dec 10 2021 Renowned fishing guide Barney Farley worked the Texas coastal waters out of Port Aransas for more than half a century. In these stories and reflections, Farley imparts a lifetime of knowledge about fish_silver trout, sand trout, speckled trout, redfish, ling, catfish, jack, kingfish, you name it_ and gives advice about how to fish, where to fish, and when to fish. Perhaps no one could chronicle the changes in sport and commercial fishing along the Central Texas Coast more ably and more passionately than Farley. When he came to Texas in 1910, he reported that he could get in a rowboat and using only a push pole, make his way "to the

fishing grounds and catch a hundred pounds or more of trout and redfish" in a few hours. A couple of years later, the shrimp trawlers arrived. As they plied the Gulf in increasing numbers, they depleted the shrimp populations in the bays, and Farley watched the fish move farther and farther offshore, following their ever more elusive food source. From his perspective in the mid 1960s, Farley was not satisfied simply to lament the disappearance of once abundant species. He also strongly voiced his views on the need for conservation. Many of the problems he identified are still with us, and some of the solutions he prescribed have since been adopted. This book is both an appealing reminiscence and a cautionary tale. Anyone who cares about fishing and the health of the Gulf's waters will find an authoritative and completely engaging voice in Barney Farley.

The Negro Motorist Green Book Apr 02 2021 The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.
