Irishness and Womanhood in Nineteenth-Century British Writing Aug 2 2023 In *The Wild Irish Girl*, the powerful Irish heroine's marriage to a heroic Englishman symbolizes the Anglo-Irish novelist Lady Morgan's re-imagining of the relationship between Ireland and Britain and between men and women. Using this most influential of pro-union novels as his point of departure, Thomas J. Tracy argues that nineteenth-century debates over what constitutes British national identity often revolved around representations of Irishness, especially Irish womanhood. He maps out the genealogy of this development, from Edgeworth's *Castle Rackrent* through Trollope's Irish novels, focusing on the pivotal period from 1806 through the 1870s. Tracy's model enables him to elaborate the ways in which gender ideals are specifically contested in fiction, the discourses of political debate and social reform, and the popular press, for the

purpose of defining not only the place of the Irish in the union with Great Britain but the nature of Britishness itself.

John Deere Snowmobiles Dec 21 2022 Long respected as a manufacturer of sturdy agricultural machinery, the John Deere Company began in the 1960s to build a line of consumer products in a dedicated factory in Horicon, Wisconsin. Starting with a lawn and garden tractor in 1963, Deere soon entered the fast-growing snowmobile market, introducing two models in 1971. The next 13 years would see a succession of models as Deere vied against tough competitors in a weather-dependent market. This detailed history, written by two key participants in the snowmobile program, describes the development of John Deere snowmobiles from start to finish: the design and engineering decisions that shaped each important model; reception of the snowmobiles by consumers; the factory race teams; the introduction of front-engine and water-cooled models; the process of selecting engines and negotiating with suppliers, including when problems developed; and the snowmobiles' impact on product engineering. The text provides an inside view of Deere's Consumer Products Division at a time of rapid growth, and of the people and processes that made it all happen.

Our Home May 22 2020 The best thing a Father can do for his children, is love their mother. Our Dad did just that for 61 years before our Mothers death in 2008. They raised six of us during their life together. Since Moms death our Dad has done some writing about his life. The document he has produced is what I am using as a guide to record and publish the story of his life and our family. My sister Patricia took the time to type most of Dads memoir. If Dad and Patty had not put in all that effort this book would not have been written.

Letters from the Land of Cancer Dec 29 2020 In Letters from the Land of Cancer Ebook, award-winning writer Walter Wangerin Jr. offers his profound insights into the greatest challenge we face: confronting our own mortality. "Shortly after the cancer had been diagnosed I began writing letters to the members of my immediate family, to relatives and to lifelong friends. The following book will consist mostly of those letters. They will invite you into my most intimate dancing with the cancer, even as that partner and I have over the last two years swung each other around the tiled floors of ballrooms and bathrooms. Dizzy still, and

day by day, I sat and wrote: This is what I'm feeling right now. This is what I think..."From afternoon to afternoon of radiation, Wangerin wrote about confronting his mortality, about living with the messiness of undone tasks and bodily weakness. He wrote about the medical procedures he endured, the wild mood swings that unbalanced his days, and the fragilities and strengths of the relationships that surrounded him. Letters from the Land of Cancer Ebook is made up of these writings. Cadenced within the letters are Wangerin's eloquent meditations derived from his pastoral experiences with the faithful passage of death to life. Seldom has the great adventure of life and death been as beautifully presented as it is in this testimony to faith, love, and the shocking reality of hope.

But God Had Other Plans Mar 12 2022 The primary purpose of this book is to emphasize by my life's example the fact that God is real, that he does still exist today, and that he does still call men and women for specific purposes today, just as he has done throughout history. My writing these memoirs was inspired by a sermon I heard in February 2012. The point of the sermon was that everyone has a testimony. Well, I had never thought that I had a testimony. I jokingly told the pastor that if I had a testimony, it would take a book to tell it! Never in my entire life prior to 2012 did I ever think about or believe that I would write a book. But God placed it on my heart, and as I began writing notes, the more I wrote, the more that came to my mind to write. Also, I wanted to emphasize the fact that you never get too old to serve God. There are many examples throughout the Bible about people in various circumstances whom God has chosen for specific tasks. I was seventy-seven years old when I began writing this book and eighty-seven at its completion. I wanted to emphasize that you do not age out in your service to God. God has used old people to accomplish his purpose through history, and he still does today. In regard to the book's title, But God Had Other Plans, throughout life, it seemed almost every time I planned to do something, God would lead me in another direction. Also, the saying "But God" is mentioned

many times throughout the Bible.
