Sistemas ferroviarios: planificación, ingeniería y explotación Feb 07 2022 Esta publicación sustituye y amplía significativamente el libro Ingeniería ferroviaria, publicado por la UNED (2.ª ed., 2010). Se pretende dar al lector (alumno, amante de los ferrocarriles o profesional del sector ferroviario) una visión más global de los sistemas ferroviarios, es decir, su ciclo completo de vida: desde la concepción del sistema, pasando por su ingeniería y su posterior explotación (operación y mantenimiento), teniendo en cuenta que este último aspecto, relativo a la explotación, cobra cada vez más fuerza en nuestro entorno, pues las enormes inversiones ferroviarias tienen larguísimos

tiempos de vida útil en los que hay que mantener el sistema en condiciones óptimas de operación, mantenimiento y seguridad. Esperemos que este libro cumpla las expectativas de los lectores, pues se ha realizado con toda la ilusión del mundo, pidiendo disculpas por las posibles carencias que pudiera contener.

Now You See It Jun 30 2021 Revised for this second edition, *Now You See It*, Richard Dyer's groundbreaking study of films by and about lesbians and gay men, now includes an outline of developments in queer cinema since 1990. Placing the book within lesbian and gay film history, Dyer examines familiar titles such as *Girls in Uniform*, *Un Chant D'Amour* and *Word is Out* in their lesbian/gay context, as well as bringing to light many other forgotten, but remarkable films. Each film is examined in detail in relation to both film type and tradition, and the sexual subculture in which it was made. Now featuring a brand new introduction by Juliane Pidduck, this will be an excellent aid to cinema and film studies courses.

Local Hollywood Nov 11 2019 The pioneering

story of Australia's own Hollywood. Hollywood films and television programs are watched by a global audience. While many of these productions are still made in southern California, the last twenty years have seen new production centers emerge in the US, Canada and other locations worldwide. Global Hollywood has been made possible by this growing number of Local Hollywoods: locations equipped with the requisite facilities, resources and labor, as well as the political will and tax incentives, to attract and retain high-budget, Hollywood-standard projects. This new book gives an unprecedented insight into how the Gold Coast became the first outpost of Hollywood in Australia. When a combination of forces drove Hollywood studios and producers to work outside California, the Gold Coast's unique blend of government tax support, innovative entrepreneurs and diverse natural settings made it a perfect choice to host Hollywood productions. "Local Hollywood" makes an essential contribution to the field of

film and media studies, as well as giving film buffs a behind-the-scenes tour of the film industry.

Hybrid Entities in Tax Treaty Law Jan 26 2021 Tax treaty law and EU tax law in connection with hybrid entities Hybrid entities have traditionally been used as an avenue for international tax planning, and extending benefits under tax treaties to such entities has been a source of controversy for many years now. Although the OECD Partnership Report provided solid policy footing on this issue, there was still no common legal basis that countries could rely on for such positions. The increasing focus of countries towards the curbing of tax avoidance and abuse involving hybrid mismatch arrangements culminated in a specific action plan in the BEPS Project being dedicated to the design of domestic rules and the development of treaty provisions that would neutralize the tax effects of such arrangements. This volume provides an in-depth analysis of various aspects

of this topic. It is divided into two parts – the first dealing exclusively with tax treaty issues arising in connection with hybrid entities and the second dealing with EU tax law issues surrounding hybrid entities. The former part comprises chapters analysing how tax treaties have historically dealt with this issue with a focus on domestic court jurisprudence, the positions in the OECD and the UN Model Conventions, the developments that have come about owing to the BEPS Project, and the impact of several existing measures, regimes, and vehicles on these tax treaty provisions. The latter part comprises chapters on how hybrid entities are dealt with under primary EU law, under various secondary law directives including the newly enacted Anti-Tax Avoidance Directives, and an analysis of policy solutions offered in this direction.

There's a Disco Ball Between Us Dec 25 2020
In *There's a Disco Ball Between Us*, Jafari S. Allen offers a sweeping and lively ethnographic and intellectual history of what he calls "Black gay habits of mind." In conversational and lyrical language, Allen locates this sensibility as it emerged from radical Black lesbian activism and writing during the long 1980s. He traverses multiple temporalities and locations, drawing on research and fieldwork conducted across the globe, from Nairobi, London, and Paris to Toronto, Miami, and Trinidad and Tobago. In these locations and archives, Allen traces the genealogies of Black gay politics and cultures in the visual art, poetry, film, Black feminist theory, historiography, and activism of thinkers and artists such as Audre Lorde, Marsha P. Johnson, Essex Hemphill, Colin Robinson, Marlon Riggs, Pat Parker, and Joseph Beam. Throughout, Allen renarrates Black queer history while cultivating a Black gay method of thinking and writing. In

so doing, he speaks to the urgent contemporary struggles for social justice while calling on Black studies to pursue scholarship, art, and policy derived from the lived experience and fantasies of Black people throughout the world.

Transporte ferroviario de mercancías Dec 17 2022 Este libro ofrece las claves para conocer los factores de eficiencia de los servicios ferroviarios en el marco de la cadena de transporte, en qué condiciones se deben incorporar sus prestaciones y cuáles son los elementos que inciden en sus costes y en su operatividad. Se tratan aspectos que influyen en la toma de decisiones de la dirección logística de las empresas, para lo que tratar ampliamente los aspectos comerciales y económicos de los servicios ferroviarios, incluyendo las prestaciones y características de las terminales ferroviarias. Esta obra también responde a las inquietudes de quienes tienen responsabilidades en la proyectación y construcción de infraestructuras logísticas y, especialmente, en

la gestión de infraestructuras y servicios ferroviarios, aportando los parámetros para que el ferrocarril pueda ofrecer todas sus potencialidades en la cadena de transporte. Los autores también brindan una herramienta sumamente útil para la formación especializada en logística, aportando los conocimientos necesarios sobre las principales características del material móvil, la tipología de las cargas, los elementos de mantenimiento de las unidades de carga y otros aspectos técnicos de interés didáctico y profesional.

Hearts on Fire Apr 09 2022 An authoritative, unprecedented account of how in the early 2000s Canadian music finally became cool Hearts on Fire is about the creative explosion in Canadian music of the early 2000s, which captured the world's attention in entirely new ways. The Canadian wave didn't just sweep over one genre or one city, it stretched from coast to coast, affecting large bands and solo performers,

rock bands and DJs, and it connected to international scenes by capitalizing on new technology and old-school DIY methods. Arcade Fire, Godspeed, Feist, Tegan and Sara, Alexisonfire: those were just the tip of the iceberg. This is also the story of hippie chicks, turntablists, poetic punks, absurdist pranksters, queer orchestras, obtuse wordsmiths, electronic psychedelic jazz, power-pop supergroups, sexually bold electro queens, cowboys who used to play speed metal, garage rock evangelists, classically trained solo violinists, and the hip-hop scene that preceded Drake. This is Canada like it had never sounded before. This is the Canada that soundtracked the dawn of a new century. Featuring more than 100 exclusive interviews and two decades of research, Hearts on Fire is the music book every Canadian music fan will want on their shelf.

Robotics in Natural Settings Jan 06 2022 This book includes recent research on climbing and walking robots. CLAWAR 2022 is the twenty-fifth

International Conference Series on Climbing and Walking Robots and Mobile Machine Support Technologies. The conference is organized by CLAWAR Association in collaboration with the University of the Azores, S. Miguel, Portugal, during September 12-14, 2022. CLAWAR 2022 provides an updated state of the art on robotics and its use in a diversity of applications and/or simulation scenarios, within the framework “Robotics in Natural Settings”. The topics covered include Bio-Inspired Robotics, Biped Locomotion, Educational Robotics, Human-Machine/Human-Robot Interaction, Innovative Actuators, Inspection, Legged Locomotion, Modeling and Simulation of CLAWAR, Outdoor and Field Robotics, Planning and Control, Wearable Devices and Assistive Robotics, and the Use of A.I. in Robotics. The intended readership includes participants of CLAWAR 2022 conference, international robotic researchers, scientists, and professors of related topics worldwide, and professors and students of

postgraduate courses in Robotics and Automation, Control Engineering, Mechanical Engineering, and Mechatronics.

Balearic: Historia oral de la cultura de club en Ibiza Oct 15 2022 A partir de casi un centenar de entrevistas y un proceso de documentación de más de dos años, Balearic cuenta —a través del relato en primera persona de sus protagonistas— la historia de una de las mecas del clubbing mundial: Ibiza. Por primera vez, y a partir del testimonio de DJs y músicos de fama internacional, periodistas, disqueros, bailarines, promotores, hosteleros y propietarios de discotecas míticas como Pacha, KU (ahora Privilege), Amnesia o Space, y bares como Café del Mar y su DJ José Padilla —artífice del fenómeno de las puestas de sol con banda

sonora—, se da cuenta de la fascinante historia de la cultura de club de la isla blanca. El relato arranca a finales de los años cincuenta, cuando empieza a acudir el turismo internacional, primero los beatniks norteamericanos, y luego los hippies, en los sesenta, huyendo de la guerra de Vietnam y atraídos por la cultura de libertinaje y desinhibición retratada en aquel film de culto con música de Pink Floyd que fue *More*, rodado entre Formentera e Ibiza. Con el sustrato musical de estos viajeros, las drogas que trajeron consigo y la iniciativa de algunos empresarios entre visionarios y chalados, se cimentaron las bases de un paraíso del ocio nocturno que explotaría en 1987, cuando unos intrépidos clubbers ingleses se quedaron prendados de la ecléctica sesión musical de los DJs Alfredo Fiorito y Leo Mas en las noches de Amnesia. Cuando exportaron el fenómeno a Inglaterra y lo bautizaron como "Balearic beat", la cultura de club se extendió como un reguero de pólvora por todo el mundo al grito de

acieeeeeed. Lo que siguió fueron oleadas de turistas en busca de la salvaje descarga de música y espiritualidad telúrica de la isla, amén de otras sustancias, e Ibiza devino, para bien o para mal, en emporio mundial del turismo y del clubbing. Con la intervención de: Carl Cox, Peter Hook, Paul Oakenfold, Danny Rampling, DJ Harvey, Luciano, Louie Vega, Alfredo Fiorito, José Padilla, Nightmares on Wax, Julien Temple, Irvine Welsh, Trevor Fung, Terry Farley, Bill Brewster, Phil Mison, César de Melero, Pippi y muchos más...

Getting Started in Garden Railroading Jul 12

2022 *Getting Started in Garden Railroading*

Here's your invitation to get started in a great

hobby that's fun for the entire family. Large

Scale trains are big, rugged, durable, and

colorful - designed for safe and reliable

operations both indoors and outdoors. When you

combine model railroading with the real-life environment of a vibrant, growing garden, you'll discover a whole new world of creative opportunities, challenges, and enjoyment to fill your all-important leisure hours. This book provides all the step-by-step guidance needed to get started in this fascinating pastime. Among other things, you'll find:

- Details of procedures for planning, constructing, powering, landscaping, operating, and maintaining a complete garden railroad.
- More than 200 full-color photos of products construction techniques, and inspiring examples of what can actually be achieved in garden railroading.
- The most comprehensive listings of manufactures, suppliers, clubs, publications, print and video references, and Internet Web site addresses ever published in a model railroading handbook.
- Answers to the most frequently asked questions about what it takes to get started in this diverse and affordable hobby.
- Tips and techniques provide by experienced garden railroaders from

around the world. Garden railroading: A great hobby for all seasons, and for all the right reasons!

French Connections: Daft Punk, Air, Super Discount & the Birth of French Touch Mar 08 2022 During the second half of the 1990s, Paris experienced a dance music revolution thanks to groundbreaking artists like Daft Punk, Air, Super Discount, Motor bass, Cassius, Dimitri from Paris, Bob Sinclar and many, many more. It was a scene that became known as French Touch and was heralded throughout the world as the epitome of dance music cool, forever placing Paris on the dance culture map. Journalist and author Martin James was there right from the start, documenting the scene from its inspirations to its earliest moments and onto its global breakthrough. In the process, he inadvertently provided the French Touch moniker that became adopted throughout the

world. Drawing on a dazzling array of exclusive interviews with the biggest names in French electronic music history, French Connections explores France's significant contribution to dance music culture that paved the way for the French Touch explosion.
