Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control – from the author of *The Laws of Human Nature*. In the book that *People* magazine proclaimed “beguiling” and “fascinating,” Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence (“Law 1: Never Outshine the Master”), others teach the value of confidence (“Law 28: Enter Action

with Boldness”), and many recommend absolute self-preservation (“Law 15: Crush Your Enemy Totally”). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, The 48 Laws of Power is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game. Winner of the Bay Area Book Reviewers Award and the New York Society Library Book Award "One of the most important skills in Graphic Design today is the ability to integrate different software programs into a seamless whole. Yet software books continue to teach one program at a time without regard to the integration issues that lie at the heart of good digital design. The Graphic Designer's Digital Toolkit provides a comprehensive overview of the 'Big 4' digital design programs used in industry today: Adobe Illustrator, Adobe Photoshop, Adobe InDesign, and QuarkXPress. The book then examines in practical detail how to merge results of these programs into good, workable design. The Graphic Designer's Digital Toolkit features a highly visual introduction to the essential tools and functions of each application from the perspective of the working designer. Readers are then given the opportunity to put what they learn to work by tackling design projects from concept to completion, with assignments drawn from the everyday world of professional graphic designers"--Global Books in Print. New York Times Bestseller: An “elegant” mosaic of trenchant observations on the late sixties and seventies from the author of Slouching Towards Bethlehem (The New Yorker). In this landmark essay collection, Joan Didion brilliantly interweaves her own “bad dreams” with those of a nation confronting the dark underside of 1960s counterculture. From a jailhouse visit to Black Panther Party cofounder Huey Newton to witnessing First Lady of California Nancy Reagan pretend to pick flowers for the benefit of news cameras, Didion captures the paranoia and absurdity of the era with her signature blend of irony and insight. She takes readers to the “giddily splendid” Getty Museum in Los Angeles, the cool mountains of Bogotá, and the Jordanian Desert, where Bishop James Pike went to walk in Jesus’s footsteps—and died not far from his rented Ford Cortina. She anatomizes the culture of shopping malls—“toy garden cities in which no one lives but everyone consumes”—and exposes the contradictions and compromises of the women’s movement. In the iconic title essay, she documents her uneasy state of mind during the years leading up to and following the Manson murders—a terrifying crime that, in her memory, surprised no one. Written in “a voice like no other in contemporary journalism,” The White Album is a masterpiece of literary reportage and a fearless work of autobiography by the National Book Award–winning author of The Year of Magical Thinking (The New York Times Book Review).
