It's music and art. Modern and classic. Beautiful and rugged. It's time alone and time with friends. It's timeless. It's for everyone. It's a whole lot of fun. And now it's easier to learn than ever before! Learn at your own pace You open the book, flip past the section about the various types of guitars and equipment. You're on a mission. You're thinking of that guitar you've had sitting in the corner. The one you promised yourself you'd learn how to play. You pick it up, turn to the section on tuning, and before long, you're ready to go. Next, you follow the tabbed pages to the section on chords. In minutes you've learned how to read rhythm slashes and you're successfully strumming a couple of chords. On a high, you flip to the section on note reading. Minutes later, you can play three notes on the first string, and for the first time ever, you're reading the notes on a staff and keeping time! This is fun! You flip to the tablature section. Woah, this looks different, but you read through the brief instructions and once again, you find you can do it! Now you're playing notes on multiple strings-and wait-did I just play a song? Why didn't I start playing years ago, you ask yourself. That's because you never had Beginner Guitar, the newest book in The Missing Method for Guitar family. It's everything you need to get started Beginner Guitar is not just another method book; it's a guide to entering the world of guitar for yourself. Each section allows you to move step-by-step through everything you'll need to become a confident player. Explore the basics of the instrument, including different types of guitars and equipment Learn to play chords (including power chords) and progressions Discover how much fun it can be to use tablature, read notes, or play by ear Practice fingerpicking techniques Try out various playing styles-country, rock, folk, jazz, blues, and classical Learn how to care for your instrument and change strings And much more! With this innovative structure, you'll be strumming the open chords, traveling up and down the fretboard with barre chords and rocking out with power chords in absolutely no time. 2-3/4 x 4 spiral bound. World-renowned Brazilian classical guitar virtuoso Carlos Barbosa-Lima has written: "Jeffrey Goodman's excellent book, "A Beginner's Guide to the Classical Guitar," is very well conceived, covering all the multiple aspects of guitar technique. Exercises are built in a progressive way, having a wide variety of musical styles through various centuries. It includes pieces by guitarist/composers such as Fernando Sor and Dionisio Aquado as well as transcriptions by J.S. Bach, G.F. Handel and Rameau. The book also contains an appropriate introduction to flamenco technique that can be applied to classical playing. Utilizing Mr. Goodman's method as presented here, students will attain a broad musical reach, cultivating the multiple possibilities of the guitar with its rich polyphonic and colorful resources. I highly recommended this method and approach not only to all beginning classical guitar students, but also to pedagogues of the classical guitar as an excellent teaching tool and resource." Carlos Barbosa-Lima Baltimore, MD 2016 A Beginner's Guide to the Classical Guitar is a complete "stand-alone" instruction resource for the first year or two of classical guitar study, and includes basic presentations of fundamentals of music, music and guitar notation, right and left hand technique, as well as an extensive repertoire section that contains music organized by both key and level of difficulty. Along with traditional beginner's musical fare, a

refreshingly wide range of music is also offered to the novice guitarist: from melodies of Bach, Vivaldi, Mozart, and Beethoven, to ancient Greek, Tibetan, and Chinese music. In addition, this book is the central hub that, along with multimedia teaching materials, will open many new opportunities for the guitarist. The multimedia resources include a central information depot at the Shelter of Clear Light website, viewable scores with live playback at ScoreExchange.com, a CD and 77 audio recordings of much of the repertoire at iTunes, as well as more than 40 instructional videos on YouTube. This book will help all guitar players make better friends with their present guitar or decide on features to look for in a new one. They will learn about the differences in guitar woods (and how they sound), simple guitar maintenance, how to choose an instrument for their style of playing, what to expect from a music dealer, and the mystique of collectible guitars. This new edition includes more details on amplifying acoustic guitars, and a guide to guitar companies' Web sites. (Guitar Educational). Finally, a guitar method designed specifically for girls that teaches how to play using real songs by the world's most popular female artists and songwriters! This fun and easy-to-use book/CD pack will get you strumming chords and singing your favorite songs in no time, without even having to read music. Whether you're an absolute beginner or a budding songwriter, you'll gain many valuable tools as you progress through the book, which is loaded with inspirational quotes and words of encouragement. Topics covered include: guitar basics, tuning, basic chords, strumming techniques, chord alternatives, power chords, tab, single-string picking, palm muting, using a capo, creative songwriting ideas, and more! Songs include: Angel * Back on the Chain Gang * Beautiful * Come to My Window * Girls with Guitars * I Love Rock 'N Roll * Landslide * Mean * We Got the Beat * You Oughta Know * and more. This ultimate guide to great playing includes lessons on everything from barre chords to tapping, slide and sweeping, to fingerstyle, flamenco, and more! (Music Sales America). If you have ever been left feeling dazed and confused by the sheer volume and variety of guitar methods to choose from, or simply put off by the amount of text to wade through before you even start playing, then this book is exactly what you need. Using pictures and diagrams to show you the essentials, here is the most simple and direct way to start playing the guitar immediately! Perfect for the absolute beginner, no prior musical knowledge or experience is required as you progress effortlessly from tuning and finger positions to basic chords and strumming. In fact, the Picture Guide To Playing Guitar will have you playing classic songs by the likes of Chuck Berry, The Beatles and T. Rex within minutes! There really is no easier way, without delay, to become a musician today! Arthur Dick is a session guitarist, author and teacher with over twenty years' experience. He has worked with Cliff Richard, Selena Jones, Barbara Dickson, Helen Shapiro, Susan Maughan, Bernie Flint, Chris Rea and Davy Jones, amongst others, as well as performing in many West End stage shows. He currently lectures on jazz and contemporary guitar at Goldsmith's College, University of London. How to Read Guitar Tablature contains tips, insights and over 90 recorded musical examples that demonstrate the techniques in action. Covers set-up, maintenance, tuners, acoustic adjustments, nut replacement, fret dressing, refretting, guitar electronics, finish application and repair, and useful tools. Explains how to select a guitar, understand chords and melodies, how to read notes, explore different musical styles, and details how guitar music is written. Beginner's Guide to Electric Guitar is all you need to start playing electric guitar. With an easy-to-understand and down-to-earth tone, this book gets to the important stuff first and doesn't bog you down with all the details. Learn all about the different types of electric guitars, amplifiers, and effects, and learn how to play like Led Zeppelin, The White Stripes, Black Sabbath, Pink Floyd, Green Day, Metallica, Nirvana, Rage Against the Machine, Jimi Hendrix, AC/DC, Alice in Chains, and more. To keep things simple, the music examples are written in TAB only and are designed to get you playing quickly--from riffs on a single string to power chords, pentatonic scales, and tunes in drop-D tuning. The accompanying CD features a full band to play along with. "We loved the book. The information was well paced and concise enough not to overwhelm. Any beginner would definitely benefit from having this book, and it's a great reminder for those who might have forgotten details or are looking for them." -- Nimal De Silva, The Music Garage (Singapore) "Plenty of detail that goes into posture, hand position, thumb position, etc. The notation and strumming is

really good here because it builds up in stages. In a lesson, you can introduce it in this way piece by piece and not overwhelm the student." -- Michael Hanna, Grade 8 RS.Guitar - Larne Guitar School (N.Ireland) Learn to Play Guitar is comprehensive and clear with over 180 photographic examples, illustrations and purpose made diagrams. This guitar book includes 42 downloadable mp3 tracks of full band demo and backing track with the guitar removed for you to play over. Learn to Play Guitar bridges the gaps explaining guitar techniques that can be taken for granted by more experienced guitar players. Melodies: To get you straight into playing music, numbers have been added underneath guitar tablature to assist with the rhythm. Later on, the rhythmical aspect of conventional music notation is covered so you can use it in conjunction with tablature. Rhythm Guitar: Changing between chords and strumming are presented as separate subjects initially, so that you can develop coordination in each hand independently. They are then brought together starting basic and getting more advanced until there is a rhythm guitar musical piece to play. Music theory: The major scale, minor scale, major and minor pentatonic scales and basic major and minor chord construction are explained in terms of the fret-board and reinforced by musical pieces in various styles to make the learning process practical and enjoyable. What else?: Fret-board layout, power chords, barre chords, how to string a guitar, how to practise guitar, palm muting and basic lead guitar techniques. Please Note: The eBook includes musical pieces so is not suitable for smaller screens. "This top value eBook and MP3 package covers a wide range topics essential for all guitarists. Over 100 pages with plenty of information and solid advice that a player can dip into as needed. Evans does not gloss over the often neglected area of reading notation for rhythm. There are many examples to practice (melodies and rhythm patterns) with the backing tracks. I was especially interested in the final section of exercises to keep your body guitar-ready. A very useful tool to help you progress with your guitar playing." -- Hedley Timbs BA(Mus), Grad.Dip. Teaching (New Zealand) "Awesome. Well laid out, easy to look at and there is the supplemental material to top it off. The theory may get tedious for some, it's hard to not teach theory but most people seem to have an aversion to it, the idea of discipline I think." -- Gernot Schlegel, Professional Guitarist & Teacher (Canada) "There's two ways of learning the guitar - the first is to learn enough of the basics to fly towards playing your favourite songs competently, and the second is to intensively gain an understanding of the instrument by forming a solid foundation through taking your time with it in the early stages. The book titled "Learn to play Guitar" by Gareth Evans is of the latter approach. Through reading and learning from this book, players can discover a deep, extensive and in-depth approach to the technique, theory and everything else related to being a good beginner guitarist. Newcomers can learn positive and productive exercises to train their body to better play the guitar (not just their fingers) and across the 120 or so pages within, it's clear that the writer has put a lot of time into figuring out the right approach for starters to take when adjusting to the standard 6-string. Would recommend this for anyone who is looking to get a really solid grip on how to play the guitar, and also to tutors who are looking at ways to improve their own tutoring abilities." -- Logan Ellis, Mgr. Spiderhands Productions Ltd (New Zealand) "Learn to play Guitar is an ideal companion to support the beginner on their new found musical journey. Highly recommended." -- Liam Cain, BMus (hons) Professional Guitarist (UK) (Guitar Educational). Total Rock Guitar is a unique and comprehensive source for learning rock guitar, designed to develop both lead and rhythm playing. This book/CD pack covers: getting a tone that rocks; open chords, power chords and barre chords; riffs, scales and licks; string bending, strumming, palm muting, harmonics and alternate picking; all rock styles; and much more. The examples in the book are in standard notation with chord grids and tablature, and the CD includes full-band backing for all 22 songs. (Guitar Educational). In the past few years the market for electric guitar kits and parts has exploded. For every two enthusiasts, there are four opinions on how properly to fill woodgrain. In this book, Will Kelly cuts through all that noise and shows how, with a little patience and some inexpensive tools, the average person can turn a modest investment into a gig-worthy instrument and perhaps even a lifelong hobby. Kelly presents guitar-building in a progressive fashion, beginning with a simple Stratocaster-style kit with a bolt-on neck and continuing on to a "relic'd" Telecaster-style build, two Gibson-style set-neck models, and a custom double-neck mash-up. Because each build is more involved than the previous, the reader builds on his or her skill set and acquires only the tools necessary for the reader's level of interest. Kelly shows how to apply finishes, choose and install hardware, wire electronics, execute the final assembly, and set up the finished guitar for proper action and intonation.
