*Ludwig Minkus* Dec 20 2019 In 1868 the choreographer Marius Petipa planned his ballet Don Quixote for the Bolshoi Theatre in Moscow, and the Austrian composer Ludwig Minkus was invited to compose the music. The plot of Don Quixote was based on the adventures of Quiteria (known as Kitri in the ballet) and Basilio, which Petipa had developed from the second part of Miguel de Cervantes's novel (1605). The ballet was an enormous success, both in Moscow (14/26 December 1869) and in St Petersburg where it was represented at the Bolshoi Theatre on 9/21 November 1871 in an expanded version as Don Quichotte—with revised scenario and choreography that took cognizance of the more sophisticated expectations of the Imperial capital. Changes were made to the story, with a new fifth act in three scenes, for which Minkus wrote additional music. Don Quixote no longer regarded Kitri simply as his protégée, but now actually mistakes her for Dulcinea, and she appears as such in his Dream Scene. Provision was made for one ballerina to perform the double virtuoso role of Kitri and Dulcinea. The big classical scene for Don Quixote's dream was rewritten. Greater emphasis was now placed on this episode, where Kitri/Dulcinea was surrounded by a large corps de ballet and seventy-two children dressed as cupids. Alexandra Vergina was partnered by Basilio (Lev Ivanov), and supported by Pavel Gerdt in the last scene. The cast also included Timofei Stukolkine (Don Quixote), Nicholas Goltz (Gamache), and Alexei Bogdanov (Lorenzo). Don Quixote became established in the repertory, and its continued life on the Russian stage bears testimony to the appeal of its exuberance, “the life-asserting and life-loving nature of its dances” (Natalia Roslavleva). Generations of Russian ballet-masters and dancers preserved these dances in essence, and the ballet is still part of the Russian repertory, given today in all Russian and Siberian companies, in the Moscow version of Alexander Gorsky, in three acts and seven or eight scenes. Petipa’s version of Don Quixote, with its life-affirming music by Minkus, has during the 20th century spread throughout the world, not least because of the work of Rudolf Nureyev who made a film version of the Australian Ballet production in 1971 that became very famous. It co-starred Robert Helpmann and Lucette Aldous, and made world history in being the first ballet to be produced with full film technique, so providing wider scope for imaginative handling of the famous story. Don Quixote has become the standard ballet version of the Cervantes tale, and one of the most popular pieces of the international repertory. Much of its emotional fervour is captured in the celebrated virtuoso Grand Pas de Deux for the wedding of Kitri and Basilio in the last scene. This piece, with a spectrum of feeling enshrined in its rapturous melodies and irresistible rhythmic élan, has assumed a life of its own as a concert piece in countless renditions wherever ballet is performed. The piano score of the St Petersburg version was published as Don Quichotte (St Petersburg: Theodore Stellovsky, c. 1882). This version is reproduced here.

**El amor brujo** Oct 22 2022 Although influenced by the impressionism of Debussy, Dukas, and Ravel, Manuel de Falla (1876–1946) remained distinctively Spanish, with roots that drew upon both Andalusian folk music and his country's classical traditions. With these two popular ballets, El Amor Brujo (Love, the Magician) and El Sombrero de Tres Picos (The Three-Cornered Hat), he brought the world's attention to the music of Spain. In El Amor Brujo, a gypsy lass is haunted by the ghost of a former swain until her new lover devises a plan to entice the spirit away. Each of the ballet's scenes evokes a different mood that is seamlessly woven into a brilliant musical tapestry. El Sombrero de Tres Picos recounts an elderly man's comic and frustrating attempts to seduce a miller's wife. Its premiere — produced by Diaghilev for the Ballets Russe, with choreography by Massine and designs by Picasso — met with an instant and lasting success. Falla himself made these arrangements of the complete ballets for piano solo. Several of the individual pieces have become standards in the solo piano repertoire, including "The Neighbour's Dance" and the great favorite, "Ritual Fire Dance."

**Ballet Music** Nov 11 2021 Musicians who work professionally with ballet and dance companies sometimes wonder if they haven't entered a foreign country—a place where the language and customs seem so utterly familiar and so bafflingly strange at the same. To someone without a dance background, phrases and terms—boy's variation, pas d'action, apothéose—simply don't fit their standard musical vocabulary. Even a familiar term like adagio means something quite different in the world of dance. Like any working professional, those conductors, composers, rehearsal pianists, instrumentalists and even music librarians working with professional ballet and dance companies must learn what dance professionals talk about when they talk about music. In *Ballet Music: A Handbook* Matthew Naughtin provides a practical guide for the professional musician who works with ballet companies, whether as a full-time staff member or as an independent contractor. In this comprehensive work, he addresses the daily routine of the modern ballet company, outlines the respective roles of the conductor, company pianist and music librarian and their necessary collaboration with choreographers and ballet masters, and examines the complete process of putting a dance performance on stage, from selection or existing music to commissioning original scores to staging the final production. Because ballet companies routinely revise the great ballets to fit the needs of their staff and stage, audience and orchestra, ballet repertoire is a tangled web for the uninitiated. At the core of *Ballet Music: A Handbook* lies an extensive listing of classic ballets in the standard repertoire, with information on their history, versions, revisions, instrumentation, score publishers and other sources for tracking down both the original music and subsequent musical additions and adaptations. *Ballet Music: A Handbook* is an invaluable resource for conductors, pianists and music librarians as well as any student, scholar or fan of the ballet interested in the complex machinery that works backstage before the curtain goes up.

*Making Broadway Dance* Jan 21 2020 "Musical theatre dance is an ever-changing, evolving dance form, egalitarian in its embrace of any and all dance genres. It is a living, transforming art developed by exceptional dance artists and requiring dramaturgical understanding, character analysis, knowledge of history, art, design and most importantly an extensive knowledge of dance both intellectual and embodied. Its ghettoization within criticism and scholarship as a throw-away dance form, undeserving of analysis: derivative, cliché ridden, titillating and predictable, the ugly stepsister of both theatre and dance, belies and ignores the historic role it has had in musicals as an expressive form equal to book, music and lyric. The standard adage, "when you can't speak anymore sing, when you can't sing anymore dance" expresses its importance in musical theatre as the ultimate form of heightened emotional, visceral and intellectual expression. Through in-depth analysis author Liza Gennaro examines Broadway choreography through the lens of dance studies, script analysis, movement research and dramaturgical inquiry offering a close examination of a dance form that has heretofore received only the most superficial interrogation. This book reveals the choreographic systems of some of Broadway's most influential dance-makers including George Balanchine, Agnes de Mille, Jerome Robbins, Katherine Dunham, Bob Fosse, Savion Glover, Sergio Trujillo, Steven Hoggett and Camille Brown. *Making Broadway Dance* is essential reading for theatre and dance scholars, students, practitioners and Broadway fans"--

Intended as both virtuoso performance pieces as well as study aids for musicians, they have been carefully proofread against the orchestral scores to insure that they agree in detail. *Pretrushka* contains all of the music in the original 1911 version, *The Firebird* is a transcription of the full-length 1910 ballet and *The Rite of Spring* is presented in a revised form of the well-known Leyetchkiss transcription.

**Ludwig Minkus and Léo Delibes** Nov 18 2019 This volume reproduces the piano score of the ballet *La Source*, a joint composition by Ludwig Minkus and Léo Delibes. After the success of *Néméa* (1864), the Paris Opéra ordered a new grand ballet from the famous choreographer Arthur Saint-Léon to a libretto based on a Persian legend by Charles Nuitter. Saint-Léon involved his musical collaborator in St Petersburg, Ludwig Minkus, in the project, securing for him a hand in the composition of the first and fourth scenes

of the of this new work, *La Source*, a fantastic ballet in three acts. The composition of the other two scenes (the second and third) were entrusted to the young, unknown Léo Delibes, thirty at the time, who had drawn favourable attention to himself in the preparation of the ballet music for the première of Meyerbeer's posthumous *L'Africaine* in 1865. The first performance of *La Source* was on 12 November 1866 at the Théâtre Impérial de l'Opéra, with the principal dancers Guglielmina Salvioni (Naila), Eugénie Fiocre (Nouredda) and Louis Mérante (Djemil). The ballet as a whole was very successful, with 73 performances until 1876. Saint-Léon immediately began planning another work with Nutter and Delibes—*Coppélia*—one which would crown the young French's composer's success with triumph. This was premiered on 25 May 1870, the last of Saint-Léon's work, and the last great success of the French Romantic ballet at the Salle Le Peletier before the crisis of the Franco-Prussian War, and the end of the Second Empire. As regards the music of *La Source*, Delibes's contribution to the score, his first essay at ballet music, was noted for its vigour and many delightful melodies. In Jouvin's opinion, his music was "vivacious and especially lively," and contrasted effectively with the plaintive melodies of Minkus. "The style of the two composers," observed the critic of *La France Musicale* (18 November 1866), "is essentially different and easily recognizable at a first hearing. M. Minkus's music has a vague, indolent, and melancholic character, full of grace and languor. That of M. Delibes, fresher and more rhythmic, is much more complicated in orchestration, and sometimes a little more ordinary. I should add that this difference in style is perfectly justified by the: contrasting character of the two parts of the ballet."

**Ballet from "Orphée et Eurydice"** Nov 30 2020 Greg Anderson and Elizabeth Joy Roe are perhaps the most thrilling young duo performing today, offering adrenalized classical concerts that are revolutionizing the piano duo experience for the 21st century. Described as "Fred Astaire and Ginger Rogers transposed from the dance floor to the keyboard" (The Southampton Press) and "the intense synchronization of genius" (ThirdCoast Digest), Greg and Liz bring their joyous camaraderie and refined artistry to the concert stage, dazzling audiences around the world as a four-hand and two-piano team. The Anderson & Roe Duos & Duets series features inspiring arrangements as performed by the duo---from settings of treasured opera melodies to medleys of popular movie music. The pieces are edited with fingering and other directions that facilitate rehearsal and performance, making them accessible for advancing students as well as for concert performers. "Ballet" from *Orphée et Eurydice* is an enchanting masterpiece. Composed by early-Classical composer Christoph Willibald Gluck, its haunting melody reflects on the tragic Greek myth of Orpheus and his failed attempt to bring his wife Eurydice back from the dead. The slow, lyrical arrangement for one piano, four hands, requires careful balance between the primo and secondo parts, as well as delicate choreography between the players' hands.
