The Bible is clear that women as well as men are created in God's image and intended to serve him with their lives. But what does this look like for women in the church? Helping church leaders think through what a Bible-centered women's ministry looks like, this collection of essays by respected Bible teachers and authors such as Gloria Furman, Nancy Guthrie, and Susan Hunt addresses a variety of topics relevant to women. Whether exploring the importance of intergenerational relationships, the Bible's teaching on sexuality, or women's roles in the church and the home, this book of wise teaching and practical instruction will become a must-have resource for anyone interested in bolstering the health and vitality of Christian women in the context of the local church. Meet the Governor who read the Bible to Sally Rand; English Bob, the nose-biter, and all the luscious damozels, in this fabulous potpourri of stories by Billy Rose, author of the syndicated column PITCHING HORSESHOES. Here is the magic that won 18,000,000 newspaper readers for Billy Rose, the little guy who has crowded into one lifetime such unusual distinctions as (1) giving dictation to President Wilson, (2) combining dampness and damozels into the world's first Aquacade, (3) going into the nightclub business because he wanted to wear a black hat and meet some girls. "The contents of this book could almost be summarized on a picture-postcard: 'Having a wonderful time. Wish you were here.' But Billy Rose does more than wish you were there. He takes you there and lets you share the fun."—Deems Taylor "Billy Rose is New York's most sparkling troubadour. Billy came out of a bonfire called Broadway. His book is full of its quick blaze, its sudden warmth and seven wonders."—Ben Hecht "To me, Billy Rose is the Uncle Remus of Broadway. His book combines nostalgic incident with notes on a weird array of characters. If the Book-of-the-Month doesn't take it, Billy ought to buy his own month and show them."—Fred Allen Suggestions for resolving the problem of an exclusively male God-image that are both faithful to the tradition and liberating for women. + WORDS AND WOMEN is the landmark work that reveals the sexual biases present in our everyday speech and writing-and shows how they affect women's and men's perceptions of the world and one another. In this empowering book, 40 amazing women who have exerted an influence on others in many different ways discuss their work, their achievements, their hopes and their fears, offering women everywhere inspiration and optimism for the future through their fascinating explanations of what they have achieved. Featuring politicians, environmentalists, humanitarians, entrepreneurs, musicians, artists, actors, world leaders and Nobel Peace Prize winners, this book encourages readers to believe that they can achieve their greatest ambitions and help change the world for the better. The book is structured around ten questions, with the 40 interviewees providing a pithy and insightful answer to each one. Topics range from influential early experiences, inspirations in life and most admired female figures to causes of anger, greatest fears, how to change the world and advice for the younger generation. The full list of powerful women featured in the book is as follows: Isabel Allende, Christiane Amanpour, Maya Angelou, Hanan Ashrawi, Joan Baez, Benazir Bhutto, Mary Kayitesi Blewitt, Emma Bonino, Shami Chakrabarti, Jung Chang, Kate Clinton, Marie Colvin, Marion Cotillard, Severn Cullis-Suzuki, Carla Del Ponte, Judi Dench, Shirin Ebadi, Tracey Emin, Jane Fonda, Tanni Grey-Thompson, Dagmar Havlová, Swanee Hunt, Bianca Jagger, Nataša Kandić, Kathy Kelly, Martha Lane Fox, Dame Ann Leslie, Professor Wangari Maathai, Mairead Maguire, Mary McAleese, Soledad O'Brien, Sinéad O'Connor, Yoko Ono, Mariane Pearl, Kim Phuc, Paloma Picasso, Sister Helen Prejean, CSJ, Paula Rego, Louise Ridley, Mary Robinson, Jody Williams. Woman's voice and body are closely entwined in the Arabo-Islamic tradition, argues Fedwa Malti-Douglas in this pioneering book. Spanning the ninth through twentieth centuries and covering a wide range of texts—from courtly anecdote to mystical and philosophical treatises, from works of geography to autobiography—this study reveals how woman's access to literary speech has remained mediated through her body. Malti-Douglas first analyzes classical texts (both well-known works like *The Thousand and One Nights* and others still ignored in the West) in which the female voice, often associated with wit or trickery of a sexual nature, is subordinated to the male scriptor. Showing how early Arabo-Islamic discourse continues to influence contemporary Arabic writing, she maintains that today feminist writers of novels, short stories, and autobiography must work through this tradition, even if they subvert or reject it in the end. Whereas woman in the classical period speaks through the body, woman in the modern period often turns corporeality into a literary weapon to achieve power over discourse. Fedwa Malti-Douglas is Professor of Arabic and Comparative Literature at the University of Texas, Austin. Her books include *Structures of Avarice: The Bukhala' in Medieval Arabic Literature* (Leiden) and *Blindness and*

MacKinnon contends that pornography, racial and sexual harassment, and racial hate speech are acts of intimidation, subordination, terrorism, and discrimination, and should be legally treated as such. Women have played a central - and usually unacknowledged - role in the development of Christian thought throughout history. This book, a collection of selections from the writings of major female theologians, draws together texts from a broad array of confessional traditions, vividly illustrating the richness and diversity of women's contributions. Each piece presents a salient excerpt from its original text, set out in modern English translation, with a brief introduction outlining its historical and theological context.

Do the pressures of life quench your joy and zap energy from your relationship with Christ? Take time to quiet your heart, listen to God, and be refreshed by these meditations written from the perspective of a wife and mother who strives to experience abundant life. An executive VP shares thirteen challenges women face in the workplace, their impact, and strategies for women to overcome them and achieve success. Navigating the workforce as a woman can feel like making your way through a minefield. Step too far in one direction, and suddenly, you're considered bossy and overbearing and difficult to work with. Too far in the other, and you lose your power and voice. And if you try to stay in the middle, you could still be contributing to a long history of stagnant mind-sets that have hindered women from reaching true equality.

In *The B Words: 13 Words Every Woman Must Navigate for Success*, Tricia Kagerer uses her experience and the experiences of other women to help women of all ages and in all walks of life achieve their goals. Kagerer identifies the challenges as —both internal and external—each as a different “B” word, that hold women back both personally and professionally, then explores their impact and outlines strategies for overcoming them. Whether that means navigating difficult relationships with coworkers, building effective professional networks, or confronting one's own limiting beliefs and biases, Kagerer's advice shows how we can break through these obstacles and find our way to self-defined success. This book fights for true equality in the workforce and calls for bridges to be built not only between women but between men and women as well, fostering open communication and understanding that will lead to a brighter future.

Praise for *The B Words* “From balance and babies to badasses and bravery, this book packs a punch about living with intention.” —Sharon Orlopp, former Global Chief Diversity Officer, Walmart “The B Words is a great guide, not only for women just starting out, but also for those who have been in the business for years.” —Dr. Sally Spencer-Thomas, author & keynote speaker “A must-read for every male leader! Tricia is candid about the difficult situations women experience and rarely share.” —Jeffrey Tobias Halter, Corporate Gender Strategist & President, YWomen

While individual essays reveal literary discoveries of self and forgings of identity by women rising to the opportunities and challenges of drastically altered Jewish social realities, a significant number also show the sad decline of women writers upon whom silence was reimposed. Several chapters consider how Jewish women were depicted by male writers from the Middle Ages through the mid-nineteenth century.

Disciple Matthew, a former tax collector, is invited to work with Peter, James, and John in Jerusalem. He dreams of preaching and performing miracles like his fellow apostles, but he finds his dreams postponed because of a request from Yeshua's mother. Well aware of the passing years, Mary asks Matthew to help her record the stories of Yeshua while the eyewitnesses are still alive. Reluctantly, he agrees, though the longer he and Mary work together, the more difficult their task becomes. Not only are they pressured by opposition from friends and foes alike, but Gaius Caesar, better known as Caligula, is determined to raise a statue of himself in the Holy Temple, even if it means killing every man in Israel. As Matthew works to save his people, Mary encourages him to come to terms with issues from his past. When they finally near the completion of their project, Matthew realizes that the job he reluctantly accepted might be his God-given destiny.

In *Words of Women* is not only about women--their lives, contributions, trials and tribulations during the birth and early years of the United States--but also by women. Their voices evoke a sense of immediacy that enables readers, particularly students, to appreciate the difficulties, complexities, and ambiguities of life from before the Revolution through to its aftermath, a time of strife and upheaval. Throughout history women have inspired and motivated society towards greater strength, courage, and justice. If you had the opportunity to ask the greatest women of all time for advice, wouldn't you jump at the chance? Drawing from the timeless wisdom of leaders such as Eleanor Roosevelt, Rosa Parks, Amelia Earhart, and Michelle Obama, each page of *Great Quotes from Great Women* offers motivation for your daily challenges, or inspiration to get back on your feet. Designed to bring a quiet moment of peace and harmony into a hectic nine-to-five (and longer) day, this delightfully designed book is sure to become a daily companion for women seeking a haven from the anxieties and stresses of life. As women journey through the year, this book presents an inspirational word for each day, accompanied by a beautiful message from the seasonal cycle to inspire, comfort, nurture, and motivate.

In August of 1920, women's suffrage in America came down to the vote in Tennessee. If the Tennessee legislature approved the 19th amendment it would be ratified, giving all American women the right to vote. The historic moment came down to a single vote and the voter who tipped the scale toward equality did so because of a powerful letter his mother, Febb Burn, had written him urging him to "Vote for suffrage and don't forget to be a good boy." *The Voice That Won the Vote* is the story of Febb, her son Harry, and the letter that gave all American women a voice. “I get so jazzed about the future of feminism knowing that Amanda Montell's brilliance is rising up and about to explode worldwide.”—Jill Soloway

A brash, enlightening, and wildly entertaining feminist look at gendered language and the way it shapes us. The word bitch conjures many images, but it is most often meant to describe an unpleasant woman. Even before its usage to mean “a female canine,” bitch didn't refer to women at all—it originated as a gender-neutral word for “genitalia.” A perfectly innocuous word devolving into an insult directed at females is the case for tons more terms, including hussy, which simply meant “housewife”; and slut, which meant “an untidy person” and

was also used to describe men. These are just a few of history's many English slurs hurled at women. Amanda Montell, reporter and feminist linguist, deconstructs language—from insults, cursing, gossip, and catcalling to grammar and pronunciation patterns—to reveal the ways it has been used for centuries to keep women and other marginalized genders from power. Ever wonder why so many people are annoyed when women speak with vocal fry or use like as filler? Or why certain gender-neutral terms stick and others don't? Or where stereotypes of how women and men speak come from in the first place? Montell effortlessly moves between history, science, and popular culture to explore these questions—and how we can use the answers to affect real social change. Montell's irresistible humor shines through, making linguistics not only approachable but downright hilarious and profound. *Wordslut* gets to the heart of our language, marvels at its elasticity, and sheds much-needed light on the biases that shadow women in our culture and our consciousness. French historian Mona Ozouf argues that French feminism lacks the rancor and resentment of its counterpart in America and explains why this placid brand of feminism is uniquely French. Ozouf portrays ten French women of letters whose lives span the period from the eve of the French Revolution to the resurgence of the feminist movement in the late 20th century. Jill Ker Conway, author of one of the most celebrated memoirs of recent decades, is also the premier anthologist of women's autobiographical writing. *In Her Own Words* is Conway's distillation of women's experience from the British Commonwealth world she came from, compared with major themes in women's lives in the United States, which is now her home. In this dazzling collection, we meet twelve remarkable women—from Shirley Chisholm, the West Indian-raised girl who became the first black woman to be elected to the U.S. Congress, to Janet Frame, the brilliant New Zealand writer who overcame involuntary treatment in a mental institution to write one of the archetypal analyses of the post-colonial experience. We learn how the world of politics and the private self intersect in the four offshoots of the old British world, and see how these women have made a difference—by their honesty, by the scale of their struggle for self-knowledge and autonomy, and by the power of their writing. Patricia Adam-Smith Lillian Hellman Rosemary Brown Dorothy Hewett Kim Chernin Robin Hyde Shirley Chisholm Dorothy Livesay Lauris Edmond Sally Morgan Janet Frame Gabrielle Roy Popular author Dianna Booher uses 41 unforgettable vignettes of everyday situations to demonstrate the power that words have to hurt or heal. "This beautifully illustrated book is a collection of quotes from 50 inspirational Black women who have shaped the world we live in, from Toni Morrison to Angela Davis, from Solange and Beyonce Knowles to Meghan, the Duchess of Sussex"— *Women's Words* is the first collection of writings devoted exclusively to exploring the theoretical, methodological, and practical problems that arise when women utilize oral history as a tool of feminist scholarship. In thirteen multi-disciplinary essays, the book takes stock of the implicit presuppositions, contradictions, and prospects of oral history. We all know it's important to study God's Word. But sometimes it's hard to know where to start. What's more, a lack of time, emotionally driven approaches, and past frustrations can erode our resolve to keep growing in our knowledge of Scripture. How can we, as Christian women, keep our focus and sustain our passion when reading the Bible? Offering a clear and concise plan to help women go deeper in their study of Scripture, this book will equip you to engage God's Word in a way that trains your mind and transforms your heart. Dominant history would have us believe that colonialism belongs to a previous era that has long come to an end. But as Native people become mobile, reservation lands become overcrowded and the state seeks to enforce means of containment, closing its borders to incoming, often indigenous, immigrants. In *Mark My Words*, Mishuana Goeman traces settler colonialism as an enduring form of gendered spatial violence, demonstrating how it persists in the contemporary context of neoliberal globalization. The book argues that it is vital to refocus the efforts of Native nations beyond replicating settler models of territory, jurisdiction, and race. Through an examination of twentieth-century Native women's poetry and prose, Goeman illuminates how these works can serve to remap settler geographies and center Native knowledges. She positions Native women as pivotal to how our nations, both tribal and nontribal, have been imagined and mapped, and how these women play an ongoing role in decolonization. In a strong and lucid voice, Goeman provides close readings of literary texts, including those of E. Pauline Johnson, Esther Belin, Joy Harjo, Leslie Marmon Silko, and Heid Erdrich. In addition, she places these works in the framework of U.S. and Canadian Indian law and policy. Her charting of women's struggles to define themselves and their communities reveals the significant power in all of our stories. *Beyond Women's Words* unites feminist scholars, artists, and community activists working with the stories of women and other historically marginalized subjects to address the contributions and challenges of doing feminist oral history. Feminists who work with oral history methods want to tell stories that matter. They know, too, that the telling of those stories—the processes by which they are generated and recorded, and the different contexts in which they are shared and interpreted—also matters—a lot. Using Sherna Berger Gluck and Daphne Patai's classic text, *Women's Words*, as a platform to reflect on how feminisms, broadly defined, have influenced, and continue to influence, the wider field of oral history, this remarkable collection brings together an international, multi-generational, and multidisciplinary line-up of authors whose work highlights the great variety in understandings of, and approaches to, feminist oral histories. Through five thematic sections, the volume considers Indigenous modes of storytelling, feminism in diverse locales around the globe, different theoretical approaches, oral history as performance, digital oral history, and oral history as community-engagement. *Beyond Women's Words* is ideal for students of oral history, anthropology, public history, women's and gender history, and Women's and Gender Studies, as well as activists, artists, and community-engaged practitioners. *The Illustrated Words of Jesus for Women* is a 366-day devotional written by Christian author, Carolyn Larsen. This daily devotional takes you on an exploration of Jesus' words of wisdom, insight and love through Scripture and the author's reflections and prayers, and encourages discovery of God's path for you. Every page of the illustrated devotional features artistically rendered Scripture verses that you may fill with color, and ruled lines for notes or your own thoughts or prayers. The pretty volume has an embossed softcover binding with touches of spot varnish and silver foiling for accent. A presentation page in the front makes this book even more perfect for gift-giving. The women God called to bring his chosen people into the world were ordinary women who struggled with emptiness, oppression, infertility, and loss—yet who found strength and hope in God. In

her first book, Sarah Christmyer—codeveloper of The Great Adventure Catholic Bible study program—pairs the stories of key Old Testament women with stories of women she has known to show us how we can hear God, say yes to his call, and share him with the world just as they did. Breaking open the scriptures to reveal the historical, cultural, and biblical context in which Old Testament women lived, Sarah Christmyer breathes new life into their stories and makes their lives surprisingly relatable. In the process, she shares stories from her own faith journey and the lives of family and friends to show how the same principles that turned ordinary women into heroines of the faith are true for our lives today. Each chapter of *Becoming Women of the Word* highlights the spiritual legacy of one or more women in the Old Testament. Their world was vastly different from ours, yet they faced the same questions we do: when we can't feel God's presence, where do we find help? When our world is collapsing, where is God? Why should we trust him? How can we trust him? Christmyer simply and clearly draws from the lives of these women important principles that help us to trust—even as we struggle with doubt. For example: Through Eve, we learn to hold on to God's promise even when we fail. Sarah reminds us to wait on God's timing to make us fruitful. Miriam, the sister of Moses, shows how to lead by example. Ruth and Esther challenge us to see womanhood as a gift. Hannah and Judith inspire us to trust God even in matters of life and death. These unforgettable portraits create a colorful mosaic of faith, encouraging us to mine God's Word for spiritual treasure and to pass on the gift. "Sticks and stones may break my bones, but words can win or wound me." We all know the power of words. Words can hurt. Words can heal. And words are sticky--lingering long after they were spoken. Do you remember hurtful words hurled at you in middle school? Have you ever found yourself in the crosshairs of gossip or wounded by the sharp words of another? No doubt, we've all experienced regret over our own words uttered in moments of frustration. You've probably also experienced the healing power of a friend's encouragement during a dark time or the blessing of someone who is willing to tell you the truth in love. In *A Woman's Words*, Chrystie Cole helps us understand why we struggle to speak words of life instead of death and how to overcome seven common idols that are often found at the root of our corrupted speech. *Your Words Echo in Hearts and Minds Long After They Are Spoken* Have you listened to yourself lately? [a] captivating and slyly subversive fictional paean to the real women whose work on the Oxford English Dictionary went largely unheralded."—The New York Times Book Review "A marvelous fiction about the power of language to elevate or repress."—Geraldine Brooks, New York Times bestselling author of *People of the Book* Esme is born into a world of words. Motherless and irrepressibly curious, she spends her childhood in the Scriptorium, an Oxford garden shed in which her father and a team of dedicated lexicographers are collecting words for the very first Oxford English Dictionary. Young Esme's place is beneath the sorting table, unseen and unheard. One day a slip of paper containing the word *bondmaid* flutters beneath the table. She rescues the slip and, learning that the word means "slave girl," begins to collect other words that have been discarded or neglected by the dictionary men. As she grows up, Esme realizes that words and meanings relating to women's and common folks' experiences often go unrecorded. And so she begins in earnest to search out words for her own dictionary: the *Dictionary of Lost Words*. To do so she must leave the sheltered world of the university and venture out to meet the people whose words will fill those pages. Set during the height of the women's suffrage movement and with the Great War looming, *The Dictionary of Lost Words* reveals a lost narrative, hidden between the lines of a history written by men. Inspired by actual events, author Pip Williams has delved into the archives of the Oxford English Dictionary to tell this highly original story. *The Dictionary of Lost Words* is a delightful, lyrical, and deeply thought-provoking celebration of words and the power of language to shape the world. **WINNER OF THE AUSTRALIAN BOOK INDUSTRY AWARD** When we get out of bed in the morning, we don't know what the day ahead holds.
