Breasts: The Owner's Manual May 25 2020 A national bestseller! Breast cancer surgeon Dr. Kristi Funk offers a comprehensive and encouraging approach to breast care and breast cancer. Empower yourself with facts and strategies to understand your breasts, reduce your cancer risk, and open your eyes to interventions and treatments. Most women don't want to hear about breast cancer unless they have it and need to make some decisions, but these days news about breast cancer—the number one killer of women ages twenty to fifty-nine—is everywhere. Chances are you know someone who has had it. But did you know that choices you make every day bring you closer to breast cancer—or move you farther away? That there are ways to reduce your risk factors? And that many of the things you've heard regarding the causes of breast cancer are flat-out false? Based on Dr. Kristi Funk's experience as a board-certified breast cancer surgeon, she knows for a fact that women have the power to reduce breast cancer risk in dramatic ways. Many women believe that family history and genetics determine who gets breast cancer, but that's not true for most people. In fact, 87 percent of women diagnosed with breast cancer do not have a single first-degree relative with breast cancer. This book will help you: Learn the breast-health basics that every woman should know Reduce your cancer risk and recurrence risk based on food choices and healthy lifestyle changes backed by rigorous scientific research Understand the

controllable and uncontrollable risk factors for breast cancer
Outline your medical choices if you're at elevated risk for or
are already navigating life with breast cancer There have
been few solid guidelines on how to improve your breast
health, lower your risk of getting cancer, and make informed
medical choices after treatment—until now. With her book
available in 10 languages and in more than 30 countries, Dr.
Funk is passionate about her mission of educating as many
women as possible about what they can do to stop breast
cancer before it starts. Praise for *Breasts: The Owner's
Manual*: “Dr. Funk writes *Breasts: The Owner's Manual* just
like she talks: with conviction, passion, and a laser focus on
you.”—Dr. Mehmet Oz, Host of *The Dr. Oz Show* “*Breasts:
The Owner's Manual* will become an indispensable and
valued guide for women looking to optimize health and
minimize breast illness.”—Debu Tripathy, MD, Professor and
Chair, Department of Breast Medical Oncology, University of
Texas MD Anderson Cancer Center “*Breasts: The Owner's
Manual* not only provides a clear path to breast health, but a
road that leads straight to your healthiest self. As someone
who has faced breast cancer, I suggest you follow it.”—Robin
Roberts, Co-anchor, *Good Morning America*

YOU: On A Diet Revised Edition Nov 18 2019 As they did with the revised edition of *YOU: The Owner's Manual*, which has sold nearly 200,000 revised copies, Dr. Roizen and Dr. Oz have updated their classic, international bestseller on diet.

This nearly three million copy seller is filled with new information on emotional eating, the latest fad diets, maintaining a healthy lifestyle, and over a hundred recipes. For the first time in our history, scientists are uncovering astounding medical evidence about dieting—and why so many of us struggle with our weight and the size of our waists. Now researchers are unraveling biological secrets about such things as why you crave chocolate or gorge at buffets or store so much fat. Michael Roizen and Mehmet Oz, America's most trusted doctor team and authors of the bestselling YOU series, are now translating this cutting-edge information to help you shave inches off your waist. They're going to do it by giving you the best weapon against fat: knowledge. By understanding how your body's fat-storing and fat-burning systems work, you're going to learn how to crack the code on true and lifelong waist management. Roizen and Oz will invigorate you with equal parts information, motivation, and change-your-life action to show you how your brain, stomach, hormones, muscles, heart, genetics, and stress levels all interact biologically to determine if your body is the size of a baseball bat or of a baseball stadium. In YOU: On a Diet, Roizen and Oz will redefine what a healthy figure is, then take you through an under-the-skin tour of the organs that influence your body's size and its health. You'll even be convinced that the key number to fixate on is not your weight, but your waist size, which best indicates the medical risks of storing too much fat. Because the world has almost as many diet plans as it has e-mail spammers, you'd think that just about all of us would know everything there is to know about dieting, about fat, and about the reasons why our bellies have grown so large. YOU: On a Diet is much more than a diet plan or a series of instructions and guidelines or a faddish berries-only eating plan. It's a complete manual for waist management. It will

show you how to achieve and maintain an ideal and healthy body size by providing a lexicon according to which any weight-loss system can be explained. YOU: On a Diet will serve as the operating system that facilitates future evolution in our dieting software. After you learn about the biology of your body and the biology and psychology of fat, you'll be given the YOU Diet and YOU Workout. Both are easy to learn, follow, and maintain. Following a two-week rebooting program will help you lose up to two inches from your waist right from the start. With Roizen and Oz's signature accessibility, wit, and humor, YOU: On a Diet—The Owner's Manual for Waist Management will revolutionize the way you think about yourself and the food you consume, so that you'll diet smart, not hard. Welcome to your body on a diet.

YOU: Having a Baby Mar 23 2020 America's favorite doctors Michael Roizen and Mehmet Oz cover pregnancy from conception to birth. Few life experiences feature emotional swings as extreme as those of pregnancy—it's a monumental mix of both intense excitement and skip-a-beat anxiety. How do you respond to such a situation? If you're like most, you scour websites, read books, browse blogs, and pick the brains of every friend, family member, and store clerk who's ever had a baby. You talk about the ups and downs, the cravings and the nausea, the maternity clothes and the stretch marks. During this 280-day journey, this sometimes scattered mind-set is perfectly natural—and healthy. But often you need help cutting through the clutter. In *YOU: Having a Baby*, Dr. Mehmet Oz and Dr. Michael Roizen, America's Doctors, will help ease your tension by teaching you not only about what you can do but also why you should do it. They'll explore the biology of your body with amazing insights about a cutting-edge new field called epigenetics, which gives you the power to change the genetic destiny of your child. And they'll give you all the ins and outs of nutrition, exercise, hormones, fetal development, and many more pregnancy-related issues. Using their signature wit and wisdom, they'll test your knowledge, bust many myths, and reassure you that your maternal instincts are usually pretty darn good. After all, the doctors want the exact same thing as you do during this journey—a healthy baby (and a healthy mom). Be assured that *YOU: Having a Baby* will be one of your favorite passengers on this wonderful ride.

The Startup Owner's Manual Jun 25 2020 More than 100,000 entrepreneurs rely on this book for detailed, step-by-step instructions on building successful, scalable, profitable startups. The National Science Foundation pays hundreds of startup teams each year to follow the process outlined in the book, and it's taught at Stanford, Berkeley, Columbia and

more than 100 other leading universities worldwide. Why? The Startup Owner's Manual guides you, step-by-step, as you put the Customer Development process to work. This method was created by renowned Silicon Valley startup expert Steve Blank, co-creator with Eric Ries of the "Lean Startup" movement and tested and refined by him for more than a decade. This 608-page how-to guide includes over 100 charts, graphs, and diagrams, plus 77 valuable checklists that guide you as you drive your company toward profitability. It will help you:

- Avoid the 9 deadly sins that destroy startups' chances for success
- Use the Customer Development method to bring your business idea to life
- Incorporate the Business Model Canvas as the organizing principle for startup hypotheses
- Identify your customers and determine how to "get, keep and grow" customers profitably
- Compute how you'll drive your startup to repeatable, scalable profits.

The Startup Owner's Manual was originally published by K&S Ranch Publishing Inc. and is now available from Wiley. The cover, design, and content are the same as the prior release and should not be considered a new or updated product.

Nutrition: The Owner's Manual Aug 08 2021 Cutting-edge, user-friendly, and comprehensive: the revolutionary guide to the brain, now fully revised and updated At birth each of us is given the most powerful and complex tool of all time: the human brain. And yet, as we well know, it doesn't come with an owner's manual—until now. In this unsurpassed resource, Dr. Pierce J. Howard and his team distill the very latest research and clearly explain the practical, real-world applications to our daily lives. Drawing from the frontiers of

psychology, neurobiology, and cognitive science, yet organized and written for maximum usability, *The Owner's Manual for the Brain, Fourth Edition*, is your comprehensive guide to optimum mental performance and well-being. It should be on every thinking person's bookshelf. What are the ingredients of happiness? Which are the best remedies for headaches and migraines? How can we master creativity, focus, decision making, and willpower? What are the best brain foods? How is it possible to boost memory and intelligence? What is the secret to getting a good night's sleep? How can you positively manage depression, anxiety, addiction, and other disorders? What is the impact of nutrition, stress, and exercise on the brain? Is personality hard-wired or fluid? What are the best strategies when recovering from trauma and loss? How do moods and emotions interact? What is the ideal learning environment for children? How do love, humor, music, friendship, and nature contribute to well-being? Are there ways of reducing negative traits such as aggression, short-temperedness, or irritability? What is the recommended treatment for concussions? Can you delay or prevent Alzheimer's and dementia? What are the most important ingredients to a successful marriage and family? What do the world's most effective managers know about leadership, motivation, and persuasion? Plus 1,000s more topics!
