Creating Trance and Hypnosis Scripts contains tried and tested hypnosis scripts for professional or trainee hypnotherapist's who are looking to help clients solve problems and ailments, from the more common quit smoking session to the less familiar candida. The collection of scripts contained in this book have been collated over many years and have been written by Gemma Bailey who is a qualified practicing hypnotherapist. Gemma has designed each script to include several hypnotic patterns (including language, voice tone, double binds etc) to help aid the trance experience. Changes in the hypnotists voice tonality have been marked out by altering the font of the text. The section called writing hypnosis scripts gives details about the hypnotic patterns and language used by professional hypnotherapists and NLP Master practitioners. This section provides tasks for the reader, encouraging them to use and identify hypnotic language so that they can create their own hypnotic scripts. Spiritual Hypnotherapy Scripts provides access to the quantum field of consciousness, the spiritual realm from which all healing flows. Learn how spiritual hypnotherapy and working directly with the client's higher Self can deepen and expand the healing process. Dr. Holmes-Meredith presents her approach to teaching and working with hypnotherapy with ten Taoist precepts taught through the ancient Taoist text the Tao Te Ching. Also included are interviews with six of her hypnotherapy graduates who share how working with a spiritual approach to hypnotherapy not only supports profound transformation in their clients, but also supports their own on-going healing and evolution of consciousness. These hypnotherapy scripts include empowering and open-ended language patterns and transformational approaches for presenting issues related to the body, mind and spirit. Unlike most published hypnosis scripts, these hypnotherapy scripts use therapeutic processes that allow the hypnotherapist and client to personalize the trance experience by following the client in an interactive way. The client will engage in a direct relationship with his higher Self as an inner resource and guide throughout the trance experience. The fifty-two hypnotherapy scripts and a script for teaching the Emotional Freedom Technique (EFT) are proven approaches Dr. Holmes-Meredith teaches hypnotherapists at HCH Institute and uses in her private practice. A modern script book, with scripts based on Contextual Psychology, giving you tools for manifesting real change. These scripts are designed to draw on multiple tools such as NLP (Neuro-Linguistic Programming), ACT Therapy, Mindfulness Meditation, Direct Suggestion, Indirect suggestion and integration of hypnotic phenomena with contextual psychology. There are scripts for medical hypnosis applications, scripts for habit and lifestyle issues, and scripts to meet your clients metaphysical needs or needs for self-improvement. There are also scripts for Guided Mindfulness Meditation sessions. This incredible book contains 65 complete hypnosis scripts for professional hypnotherapy. The hypnotic methods and philosophies of Freddy H Jacquin. BScHow to use hypnosis to help others, and yourself overcome any perceived limitation. Unleash the power of your mind and discover your potential. Do you wish you had the power to become all that you can be? All good-intentioned programming works best when you reach a deeper state of mind. The secret is in accessing those states through easy life-changing techniques. A thin window of consciousness differentiates two states of the mind - self-hypnosis and meditation - and this book will show their similarities, and define each condition and accessibility. If you're curious enough to at least peruse this book, then the ability to learn these techniques is already a part of your consciousness, and will soon to be recognized. Lucky you! Your subconscious is prompting you to investigate. It is saying that you are capable of deeper states of mind. Many have tried to focus to learn either self-hypnosis or meditation and failed. Applied concentration and knowing what to expect once entranced may be what was missing. The instructions in this book are meant for those wishing to learn and use the techniques of self-hypnosis and/or meditation for self-improvement. Easy, yet powerful scripts are provided to produce desired changes. You can change your life today. Havens explores the hypnotic pathways that can lead to an alternate experiential world. This world of inner peace and happiness can be created by even a momentary immersion in the unknown potentials that lie just beneath the surface of everyone's conscious awareness. It is a world that soothes the soul, brings contentment, and heals wounded spirits. Scripts and Strategies in Hypnotherapy Volumes 1 and 2 have been combined to create the single most comprehensive source of scripts and strategies that can be used by hypnotherapists of all levels of experience to build a successful framework for any therapy session. It covers inductions, deepeners and actual scripts for a wide range of problems from nail-biting to insomnia, sports performance to past life recall, pain management to resolving sexual problems. There is a particularly comprehensive section on smoking cessation. All scripts can be used as they stand or adapted for specific situations. "Provides an imaginative source of scripts covering the most commonly met cases. For the newly qualified therapist it is a useful addition and for the more experienced it is a source of inspiration." - European Journal of Clinical Hypnosis Covering theory and practice, The Handbook of Contemporary Clinical Hypnosis is an up-to-date, authoritative resource to support health professionals in their use of hypnosis in clinical settings. Provides an authoritative reference for practitioners and trainees on the diverse applications of hypnosis, published under the auspices of the British Society for Clinical and Academic Hypnosis (BSCAH) Combines a theoretical framework with material on a wide range of specific disorders including anxiety, stress phobias, eczema, oncology, eating disorders and infertility Shows how to adjust hypnotic techniques for different contexts e.g. when working with children, in emergencies and via a translator Features a variety of case studies that illustrate hypnosis techniques in action Provides salespeople with information on hypnotic techniques and how to use them in sales presentations and script books to win the customer's trust and make sales. Hypnotism is a SKILL not a gift. YOU can learn to be a confident stage or street hypnotist by reading this book. If you want to learn comedy hypnosis, i.e. methods to hypnotise family, friends and strangers for fun (and yes, it is a lot of fun!) then act now and snatch up this 'how-to' manual that's full of information and over 100] scripts to walk you through it!This book is not about 'hypnotherapy' and helping people with hypnosis. THIS book is about GETTING PEOPLE DOING FUNNY STUFF WITH HYPNOSIS... Guiding you from basic safety precautions all the way through to hypnotising people and delivering your own advanced comedy hypnosis routines, Rory Z gives you all you need to know to begin practicing hypnosis straight away, either for fun with your mates, as a roving street hypnotist or as a professional stage-hypnotist.This book is also a very useful tool for the aspiring Hypnotherapist, because learning how to deliver effective suggestions is one of the key elements covered in the book. This is an integral tool of the hypnotherapist (and one that's not always taught well on courses). All of the methods within the book are tried, tested and verified - i.e. they all work! This book cuts away all of the linguistic mumbo-jumbo, dispels all the myths and gets down to cold hard facts, straight away. If you want to be confused and bogged down with unnecessary information - this book is NOT for you. If you want to easily learn how to hypnotise with skill and confidence - this is the book that you need to add to your collection today! The first edition of 'Advanced Ericksonian Hypnotherapy Scripts' has remained a bestseller since its release in 2011. This new and expanded 2nd edition contains additional hypnotic inductions and therapeutic scripts. Many chapters have also been expanded with new helpful content to help you be as effective as possible and to help you to understand the scripts, the Ericksonian hypnotic language and techniques being used, and an overview of how to do hypnotherapy, and how to hold hypnotherapy sessions. There are scripts to help people stop smoking, lose weight, lift depression, calm

anxiety, sooth pain, increase performance enhancement, tackle insomnia, and much more... This all round package makes this book a valuable resource for anyone wanting to learn more about Ericksonian hypnosis. Hypnotherapists in training can also read and analyse the scripts and study the language, structure and multi-level communication used to further their skill and knowledge. This book offers a revolutionary way to tell bedtime stories helping to make bedtime a time of peace, calm and sleep for your child. Based on psychological principles and techniques, these stories will help to guide your child comfortably asleep. They are to be read to your child at bedtime, rather than with or by your child. These bedtime stories are written to be read to 4-7 year old's (they can be read to children as young as two) as they rest in bed with their eyes shut listening along. Each of the stories takes about 10-15 minutes to read. The sleepy bedtime story approach has been taught to many parents and used by professionals working in care homes to help children fall asleep at night. This approach can be used with any story, but this is the first time that stories have been written specifically to optimise the effectiveness of the techniques. If you are after a scientific, calming, relaxing approach to getting your child to sleep, then this is definitely the bedtime stories book for you. The first edition of 'Advanced Ericksonian Hypnotherapy Scripts' has remained a bestseller since its release in 2011. It remains essential reading on many top hypnotherapy and NLP training courses as well as recommended reading for all those interested in self-hypnosis and creating their own hypnosis audio tracks (these hypnosis scripts can be used to make commercial audio tracks as long as credit is given to the author and the book). This new and expanded 2nd edition of 'Advanced Ericksonian Hypnotherapy Scripts' contains additional hypnotic inductions and additional therapeutic scripts. Many chapters have also been expanded with new helpful content to help you be as effective as possible and to help you to understand the scripts, the hypnotic language and techniques being used, and an overview of how to do hypnotherapy. This book of more than 100 Hypnotherapy scripts is based on over 20 years of experience that the author, one of the UK's leading hypnotherapists and hypnotherapy trainers, has had working with a wide range of clients and training other professionals in hypnotherapy, psychotherapy and the healing arts. There are scripts to help people stop smoking, lose weight, lift depression, calm anxiety, sooth pain, increase performance enhancement, tackle insomnia, and many more... This isn't just another hypnosis scripts book, the author hopes that readers will use these scripts as a starting point, rather than just reciting scripts verbatim. This book shares ideas and suggestions on how to run hypnotherapy sessions from gathering information to carrying out the hypnotic work, ending a session and setting tasks. It also introduces Ericksonian hypnotic language patterns and script structure so that the reader can have a deeper understanding of what is being done in the scripts and why they are written the way they are. This all round package makes this book a valuable resource for anyone wanting to learn more about Ericksonian hypnosis. Hypnotherapists in training can also read and analyse the hypnotherapy scripts and study the language, structure and multi-level communication used to further their skill and knowledge. The ultimate goal is to help hypnotherapists move beyond scripts to regularly performing script-free hypnotherapy sessions that occur in response to the client in front of the therapist. This hypnotherapy scripts book can help the hypnotherapist develop ideas from the scripts that can come out spontaneously once mastered. The author, Dan Jones, has had over 50,000 book purchased, over 1.5 million views of his self-hypnosis and self-help videos, and over 500,000 of his self-hypnosis and self-help mp3's downloaded. Jones has been published in magazines worldwide and appeared on UK TV and radio. He has been described in the British press as 'Remarkable', with 'Expert Insight', and 'Personal Development Guru...the UK's Leading Personal Development Coach'. Jones has also carried out extensive research into the effectiveness of using a Humanistic Solution Focused Approach with families to reduce youth crime and anti-social behaviour and has been published in the peer-reviewed journal 'Human Givens'. This book is your guide to mastering hypnotic language, direct and indirect suggestion and creating the structure for success in clinical hypnotherapy. This book contains powerful hypnotic inductions scripts, examples of complete hypnosis sessions (some from transcripts of actual client sessions), and by reading these scripts, you will be inspired to incorporate these ideas into your next hypnosis session. Scripts are included for medical conditions like hand tremors, and even resources for creating an abundant future. These scripts are practical, effective, and based on what we know really works. First published in 1994. Routledge is an imprint of Taylor & Francis, an informa company. 'Hypnotherapy' is the definitive text if you want to learn all you need to know about hypnotherapy, from how to do hypnosis, how to work therapeutically, how to set up and run your own practice, and how to generate alternative income streams. Hypnotherapy covers: How problems are formed, What trance is, The SET model, How to do hypnosis, What to do before and after you have hypnotised clients, Emotional needs, Innate skills and abilities, Observation skills, The RIGAAR model, Self-hypnosis, Ericksonian hypnosis, Ideo-dynamic healing, Strategies and treatment ideas for many problems hypnotherapists work with, Setting up in practice, and Alternative income streams to make additional income. There are also two annotated session transcripts so that you can see all that you will have learnt being applied and follow along to see how it all works in live sessions (One session is an improving a clients artistic abilities, the other is helping a client that feels they can't say 'no' to people) Written by Tad James and Wyatt Woodsmall, Time Line Therapy and the Basis of Personality is a compelling study of the important elements that make up a person's core personality, and a detailed exploration of and introduction to how Time Line therapy works in practice. Utilizing discoveries made by Richard Bandler, Time Line Therapy and the Basis of Personality expands and updates our knowledge of how people actually store their memories, and sheds light on the effect that the system used for memory storage has on the individual. The authors contend that the concept of Time Line, or the notion of time that you have stored in your mind, shapes and structures your experience of the world, and consequently shapes your personality. Time Line therapy is therefore based on the premise that the client goes back to the first time they remember a particular problem, does change work utilizing Neuro Linguistic Programming (NLP) to eliminate irritating behaviors or issues and, if necessary, goes to subsequent times when their behavior or response was a problem, and undertakes further change work to resolve it. Written in an informative and engaging manner, Time Line Therapy and the Basis of Personality offers readers the opportunity to see how Time Line therapy works providing a clear description of how to elicit the Time Line, and sharing step-by-step methods to subsequently help the client to release a limiting decision or trauma, remove anxiety, or set a future goal. All of these key aspects are explained using clear language and easy-to-follow steps, and the authors' expert commentary is further complemented by examples, exercises and transcripts in order to help the reader transfer the theory into effective practice. In Section I, the authors explain the NLP Communication Model and share their in-depth analysis of the filters values, beliefs, attitudes, decisions, memories and meta programs which we subconsciously use as we process the world around us and which form the basis of our personalities. Section II provides a comprehensive description of the Time Line and how it works: laying down a theoretical basis for the technique before offering insight into its practice and application with a demonstrative transcript of Time Line elicitation and change work in order to illustrate the concepts explored. In Section III the authors move on to carefully survey simple and complex meta programs (and how they can be changed) before exploring the formation, evolution and changing of values in Section IV, which includes a helpful exercise that gives guidance on how to elicit values from the client. Exploring many interesting contexts and how personality can be positively changed to help people live happier lives, Time Line Therapy and the Basis of Personality is a worthy addition to any therapist's or NLP practitioner's library and is suitable reading for anyone interested in behavioral change. Sections include: Section I Introduction; Section II Time Line Therapy; Section III Meta Programs; Section IV Values. Time Line Therapy and the Basis of Personality was originally published in 1988 by Meta Publications. The Fertile Body Method is a complete guide to working with fertility and related issues using hypnosis and other mind-body approaches. It offers in-depth information about infertility and possible causes and provides practitioners with a thorough understanding of all related issues, as well as effective techniques for treating them. It will show you how to structure your treatment plans and tailor your approach to each case in a step-by-step way. Useful and simple explanations of assisted fertility treatments and medical terminology make this book accessible to all. It provides an integrative guide for enhancing natural conception as well as powerful hypnotic techniques to support IVF and other assisted reproductive technologies. Included with the book is a CD that contains many practical resources including scripts, questionnaires, self help tools, diagrams, charts and explanations leaflets for clients. Dr. Michael Newton is world-famous for his spiritual regression techniques that take hypnotic subjects back to their time in the spirit world. His two best-selling books of client case studies, Journey of Souls and Destiny of Souls, have left thousands of readers eager to discover their own afterlife adventures, their soul companions and guides, and their purpose in this lifetime. Now, for the first time in print, Dr. Newton reveals his step-by-step methods. His experiential approach to the spiritual realms sheds light on the age-old questions of who we are, where we came from, and why we are here. This groundbreaking guidebook, designed for both hypnosis professionals and the general public, completes the afterlife trilogy by Dr. Newton. How to rewire your brain to improve virtually every aspect of your life-based on the latest research in neuroscience and psychology on neuroplasticity and evidence-based practices Not long ago, it was thought that the brain you were born with was the brain you would die with, and that the brain cells you had at birth were the most you would ever possess. Your brain was thought to be "hardwired" to function in predetermined ways. It turns out that's not true. Your

brain is not hardwired, it's "softwired" by experience. This book shows you how you can rewire parts of the brain to feel more positive about your life, remain calm during stressful times, and improve your social relationships. Written by a leader in the field of Brain-Based Therapy, it teaches you how to activate the parts of your brain that have been underactivated and calm down those areas that have been hyperactivated so that you feel positive about your life and remain calm during stressful times. You will also learn to improve your memory, boost your mood, have better relationships, and get a good night sleep. Reveals how cutting-edge developments in neuroscience, and evidence-based practices can be used to improve your everyday life. Other titles by Dr. Arden include: Brain-Based Therapy-Adult, Brain-Based Therapy-Child, Improving Your Memory For Dummies and Heal Your Anxiety Workbook. Dr. Arden is a leader in integrating the new developments in neuroscience with psychotherapy and Director of Training in Mental Health for Kaiser Permanente for the Northern California Region. Explaining exciting new developments in neuroscience and their applications to daily living, Rewire Your Brain will guide you through the process of changing your brain so you can change your life and be free of self-imposed limitations. This work represents years of work in the field of clinical hypnosis. As a trained Hypnotic Professional, you will notice, the use of deepening techniques, truisms and confusion method techniques within these suggestion scripts to further deepen the hypnotic state while the client (patient) is hypnotized to increase impact and long-term effectiveness. These scripts and techniques are written in the style and language of this profession. All of these original suggestions, techniques and methods contained herein have proven effective and beneficial for the majority of clients (patients) utilizing them, quite often achieving beneficial results in one or just a few sessions. For many Hypnotists utilizing this work are finding clients (patients) achieving breakthroughs quite rapidly. Quantum Hypnosis Scripts is a 222 page book of 26 full length, professional Hypnosis scripts, ideal for either professional use or for Self Hypnosis. As the title suggests, this book focuses exclusively on Hypnosis scripts and instructions for their best use. In addition to the 20 individual, push-button Hypnosis scripts, Quantum Hypnosis Scripts provides 2 Master Hypnosis Inductions, which are essential to the use of the provided Hypnosis scripts, if you don't already have a favorite Hypnosis induction. Also included are 2 Hypnosis Series Programs of 3 Hypnosis scripts each, for Weight Loss and Stress Reduction. Since these applications are ideally treated with a series of progressive, sequential sessions which are frequently hard to find, I think that readers will be pleased with these session scripts. Readers of Quantum Hypnosis Scripts also receive a Bonus FREE full-length audio Hypnosis session, valued at \$59, available at the book's website. Detailed information on how to access your free Hypnosis session is available in the last chapter of this book. Incidentally, if you are a user of the Instant Self Hypnosis method or a reader of Eyes Open Self Hypnosis, reading these complete and suggestion-rich scripts will work well for you. For readers of Quantum Self Hypnosis and students or graduates of NEIH, these are new scripts for you, although the now familiar script framework (the beach scene) is used in all the included scripts. There are also a few essential, duplicate Hypnosis applications featured in this book complete with new suggestions and thus different scripts from those offered in Quantum Self Hypnosis. The general approach for all of the included scripts is ego-strengthening and nurturing. These scripts are very helpful for professional use as well as for Self-Hypnotists. Also important, there are no scripts in this book that utilize negative programming or aversion therapy. These scripts are all positive, present tense, and affirmative in nature, thus very effective. This book was written as a stand alone text as well as a companion book to Quantum Self Hypnosis, so readers of that book will find many new and interesting scripts to use in this book. We decided at the 11th hour to include one of our well-known Stop Smoking Hypnosis scripts because it seemed wrong not to include a script for one of the most popular Hypnosis applications in this first volume of Quantum Hypnosis Scripts. Since this script is not brand new or unique, it is being included as a Bonus script and not being counted as one of the advertised 24 Hypnosis scripts included in this book. While the script isn't unique, it is very effective, so for readers looking for a good Stop Smoking script, enjoy your bonus script! This book is considered a cornerstone work by many practicing Hypnotherapy professionals. If you are looking for quality, time tested Hypnotherapy scripts, this is the book for you! Discover the secrets of written persuasion! "The principles of hypnosis, when applied to copywriting, add a new spin to selling. Joe Vitale has taken hypnotic words to set the perfect sales environment and then shows us how to use those words to motivate a prospect to take the action you want. This is truly a new and effective approach to copywriting, which I strongly recommend you learn. It's pure genius." -Joseph Sugarman, author of Triggers "I've read countless books on persuasion, but none come close to this one in showing you exactly how to put your readers into a buying trance that makes whatever you are offering them irresistible." -David Garfinkel, author of Advertising Headlines That Make You Rich "I am a huge fan of Vitale and his books, and Hypnotic Writing (first published more than twenty years ago), is my absolute favorite. Updated with additional text and fresh examples, especially from e-mail writing, Joe's specialty, Hypnotic Writing is the most important book on copywriting (yes, that's really what it is about) to be published in this century. Read it. It will make you a better copywriter, period." -Bob Bly, copywriter and author of The Copywriter's Handbook "I couldn't put this book down. It's eye opening and filled with genuinely new stuff about writing and persuading better. And it communicates it brilliantly and teaches it brilliantly-exemplifying the techniques by the writing of the book itself as you go along." -David Deutsch, author of Think Inside the Box, www.thinkinginside.com "Hypnotic Writing is packed with so much great information it's hard to know where to start. The insights, strategies, and tactics in the book are easy to apply yet deliver one heck of a punch. And in case there's any question how to apply them, the before-and-after case studies drive the points home like nothing else can. Hypnotic Writing is not just about hypnotic writing. It is hypnotic writing. On the count of three, you're going to love it. Just watch and see." -Blair Warren, author of The Forbidden Keys to Persuasion The Healing Metaphor examines the power of metaphor in therapy and provides a range of original hypnotherapy scripts covering issues from Adoption, Grief and Anxiety to Cancer, IBS and Migraine. This 3rd book in the Hypnotherapy Revealed series, Hypnotherapy Trance Scripts was previously released as 'Advanced Ericksonian Hypnotherapy Scripts'. This new and expanded 3rd edition contains 50% more content than the 2nd edition, with additional hypnotic inductions and updated therapeutic hypnosis scripts including information about the evidence for the use of hypnosis in the treatment of many of the conditions covered in this Hypnotherapy Trance Scripts book. This Hypnotherapy Trance Scripts book has been written to be as helpful as possible, there is information to help you understand the scripts, an introduction to Ericksonian hypnotic language and techniques being used, and an overview of how to do hypnotherapy, and how to hold hypnotherapy sessions. There are 88 hypnotic induction scripts, deepeners and scripts to help people stop smoking, lose weight, lift depression, calm anxiety, sooth pain, increase performance enhancement, tackle insomnia, and much more. . . This all round package makes this book a valuable resource for anyone wanting to learn more about Ericksonian hypnosis and therapy. Hypnotherapists in training can also read and analyse the scripts and study the language, structure and multi-level communication used to further their skill and knowledge. "Let Go of the Baby Weight," "Get Over Your Ex," "Relieve Social Anxiety," "Manifest a New Job," "Save More Money," "Eat Less Chocolate" - these are a few of the 42 life changing scripts in Self Hypnosis As You Read. This easy to use method brings you into a hypnotic state and improves your life without ever putting down the book. You remain aware at all times and gently come back to everyday consciousness. And there is no memorizing or hour-long sessions needed. Typically, self hypnosis requires script memorizing and takes up to an hour of your valuable time. With Forbes Robbins Blair's method you put aside a pleasant, effective 15-20 minutes for a few days until you reach your goals. This book of 42 scripts comes at the requests of readers of the best selling book, Instant Self Hypnosis: How to Hypnotize Yourself with Your Eyes Open. Self Hypnosis As You Read: 42 Life Changing Scripts can make the difference. Conquer dozens of life's most challenging problems head-on, quickly and easily. Change negative habits to positive. Take your life to the next level! Giving mental health practitioners a complete, fully-scripted, weight reduction program that addresses the problem of obesity in adults, this manual contains complete step-by-step instructions for managing and conducting a program to add a valuable and profitable service to an existing private practice. Includes a CD which contains a reproducible client workbook. In this completely revised, updated and expanded volume, the editors have brought together some of the field's most outstanding contributors to examine the wide-ranging applications and promise of the use of hypnosis with children. The book develops core principles of clinical hypnosis with children and adolescents and each contributor delineates how they apply these precepts in a range of psychological and medical settings. The result is a constellation of perspectives and clinical applications that move the reader beyond literature review to practical advice. Reframing Hypnotherapy is the book that will transform your hypnosis sessions! This book is about Contextual Hypnotherapy, the evidenced-based

approaches you can use to problem solve in clinical hypnosis. Its purpose is to free you from the constraints of the methods of hypnosis that are based on tradition rather than research and to teach you new skills you can use with your clients immediately. By overviewing the research that behavioral therapists use, specific methods and techniques that are based on hypnotic intervention are outlined and shared. What this means is that the new techniques you learn will be based on research and will have proven outcomes. It also means that when you finish this book you will have the resources and the methods to integrate these new tools into your hypnosis sessions. This book was originally published as a Contextual Psychology but has been completely revised and updated so that clinical hypnosis professionals can also benefit from the tools of mindfulness, positive psychology, ACT therapy and other modalities that share common roots in trancework and hypnosis. Dr. Richard K. Nongard is a thought leader in hypnotherapy and the author of numerous books that have helped professional hypnotists worldwide. He is the Executive Director of Hypnosis Practitioner Training Institute in Las Vegas. He is also a Licensed Marriage and Family Therapist, with accredited degrees in both counseling and transformational leadership. Kelley T. Woods is a hypnotherapist in Anacortes, Washington. She is the author of numerous books on clinical hypnotherapy and mindfulness. She is an ICBCH board member and an instructor at H.P.T.I. This book of more than 100 Hypnotherapy scripts is based on over 20 years of experience. This book is expanded on the first edition to include more hypnotic inductions & 'quit smoking scripts & strategies' and additional description about using the scripts. This isn't just another hypnosis scripts book. It also gives the reader ideas and suggestions on how to run a Hypnotherapy session from gathering information to carrying out the hypnotic work, ending a session and setting tasks. It also introduces Ericksonian Hypnotic language patterns and script structure so that the reader can have a deeper understanding of what is being done in the scripts and why they are written the way they are. This all round package makes this book a valuable resource for anyone wanting to learn more about Ericksonian hypnosis. "A must for all hypnosis and NLP students" Hypnotherapists in training can read and analyse the Hypnotherapy scripts & study the language, structure & multi-level communication used. Hypnotherapy Scripts, 2nd Edition is a straightforward, practical guide for doing Ericksonian hypnotherapy. This book not only explains the rationale for every step in the hypnotherapeutic process, it also contains sample scripts for each step. This edition of Hypnotherapy Scripts guides professionals through the construction of their own hypnotherapy induction and suggestion scripts. Verbatim sample transcripts of various induction and therapeutic suggestion procedures with detailed guidelines for creating one's own hypnotherapeutic inductions and metaphors are included. Recent research and writings on the role of unconscious processes, wellness, and positive psychology have been added to this edition. Also included is a detailed review of the diagnostic trance process, a therapeutic procedure unique to this text. If you suffer from chronic pain, whether as a result of an injury, illness, or accident, you know it can interfere with every aspect of your life. You may also know the medical treatments currently available are limited and, for many, ineffective. Current research has shown hypnosis to be an effective treatment for managing chronic pain, and almost all patients who learn self-hypnosis skills benefit from this approach. The hypnosis treatment found in this workbook has been scientifically tested and proven effective for reducing the intensity of chronic pain, including migraines, back pain, and tension headaches, among others. This workbook explains how to use these techniques to manage your chronic pain and take back control of your life and your health. Used in combination with the program described in the corresponding therapist guide, this workbook teaches you self-hypnosis skills for lessening your pain, enhancing your sleep, and improving your mood. The first chapters will help you understand how hypnosis works by changing how your brain deals with information it receives from the body. The complete hypnosis treatment described in this book, alongside the treatment you receive from your clinician, will ultimately teach you skills for pain management that you can use at any time, and for the rest of your life. "An excellent blueprint to understanding pain and the fundamentals of how hypnosis combined with CBT can offer pain amelioration. Perfect, even for uninitiated practitioners who wish to use empirically based scripts."--Jeffrey Zeig, Ph.D., The Milton Erickson Foundation "Pain can too easily enslave people, holding them captive in many different ways. It is a liberating theme of empowerment that echoes throughout Dr. Jensen's work: he empowers clinicians to work more knowledgeably and skillfully with people who suffer painful conditions using his therapist guide, and he encourages the suffering individual to break free from pain's grip with the practical pain management skills taught in his workbook. Dr. Jensen's vision for the many ways hypnosis can help reduce the debilitating effects of painful conditions is fresh, inspiring and should be regularly integrated into every pain management program."--Michael D. Yapko, Ph.D., Clinical Psychologist and author of Trancework: An Introduction to the Practice of Clinical Hypnosis (Third Edition) and Treating Depression with Hypnosis Magic Words and Language Patterns is a powerful, highly useful book, the first in the SCRIPTLESS HYPNOSIS HANDBOOK series. Hypnotists of all levels of experience will be able to expand their skills to new heights to create the most effective sessions and the most profitable practices.
