Fahrenheit 451 Feb 13 2020 Set in the future when "firemen" burn books forbidden by the totalitarian "brave new world" regime.

The Good Death

Aug 13 2022

Following the death of her father, journalist and hospice volunteer Ann Neumann sets out to examine what it means to die well in the United States.

When Ann Neumann's father was diagnosed with non-Hodgkin's lymphoma, she left her job and moved

back to her hometown of Lancaster, Pennsylvania. She became his full-time caregiver—cooking, cleaning, and administering medications. When her father died, she was undone by the experience, by grief and the visceral quality of dying. Neumann struggled to put her life back in order and found herself haunted by a question: Was her father's death a good death? The way we talk about dying and the way we actually die are two very different

things, she discovered, and many of us are shielded from what death actually looks like. To gain a better understanding, Neumann became a hospice volunteer and set out to discover what a good death is today. She attended conferences, academic lectures, and grief sessions in church basements. She went to Montana to talk with the attorney who successfully argued for the legalization of aid in dying, and

to Scranton, Pennsylvania, to listen to “pro-life” groups who believe the removal of feeding tubes from some patients is tantamount to murder. Above all, she listened to the stories of those who were close to death. What Neumann found is that death in contemporary America is much more complicated than we think. Medical technologies and increased life expectancies have changed the very definition of medical death. And although death is our common fate, it is also a divisive issue that we all experience differently. What constitutes a good death is unique to each of us,

depending on our age, race, economic status, culture, and beliefs. What’s more, differing concepts of choice, autonomy, and consent make death a contested landscape, governed by social, medical, legal, and religious systems. In these pages, Neumann brings us intimate portraits of the nurses, patients, bishops, bioethicists, and activists who are shaping the way we die. The Good Death presents a fearless examination of how we approach death, and how those of us close to dying loved ones live in death’s wake.

Approaching

Death Sep 02 2021
When the end of life makes its inevitable

appearance, people should be able to expect reliable, humane, and effective caregiving. Yet too many dying people suffer unnecessarily. While an “overtreated” dying is feared, untreated pain or emotional abandonment are equally frightening. *Approaching Death* reflects a wide-ranging effort to understand what we know about care at the end of life, what we have yet to learn, and what we know but do not adequately apply. It seeks to build understanding of what constitutes good care for the dying and offers recommendations to decisionmakers that address specific barriers to

achieving good care. This volume offers a profile of when, where, and how Americans die. It examines the dimensions of caring at the end of life: Determining diagnosis and prognosis and communicating these to patient and family. Establishing clinical and personal goals. Matching physical, psychological, spiritual, and practical care strategies to the patient's values and circumstances. *Approaching Death* considers the dying experience in hospitals, nursing homes, and other settings and the role of interdisciplinary teams and managed care. It offers perspectives on

quality measurement and improvement, the role of practice guidelines, cost concerns, and legal issues such as assisted suicide. The book proposes how health professionals can become better prepared to care well for those who are dying and to understand that these are not patients for whom "nothing can be done." *Dying to Work* Feb 24 2021 In *Dying to Work*, Jonathan Karmel raises our awareness of unsafe working conditions with accounts of workers who were needlessly injured or killed on the job. Based on heart-wrenching interviews Karmel

conducted with injured workers and surviving family members across the country, the stories in this book are introduced in a way that helps place them in a historical and political context and represent a wide survey of the American workplace, including, among others, warehouse workers, grocery store clerks, hotel housekeepers, and river dredgers. Karmel's examples are portraits of the lives and dreams cut short and reports of the workplace incidents that tragically changed the lives of everyone around them. *Dying to Work* includes incidents from industries and jobs

that we do not commonly associate with injuries and fatalities and highlights the risks faced by workers who are hidden in plain view all around us. While exposing the failure of safety laws that leave millions of workers without compensation and employers without any meaningful incentive to protect their workers, Karmel offers the reader some hope in the form of policy suggestions that may make American workers safer and employers more accountable. This is a book for anyone interested in issues of worker health and safety, and it will also serve as the cornerstone for courses in public

policy, community health, labor studies, business ethics, regulation and safety, and occupational and environmental health policy.

Hey, Kiddo: A Graphic Novel Dec 05 2021 The powerful, unforgettable graphic memoir from Jarrett Krosoczka, about growing up with a drug-addicted mother, a missing father, and two unforgettably opinionated grandparents. A National Book Award Finalist! In kindergarten, Jarrett Krosoczka's teacher asks him to draw his family, with a mommy and a daddy. But Jarrett's family is much more complicated than

that. His mom is an addict, in and out of rehab, and in and out of Jarrett's life. His father is a mystery -- Jarrett doesn't know where to find him, or even what his name is. Jarrett lives with his grandparents -- two very loud, very loving, very opinionated people who had thought they were through with raising children until Jarrett came along. Jarrett goes through his childhood trying to make his non-normal life as normal as possible, finding a way to express himself through drawing even as so little is being said to him about what's going on. Only as a teenager can Jarrett begin to

piece together the truth of his family, reckoning with his mother and tracking down his father. Hey, Kiddo is a profoundly important memoir about growing up in a family grappling with addiction, and finding the art that helps you survive.

Loving Someone Who Is Dying Feb 07 2022 A story of inspiration and hope. Heartbreak and reality. A quiet lesson in grace and acceptance from a young woman who saw life as an opportunity even when she was given a medical death sentence.

Diagnosed with Cystic Fibrosis at age three, Brianna Oas Strand was told she wouldn't live past thirteen. A tragically short life

spent in and out of hospitals, ruthless infections, medical trials and treatments, and no promises. But with a superhuman spirit and the support of her family and community, Brianna fought for not only each breath but to put life into each breath. Told through her husband's eyes, *Loving Someone Who Is Dying* is Brianna's moving story as she battled CF yet relentlessly pursued a full life working with animals, falling in love, starting a family, becoming an advocate for those with CF, and taking the fight for funding to the most public platform in the United States Senate. *Loving*

Someone Who Is Dying is a book for anyone facing life challenges, simply looking for **Killing and Dying** Dec 17 2022 "One of the most gifted graphic novelists of our time." —Wired *Killing and Dying* is a stunning showcase of the possibilities of the graphic novel medium and a wry exploration of loss, creative ambition, identity, and family dynamics. With this work, Adrian Tomine (*Shortcomings, Scenes from an Impending Marriage*) reaffirms his place not only as one of the most significant creators of contemporary comics but as one of the great voices of modern American

literature. His gift for capturing emotion and intellect resonates here: the weight of love and its absence, the pride and disappointment of family, the anxiety and hopefulness of being alive in the twenty-first century. "Amber Sweet" shows the disastrous impact of mistaken identity in a hyper-connected world; "A Brief History of the Art Form Known as Hortisculpture" details the invention and destruction of a vital new art form in short comic strips; "Translated, from the Japanese" is a lush, full-color display of storytelling through still images; the title story, "Killing

and Dying", centers on parenthood, mortality, and stand-up comedy.

In six interconnected, darkly funny stories, Tomine forms a quietly moving portrait of contemporary life. Tomine is a master of the small gesture, equally deft at signaling emotion via a subtle change of expression or writ large across landscapes illustrated in full color. Killing and Dying is a fraught, realist masterpiece.

The Last Book in the Universe Nov 11 2019 This fast-paced action novel is set in a future where the world has been almost destroyed. Like the award-winning novel Freak the

Mighty, this is Philbrick at his very best. It's the story of an epileptic teenager nicknamed Spaz, who begins the heroic fight to bring human intelligence back to the planet. In a world where most people are plugged into brain-drain entertainment systems, Spaz is the rare human being who can see life as it really is. When he meets an old man called Ryter, he begins to learn about Earth and its past. With Ryter as his companion, Spaz sets off an unlikely quest to save his dying sister -- and in the process, perhaps the world.

Dying to be Ill Dec 25 2020 Most of us can recall a time when we pretended

to be sick to reap the benefits that go along with illness. By playing sick, we gained sympathy, care, and attention, and were excused from our responsibilities. Though doing so on occasion is considered normal, there are those who carry their deceptions to the extreme. In this book, Dr. Marc Feldman describes people's strange motivations to fabricate or induce illness or injury to satisfy deep emotional needs. Doctors, family members, and friends are lured into a costly, frustrating, and potentially deadly web of deceit. From the mother who shaves her child's head and tells her

community he has cancer, to the co-worker who suffers from a string of incomprehensible "tragedies," to the false epilepsy victim who monopolizes her online support group, "disease forgery" is ever-present in the media and in many people's lives. In *Dying to be Ill: True Stories of Medical Deception*, Dr. Feldman, with the assistance of Gregory Yates, has chronicled this fascinating world as well as the paths to healing. With insight developed from 25 years of hands-on experience, *Dying to be Ill* is sure to stand as a classic in the field.

Dying is Easy Oct 23 2020 Comedy is

hard... but dying is easy! From New York Times bestselling author Joe Hill (LOCKE & KEY, NOS4A2) comes this new graphic novel mystery. Meet Syd "Sh*t-Talk" Homes, a disgraced ex-cop turned bitter stand-up comic turned wanted killer! Syd's rival Carl Dixon is on the verge of comedy superstardom and he got there the dirty way: by stealing jokes. He's got a killer act, an ugly past, and more enemies than punch-lines. When he turns up dead, Syd is on the top of the suspect list... he had motive, he was the last man to see Dixon alive, and he had already named his price for taking Dixon out. Syd isn't

guilty of anything but bad jokes but now he's on the run, and it'll take all of his investigative chops to nail the real killer, before the cops nail him.

The Language of Dying Jul 20 2020

In this emotionally gripping, genre-defying novella from Sarah Pinborough, a woman sits at her father's bedside, watching the clock tick away the last hours of his life. Her brothers and sisters--she is the middle child of five--have all turned up over the past week to pay their last respects. Each is traumatized in his or her own way, and the bonds that unite them to each other are fragile--as fragile perhaps as the old man's

health. With her siblings all gone, back to their self-obsessed lives, she is now alone with the faltering wreck of her father's cancer-ridden body. It is always at times like this when it--the dark and nameless, the impossible, presence that lingers along the fringes of the dark fields beyond the house--comes calling. As the clock ticks away in the darkness, she can only wait for it to find her, a reunion she both dreads and aches for...

Things I've Learned from Dying Jan 06 2022

"Every life is different, but every death is the same. We live with others. We die alone." In his riveting, artfully

written memoir *The Autobiography of an Execution*, David Dow enraptured readers with a searing and frank exploration of his work defending inmates on death row. But when Dow's father-in-law receives his own death sentence in the form of terminal cancer, and his gentle dog Winona suffers acute liver failure, the author is forced to reconcile with death in a far more personal way, both as a son and as a father. Told through the disparate lenses of the legal battles he's spent a career fighting, and the intimate confrontations with death each family faces at home, THINGS I'VE

LEARNED FROM DYING offers a poignant and lyrical account of how illness and loss can ravage a family. Full of grace and intelligence, Dow offers readers hope without cliché and reaffirms our basic human needs for acceptance and love by giving voice to the anguish we all face--as parents, as children, as partners, as friends--when our loved ones die tragically, and far too soon.

The Dying Game

Sep 21 2020 A masterly locked-room mystery set in a near-future Orwellian state—for fans of Margaret Atwood's *The Handmaid's Tale*, Dave Eggers' *The Circle*, and Suzanne Collins' *The Hunger Games* Do you live

to play? Or play to live? The year is 2037. The Soviet Union never fell, and much of Europe has been consolidated under the totalitarian Union of Friendship. On the tiny island of Isola, seven people have been selected to compete in a forty-eight-hour test for a top-secret intelligence position. One of them is Anna Francis, a workaholic bureaucrat with a nine-year-old daughter she rarely sees and a secret that haunts her. Her assignment: to stage her own death and then to observe, from her hiding place inside the walls of the house, how the six other candidates

react to the news that a murderer is among them. Who will take control? Who will crack under pressure? But then a storm rolls in, the power goes out, and the real game begins. . . . Combining suspense, unexpected twists, psychological gamesmanship, and a sinister dystopian future, *The Dying Game* conjures a world in which one woman is forced to ask, "Can I save my life by staging my death?"

The Living Sea of Waking Dreams

Nov 16 2022 From the acclaimed Booker Prize-winning author comes a dazzling novel of family, love and love's disappointments Anna's aged mother

is dying. Condemned by her children's pity to living, subjected to increasingly desperate medical interventions, she turns her focus to her hospital window, through which she escapes into visions of horror and delight. When Anna's finger vanishes and a few months later her knee disappears, Anna too feels the pull of the window. She begins to see that all around her, others are similarly vanishing, yet no one else notices. All Anna can do is keep her mother alive. But the window keeps opening wider, taking Anna and the reader ever deeper into an eerily beautiful story of grief and possibility, of loss

and love and orange-bellied parrots. Hailed on publication in Australia as Richard Flanagan's greatest novel yet, *The Living Sea of Waking Dreams* is a rising ember storm illuminating what remains when the inferno beckons: one part elegy, one part dream, one part hope.

Top Five Regrets of the Dying Jun 11 2022 Revised edition of the best-selling memoir that has been read by over a million people worldwide with translations in 29 languages. After too many years of unfulfilling work, Bronnie Ware began searching for a job with heart. Despite having no formal qualifications or

previous experience in the field, she found herself working in palliative care. During the time she spent tending to those who were dying, Bronnie's life was transformed. Later, she wrote an Internet blog post, outlining the most common regrets that the people she had cared for had expressed. The post gained so much momentum that it was viewed by more than three million readers worldwide in its first year. At the request of many, Bronnie subsequently wrote a book, *The Top Five Regrets of the Dying*, to share her story. Bronnie has had a colourful and diverse life. By applying the lessons of those

nearing their death to her own life, she developed an understanding that it is possible for everyone, if we make the right choices, to die with peace of mind. In this revised edition of the best-selling memoir that has been read by over a million people worldwide, with translations in 29 languages, Bronnie expresses how significant these regrets are and how we can positively address these issues while we still have the time. The Top Five Regrets of the Dying gives hope for a better world. It is a courageous, life-changing book that will leave you feeling more compassionate and inspired to live the

life you are truly here to live. The Hour of Our Death Mar 16 2020 This remarkable book—the fruit of almost two decades of study—traces in compelling fashion the changes in Western attitudes toward death and dying from the earliest Christian times to the present day. A truly landmark study, The Hour of Our Death reveals a pattern of gradually developing evolutionary stages in our perceptions of life in relation to death, each stage representing a virtual redefinition of human nature. Starting at the very foundations of Western culture, the eminent historian Phillippe Ariès shows how,

from Graeco-Roman times through the first ten centuries of the Common Era, death was too common to be frightening; each life was quietly subordinated to the community, which paid its respects and then moved on. Ariès identifies the first major shift in attitude with the turn of the eleventh century when a sense of individuality began to rise and with it, profound consequences: death no longer meant merely the weakening of community, but rather the destruction of self. Hence the growing fear of the afterlife, new conceptions of the Last Judgment, and the first attempts (by

Masses and other rituals) to guarantee a better life in the next world. In the 1500s attention shifted from the demise of the self to that of the loved one (as family supplants community), and by the nineteenth century death comes to be viewed as simply a staging post toward reunion in the hereafter. Finally, Ariès shows why death has become such an unendurable truth in our own century—how it has been nearly banished from our daily lives—and points out what may be done to “re-tame” this secret terror. The richness of Ariès's source material and investigative work is breathtaking.

While exploring everything from churches, religious rituals, and graveyards (with their often macabre headstones and monuments), to wills and testaments, love letters, literature, paintings, diaries, town plans, crime and sanitation reports, and grave robbing complaints, Ariès ranges across Europe to Russia on the one hand and to England and America on the other. As he sorts out the tangled mysteries of our accumulated terrors and beliefs, we come to understand the history—indeed the pathology—of our intellectual and psychological tensions in the face of death.

Dying Well Jan 26 2021 Explores the important emotional work accomplished in the final months of life and offers advice on dealing with doctors, talking with friends and relatives, and managing end-of-life care
Final Gifts Mar 28 2021 In this moving and compassionate classic—now updated with new material from the authors—hospice nurses Maggie Callanan and Patricia Kelley share their intimate experiences with patients at the end of life, drawn from more than twenty years' experience tending the terminally ill. Through their stories we come to appreciate the

near-miraculous ways in which the dying communicate their needs, reveal their feelings, and even choreograph their own final moments; we also discover the gifts—of wisdom, faith, and love—that the dying leave for the living to share. Filled with practical advice on responding to the requests of the dying and helping them prepare emotionally and spiritually for death, *Final Gifts* shows how we can help the dying person live fully to the very end.

Death Before Dying May 30 2021
Brain death—the condition of a non-functioning brain, has been widely adopted around the world as a

definition of death since it was detailed in a Report by an Ad Hoc Committee of Harvard Medical School faculty in 1968. It also remains a focus of controversy and debate, an early source of criticism and scrutiny of the bioethics movement. *Death Before Dying: History, Medicine, and Brain Death* looks at the work of the Committee in a way that has not been attempted before in terms of tracing back the context of its own sources—the reasoning of it Chair, Henry K Beecher, and the care of patients in coma and knowledge about coma and consciousness at

the time. That history requires rethinking the debate over brain death that followed which has tended to cast the Committee's work in ways this book questions. This book, then, also questions common assumptions about the place of bioethics in medicine. This book discusses if the advent of bioethics has distorted and limited the possibilities for harnessing medicine for social progress. It challenges historical scholarship of medicine to be more curious about how medical knowledge can work as a potentially innovative source of

values.

The Anticipatory

Corpse Nov 23

2020 In this

original and

compelling book,

Jeffrey P. Bishop, a

philosopher,

ethicist, and

physician, argues

that something has

gone sadly amiss in

the care of the

dying by

contemporary

medicine and in our

social and political

views of death, as

shaped by our

scientific successes

and ongoing

debates about

euthanasia and the

“right to die”—or to

live. The

Anticipatory

Corpse: Medicine,

Power, and the

Care of the Dying,

informed by

Foucault’s

genealogy of

medicine and power

as well as by a

thorough grasp of

current medical

practices and

medical ethics,

argues that a view

of people as

machines in

motion—people as,

in effect,

temporarily

animated corpses

with

interchangeable

parts—has become

epistemologically

normative for

medicine. The dead

body is subtly

anticipated in our

practices of

exercising control

over the suffering

person, whether

through

technological

mastery in the

intensive care unit

or through the

impersonal, quasi-

scientific

assessments of

psychological and

spiritual

“medicine.” The

result is a kind of

nihilistic attitude

toward the dying,

and troubling

contradictions and

absurdities in our

practices. Wide-

ranging in its

examples, from

organ donation

rules in the United

States, to ICU

medicine, to

“spiritual surveys,”

to presidential

bioethics

commissions

attempting to

define death, and to

high-profile cases

such as Terri

Schiavo’s, The

Anticipatory Corpse

explores the

historical, political,

and philosophical

underpinnings of

our care of the

dying and, finally,

the possibilities of

change. This book

is a ground-

breaking work in

bioethics. It will

provoke thought and argument for all those engaged in medicine, philosophy, theology, and health policy.

Advice for Future Corpses (and Those Who Love Them)

Apr 09 2022 A NEW YORK TIMES BOOK CRITICS' TOP 10 BOOK OF THE YEAR "In its loving, fierce specificity, this book on how to die is also a blessedly saccharine-free guide for how to live" (The New York Times). Former NEA fellow and Pushcart Prize-winning writer Sallie Tisdale offers a lyrical, thought-provoking, yet practical perspective on death and dying in *Advice for Future Corpses (and Those*

Who Love Them). Informed by her many years working as a nurse, with more than a decade in palliative care, Tisdale provides a frank, direct, and compassionate meditation on the inevitable. From the sublime (the faint sound of Mozart as you take your last breath) to the ridiculous (lessons on how to close the sagging jaw of a corpse), Tisdale leads us through the peaks and troughs of death with a calm, wise, and humorous hand. *Advice for Future Corpses* is more than a how-to manual or a spiritual bible: it is a graceful compilation of honest and intimate anecdotes based on the deaths Tisdale

has witnessed in her work and life, as well as stories from cultures, traditions, and literature around the world. Tisdale explores all the heartbreaking, beautiful, terrifying, confusing, absurd, and even joyful experiences that accompany the work of dying, including: *A Good Death: What does it mean to die "a good death"?* Can there be more than one kind of good death? What can I do to make my death, or the deaths of my loved ones, good? *Communication: What to say and not to say, what to ask, and when, from the dying, loved ones, doctors, and more.* *Last Months, Weeks, Days, and Hours: What you*

might expect, physically and emotionally, including the limitations, freedoms, pain, and joy of this unique time. *Bodies: What happens to a body after death? What options are available to me after my death, and how do I choose—and make sure my wishes are followed?* Grief: “Grief is the story that must be told over and over...Grief is the breath after the last one.” Beautifully written and compulsively readable, *Advice for Future Corpses* offers the resources and reassurance that we all need for planning the ends of our lives, and is essential reading for future corpses

everywhere. “Sallie Tisdale’s elegantly understated new book pretends to be a user’s guide when in fact it’s a profound meditation” (David Shields, bestselling author of *Reality Hunger*). [How to Do Nothing](#) Sep 14 2022 ** A New York Times Bestseller ** NAMED ONE OF THE BEST BOOKS OF THE YEAR BY: Time • The New Yorker • NPR • GQ • Elle • Vulture • Fortune • Boing Boing • The Irish Times • The New York Public Library • The Brooklyn Public Library "A complex, smart and ambitious book that at first reads like a self-help manual, then blossoms into a wide-ranging political

manifesto."—Jonah Engel Bromwich, The New York Times Book Review One of President Barack Obama's "Favorite Books of 2019" Porchlight's Personal Development & Human Behavior Book of the Year In a world where addictive technology is designed to buy and sell our attention, and our value is determined by our 24/7 data productivity, it can seem impossible to escape. But in this inspiring field guide to dropping out of the attention economy, artist and critic Jenny Odell shows us how we can still win back our lives. Odell sees our attention as the most precious—and overdrawn—resour

ce we have. And we must actively and continuously choose how we use it. We might not spend it on things that capitalism has deemed important ... but once we can start paying a new kind of attention, she writes, we can undertake bolder forms of political action, reimagine humankind's role in the environment, and arrive at more meaningful understandings of happiness and progress. Far from the simple anti-technology screed, or the back-to-nature meditation we read so often, *How to do Nothing* is an action plan for thinking outside of capitalist narratives of efficiency and techno-determinism.

Provocative, timely, and utterly persuasive, this book will change how you see your place in our world.

Dying for

Christmas Jan 14 2020 A novel full of twists, surprising turns, and suspense, *Dying for Christmas* is Tammy Cohen's most disturbing psychological thriller yet. Out Christmas shopping one December afternoon, Jessica Gould meets the charming Dominic Lacey and impulsively agrees to go home with him for a drink. What follows are *Twelve Days of Christmas* from hell, as Lacey holds Jessica captive, forcing her to wear his missing wife's gowns and eat

lavish holiday meals. Each day he gifts her with one item from his twisted past—his dead sister's favorite toy, disturbing family photos, a box of teeth. As the days pass and the "gifts" become darker and darker, Jessica realizes that Lacey has a plan for her, and he never intends to let her go. But Jessica has a secret of her own . . . a secret that may just mean she has a chance to make it out alive. [Your Dieting Daughter...Is She Dying for Attention?](#) Nov 04 2021 This book focuses on the essentials of nutrition, offering clear guidelines for healthy eating and dispelling many of

the myths promoted by the diet industry. A concise and informative review of the most popular diet programs helps set the record straight on what's behind all of those promotional campaigns to which adolescent (and younger) girls are regularly exposed. The goal here is to help parents understand the kinds of pressure their daughters are under and to provide them with the necessary knowledge to work with their daughters - rather than against them - in forming a strong, positive, and clear sense of self.

The Old Testament Is Dying Oct 11 2019 The Old Testament constitutes the

majority of the Christian Bible and provides much of the language of Christian faith. However, many churches tend to neglect this crucial part of Scripture. This timely book details a number of ways the Old Testament is showing signs of decay, demise, and imminent death in the church. Brent Strawn reminds us of the Old Testament's important role in Christian faith and practice, criticizes current misunderstandings that contribute to its neglect, and offers ways to revitalize its use in the church.

Brother, I'm Dying Jul 12 2022 In a personal memoir, the author

describes her relationships with the two men closest to her--her father and his brother, Joseph, a charismatic pastor with whom she lived after her parents emigrated from Haiti to the United States.

Dying to Be Me Oct 15 2022 THE NEW YORK TIMES BESTSELLER! "I had the choice to come back ... or not. I chose to return when I realized that 'heaven' is a state, not a place" In this truly inspirational memoir, Anita Moorjani relates how, after fighting cancer for almost four years, her body began shutting down—overwhelmed by the malignant cells spreading throughout her

system. As her organs failed, she entered into an extraordinary near-death experience where she realized her inherent worth . . . and the actual cause of her disease. Upon regaining consciousness, Anita found that her condition had improved so rapidly that she was released from the hospital within weeks—without a trace of cancer in her body! Within this enhanced e-book, Anita recounts—in words and on video—stories of her childhood in Hong Kong, her challenge to establish her career and find true love, as well as how she eventually ended up in that hospital bed

where she defied all medical knowledge. In "Dying to Be Me," Anita Freely shares all she has learned about illness, healing, fear, "being love," and the true magnificence of each and every human being! Death-bed Visions Apr 16 2020 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a

copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant. Dying to Know You Dec 13 2019 A teenager discovers

his voice in this contemporary love story from “one of young adult literature’s greatest living writers” (Booklist). Shy teenager Karl is desperately in love with his girlfriend, Fiorella, a literary enthusiast who’s asked him to write her a letter in which he reveals his true self. There’s just one problem . . . Karl is dyslexic. Convinced that his attempts to express himself with words will end in disaster, Karl tracks down Fiorella’s favorite novelist and begs him to take up the task. The famous writer unexpectedly agrees, but on one condition: Karl must participate in a series of interviews so the

author can pen an authentic portrait of his affections. What follows is a series of misunderstandings, a startling revelation, and an unusual bond that will change all three of their lives. A moving story of love and friendship, *Dying to Know You* is the perfect novel for “that cloudy expanse between older teenager and younger adult, a novel that doesn’t pretend to advise, but merely sees its characters for who they really are” (The Guardian). “This quietly understated performance captures the wistfulness of music in a minor key.” —Kirkus Reviews
Dying for an iPhone Aug 01

2021 Suicides, excessive overtime, and hostility and violence on the factory floor in China. Drawing on vivid testimonies from rural migrant workers, student interns, managers and trade union staff, *Dying for an iPhone* is a devastating expose of two of the world’s most powerful companies: Foxconn and Apple. As the leading manufacturer of iPhones, iPads, and Kindles, and employing one million workers in China alone, Taiwanese-invested Foxconn’s drive to dominate global electronics manufacturing has aligned perfectly with China’s goal of becoming the world

leader in technology. This book reveals the human cost of that ambition and what our demands for the newest and best technology means for workers.

Foxconn workers have repeatedly demonstrated their power to strike at key nodes of transnational production, challenge management and the Chinese state, and confront global tech behemoths.

Dying for an iPhone allows us to assess the impact of global capitalism's deepening crisis on workers.'

Dying for Attention
Oct 03 2021 *Dying for Attention* is a taut, involving mystery. Matthew "Chug" O'Malley, a former Boston

columnist and television personality, only takes the substitute teacher job at nearby Prescott High so he can write a book about a year in a typical high school. But within a very short time, four of his students are shooting at him, an auburn-haired, green-eyed senior is trying to seduce him, and then the real trouble begins. First one student dies. Then a second. Next, a staff member is savagely axed to death. All the while, the killer keeps sending notes to Chug, telling him that he must write about the killings and make the killer famous--a somewhat bitter irony for Chug, who

had tried to walk away from fame. [Dying for Attention](#)
Feb 19 2023 When Susan MacLeod accompanied her 90-year-old mother through a labyrinthine long-term care system, it was a nine-year journey navigating a government within a heart in a system without compassion. Her family, much like the system, erected walls rather than opening arms. She found herself involuntarily placed at the pivot point between her frail, elderly mother's need for love and companionship, the system's inability to deliver, and her brother's indifference. She had also spent three years as a government

spokesperson enthusiastically defending the very system she now experienced as brutally cold. MacLeod's tone is defined by a gentle, self-effacing humour touched by exasperation for the absurdities and the newfound wisdom around expectations. *Dying for Attention* is the latest memoir in the graphic medicine field, shelved alongside *My Begging Chart* by Keiler Roberts and *Tangles* by Sarah Leavitt. MacLeod includes helpful tips for communicating with nursing homes, as well as background research, to provide a larger context for this under-discussed experience.

A Lesson Before Dying May 18 2020 NATIONAL BOOK CRITICS CIRCLE AWARD WINNER • A deep and compassionate novel about a young man who returns to 1940s Cajun country to visit a black youth on death row for a crime he didn't commit. Together they come to understand the heroism of resisting. A "majestic, moving novel ... an instant classic, a book that will be read, discussed and taught beyond the rest of our lives" (Chicago Tribune), from the critically acclaimed author of *A Gathering of Old Men* and *The Autobiography of Miss Jane Pittman*.
The Dying Animal

Jun 18 2020 David Kepesh is white-haired and over sixty, an eminent TV culture critic and star lecturer at a New York college, when he meets Consuela Castillo, a decorous, well-mannered student of twenty-four, the daughter of wealthy Cuban exiles, who promptly puts his life into erotic disorder. Since the sexual revolution of the 1960s, when he left his wife and child, Kepesh has experimented with living what he calls an "emancipated manhood," beyond the reach of family or a mate. Over the years he has refined that exuberant decade of protest and license into an orderly life in which he is both

unimpeded in the world of eros and studiously devoted to his aesthetic pursuits. But the youth and beauty of Consuela, "a masterpiece of volupté" undo him completely, and a maddening sexual possessiveness transports him to the depths of deforming jealousy. The carefree erotic adventure evolves, over eight years, into a story of grim loss. What is astonishing is how much of America's post-sixties sexual landscape is encompassed in THE DYING ANIMAL. Once again, with unmatched facility, Philip Roth entangles the fate of his characters with the social forces that shape

our daily lives. And there is no character who can tell us more about the way we live with desire now than David Kepesh, whose previous incarnations as a sexual being were chronicled by Roth in THE BREAST and THE PROFESSOR OF DESIRE. A work of passionate immediacy as well as a striking exploration of attachment and freedom, THE DYING ANIMAL is intellectually bold, forcefully candid, wholly of our time, and utterly without precedent--a story of sexual discovery told about himself by a man of seventy, a story about the power of eros and the fact of death.

The City of Good Death Jun 30 2021

Winner of the Restless Books Prize for New Immigrant Writing, Priyanka Champaneri's transcendent debut novel brings us inside India's holy city of Banaras, where the manager of a death hostel shepherds the dying who seek the release of a good death, while his own past refuses to let him go. Banaras, Varanasi, Kashi: India's holy city on the banks of the Ganges has many names but holds one ultimate promise for Hindus. It is the place where pilgrims come for a good death, to be released from the cycle of reincarnation by

purifying fire. As the dutiful manager of a death hostel in Kashi, Pramesh welcomes the dying and assists families bound for the funeral pyres that burn constantly on the ghats. The soul is gone, the body is burnt, the time is past, he tells them. Detach. After ten years in the timeless city, Pramesh can nearly persuade himself that here, there is no past or future. He lives contentedly at the death hostel with his wife, Shobha, their young daughter, Rani, the hostel priests, his hapless but winning assistant, and the constant flow of families with their dying. But one day the past arrives in the lifeless form of

a man pulled from the river—a man with an uncanny resemblance to Pramesh. Called “twins” in their childhood village, he and his cousin Sagar are inseparable until Pramesh leaves to see the outside world and Sagar stays to tend the land. After Pramesh marries Shobha, defying his family’s wishes, a rift opens up between the cousins that he has long since tried to forget. Do not look back. Detach. But for Shobha, Sagar’s reemergence casts a shadow over the life she’s built for her family. Soon, an unwelcome guest takes up residence in the death hostel, the dying mysteriously continue to live,

and Pramesh is forced to confront his own ideas about death, rebirth, and redemption. Told in lush, vivid detail and with an unforgettable cast of characters, *The City of Good Death* is a remarkable debut novel of family and love, memory and ritual, and the ways in which we honor the living and the dead. PRAISE FOR THE CITY OF GOOD DEATH “In Champaneri’s ambitious, vivid debut, the dying come to the holy city of Kashi to die a good death that frees them from the burden of reincarnation.... In sharp prose, Champaneri explores the power of stories—those the characters tell

themselves, those told about them, and those they believe. . . . This epic, magical story of death teems with life.” —Publishers Weekly “Brimming with characters whose lives overlap and whose stories interweave, Champaneri’s exquisite debut delves into the consequences of the past, and how stories that are told can become reality even when they contain barely a shred of truth. As Pramesh discovers, the bitterness of past wounds can bring hope for redemption and life.” —Bridget Thoreson, Booklist “Lush prose evokes the thick, close atmosphere of Kashi and the intricate religious

practices upon which life and death depend. Rumor and superstition hold sway over even the most level-headed people, twisting what’s explainable into something extraordinary—with tragic consequences. . . . The City of Good Death is a breathtaking, unforgettable novel about how remembering the past is just as important as moving on.” —Eileen Gonzalez, Foreword Reviews, Starred Review “Champaneri’s Kashi is teeming and vivid . . . the book frequently charms, and it’s as full of humor, warmth, and mystery as Kashi’s own marketplace.”

—Kirkus Reviews “The City of Good Death is the debut novel of Priyanka Champaneri but it has the confidence of a master storyteller. Drawing on the rich literary traditions of Salman Rushdie and Arundhati Roy, Champaneri’s epic saga will satisfy armchair travelers thirsty for adventure, and sick of looking out their windows.” —Chicago Review of Books “In intricate detail and with remarkable skill, Champaneri writes a powerful tale about the pull of the past and our aching need to understand the mysteries and misunderstandings that thwart our relationships. An atmospheric and

immersive debut with a rich cast of characters you won't soon forget." —Marjan Kamali, author of *The Stationery Shop*
Dying: A Memoir
Mar 08 2022
"Bracing and beautiful . . . Every human should read it." —The New York Times A New York Times Book Review Editors' Choice At the age of sixty, Cory Taylor is dying of melanoma-related brain cancer. Her illness is no longer treatable: she now weighs less than her neighbor's retriever. As her body weakens, she describes the experience—the vulnerability and strength, the courage and humility, the anger and acceptance—of

knowing she will soon die. Written in the space of a few weeks, in a tremendous creative surge, this powerful and beautiful memoir is a clear-eyed account of what dying teaches: Taylor describes the tangle of her feelings, remembers the lives and deaths of her parents, and examines why she would like to be able to choose the circumstances of her death. Taylor's last words offer a vocabulary for readers to speak about the most difficult thing any of us will face. And while *Dying: A Memoir* is a deeply affecting meditation on death, it is also a funny and wise tribute to life.

Dying to be Beautiful Jan 18 2023 Tells the story of how cosmetics came to be regulated in early 20th century America. Examines the cosmetics industry in light of the 1938 Food, Drug, and Cosmetics Act.
Dying for Attention Apr 28 2021
Dying for a Living May 10 2022 And you thought dying once would be hard... On the morning before her 67th death, it is business as usual for agent Jesse Sullivan: meet with the mortician, counsel soon-to-be-dead clients, and have coffee while reading the latest regeneration theory. Jesse dies for a living,

literally. Because of a neurological disorder, Jesse can serve as a death surrogate, dying so others don't have to. Although each death replacement is different, the result is the same: a life is saved, and Jesse resurrects days later with sore muscles, new scars, and another hole in her memory. But when Jesse is murdered and becomes the sole suspect in a federal investigation, more than her freedom and sanity are at stake. She must catch the killer herself--or die trying. Dying for a Living is the first book in Kory M. Shrum's gripping urban fantasy series. If you like page-turning action, tough as

nails heroines, and perfectly-paced suspense, then you'll love this "hilarious" and "supernaturally fantastic" ride. *Worth Dying For* Aug 21 2020 "A Navy SEAL commander explores the practical and philosophical questions of heroic service that have emerged about America's past decade at war, from the qualities of heroes and the reasons we fight to how war impacts families and whether or not soldiers can be held accountable for wartime actions, "-- NoveList.
