Gone with Angels Jun 26 2020 Some love affairs refuse to be confined... To time. To place. To this mortal coil. This novel is based on a true story. The macabre events, such as they were, took place during the height of the Great Depression in Key West, Florida. Carl Tanzler von Cosel, an eccentric German scientist, and Elena Hoyos, a beautiful young girl, fell in love. But this is not your ordinary love affair. Some bonds endure the ravages of disease and the threat of prison, family disownment, and the devils and angels themselves. Some love affairs are stronger than death.

Seeing People Through Jan 02 2021 NASA, Pixar Animation Studios, and BMW all use the Process Communication Model as a way of training leaders to connect effortlessly with anyone. This book simplifies the complex model to make it easy for anyone to use. Today, more than ever, leaders need a new style of leadership. They are realizing that true transformation happens through meaningful relationships, and discovering that the key to sustainable connections that create possibility and potential is through communication. In *Seeing People Through*, we take a deep dive into The Process Communication Model® (PCM), a behavioral communication model that teaches people how to assess, connect, motivate, and resolve conflict by understanding the personality types that make up a person's whole self, which is the key to leveraging personality diversity. PCM is more than a lens for understanding how people see things differently; it's a deep journey into self-awareness and self-transformation. In this book, new emerging leaders, senior leaders, and seasoned consultants alike will develop a fresh and relevant framework on leadership that is consistent with emerging trends, and they will learn how individual and collective concerns can be reconciled in leadership. NASA, Pixar Animation Studios, and BMW are just some of the companies who have all used PCM as a way to build better relationships through authenticity, trust, agility, and positive influence—and now you can, too!
