Strain of Resistance Aug 25 2020 I was twelve years old when the world ended. For eight years I've survived this hellhole of a planet, fighting the parasites that mutated most of earth's population into blood-thirsty freaks, while the rest of us became the lunch special on their human-filled menu. And that's only one of our problems as we try to survive everyday life in this new reality. Enough food and water? If we're lucky. Leaving the safety of our high walls? Only if we want to face the vicious cannibals and leeches haunting the streets searching for prey. Living any sort of normalcy? Yeah, right. If it wasn't for my fellow hunters and Luke, I would have given up long ago. Luke. My friend. My leader. My rock. The man whose arms held me as my world shattered when the invaders took everything I had left. And he wants more. More time. More... commitment. But these walls I've built up are the only thing keeping me together. If I let him in, if I let myself love him, it'll only hurt worse when the inevitable happens. Because in our world, no one is safe, since the only end to this suffering is death. And our war is just beginning. They've already stolen so much from me. It's time for things to change. My name is Bixby and I'm the resistance. Mature themes and explicit language. 17+ Rating.

Race & Resistance May 02 2021 Viet Nguyen argues that Asian American intellectuals need to examine their own assumptions about race, culture and politics, and makes his case through the example of literature.

We Are the Resistance (Star Wars) Nov 08 2021 An all-new Star Wars Little Golden Book! Can Rey, Finn, Poe Dameron, General Leia, Chewbacca, and the Brave Resistance save the galaxy from Kylo Ren and the evil First Order? Featuring stunning retro illustrations, this Little Golden Book is perfect for Star Wars fans of all ages! Star Wars has captivated millions worldwide for almost forty years. The phenomenon began with the 1977 theatrical debut of Star Wars, later retitled A New Hope, and has expanded to include six additional major motion pictures (The Empire Strikes Back, Return of the Jedi, The Phantom Menace, Attack of the Clones, Revenge of the Sith, The Force Awakens, The Last Jedi, Solo: A Star Wars Story, and The Rise of Skywalker), television programming, publishing, video games, and much more, with new films coming every year.

Sisters of the Resistance Dec 29 2020 One of PopSugar's Best Books of June! Two sisters join the Paris Resistance in this page-turning new novel inspired by the real-life bravery of Catherine Dior, sister of the fashion designer and a

heroine of World War II France—perfect for fans of Kate Quinn and Jennifer Chiaverini. "As dazzling as a Dior gown! With a gorgeous blend of fashion, heartbreak, heroism, and love this book will transport you to France..." —Natasha Lester, New York Times bestselling author of *The Paris Secret* Paris, 1944: The war is nearly over, but for members of the Resistance in occupied France, it is more dangerous than ever before. Twenty-five-year-old Gabby Foucher loathes the Nazis, though as the concierge of 10 rue Royale, she does her best to avoid conflict—unlike her bolder sister Yvette, who finds trouble at every turn. Then they are both recruited into the Resistance by Catherine Dior and swept into a treacherous world of spies, fugitives, and intrigue. While Gabby risks everything for the man she is hiding from the Nazis, Yvette must decide whether to trust an enigmatic diplomat who seems to have guessed her secret. As the threat of betrayal draws ever-closer, one slip could mean the deaths of many, and both sisters must make choices they might regret. Paris, 1947: Yvette returns from New York to reunite with Gabby and begin life anew as a mannequin for Dior, who is revolutionizing fashion with the New Look. But first she must discover the truth behind Catherine's terrible fate, while Gabby finds that there are many kinds of courage, and that love is always worth fighting for.

The Verso Book of Dissent Apr 20 2020 Throughout the ages and across every continent, people have struggled against those in power and raised their voices in protest—rallying others around them and inspiring uprisings in eras yet to come. Their echoes reverberate from Ancient Greece, China and Egypt, via the dissident poets and philosophers of Islam and Judaism, through to the Arab slave revolts and anti-Ottoman rebellions of the Middle Ages. These sources were tapped during the Dutch and English revolutions at the outset of the Modern world, and in turn flowed into the French, Haitian, American, Russian and Chinese revolutions. More recently, resistance to war and economic oppression has flared up on battlefields and in public spaces from Beijing and Baghdad to Caracas and Los Angeles. This anthology, global in scope, presents voices of dissent from every era of human history: speeches and pamphlets, poems and songs, plays and manifestos. Every age has its iconoclasts, and yet the greatest among them build on the words and actions of their forerunners. The Verso Book of Dissent will become an invaluable resource, reminding today's citizens that these traditions will never die.

Resistance Nov 20 2022 A couple's bucolic French town is almost untouched by the ravages of WWII. When their

friend goes into hiding and his Jewish parents disappear, they realize they must take a stand.

The Politics of Accommodation and Resistance in the Black Church Dec 17 2019 This study argues that the church has the capacity of fostering ideological resistance to the dominant order and therefore making a profound contribution to the sociopolitical liberation of black Americans. By developing this position using quantitative research methods in three African-American churches, the work confirms the reality of this potential, showing that a counter-hegemonic approach to church in the black community is possible. This is significant because many politically active scholars, even African-American radicals, disparage the institution as a politically destructive hegemonic organization that misuses social and economic resources.

Full Spectrum Resistance, Volume One Jul 04 2021 A guide to direct action for those disillusioned with the posturing of liberal “activism.” The radical left is losing, but it doesn’t have to be that way. Here is the radical’s guide to activist work—the manual we need at this crucial moment to organize for universal human rights, a habitable earth, and a more egalitarian society. Thoroughly exploring the achievements and failures of radical movements throughout history—from 19th-century anti-colonial rebellions in China and the environmental actions of First Nations and Native American tribes throughout the 20th century, to Black Lives Matter and the fight for Gay Liberation—the two volumes of Full Spectrum Resistance candidly advocate for direct action, not just risk-averse models of protest marches and call-ins. With in-depth histories and case studies of social justice and environmental movements, noted writer, activist, and farmer Aric McBay explains why passive resistance alone cannot work, and how we must be prepared to do whatever it takes to create substantial social change. In Volume 1: Building Movements and Fighting to Win, McBay describes the need for resistance movements, and paints a portrait of what a thriving resistance movement might look like today. Citing successful movements such as the Deacons of Defense of the American Civil Rights Movement, the anti-colonial revolutions in Guinea and Cape Verde, and activist groups like Act-UP, McBay deftly illustrates how to organize activist groups and encourage enlistment, while also noting the necessary precautions one must take to secure these radical circles from infiltration and collapse.

Healing Resistance Aug 05 2021 Activists and change agents, restorative justice practitioners, faith leaders, and anybody engaged in social progress and shifting society will find this mindful approach to nonviolent action

indispensable. Nonviolence was once considered the highest form of activism and radical change. And yet its basic truth, its restorative power, has been forgotten. In *Healing Resistance*, leading trainer Kazu Haga blazingly reclaims the energy and assertiveness of nonviolent practice and shows that a principled approach to nonviolence is the way to transform not only unjust systems but broken relationships. With over 20 years of experience practicing and teaching Kingian Nonviolence, Haga offers us a practical approach to societal conflict first begun by Dr. Martin Luther King Jr. during the Civil Rights Movement, which has been developed into a fully workable, step-by-step training and deeply transformative philosophy (as utilized by the Women's March and Black Lives Matter movements). Kingian Nonviolence takes on the timely issues of endless protest and activist burnout, and presents tried-and-tested strategies for staying resilient, creating equity, and restoring peace.

Students and Resistance in Palestine Jul 24 2020 Exploring the Palestinian Student Movement from an historical and sociological perspective, this book demonstrates how Palestinian national identity has been built in the absence of national institutions, whilst emphasizing the role of higher education as an agent of social change, capable of crystallizing patterns of national identity. Focussing on the political and social activities of Palestinian students in two arenas – the West Bank and Gaza Strip, and the Palestinian diaspora, *Students & Resistance* covers the period from 1952-2000. The book investigates the commonality of the goal of the respective movements in securing independence and the building of a sovereign Palestinian state, whilst simultaneously comparing their development, social tone and the differing challenges each movement faced. Examining a plethora of sources including; Palestinian student magazines, PLO documents, Palestinian and Arabic news media, and archival records, to demonstrate how the Palestinian Student Movements became a major political player, this book is of interest to scholars and students of Palestinian History, Politics and the Arab-Israeli Conflict.

Working with Resistance Sep 06 2021 *Working with Resistance* is about heartache, grieving, letting go and moving on - as the patient's resistances are worked through and her defences are overcome. It is, therefore, a book about hope that arises in the context of discovering that it is possible to survive the experience of heartbreak, sadder perhaps but certainly wiser and more realistic.

Resistance Mar 12 2022 A tale of impossible love in Nazi-occupied Belgium, where forbidden passions have

catastrophic consequences. Claire Daussois, the wife of a Belgian resistance worker, shelters a wounded American bomber pilot in a secret attic hideaway. As she nurses him back to health, Claire is drawn into an affair that seems strong enough to conquer all—until the brutal realities of war intrude, shattering every idea she ever had about love, trust, and betrayal. Resistance is a tender but tragic love story, told with the same narrative grace and keen eye for human emotion that have distinguished all of Anita Shreve's cherished bestsellers.

Critical Resistance Jan 10 2022 This book serves as both an introduction to the concept of resistance in poststructuralist thought and an original contribution to the continuing philosophical discussion of this topic. How can a body of thought that mistrusts universal principles explain the possibility of critical resistance? Without appeals to abstract norms, how can emancipatory resistance be distinguished from domination? Can there be a poststructuralist ethics? David Hoy explores these crucial questions through lucid readings of Nietzsche, Foucault, Bourdieu, Derrida, and others. He traces the genealogy of resistance from Nietzsche's break with the Cartesian concept of consciousness to Foucault's and Bourdieu's theories of how subjects are formed through embodied social practices. He also considers Levinas, Heidegger, and Derrida on the sources of ethical resistance. Finally, in light of current social theory from Judith Butler to Slavoj Žižek, he challenges "poststructuralism" as a category and suggests the term "post-critique" as a more accurate description of contemporary Continental philosophy. Hoy is a leading American scholar of poststructuralism. *Critical Resistance* is the only book in English that deals substantively with the topical concept of resistance in relation to poststructuralist thought, discussions of which have dominated Continental social thought for many years.

Celebrate People's History! Jul 16 2022 The best way to learn history is to visualize it! Since 1998, Josh MacPhee has commissioned and produced over one hundred posters by over eighty artists that pay tribute to revolution, racial justice, women's rights, queer liberation, labor struggles, and creative activism and organizing. *Celebrate People's History!* presents these essential moments—acts of resistance and great events in an often hidden history of human and civil rights struggles—as a visual tour through decades and across continents, from the perspective of some of the most interesting and socially engaged artists working today. *Celebrate People's History* includes artwork by Cristy Road, Swoon, Nicole Schulman, Christopher Cardinale, Sabrina Jones, Eric Drooker, Klutch, Carrie Moyer,

Laura Whitehorn, Dan Berger, Ricardo Levins Morales, Chris Stain, and more.

Confession and Resistance Oct 19 2022 For scholars of medieval literature, confession, with its language of sin and contrition, has often provided the basis for our understanding of medieval selfhood and subjectivity. Confessional texts, whether penitential manuals or literary depictions of confession, suggest ways that people spoke about themselves and how they understood their interiority. In *Confession and Resistance*, Katherine C. Little cautions that medieval selfhood should not be understood merely in terms of confessional practice. She points to the controversy over confession and, more generally, lay instruction that was generated in late medieval England around the heresy known as Wycliffism (or Lollardy). This controversy, she maintains, reveals the contested nature of the language of medieval selfhood. Through her readings of Wycliffite sermons and polemical writings, Little argues that the Lollard resistance to confession should be understood as a debate over self-formation. For the Wycliffites, traditional confessional language had failed in its expected function--to define the self and to reveal the interior--and had to be replaced with new terms and new stories taken from the Bible. This new view of Wycliffism, as a crisis in the language of selfhood, allows the author to reevaluate the impact of Wycliffite ideas in Chaucer's *Parson's Tale*, Gower's *Confessio Amantis*, and Hoccleve's *Regiment of Princes*. Little finds in these texts, all of which include confession as a theme, a similar concern with the inadequacy of the traditional confessional mode.

On Resistance Feb 11 2022 No word is more central to the contemporary political imagination and action than 'resistance'. In its various manifestations - from the armed guerrilla to Gandhian mass pacifist protest, from Wikileaks and the Arab Spring to the global eruption and violent repression of the Occupy movement - concepts of resistance are becoming ubiquitous and urgent. In this book, Howard Caygill conducts the first ever systematic analysis of 'resistance': as a means of defying political oppression, in its relationship with military violence and its cultural representation. Beginning with the militaristic doctrine of Clausewitz and the evolution of a new model of guerrilla warfare to resist the forces of Napoleonic France, *On Resistance* elucidates and critiques the contributions of seminal resistant thinkers from Marx and Nietzsche to Mao, Gandhi, Sartre and Fanon to identify continuities of resistance and rebellion from the Paris Commune to the Greenham Women's Peace Camp. Employing a threefold line of inquiry, Caygill exposes the persistent discourses through which resistance has been framed in terms of force,

violence, consciousness and subjectivity to evolve a critique of resistance. Tracing the features of resistance, its strategies, character and habitual forms throughout modern world history Caygill identifies the typological consistencies which make up resistance. Finally, by teasing out the conceptual nuances of resistance and its affinities to concepts of repression, reform and revolution, Caygill reflects upon contemporary manifestations of resistance to identify whether the 21st century is evolving new understandings of protest and struggle.

Vulnerability in Resistance Sep 25 2020 Vulnerability and resistance have often been seen as opposites, with the assumption that vulnerability requires protection and the strengthening of paternalistic power at the expense of collective resistance. Focusing on political movements and cultural practices in different global locations, including Turkey, Palestine, France, and the former Yugoslavia, the contributors to *Vulnerability in Resistance* articulate an understanding of the role of vulnerability in practices of resistance. They consider how vulnerability is constructed, invoked, and mobilized within neoliberal discourse, the politics of war, resistance to authoritarian and securitarian power, in LGBTQI struggles, and in the resistance to occupation and colonial violence. The essays offer a feminist account of political agency by exploring occupy movements and street politics, informal groups at checkpoints and barricades, practices of self-defense, hunger strikes, transgressive enactments of solidarity and mourning, infrastructural mobilizations, and aesthetic and erotic interventions into public space that mobilize memory and expose forms of power. Pointing to possible strategies for a feminist politics of transversal engagements and suggesting a politics of bodily resistance that does not disavow forms of vulnerability, the contributors develop a new conception of embodiment and sociality within fields of contemporary power. Contributors. Meltem Ahiska, Athena Athanasiou, Sarah Bracke, Judith Butler, Elsa Dorlin, Ba?ak Ertür, Zeynep Gambetti, Rema Hammami, Marianne Hirsch, Elena Loizidou, Leticia Sabsay, Nükhet Sirman, Elena Tzelepis

State of Resistance Jan 30 2021 “Concise, clear and convincing. . . a vision for the country as a whole.” —James Fallows, *The New York Times* Book Review A leading sociologist’s brilliant and revelatory argument that the future of politics, work, immigration, and more may be found in California Once upon a time, any mention of California triggered unpleasant reminders of Ronald Reagan and right-wing tax revolts, ballot propositions targeting undocumented immigrants, and racist policing that sparked two of the nation’s most devastating riots. In fact,

California confronted many of the challenges the rest of the country faces now—decades before the rest of us. Today, California is leading the way on addressing climate change, low-wage work, immigrant integration, overincarceration, and more. As white residents became a minority and job loss drove economic uncertainty, California had its own Trump moment twenty-five years ago, but has become increasingly blue over each of the last seven presidential elections. How did the Golden State manage to emerge from its unsavory past to become a bellwether for the rest of the country? Thirty years after Mike Davis’s hellish depiction of California in *City of Quartz*, the award-winning sociologist Manuel Pastor guides us through a new and improved California, complete with lessons that the nation should heed. Inspiring and expertly researched, *State of Resistance* makes the case for honestly engaging racial anxiety in order to address our true economic and generational challenges, a renewed commitment to public investments, the cultivation of social movements and community organizing, and more.

[At the Dark End of the Street](#) Sep 18 2022 Here is the courageous, groundbreaking story of Rosa Parks and Recy Taylor—a story that reinterprets the history of America's civil rights movement in terms of the sexual violence committed against Black women by white men. "An important step to finally facing the terrible legacies of race and gender in this country." —The Washington Post Rosa Parks was often described as a sweet and reticent elderly woman whose tired feet caused her to defy segregation on Montgomery’s city buses, and whose supposedly solitary, spontaneous act sparked the 1955 bus boycott that gave birth to the civil rights movement. The truth of who Rosa Parks was and what really lay beneath the 1955 boycott is far different from anything previously written. In this groundbreaking and important book, Danielle McGuire writes about the rape in 1944 of a twenty-four-year-old mother and sharecropper, Recy Taylor, who strolled toward home after an evening of singing and praying at the Rock Hill Holiness Church in Abbeville, Alabama. Seven white men, armed with knives and shotguns, ordered the young woman into their green Chevrolet, raped her, and left her for dead. The president of the local NAACP branch office sent his best investigator and organizer—Rosa Parks—to Abbeville. In taking on this case, Parks launched a movement that exposed a ritualized history of sexual assault against Black women and added fire to the growing call for change.

Freedom and Resistance Jan 22 2023 Christopher Curry recovers a social history of black loyalists in the Bahamas

that highlights intra- and inter-racial dynamics and examines their impact on evolving Bahamian society. This volume also examines the racial discord that erupted between black and white loyalists as, respectively, one group sought greater legal freedoms while the other sought greater economic benefits. With this work, Curry adds a new chapter to the global dimensions of the freedom struggle that emanated from the American Revolution.

The Resistance Nov 27 2020 You don't choose when. You don't choose where. And you don't get to choose who you fall in love with. The minute he opened his sexy mouth, Holliday Hughes should have known Jack Dalton was trouble. His smooth pickup lines, broad shoulders, and ridiculously handsome face charmed her right out of her clothes. She gave into her desires, the instant attraction blinding her to the obvious. One night. That was all it took for Holliday's world to be flipped on its axis. Jack Dalton was cocky. Smug. Volatile. Demanding. He ignited something deep inside her like no other, but there was something more to this brooding bad boy. There was a dark side to him she couldn't help but be drawn to. Torn between what she knew about him and a mysterious side he tried to hide, could she walk away or was he simply too hard to resist?

Terror and Resistance Aug 17 2022

AIDS, Discourse and Resistance: a Social Work Perspective Mar 20 2020

What's My Name, Fool? Jan 18 2020 In *Whats My Name, Fool?* sports writer Dave Zirin shows how sports express the worst - and at times the most creative, exciting, and political - features of our society. Zirins sharp and insightful commentary on the personalities, politics, and history of American sports is unlike any sports writing being done today. Zirin explores how NBA brawls highlight tensions beyond the arena, how the bold stances taken by sports unions can chart a path for the entire labor movement, and the unexplored political stirrings of a new generation of athletes who are no longer content to just "play one game at a time." *Whats My Name, Fool?* draws on original interviews with former heavyweight champ George Foreman, Olympic athlete John Carlos, NBA player and anti-death penalty activist Etan Thomas, antiwar womens college hoopster Toni Smith, Olympic Project for Human Rights leader Lee Evans and many others. It also unearths a history of athletes ranging from Jackie Robinson to Muhammad Ali to Billie Jean King, who charted a new course through their athletic ability and their outspoken views.

Resistance The Gathering Storm Jun 15 2022 The thrilling novel based on the bestselling video game Resistance: Fall of Man Great Britain. July 1951. Three years ago, Russia went dark. Nothing got in. Nothing got out. The world assumed it was political strife. But it was the Chimera: voracious extraterrestrial invaders. And in December 1949, they burst across the Russian border and poured into Europe. The luckiest humans died. The less fortunate succumbed to an alien virus—and changed. Within a year, most of Europe had fallen. Only Great Britain, after struggling desperately, had kept the conquerors at bay. But as the Chimera were repelled, they were evolving. Building. Planning. America. November 1952. The Chimera have crossed the Atlantic. Their lightning strikes on American borders are devastating. Cities are lost. Small towns overrun. Citizens transformed into monstrosities. Enter Lieutenant Nathan Hale, U.S. Ranger. A veteran of the Chimeran conflict, he is uniquely immune to the alien virus. And when regular troops can't stem the Chimeran onslaught, Hale and his special-operations team meet the menace head-on. But while they battle the relentless Chimera, deadly power games rage in the White House. And when Hale discovers a far-reaching conspiracy, one with deadly consequences for the human race, his allegiance to country and mankind is stretched to the breaking point. Based on a game rated Mature by the ESRB

A Poetics of Resistance Oct 15 2019 A survey of the empowering poetry of politically active women in El Salvador, South Africa, and the United States.

The Lost Art of Reading Feb 23 2023 The new introduction and afterword bring fresh relevance to this insightful rumination on the act of reading--as a path to critical thinking, individual and political identity, civic engagement, and resistance. The former LA Times book critic expands his short book, rich in ideas, on the consequence of reading to include the considerations of fake news, siloed information, and the connections between critical thinking as the key component of engaged citizenship and resistance. Here is the case for reading as a political act in both public and private gestures, and for the ways it enlarges the world and our frames of reference, all the while keeping us engaged.

Resistance Apr 13 2022 NEW YORK TIMES BESTSELLER A timely and passionate call to action for engaging with our current political moment, from the Grammy-nominated and multiplatinum singer-songwriter and New York Times bestselling author Tori Amos. Since the release of her first, career-defining solo album Little Earthquakes,

Tori Amos has been one of the music industry's most enduring and ingenious artists. From her unnerving depiction of sexual assault in "Me and a Gun" to her post-9/11 album, *Scarlet's Walk*, to 2017's *Native Invader*, her work has never shied away from intermingling the personal with the political. From her time as a teenager playing hotel bars in Washington, DC, for the politically powerful to the subsequent three decades of her formidable music career, Amos explains how she managed to create meaningful, politically resonant work against patriarchal power structures—and how her proud declarations of feminism and her fight for the marginalized always proved to be her guiding light. She teaches us to engage with intention in this tumultuous global climate and speaks directly to supporters of #MeToo and Time's Up, as well as young people fighting for their rights and visibility in the world. Filled with compassionate guidance and actionable advice—and using some of the most powerful, political songs in Amos's canon—*Resistance* is for anyone determined to steer the world back in the right direction.

Hoodwinked Jun 22 2020 True stories of courage and the horrors of World War Two.

Cultures of Resistance Oct 07 2021 *Cultures of Resistance* brings new insight to a key question: do government efforts to repress social movements effectively repress dissent, or do they spur mobilization? Through analyses of activists' experiences of repression and resistance, the book uncovers processes that shape how individuals understand the risks of participating in collective action. Reynolds-Stenson demonstrates how individual rationality is collectively constructed.

Rhetoric and Resistance in Black Women's Autobiography Feb 17 2020 "[A] crucial, pioneering book . . . deeply engaging because of the intrinsic interest of the texts Stover brings to light."--Jerrilyn McGregory, Florida State University Johnnie M. Stover explores the origin and power of black women writers' voices using the personal narratives of 19th-century Americans who were slaves or indentured servants.

Roots of Resistance Dec 09 2021 On May 1, 1954, striking banana workers on the North Coast of Honduras brought the regional economy to a standstill, invigorating the Honduran labor movement and placing a series of demands on the US-controlled banana industry. Their actions ultimately galvanized a broader working-class struggle and reawakened long-suppressed leftist ideals. The first account of its kind in English, *Roots of Resistance* explores contemporary Honduran labor history through the story of the great banana strike of 1954 and centers the role of

women in the narrative of the labor movement. Drawing on extensive firsthand oral history and archival research, Suyapa G. Portillo Villeda examines the radical organizing that challenged US capital and foreign intervention in Honduras at the onset of the Cold War. She reveals the everyday acts of resistance that laid the groundwork for the 1954 strike and argues that these often-overlooked forms of resistance should inform analyses of present-day labor and community organizing. *Roots of Resistance* highlights the complexities of transnational company hierarchies, gender and race relations, and labor organizing that led to the banana workers strike and how these dynamics continue to reverberate in Honduras today.

Resistance [uncorrected Proof] May 22 2020 In 1942 sixteen-year-old Chaya Lindner is a Jewish girl living in Nazi-occupied Poland, a courier who smuggles food and documents to the isolated Jewish ghettos in southern Poland, depending on her forged papers and "Aryan" features--but when a mission goes wrong and many of her colleagues are arrested she finds herself on a journey to Warsaw, where an uprising is in the works.

The 500 Years of Indigenous Resistance Comic Book: Revised and Expanded May 14 2022 This publication meets the EPUB Accessibility requirements and it also meets the Web Content Accessibility Guidelines (WCAG-AA). It is screen-reader friendly and is accessible to persons with disabilities. A book with many images, which is defined with accessible structural markup. This book contains various accessibility features such as alternative text for images, table of contents, page-list, landmark, reading order and semantic structure.

Victory Dec 21 2022 In 1944, as Allied forces move to retake France from its Nazi invaders, the Tessier siblings risk their lives once more and journey to Paris, where they are to deliver top-secret intelligence to Resistance workers. Illustrations.

University Physics Feb 28 2021 *University Physics* is a three-volume collection that meets the scope and sequence requirements for two- and three-semester calculus-based physics courses. Volume 1 covers mechanics, sound, oscillations, and waves. Volume 2 covers thermodynamics, electricity and magnetism, and Volume 3 covers optics and modern physics. This textbook emphasizes connections between theory and application, making physics concepts interesting and accessible to students while maintaining the mathematical rigor inherent in the subject. Frequent, strong examples focus on how to approach a problem, how to work with the equations, and how to

check and generalize the result. The text and images in this textbook are grayscale.

The 500 Years of Resistance Comic Book Apr 01 2021 A powerful and historically accurate graphic portrayal of Indigenous peoples' resistance to the European colonization of the Americas, beginning with the Spanish invasion under Christopher Columbus and ending with the Six Nations land reclamation in Ontario in 2006. Gord Hill spent two years unearthing images and researching historical information to create *The 500 Years of Resistance Comic Book*, which presents the story of Aboriginal resistance in a far-reaching format. Other events depicted include the 1680 Pueblo Revolt in New Mexico; the Inca insurgency in Peru from the 1500s to the 1780s; Pontiac and the 1763 Rebellion and Royal Proclamation; Geronimo and the 1860s Seminole Wars; Crazy Horse and the 1877 War on the Plains; the rise of the American Indian Movement in the 1960s; 1973's Wounded Knee; the Mohawk Oka Crisis in Quebec in 1990; and the 1995 Aazhoo'dena/Stoney Point resistance. With strong, plain language and evocative illustrations, *The 500 Years of Resistance Comic Book* documents the fighting spirit and ongoing resistance of Indigenous peoples through five hundred years of genocide, massacres, torture, rape, displacement, and assimilation: a necessary antidote to the conventional history of the Americas. Includes an introduction by activist Ward Churchill, leader of the American Indian Movement in Colorado and a prolific writer on Indigenous resistance issues. Gord Hill, a member of the Kwakwaka'wakw Nation in British Columbia, has been active in Indigenous resistance, anti-colonial, and anti-capitalist movements since 1990. He is also author of *The 500 Years of Resistance*, a pamphlet published by PM Press.

Thinking Through Resistance Nov 15 2019 Acts of public defiance towards biomedical public health policies have occurred throughout modern history, from resistance to early smallpox vaccines in 19th-century Britain and America to more recent intransigence to efforts to contain the Ebola outbreak in Central and West Africa. *Thinking through Resistance* examines a diverse range of case studies of opposition to biomedical public health policies – from resistance to HPV vaccinations in Texas to disputes over HIV prevention research in Malawi – to assess the root causes of opposition. It is argued that far from being based on ignorance, resistance instead serves as a form of advocacy, calling for improvements in basic health-care delivery alongside expanded access to infrastructure and basic social services. Building on this argument, the authors set out an alternative to the current technocratic

approach to global public health, extending beyond greater distribution of medical technologies to build on the perspectives of a political economy of health. With contributions from medical anthropologists, sociologists, and public health experts, *Thinking through Resistance* makes important reading for researchers, students, and practitioners in the fields of public health, medical anthropology, and public policy.

[Resistance, Space and Political Identities](#) Oct 27 2020 Utilizing research on networked struggles in both the 18th-century Atlantic world and our modern day, *Resistance, Space and Political Identities: The Making of Counter-Global Networks* challenges existing understandings of the relations between space, politics, and resistance to develop an innovative account of networked forms of resistance and political activity. Explores counter-global struggles in both the past and present—including both the 18th-century Atlantic world and contemporary forms of resistance Examines the productive geographies of contestation Foregrounds the solidarities and geographies of connection between different place-based struggles and argues that such solidarities are essential to produce more plural forms of globalization
