Auszug: Der Jeep Grand Cherokee ist ein Geländewagen der Oberen Mittelklasse, der von der Jeep-Division von Chrysler hergestellt wird. Der Grand Cherokee für Europa entsteht bei Magna Steyr in Österreich. Der Grand Cherokee wurde eigentlich aus dem kleineren Jeep Cherokee entwickelt. Seine Ursprünge gehen auf das Jahr 1983 zurück, als die Ingenieure von AMC einen Nachfolger für den Cherokee konstruierten. Der Prototyp "Jeep Concept 1" von 1989 nahm die grundsätzliche Konstruktion bereits vorweg. Der Grand Cherokee war der erste Jeep mit Chrysler-Emblem, da das Konzept ja von AMC stammte; die AMC-Ingenieure, die an diesem Projekt beteiligt waren, - später Chrysler-Angestellte (nach dem Kauf von AMC durch Chrysler 1987) - wollten den Wagen in den späten 1980er-Jahren präsentieren, aber der damalige Konzernchef Lee Iacocca räumte überarbeiteten Chrysler-Minivans Priorität ein; dadurch verzögerte sich die Vorstellung des Ford Explorer-Konkurrenten Grand

Cherokee bis 1992. Der Grand Cherokee wurde 1992 in grossem Stil auf der North American International Autoshow in Detroit vorgestellt. Der damalige Chrysler-Präsident Robert Lutz fuhr den Bürgermeister von Detroit, Coleman Young, die Stufen der Cobo Hall hinauf und durch ein Glasfenster, um das neue Produkt entsprechend zu präsentieren. Die Produktion des Grand Cherokee begann wenig später in dem eigens dafür gebauten "Jefferson North Assembly"-Werk in Detroit und blieb auch dort. 1993 Jeep Grand Cherokee Die ZJ-Modelle wurden von 1993 bis 1998 gebaut und waren ursprünglich in den drei Ausstattungsvarianten Base, Laredo und.. Jenelle Embrey, a single mother of two boys from rural Virginia, never expected to challenge corporate giant Chrysler. She'd rather forget the horrific events of October 5, 2012, when she witnessed two people die in a fiery crash. Embrey, however, isn't one to walk away from her conscience. She adopted a new mission to proclaim the victims as heroes saving other innocent victims from the same fate. Embrey would scream the details of their unnecessary deaths to the world. Embrey sought support to force Chrysler to publicly admit flaws in the design of certain models of Jeep Cherokee, Jeep Grand Cherokee, and Jeep Liberty SUVs that catch fire in rear-end collisions because the gas tank sits directly in the crush zone. She gathered nearly 130,000 signatures on her online petition to Chrysler, united other safety advocates, and discussed the issue on major news outlets across the country. *Dangerous Jeeps and Me* is the story of one woman's quest to right a wrong, all the while working her full-time job of 15 years, caring for her two teens, looking after a cousin with intellectual disabilities, and volunteering at her local animal shelter fostering numerous kittens. As word of Chrysler's callous disregard for safety spreads, Embrey hopes to prevent more unnecessary tragedy. All proceeds from the sale of this book go to nonprofit / charity organizations. Excerpt: The Jeep Grand Cherokee is a Mid-size SUV produced by the Jeep division of Chrysler. While some other SUV's were manufactured with body on frame construction, the Jeep Grand Cherokee has always used a unibody chassis. The Grand Cherokee's origins date back to 1983 when American Motors (AMC) engineers were designing a successor to the smaller Jeep Cherokee (XJ). Three outside (non-AMC) designers-Larry Shinoda, Adam Clenet, and Giorgetto Giugiaro-were under contract with AMC to create and build a clay model of the Cherokee replacement, then known as the "XJC" project. However, the basic design for the Cherokee's replacement was well under way by AMC's in-house designers and the 1989 Jeep Concept 1 show car foretold the basic design. The Grand Cherokee was the first Chrysler-badged Jeep product. Development work for the new model continued and Chrysler employees (after the 1987 buyout of AMC) were eager for a late-1980s release date; however, CEO Lee Iacocca was pushing for redesigned Chrysler minivans, thus delaying the Grand Cherokee's release until late 1992 as an Explorer competitor. Unlike the Explorer, the Grand Cherokee utilized monocoque (unibody) construction, whereas the Explorer was a derivative of the Ranger pickup with a separate body-on-frame. The Grand Cherokee debuted in grand fashion at the January 1992 North American International

Auto Show in Detroit, Michigan. Then Chrysler president Robert Lutz drove Detroit mayor, Coleman... With a Haynes manual, you can do-it-yourself...from simple maintenance to basic repairs.
