Katharine J. Lualdi is professor of history and on the faculty of the Honors Program at the University of Southern Maine. Thayer and Lualdi share an interest in late medieval and early modern Christianity and have collaborated on the edited volume *Penitence in the Age of Reformations*.

Become a Franchise Owner! Jan 30 2021 The definitive A-to-Z guide to researching, selecting, and starting a viable franchise business With more and more professionals looking for alternatives to traditional corporate employment, *Become a Franchise Owner!* informs would-be franchise owners of the joys and perils of purchasing a franchise. Authored by a trusted, feisty, tell-it-how-it-is independent franchise industry insider, this book offers straightforward, step-by-step tips and advice on how to properly (and carefully) research and select a franchise business. Get tips on how to locate information about franchises, current industry trends, interviews with franchisors, and hot franchise

opportunities. Offers a self-evaluation to discover if you are "franchise material" Describes how to choose the right franchise for your specific situation Lists the 40 crucial questions to ask current franchise owners Owning a franchise isn't for everyone; in fact, as Joel Libava says, "it's really not for most people." But if it is for you, this book can guide you in starting your own successful franchise business.

The Manual For Living May 22 2020 THE MANUAL FOR LIVING is the first and best primer for living the best possible life -- as helpful in the twenty-first century as it was in the first.

Epictetus's teachings rank among the greatest wisdom texts of human civilization. Epictetus taught that philosophy is a way of life and not just a theoretical discipline. To Epictetus, all external events are beyond our control; we should accept calmly and dispassionately whatever happens. However, individuals are responsible for their own actions, which they can examine and control through rigorous self-discipline. By putting into practice the ninety-three wise instructions that make up *The Art of Living*, readers learn to successfully meet the challenges of everyday life.

Dryden's Handbook of Individual Therapy Jan 10 2022 This updated handbook presents a comprehensive overview of the key approaches to individual therapy practice, including three new chapters on narrative therapy, solution-focused therapy and integrative and eclectic approaches.

The SAGE Handbook of Personality and Individual Differences Jun 03 2021 The examination of personality and individual differences is a major field of research in the modern discipline of psychology. Concerned with the ways humans develop an organised set of characteristics to shape themselves and the world around them, it is a study of how people come to be 'different' and 'similar' to others, on both an individual and a cultural level. This volume focuses on various contexts and applications of personality and individual differences, in chapters arranged across three thematic sections: Part 1: Health and

Psychological Adjustment Part 2: Social Behavior Part 3: Personality in the Workplace With outstanding contributions from leading scholars across the world, this is an invaluable resource for researchers and graduate students.

The Play Goer and Theatrical Recorder Oct 15 2019

Soul: Treatment and Recovery Apr 20 2020 Murray Stein is well-known as an insightful and pioneering author and academic. *Soul: Treatment and Recovery* presents a selection of papers and book chapters spanning his career from 1973 to 2012. The chapters included in this collection speak for Stein's hope that individuals and humanity as a whole can evolve toward greater consciousness and awareness of meaning in daily life. The book is presented in four parts, each of which represents a stage in Stein's personal development as an author. Part One, *Psyche and Myth*, presents papers which draw on timeless documents of the soul for the benefit of our generations of humans who are no longer contained within mythic consciousness. In Part Two, *Clinical Themes*, Stein has selected papers and an interview that explore themes familiar to many clinicians that were raised in his own practical work as a Jungian psychoanalyst. Part Three is dedicated to the process of individuation, a key notion in analytical psychology which lies at the heart of the Jungian enterprise and is a topic that has occupied Stein throughout his career. Finally, Part Four presents several papers dealing with the theme of psychology and spirituality, a matter of increasing concern to Stein in recent years. This unique collection of work will be of great interest to analytical psychologists and psychotherapists as well as academics and students in the field. Additionally, for anyone invested in the project of self-discovery and with the desire to relate more deeply to self and world, the papers included here will suggest important points of reference and directions to pursue further.

DBT Skills Training Manual, Second Edition May 14 2022 From Marsha M. Linehan--the developer of dialectical behavior therapy

(DBT)--this comprehensive resource provides vital tools for implementing DBT skills training. The reproducible teaching notes, handouts, and worksheets used for over two decades by hundreds of thousands of practitioners have been significantly revised and expanded to reflect important research and clinical advances. The book gives complete instructions for orienting clients to DBT, plus teaching notes for the full range of mindfulness, interpersonal effectiveness, emotion regulation, and distress tolerance skills. Handouts and worksheets are not included in the book; purchasers get access to a webpage where they can download and print all the handouts and worksheets discussed, as well as the teaching notes. The companion volume is available separately: *DBT Skills Training Handouts and Worksheets, Second Edition*. New to This Edition *Handouts and worksheets (available online and in the companion volume) have been completely revised and dozens more added--more than 225 in all. *Each module has been expanded with additional skills. *Multiple alternative worksheets to tailor treatment to each client. *More extensive reproducible teaching notes (provided in the book and online), with numerous clinical examples. *Curricula for running skills training groups of different durations and with specific populations, such as adolescents and clients with substance use problems. *Linehan provides a concise overview of "How to Use This Book." See also *DBT Skills Training Handouts and Worksheets, Second Edition*, a spiral-bound 8 1/2" x 11" volume containing all of the handouts and worksheets and featuring brief introductions to each module written expressly for clients. Plus, *Cognitive-Behavioral Treatment of Borderline Personality Disorder*, the authoritative presentation of DBT. Also available: Linehan's instructive skills training videos for clients--*Crisis Survival Skills: Part One*, *Crisis Survival Skills: Part Two*, *From Suffering to Freedom*, *This One Moment*, and *Opposite Action*.

The Palgrave Handbook of the Anthropology of Technology Apr

01 2021 This Handbook offers an overview of the thriving and diverse field of anthropological studies of technology. It features 39 original chapters, each reviewing the state of the art of current research and enlivening the field of study through ethnographic analysis of human-technology interfaces, forms of social organisation, technological practices and/or systems of belief and meaning in different parts of the world. The Handbook is organised around some of the most important characteristics of anthropological studies of technology today: the diverse knowledge practices that technologies involve and on which they depend; the communities, collectives, and categories that emerge around technologies; anthropology's contribution to proliferating debates on ethics, values, and morality in relation to technology; and infrastructures that highlight how all technologies are embedded in broader political economies and socio-historical processes that shape and often reinforce inequality and discrimination while also generating diversity. All chapters share a commitment to human experiences, embodiments, practices, and materialities in the daily lives of those people and institutions involved in the development, manufacturing, deployment, and/or use of particular technologies. Chapters 11 and 31 are available open access under a Creative Commons Attribution 4.0 International License via link.springer.com.

Handbook of Social Justice Theory and Research Jul 04 2021 The International Society for Justice Research (ISJR) aims to provide a platform for interdisciplinary justice scholars who are encouraged to present and exchange their ideas. This exchange has yielded a fruitful advance of theoretical and empirically-oriented justice research. This volume substantiates this academic legacy and the research prospects of the ISJR in the field of justice theory and research. Included are themes and topics such as the theory of the justice motive, the mapping of the multifaceted forms of justice (distributive, procedural) and justice in context-bound spheres (e.g. non-humans). It presents a comprehensive "state of

the art" overview in the field of justice research theory and it puts forth an agenda for future interdisciplinary and international justice research. It is worth noting that authors in this proposed volume represent ISJR's leading scholarship. Thus, the compilation of their research within a single framework exposes potential readers to high quality academic work that embodies the past, current and future trends of justice research.

Envy as a Retarding Force in Science Jun 22 2020 This is a study of the role that the human emotion of envy has had - and continues to play - in scientific and academic research. From detailed case histories, it shows that envy of colleagues and rivals can be a serious inhibiting factor in both the direc

Handbook of Violence Risk Assessment and Treatment Oct 07

2021 "This book describes violence risk assessment in both juveniles and adults, incorporating dynamic and static factors, along with treatment alternativesÖ..Research and practice are combined quite nicely, along with assessment and treatment.

There is something for everyone here." Score: 91, 4 stars --

Doody's "Forensic clinicians will find this book to be a valuable reference book as well as a very useful clinical treatment guide relevant to violent offenders." --Jeffrey L. Metzner, MD Mental

health practitioners are confronted with the difficult task of assessing the risk that offenders pose to the general public. This comprehensive volume provides practitioners with the knowledge and insight necessary to conduct violence risk assessments, and to synthesize clinical and research data into comprehensive reports and oral testimony. Violence risk assessment requires a well-formulated and comprehensive risk management plan.

Andrade and the authors present that plan, and demonstrate how

it can be clearly implemented in practice. With numerous clinical case studies, this book illustrates the process of conducting violence risk assessments, outlines the tools used in these evaluations, and explains how information is translated into an overall assessment and guide for future risk management. Key Features: Investigates the etiology of violent behavior, and provides a review and analysis of recent literature Discusses both adult and youth violence, providing insight into the developmental course of aggressive behavior throughout the lifespan Contains chapters on special populations, including female offenders, intimate partners, psychopathic and mentally ill offenders, and sexually abusive youth Useful to practitioners from various fields including social work, psychology, and psychiatry, as well as students in these disciplines Ultimately, this book provides practitioners with an understanding of risk assessment, treatment, and risk management, serving as an authoritative guide to applying empirical findings to mental health practice.

Review Manual for Massachusetts General Hospital

Handbook of General Hospital Psychiatry Feb 17 2020 This easy-to-use manual is the only review tool of its kind! Distilled from the parent text on consultation-liaison psychiatry, it presents hundreds of questions-with rationales-that challenge the reader's knowledge in all aspects of psychosomatic medicine. Written by a practicing clinician-from one of the premier psychiatric departments in the world-for those working at the interface of medicine and psychiatry, it covers the entire burgeoning field of psychosomatic medicine. Readers will also find how to best prepare for the first-time ever board examination in the field coming in June 2005. Features 800 clinically relevant questions that test the reader's understanding of the full range of common

topics on the diagnosis and treatment of the in-hospital, medically ill patient. Includes correct answers accompanied by detailed rationales. Presents questions that focus on simple recall, as well as those that challenge the reader's interpretive and problem-solving skills. Uses a standard testing format with multiple-choice, true/false, and matching sets.

The Manual of happiness, by H. Barry, ed. by his daughter [E. Newby]. Sep 18 2022

The Ladies' Book of Etiquette, and Manual of Politeness Nov 27 2020

Fontane in the Twenty-First Century Aug 05 2021 Assesses the relevance of the works of Fontane, perhaps the foremost German novelist between Goethe and Mann, for the twenty-first century.

The News Aug 25 2020 Alain de Botton explores our relationship with 'the news' in this book full of his trademark wit and wisdom.

Following on from his bestselling *Religion for Atheists*, Alain de Botton turns now to look at the manic and peculiar positions that 'the news' occupies in our lives. We invest it with an authority and importance which used to be the preserve of religion - but what

does it do for us? Mixing current affairs with philosophical

reflections, de Botton offers a brilliant illustrated guide to the precautions we should take before venturing anywhere near the

news and the 'noise' it generates. Witty and global in reach, *The News* will ensure you'll never look at reports of a celebrity story or political scandal in quite the same way again. Praise for

Religion for Atheists: 'Smart and stimulating . . . a sensitive analysis of the deeply human needs that faith meets' *Financial*

Times 'A serious and optimistic set of practical ideas that could improve and alter the way we live . . . energetic and on the side of

the angels' Jeanette Winterson, *The Times* 'Packed with tantalising goads to thought and playful prompts to action'

Independent Alain de Botton's bestselling books include *Religion for Atheists*, *How Proust Can Change Your Life*, *The Art of Travel*,

and *The Architecture of Happiness*. He lives in London and founded *The School of Life* (www.theschooloflife.com) and *Living*

Architecture (www.living-architecture.co.uk). For more information, consult www.alaindebotton.com.

SCP Series Two Field Manual Jan 22 2023 SCP Foundation

anomalies SCP-1000 through to SCP-1999, including containment

procedures, auxiliary documents, experiment logs and interview transcripts. An encyclopedia of the unnatural. The Foundation Operating clandestine and worldwide, the Foundation operates beyond jurisdiction, empowered and entrusted by every major national government with the task of containing anomalous objects, entities, and phenomena. These anomalies pose a significant threat to global security by threatening either physical or psychological harm. The Foundation operates to maintain normalcy, so that the worldwide civilian population can live and go on with their daily lives without fear, mistrust, or doubt in their personal beliefs, and to maintain human independence from extraterrestrial, extradimensional, and other extranormal influence. Our mission is three-fold: Secure The Foundation secures anomalies with the goal of preventing them from falling into the hands of civilian or rival agencies, through extensive observation and surveillance and by acting to intercept such anomalies at the earliest opportunity. Contain The Foundation contains anomalies with the goal of preventing their influence or effects from spreading, by either relocating, concealing, or dismantling such anomalies or by suppressing or preventing public dissemination of knowledge thereof. Protect The Foundation protects humanity from the effects of such anomalies as well as the anomalies themselves until such time that they are either fully understood or new theories of science can be devised based on their properties and behavior. -----

About the ebook This ebook is an offline edition of the second series of fictional documentation from the SCP Foundation Wiki. All illustrations, subsections and supporting documentation pages are included. All content is indexed and cross-referenced. Essentially, this is what a SCP Foundation researcher would carry day-to-day in their Foundation-issued ebook reader. The text has been optimised for offline reading on phones and ebook readers, and for listening to via Google Play Book's Read Aloud feature. Tables have been edited into a format that is intelligible when

read aloud, the narration will announce visual features like redactions and overstrikes, and there are numerous other small optimisations for listeners. The SCP text are a living work and the SCP documentation is a gateway into the SCP fictional universe, so links to authors, stories and media are preserved, and will open your reader's web browser. This work is licensed under a Creative Commons Attribution-ShareAlike 3.0 Unported License and is being distributed without copy protection. Its content is the property of the attributed authors.
