Yo no te cambio por nada Jul 20 2022 | Todos los hombres sois unos mamones! Eso grita Carol cuando Sergio, su novio y jefe, rompe con ella. No está molesta porque haya puesto fin a la relación sino porque le ha robado las ideas que tenía para sacar adelante su hotel. Por eso, en una noche de borrachera, cuando lo ve entrar en el Estrella de Mar, a las cuatro de la madrugada, no puede menos que perseguirlo para decirle todo lo que piensa de él. Cuando Fran Mir, uno de los principales directores ejecutivos de la cadena hotelera, abre la puerta de su suite entiende que, por su parecido físico, esa furiosa mujer lo confunda con su primo Sergio. Divertido y curioso, está dispuesto a aguantar los insultos que Carol tiene preparados para su odioso primo. Poco puede sospechar que se trata de la subdirectora con quien va a tener que trabajar mano a mano para sacar a flote el Estrella de Mar. ¿Qué harán cuando ambos se den cuenta de quién es quién realmente? ¿Podrá seguir todo igual después de esa noche en la que ha habido más que palabras e insultos? Así empieza esta desternillante novela con diálogos ágiles y situaciones disparatadas. La primera novela de romántica actual de Rowyn Oliver que te hará reír a carcajadas.

Motorcycle Engineering Jul 28 2020 Motorcycle Engineering is a primer and technical introduction for anyone interested in motorcycles, motorcycling, and the motorcycle industry. It provides insight into how motorcycles are made and operated. Motorcycles, mopeds, and scooters are important factors in world transport, and they are playing an increasingly important role in transport policy as we move towards greater environmental awareness. Motorcycles and scooters give freedom of personal transport that enable large commuter

distances to be covered quickly and easily. Their small footprint offers easy storage as only minimal space is required. To celebrate the importance of motorcycles on the world stage, a brief history is included with a detailed timeline detailing the development of the motorcycle alongside major world events. Written in an accessible fashion, no previous knowledge of engineering or technology is required, as all technical terms are readily explained and a glossary and abbreviation list is included. Whether you are an enthusiast, racer, student, or industry professional, you will surely find this an enjoyable read and a handy reference book on your shelf.

Where the Suckers Moon Oct 31 2020 "For all the right reasons." "Cars that can." "What to Drive." "The perfect Car for an Imperfect World." Only one of these slogans would be chosen by Subaru of America to sell its cars in the recession year of 1991. As six advertising agencies scrambled for the account and the winner tried to churn out the Big Idea that would install Subaru in the collective national unconscious, Randall Rothenberg was there, observing every nuance of the chaos, comedy, creativity, and egotism that made up an ad campaign. One can read Rothenberg's book as the behind-the-scenes chronicle of the brief and very troubled marriage between a beleaguered automobile company and Wieden & Kennedy, an aggressively hip ad agency whose creative director despised cars. One can read it as a history of advertising's journey from the conventionally upbeat slogan "Helps Build Strong Bodies 12 Ways" to the supercool nineties minimalism of "Bo Knows." Either way, Where the Suckers Moon is a face-paced, insightful, and occasionally appalling look at an industry whose obsession with image has affected our entire culture.

Learning to Listen: The Jazz Journey of Gary Burton Jun 19 2022 (Berklee Press). In "Learning to Listen," Gary Burton shares his 50 years of experiences at the top of the jazz scene. A seven-time Grammy Award-winner, Burton made his first recordings at age 17, has toured and recorded with a who's who of famous jazz names, and is one of only a few openly gay musicians in jazz. Burton is a true innovator, both as a performer and an educator. His autobiography is one of the most personal and insightful jazz books ever written.

World in Motion Sep 22 2022 The essays collected in World in Motion all address the same issue: The global paradox that modern prosperity has entailed extreme environmental degradation. Gary M. Kroll and Richard H. Robbins present readings covering all principal viewpoints on this matter, from the neoliberal belief that environmental and social problems can be fixed through a growing economy to the critics of globalization who equate growth with environmental degradation. This book asks an important question: Can we simply accelerate growth under the assumption that increased prosperity and new technologies will allow us to reverse environmental damage? Or do we need to transform our modes of living radically to maintain the health of the world around us?

Mapping Decline Aug 09 2021 Once a thriving metropolis on the banks of the Mississippi, St. Louis, Missouri, is now a ghostly landscape of vacant houses, boarded-up storefronts, and abandoned factories. The Gateway City is, by any measure, one of the most depopulated, deindustrialized, and deeply segregated examples of American urban decay. "Not a typical city," as one observer noted in the late 1970s, "but, like a Eugene O'Neill play, it shows a general condition in a stark and dramatic form." Mapping Decline examines the causes and consequences of St. Louis's urban crisis. It traces the complicity of private real estate restrictions, local planning and zoning, and federal housing policies in the "white flight" of people and wealth from the central city. And it traces the inadequacy—and often sheer folly—of a generation of urban renewal, in which even programs and resources aimed at eradicating blight in the city ended up encouraging flight to the suburbs. The urban crisis, as this study of St. Louis makes clear, is not just a consequence of economic and demographic change; it is

also the most profound political failure of our recent history. Mapping Decline is the first history of a modern American city to combine extensive local archival research with the latest geographic information system (GIS) digital mapping techniques. More than 75 full-color maps—rendered from census data, archival sources, case law, and local planning and property records—illustrate, in often stark and dramatic ways, the still-unfolding political history of our neglected cities.

Il jazz-film Jan 14 2022 Jazz e cinema, due fenomeni, due arti, due linguaggi che hanno attraversato burrascosamente il ventesimo secolo per proiettarsi, con immutata forza creatrice, nel secolo nuovo. Due forme espressive e artistiche coeve – nascono quasi simultaneamente – da intendersi quali grandissimi fenomeni del nostro tempo, perché in poco più di cent ' anni hanno compiuto sul piano evolutivo un ' accelerazione non paragonabile a quella delle altre discipline. Ma jazz e cinema non condividono soltanto questi aggiustamenti da studi teorici o da categorizzazioni archetipe: il rapporto più o meno diretto tra loro, con reciproche influenze, per quanto poco manifeste, e ancor meno evidenziate da ricerche, analisi o metodologie, risulta invece alquanto costruttivo e stimolante. Un terreno di studi, appunto, sostanzialmente inesplorato, se non in questo profondo e innovativo studio che torna in libreria in edizione ampliata e aggiornata. L ' argomento di questo libro riguarda soprattutto il cinema che si impadronisce del jazz e non viceversa; e proprio perché il cinema si dedica al jazz in svariatissime maniere, il testo di Michelone ne scruta – a parte all ' inizio l ' esaustivo compendio storico – una in particolare, ossia i film che hanno per contenuto il jazz medesimo sotto forma di fiction e di documentario, con le storie vere, false, romanzate, fantasiose, realistiche di musicisti autentici, inesistenti, credibili o immaginari.

Filled with the humour and history of a post war generation nurtured on comic books, the Goon Show and jazz. William (Bill) E. Smith is a British Columbia-based musician, writer, editor, graphic designer, photographer, and record and film producer. Smith was a founder of a succession of Toronto-based groups integral to the Canadian improvised music community in the 1970s, including Canadian Creative Music Collective, and New Art Music Ensemble. The latter became the Bill Smith Ensemble in 1980; they recorded five albums, including collaborations with Joe McPhee and Wadada Leo Smith. Smith has also recorded with, among others, Birdyak, Wolfgang Fuchs and The Six Winds. Smith initiated a series of projects with the title Imagine

the Sound in the '80s, including a book of his writings and photography and the acclaimed documentary film directed by Ron Mann. Now residing on Hornby Island, Smith currently works with Arthur Bull and Tony Wilson, Comments on the self-published limited edition from fellow artists: "You covered an enormous territory and gave new life to an era of history and ideals that we all need to remember. There were so many things that rang a bell, I wished I'd taken notes. And so many times I laughed " --Renee Rodin: Writer, Visual Artist, and Cultural Worker (Vancouver, Canada). "It's bleedin' brilliant. It's not a book, it's an achievement. Bravo." --Art Lange: Writer, Producer, Former editor Downbeat Magazine (Chicago, USA). "Fantastic I started reading and found it was almost impossible to stop What is so great is that I can relate to a lot of things you write about. Thank you very much. And what a brilliant edition " --Leo Feigen, Leo Records (Newton Abbott, UK). "I laughed out loud many times. And the jazz stuff. I think it's very important that you have written it all down. Unique and insightful." --Jim Munro: Musician, Bricoleur (Richmond, Canada). "A wild bit of synchronicity today ...overburdened with work-related stress i closed my office door and on impulse dialed up You Tube to watch the Chuvalo-Ali fight, which i have never seen (it's there). Later that same day I come home to my little apartment, pour myself deep glass of scotch, open your book randomly for a read, only to find, not only the wonderful evocation of the mystique of the Colonial Tavern, but your beautiful account of that very same fight. And so it goes..." --Arthur Bull: Musician, Poet, Chinese Translator (Digby Neck, Canada).

Lou Reed Sep 29 2020 'This "sincere speed-written, blood-spattered tribute" strings together the raciest anecdotes...and does it rather well' SUNDAY TIMES 'Mick Wall has written in a rough and unsentimental style that suits his subject' THE TIMES Lou Reed died in 2013. This is the critically acclaimed biography of the songwriter, Velvet Underground member and musician. Rock 'n' roll was Lou Reed's life. From recording one of the most critically acclaimed albums of all time with THE VELVET UNDERGROUND & NICO (1967), to heavy drug abuse and performing in front of the Pope, Lou Reed's story is one of great peaks and deep lows. Forever dedicated to his art, he became one of modern music's most legendary and seismic figures. Although a controversial, outspoken and undoubtedly misunderstood musician, Lou Reed's influence on popular culture cannot be overstated. He brought avant-garde to the mainstream with the Velvet Underground and his solo work was pronounced a revelation. Hit albums such as TRANSFORMER, SALLY CAN'T DANCE and BERLIN have cemented his name in the rock pantheon. A testament to his strength of character and true spirit, he was a creative and performer until the end, playing benefit gigs, featuring on new releases and, most poignantly, declaring that he was looking forward to 'being on stage performing, and writing more songs to connect with your hearts and spirits and the universe well into the future.' A true icon of rock 'n' roll - his legacy will live on in this book.

Vivian doesn't feel like she fits in - and never has. As a child, she was so whimsical that her parents told her she was "left by fairies." Now, living alone in Dublin, the neighbors treat her like she's crazy, her older sister condescends to her, social workers seem to have registered her as troubled, and she hasn't a friend in the world. So, she decides it's time to change her life: She begins by advertising for a friend. Not just any friend. She wants one named Penelope. Meanwhile, she roams the city, mapping out a new neighborhood every day, seeking her escape route to a better world, the other world her parents told her she came from. And then one day someone named Penelope answers her ad for a friend. And from that moment on, Vivian's life begins to change. COLLECTED SUPERNOTES Oct 23 2022 With his 'Collected Supernotes' author John O'Loughlin has combined, on a highly abstract basis, material derived from the independently published titles, *Devil and God – The Omega Book*, *From Materialism to Idealism*, *Towards the Supernoumenon*, *Elemental Spectra*, *Critique of Post-Dialectical Idealism*, *Philosophical Truth*, *Veritas Philosophicus*, and *Last Judgements*, which span the period 1985–93, with a view to bringing some kind of strict chronology to bear on a series of writings dubbed 'supernotational', to distinguish them from essays on the one hand and aphorisms on the other, thereby allowing him to establish a kind of intermediate position between essays and aphorisms in the interests of what became a gradual progression towards an enhanced sense of philosophical logic commensurate, so he believes, with 'Supertruth' and, ultimately, with a kind of plateau of aphoristic purism. – A Centretruths Editorial
