I want to live like a man . . . love like a man . . ." Yet how could he? Like most faculty members, he had to burn the midnight oil doing extra assignments to improve his lot in the world. For although his wife was rich, she wanted Peter to pay - or to play! When a college campus is rocked by violent revolt, it isn't always the students who are to blame. It spread quickly to Eric Bentley, another normally staid member of the faculty, who knew a good thing when he saw it - and saw Vivian at her naked best. Then it touched Barry Holmes, an A student who just happened to like doing nude studies instead of his homework! "Fitrah: Man's Natural Disposition" is a translation of the Persian book "Fi?rat" by the great Muslim thinker and reformer, Ayatollah Murtada Mutahhari. "Fitrah" is the theme of a 10-session lecture series given the martyred thinker in 1976-77.

With ample citations from the Qur'an and other traditional Islamic sources, Mutahhari discusses the concept of 'fitrah' or man's natural disposition. The author does not confine himself to Islamic references as he continuously engages with the views of a wide range of philosophers including Plato, William James, Russell, Nietzsche, Marx, Feuerbach, Auguste Comte, Spencer, Will Durant, and Durkheim, among others. Mutahhari's ontological discussion covers a range of issues, including the literal and technical meaning of 'fitrah', sacred inclinations, love and worship, and the evolution of human originality. He also examines materialism and provides a theistic approach to some issues pertaining to the theories on the origin of religion, the evolution of human society, intrinsic and acquired guidance, and intuitive and sensory dispositions. This book lays a significant interconnected and deep foundation in Islamic theology and an understanding of human psychology, sociology and anthropology fully supported by the holy Quran, ahadith, logic and philosophy. The reader will leave with a holistic understanding of Islam and a true connection with the Almighty (SWT) through one own self. * Outboard motor repair for the average guy * Fix up an old outboard and SAVE \$1000 or more compared to buying a new motor! With a little know-how and a few common tools, you can fix an old motor—bring it back from the dead. Sometimes all it takes is a squirt of WD-40 into the cylinder and a new spark plug.

Or a new set of points and condensers—which do not require expert knowledge or black magic to install. Maybe the carburetor needs cleaning and adjusting. You can do it! Max E. Wawrzyniak III is an outboard motor guru. He advises you to find an old motor at a yard sale for \$100 or so (and he tells you exactly which ones to look for), and fix it up—rather than spending \$1500 or more on a new motor. He is a big fan of “cheap power.” Get on the water with money left in your pocket. With a basic understanding of how these motors work, a little logical thinking, and a few hours' work, you can go boating for a fraction of what everyone else has to pay. Also—for the boater who already owns an outboard motor of any age—this book demystifies these internal-combustion marvels that can bring such frustration if they malfunction. You'll learn how they work, and the simple things you can do to keep them running forever. What Max teaches are not only money-saving skills, but can also be life-saving, as you will no longer be helpless in the face of engine trouble on the water. His clear instructions and over one hundred color photographs will make anyone into a capable outboard mechanic.
