**Teaching English Language and Literature 16-19** Jan 22 2023 This book offers both a scholarly and practical overview of an integrated language and literature approach in the 16-19 English classroom. Providing a comprehensive overview of the identity of the subject, it outlines the pedagogical benefits of

studying a unified English at post-16 and provides case studies of innovative classroom practice across a range of topics and text types. Including contributions from practising teachers and higher education practitioners with extensive experience of the post-16 classroom and drawing on a range of literature, this book covers the teaching of topics such as: Mind style in contemporary fiction Comparative poetry analysis Insights from linguistic cohesion Criticality through creative response Written to complement the two other Teaching English 16-19 titles in the NATE series, Teaching English Language and Literature 16-19 is the ideal companion for all practising A-level English teachers, of all levels of experience.

*Development of English Literature and Language* Oct 27 2020

*The Language and Literature Reader* Aug 05 2021 The Language and Literature Reader is an invaluable resource for students of English literature, language, and linguistics. Bringing together the most significant work in the field with integrated editorial material, this Reader is a structured and accessible tool for the student and scholar. Divided into three

sections, Foundations, Developments and New Directions, the Reader provides an overview of the discipline from the early stages in the 1960s and 70s, through the new theories and practices of the 1980s and 90s, to the most recent and contemporary work in the field. Each article contains a brief introduction by the editors situating it in the context of developing work in the discipline and glossing it in terms of the section and of the book as a whole. The final section concludes with a 'history and manifesto', written by the editors, which places developments in the area of stylistics within a brief history of the field and offers a polemical perspective on the future of a growing and influential discipline.

*Modern English* Aug 25 2020 Defines, illustrates and discusses over one thousand terms integral to the study of literature, composition, grammar, linguistics and literary movements.

*English Language and Literature* Jan 30 2021 [Using Literature to Teach English as a Second Language](#) Oct 07 2021 Innovation has replaced stereotypical and old methods as an attempt to make English language teaching and learning appealing, effective, and simple. However, teaching a second language through literature may be a paramount tool to consolidate not only students' lexical and grammatical competences, but also for the development of their cultural awareness and broadening of their knowledge through interaction and collaboration that foster collective learning. Despite past

difficulties, literature's position in relation to language teaching can be revalued. *Using Literature to Teach English as a Second Language* is an essential research publication that exposes the current state of this methodological approach and observes its reverberations, usefulness, strengths, and weaknesses when used in a classroom where English is taught as a second language. In this way, this book will provide updated tools to explore teaching and learning through the most creative and enriching manifestations of one language - literature. Featuring a range of topics such as diversity, language learning, and plurilingualism, this book is ideal for academicians, curriculum designers, administrators, education professionals, researchers, and students.

**Studying English (Pope)** Apr 13 2022 *Studying English Literature and Language* is unique in offering both an introduction and a companion for students taking English Literature and Language degrees. Combining the functions of study guide, critical dictionary and text anthology, this is a freshly recast version of the highly acclaimed *The English Studies Book*. This third edition features: fresh sections on the essential skills and study strategies needed to complete a degree in English—from close reading, research and referencing to full guidelines and tips on essay-writing, participating in seminars, presentations and revision an authoritative guide to the life skills, further study options and

career pathways open to graduates of the subject updated introductions to the major theoretical positions and approaches taken by scholars in the field, from earlier twentieth century practical criticism to the latest global and ecological perspectives extensive entries on key terms such as 'author', 'genre', 'narrative' and 'translation' widely current in debates across language, literature and culture coverage of both local and global varieties of the English language in a range of media and discourses, including news, advertising, text messaging, rap, pop and street art an expansive anthology representing genres and discourses from early elegy and novel to contemporary performance, flash fiction, including writers as diverse as Aphra Behn, Emily Dickinson, J.M. Coetzee, Angela Carter, Russell Hoban, Adrienne Rich and Arundhati Roy a comprehensive, regularly updated companion website supplying further information and activities, sample analyses and a wealth of stimulating and reliable links to further online resources. *Studying English Literature and Language* is a wide-ranging and invaluable reference for anyone interested in the study of English language, literature and culture.

**Literature in Language Education** Jun 15 2022 A state of the art critical review of research into literature in language education of interest to teachers of English and of modern foreign languages. There are prompts and principles for those who wish to improve their own practice or to engage in projects or

research in this area. The primary focus is on language of literature, reading of literature, literature as culture, and literature in education.

**Teaching Early Modern English Literature from the Archives** Dec 17 2019

The availability of digital editions of early modern works brings a wealth of exciting archival and primary source materials into the classroom. But electronic archives can be overwhelming and hard to use, for teachers and students alike, and digitization can distort or omit information about texts. Teaching Early Modern English Literature from the Archives places traditional and electronic archives in conversation, outlines practical methods for incorporating them into the undergraduate and graduate curriculum, and addresses the theoretical issues involved in studying them. The volume discusses a range of physical and virtual archives from 1473 to 1700 that are useful in the teaching of early modern literature--both major sources and rich collections that are less known (including affordable or free options for those with limited institutional resources). Although the volume focuses on English literature and culture, essays discuss a wide range of comparative approaches involving Latin, French, Spanish, German, and early American texts and explain how to incorporate visual materials, ballads, domestic treatises, atlases, music, and historical documents into the teaching of literature.

*The Cambridge History of the English Language*: Jul 04 2021 Volume II deals with the Middle English period, approximately 1066-1476, and describes and analyzes developments in the language from the Norman Conquest to the introduction of printing. This period witnessed important features such as the assimilation of French and the emergence of a standard variety of English. There are chapters on phonology and morphology, syntax, dialectology, lexis and semantics, literary language, and onomastics. Each chapter concludes with a section on further reading; and the volume as a whole is supported by an extensive glossary of linguistic terms and a comprehensive bibliography. The chapters are written by specialists who are familiar with modern approaches to the study of historical linguistics.

*Investigating English Discourse* Sep 25 2020 In this challenging and at times controversial book, Ronald Carter addresses the discourse of 'English' as a subject of teaching and learning. Among the key topics investigated are: \* grammar \* correctness and standard English \* critical language awareness and literacy \* language and creativity \* the methodological integration of language and literature in the curriculum \* discourse theory and textual interpretation. *Investigating English Discourse* is a collection of revised, re-edited and newly written papers which contain extensive contrastive analyses of different styles of international English. These range from casual

conversation to advertisement, poetry, jokes, metaphor, stories by canonical writers, public notices and children's writing. Ronald Carter highlights key issues for the study and teaching of 'English' for the year 2000 and beyond, focusing in particular on its political and ideological inflections. *Investigating English Discourse* is of relevance to teachers and students and researchers in the fields of discourse analysis, English as a first, second and foreign language, language and education, applied and literary linguistics.

*Linguistics and English Literature* Feb 23 2023 This undergraduate textbook introduces English literature students to the application of linguistics to literary analysis.

**IB English A: Language and Literature IB English A: Language and Literature Online Course Book** Feb 11 2022

Developed in cooperation with the IB, this student-friendly, concept-based Course Book has been comprehensively updated to support all aspects of the new English A: Language and Literature syllabus, for first teaching in September 2019. With in-depth coverage of the new Areas of Exploration, global concerns, concepts and conceptual questions, the resource provides a clear and accessible route through the course - from text selection and analysis to assessment. The IB English A: Language and Literature Course Book is available in print, online and as a print and online pack.

**Sir Gawain and the Green Knight** Jul 24 2020 A poetic translation of the classic

Arthurian story is an edition in alliterative language and rhyme of the epic confrontation between a young Round Table hero and a green-clad stranger who compels him to meet his destiny at the Green Chapel. 30,000 first printing.

English Studies Beyond the 'Center' Sep 06 2021 This book addresses the shape of English studies beyond the 'center' by analyzing how the discipline has developed, and by considering how lessons from this analysis relate to the discipline as a whole. The book aims to open a cross-disciplinary conversation about the nature of the English major in both non-Anglophone and Anglophone countries by addressing the tensions between language and literature pedagogy, the relevance of a focus on hyper-canonical Anglophone literature in a world of global Englishes, world literature, and multilingual students, and by reflecting on the necessary contingency and cross-purposes of blended literature and language classrooms. Many of the book's points of discussion arise from the author's experience as an English professor in Japan, where the particularities of English language and literature pedagogy raise significant challenges to Anglo-centric critical and pedagogical assumptions. *English Studies Beyond the 'Center': Teaching Literature and the Future of Global English* therefore argues that English literature must make a case for itself by understanding its place in a newly configured discipline. Issues discussed in the book include: English language and literature

pedagogy in Japan The modes through which EFL and English literary studies converge and diverge Globalized English beyond the Anglo-American perspective English classroom practices, particularly in Japan

*A/AS Level English Language for AQA Student Book* Dec 21 2022 A new series of bespoke, full-coverage resources developed for the 2015 A Level English qualifications. Endorsed for the AQA A/AS Level English Language specifications for first teaching from 2015, this print Student Book is suitable for all abilities, providing stretch opportunities for the more able and additional scaffolding for those who need it. Helping bridge the gap between GCSE and A Level, the unique three-part structure provides essential knowledge and allows students to develop their skills through a deeper study of key topics, whilst encouraging independent learning. An enhanced digital version and free Teacher's Resource are also available.

English Literature and Ancient Languages Mar 20 2020 Literature in English is hardly ever entirely in English. Contact with other languages takes place, for example, whenever foreign languages are introduced, or if a native style is self-consciously developed, or when aspects of English are remade in the image of another language. Since the Renaissance, Latin and Greek have been an important presence in British poetry and prose. This is partly because of the importance of the ideals and ideologies founded and elaborated on Roman and Greek

models. Latin quotations and latinized English have always been ways to represent, scrutinize, or satirize the influential values associated with Rome. The importance of Latin and Greek is also due to the fact that they have helped to form and define a variety of British social groups. Lawyers, Catholics, and British gentlemen invested in Latin as one source of their distinction from non-professionals, from Protestants, and from the unlearned. British attitudes toward Greek and Latin have been highly charged because the animus that existed between groups has also been directed toward these languages themselves. *English Literature and Ancient Languages* is a study of literary uses of language contact, of English literature in conjunction with Latin and Greek. While the book's emphasis is literary, that is formal and verbal, its goal is to discover how social interests and cultural ideas are, and are not, mediated through language.

*English Literature and the Other Languages* Sep 18 2022 "The thirty essays in this book trace how the tangentiality of English and other modes of language affects the production of English literature, and investigate how questions of linguistic "code" can be made accessible to literary analysis".--BOOKJACKET. **English in Speech and Writing** Aug 17 2022 Rather than giving the student a list of facts to assimilate this book offers a selection of standard and non-standard pieces of spoken and written English that the reader uses to formulate opinions on structure and lexis for

further self-study.

**The Future of English in Asia** Oct 15 2019

This collection is unique in bringing together key thinkers on language and literature to discuss the future of English in Asia. Many of the contributors are themselves responsible for important sub-genres in English linguistics and literary studies and this collection gives them the opportunity to respond to each other directly. The different chapters also respond to different contemporary debates and emerging trends and discourses that are hugely important for the future of English language teaching in schools across Asia. This volume is also ground-breaking in bringing English literary studies and Applied English Linguistics together in the contemporary Asian context. The Future of English in Asia includes studies on the following subject areas: Cultural Translation in World Englishes, Multilingual Education, English Futures and the function of Literature, English Literary Studies in Japan, and English and Social Media in Asia. Well into this century, it appears that it is still very difficult to know what to expect when it comes to the future of English. The future of English will continue to be determined by complex local contexts. As it has in other parts of the world, the future of English in Asia will continue to rely on the proliferation of its transformations as much as its hegemonic status. This volume reflects the widespread acknowledgement that whatever future English has will inevitably be shaped by its fate in Asia. The collection will be

a welcome resource for scholars and students of English linguistics, English literary studies, and topics related to the teaching of English in Asia.

**Studies in English Language & Literature**

Oct 19 2022 This collection is in honour of E.G. Stanley. They apply Stanley's approach of 'wise scepticism' to provide new and exciting readings of difficult and rewarding fields, including Old English metre and verse and Beowulf.

**The English Studies Book** Dec 09 2021 The English Studies Book is uniquely designed to support students and teachers working across the full range of language, literature and culture. Combining the functions of study guide, critical dictionary and text anthology, it has rapidly established itself as a core text on a wide variety of degree programmes nationally and internationally. Revised and updated throughout, features of the second edition include: \* a new prologue addressing changes and challenges in English Studies \* substantial entries on over 100 key critical and theoretical terms, from 'absence' and 'author' to 'text' and 'versification' - with new entries on 'creative writing', 'travel writing' and 'translation' \* practical introductions to all the major theoretical approaches, with new sections on aesthetics, ethics, ecology and sexuality \* a rich anthology of literary and related texts from Anglo-Saxon to Afro-Caribbean, with fresh selections representing the sonnet, haiku, slave narratives and science fiction, and with

additional texts by Elizabeth Barrett Browning, Charles Darwin, Ian McEwan, Margaret Atwood, Amy Tan and others \* handy frameworks and checklists for close reading, research, essay writing and other textual activities, including use of the Internet.

*English Language and Literature for the IB Diploma* May 22 2020 Everything you need to deliver a rich, concept-based approach for the new IB Diploma English Language and Literature course. - Navigate seamlessly through all aspects of the syllabus with in-depth coverage of the key concepts underpinning the new course structure and content - Investigate the three areas of exploration in detail and engage with global issues to help students become flexible, critical readers - Provide a variety of texts with a breadth of reading material and forms from a diverse pool of authors - Engaging activities are provided to test understanding of each topic and develop skills - guiding answers are available to check your responses - Identify opportunities to make connections across the syllabus, with explicit reference to TOK, EE and CAS

Textual analysis for English Language and Literature for the IB Diploma Nov 27 2020 Build confidence in a range of key textual analysis techniques and skills with this practical companion, full of advice and guidance from experienced experts. - Build analysis techniques and skills through a range of strategies, serving as a useful companion throughout the course - from critical-thinking,

referencing and citation and the development of a line of inquiry to reflecting on the writing process and constructing essays for Paper 1 and Paper 2 - Develop skills in how to approach a text using textual analysis strategies and critical theory, for both unseen texts (the basis of Paper 1) and texts studied in class - Concise, clear explanations help students navigate the IB requirements, including advice on assessment objectives and how literary and textual analysis weaves through Paper 1, Paper 2, the HL Essay, Individual Oral and the Learner Profile - Build understanding in how to approach texts so that students can write convincingly and passionately about texts through active reading, note-taking, asking questions, and developing a personal response to texts - Engaging activities are provided to test understanding of each topic and develop skills for the exam - guiding answers are available to check your responses

**Literature-based Instruction with English Language Learners, K-12** May 14 2022 This book takes a literature-based approach to how children learn language and how it is taught in today's diverse K-12 classrooms. The material is based on the belief that literature offers the most effective instructional approach for English language learners. The book offers meaningful reading, writing, speaking, and listening activities, as well as new understandings about the forms and functions of written language. This is the first book that offers instructors guidance in expanding the

range of materials they use for teaching ESL by going beyond the standard texts to include books of all kinds - children's literature, trade books, magazines, and other media. "Voices from the Classroom: Scenarios from K-12 classrooms with English language learners" are provided throughout the chapters, offering practical stories from teachers' points of view. K-12 Educators with diverse student populations.

[The Routledge Handbook of English Language and Digital Humanities](#) Jun 03 2021 The Routledge Handbook of English Language and Digital Humanities serves as a reference point for key developments related to the ways in which the digital turn has shaped the study of the English language and of how the resulting methodological approaches have permeated other disciplines. It draws on modern linguistics and discourse analysis for its analytical methods and applies these approaches to the exploration and theorisation of issues within the humanities. Divided into three sections, this handbook covers: sources and corpora; analytical approaches; English language at the interface with other areas of research in the digital humanities. In covering these areas, more traditional approaches and methodologies in the humanities are recast and research challenges are re-framed through the lens of the digital. The essays in this volume highlight the opportunities for new questions to be asked and long-standing questions to be reconsidered when drawing on the digital in

humanities research. This is a ground-breaking collection of essays offering incisive and essential reading for anyone with an interest in the English language and digital humanities.

**English Linguistics, Literature, and Language Teaching in a Changing Era** Jul 16 2022 This book offers a wide range of topics for the scholar interested in the study of English in this unsettling era of disruption in our lives - from linguistics to literature to language teaching and learning. The chapters present snippets of thoughts and critical reflections, findings from action research and other methodologies, and essays on troubling topics for language teachers. The authors are researchers, experienced teachers, and students engaged in exploratory research. The many ideas and suggestions for further reflection and research will inspire teachers and researchers working in many different contexts, both educational and regional. There is something in this book for everybody.

*The Fall of Language in the Age of English* Feb 17 2020 Winner of the Kobayashi Hideo Award, this best-selling book by one of Japan's most ambitious contemporary fiction writers lays bare the struggle to retain the brilliance of one's own language in an age of English dominance. Born in Tokyo but also raised and educated in the United States, Minae Mizumura acknowledges the value of a universal language in the pursuit of knowledge, yet also appreciates the different ways of seeing offered by the work of multiple tongues. She warns

against losing this precious diversity. Universal languages have always played a pivotal role in advancing human societies, Mizumura shows, but in the globalized world of the Internet, English is fast becoming the sole common language of the human race. The process is unstoppable, and striving for total language equality is delusional—except when a particular knowledge is at stake, gained through writings in a specific language. Mizumura calls these writings “texts” and their ultimate form “literature.” Only through literature, and more fundamentally through the various languages that give birth to a variety of literatures, can we nurture and enrich humanity. Incorporating her own experiences as a writer and a lover of language, and embedding a parallel history of Japanese, Mizumura offers an intimate look at the phenomena of individual and national expression.

*Studying English Literature and Language* Nov 20 2022 This handbook designed specifically to support students and teachers of English language, literature and culture by combining the functions of study guide, critical dictionary and text anthology.

**Studies in English Language and Literature** Nov 15 2019

**The Language of Early English Literature** May 02 2021 How did the English language change from the Old to the Early Modern period? What effect do linguistic and stylistic choices have on a text? Why is it important to consider linguistic features together in a work?

The grammar and vocabulary of the English language changed dramatically between the Old and Early Modern periods. These changes in language usage are explored in *The Language of Early English Literature* by examining the effect of authors' linguistic choices on the descriptions of characters, events, and situations. Written with today's undergraduate student in mind, this textbook is a highly rewarding guide to the rich history of the English language and literature. *The Language of Early English Literature*: - Provides detailed explanations of linguistic features, such as word formation, phrase structure, syntax, and semantics - Analyses a wide range of texts from Old English, Middle English and Early Modern English, and establishes comparisons with works written in other languages - Includes an invaluable glossary and an extensive bibliography [IB English Language & Literature Course Book](#) Jan 18 2020 The most comprehensive, challenging and engaging, this text was developed with the IB to match the 2011 syllabus for SL and HL. With unparalleled insight into IB assessment, complete with examiner guidance, it will concretely equip your learners to tackle the course and assessment.

**The History of the English Language** Jan 10 2022 This comprehensive history of the English language was first published in 1992. It features carefully chosen extracts that illustrate the development of English, examining

particularly the stylistic variety of the language. **English Language and Literature for the IB Diploma: Prepare for Success** Apr 20 2020 Stretch your students to achieve their best grade with this year-round course companion; providing clear and concise explanations of all syllabus requirements and topics, and exam practice questions to support and strengthen learning. - Practice and revise skills - exam practice boxes throughout with questions for paper 1 and paper 2 with genuine example answers. - Achieve the best grades - expert advice on how to approach and explore a topic for the IA and HL essay plus Learner Portfolio activities and tips on how to present work. - Build confidence and strengthen skills - guidance on how to encompass the areas of exploration, concept connections and global issues from the new course structure into answers. Focus revision - key terms and definitions listed for each topic/subtopic. [English Language and Literature for the IB Diploma](#) Nov 08 2021 For students studying the new Language A Language and Literature syllabus for the IB Diploma. Written by an experienced, practising IB English teacher, this new title is an in-depth and accessible guide for Standard and Higher Level students of the new Language A Language and Literature syllabus for the IB Diploma. This lively, well structured coursebook is available in both print and e-book formats and includes: key concepts in studying language and literature; text extracts from World literature (in English and in translation);

international media and language sources; a wide variety of activities to build skills; materials for exam preparation; guidance on assessment; Theory of Knowledge links; and Extended essay opportunities.

*An Introduction to the Old English Language and Its Literature* Feb 28 2021 The purpose of this general introduction to Old English is not to deal with the teaching of Old English but to dispel some misconceptions about the language and to give an outline of its structure and its literature. Old English tends to be associated with universities and it is, perhaps, because of this that it is commonly believed to be a particularly difficult language to learn. In fact Old English is a less complex and more modern language than Latin. It is also a beautiful language to speak, and hear spoken, and will reward those who take the trouble to learn it. Many of the Old English manuscripts that have survived the ravages of time give a fascinating insight into English society during what is often, mistakenly, called the Dark Ages. The subject matter of the manuscripts, which vary widely (e.g. laws, riddles), are also important in what they reveal about the origins of English institutions and attitudes.

**The Fall of Language in the Age of English** Mar 12 2022 Winner of the Kobayashi Hideo Award, *The Fall of Language in the Age of English* lays bare the struggle to retain the brilliance of one's own language in this period of English-language dominance. Born in Tokyo but raised and educated in the United States,

Minae Mizumura acknowledges the value of a universal language in the pursuit of knowledge yet also embraces the different ways of understanding offered by multiple tongues. She warns against losing this precious diversity. Universal languages have always played a pivotal role in advancing human societies, Mizumura shows, but in the globalized world of the Internet, English is fast becoming the sole common language of humanity. The process is unstoppable, and striving for total language equality is delusional—and yet, particular kinds of knowledge can be gained only through writings in specific languages. Mizumura calls these writings "texts" and their ultimate form "literature." Only through literature and, more fundamentally, through the diverse languages that give birth to a variety of literatures, can we nurture and enrich humanity. Incorporating her own experiences as a writer and a lover of language and embedding a parallel history of Japanese, Mizumura offers an intimate look at the phenomena of individual and national expression.

**Literature, Spoken Language and Speaking Skills in Second Language Learning** Dec 29 2020 Explores how literature is used as a model of spoken language and to develop speaking skills in second language learning.
