Without Blood Jan 11 2022 The next raucous, twisty crime novel from the master of the Quebec thriller! Rebellious cop Victor Lessard pursues a ruthless hunter who stalks the streets of Montreal. A senior administrator is stabbed to death in his office at the Montreal General Hospital. In the east end of the city, a dead man is found in the trunk of a stolen BMW. A young woman is hospitalized after an apparent hit and run, but despite her doctor's objections, she refuses treatment and sets off on a desperate search for the man who helped her. Montreal police detective Victor Lessard and his team of investigators work to find the common thread linking these seemingly unrelated cases. It quickly becomes apparent that there's no time to lose: a ruthless hunter has come to town, he's spotted his prey, and he's waiting for the right moment to close in for the kill.

The Patron Saint of Used Cars and Second Chances Sep 07 2021 In the course of one nine-month period, filmmaker Mark Millhone's youngest son nearly died from birth complications, his father was diagnosed with prostate cancer, his mother had a heart attack and passed away, a freak illness claimed the life

of one of his friends, and his career imploded. As a result of his membership in what he calls the "tragedy-of-the-month club," his marriage also began to fray. Millhone responded to the chaos as many men might: Late one night, he logged on to eBay and bid on a vintage BMW—his fantasy car, but not exactly what the doctor ordered when it came to his family's finances. As if sharing the news that he'd won the auction with his already-peevish wife weren't bad enough, it turned out that he had to travel from New York to Texas to collect the car. His estranged dad joined him, and together they embarked upon a dysfunctional road trip—a comedy of errors that would lend Millhone the perspective he needed to save his marriage and to understand what was really important in his life: his family. Acerbic and hilarious but with heart, this memoir will appeal to readers of Chuck Klosterman, David Sedaris, and Nick Hornby, as well as readers of Millhone's "Guy Wisdom" column in Men's Health. His male perspective on a troubled marriage, raising children, coping with loss, and rejuvenating a relationship with a parent will appeal equally to both sexes.

A Mob Story Jan 31 2021 Chris Paciello seemed to have it all. With heartthrob good looks and an A-list roster of clients and friends, he was a South Beach businessman/playboy whose local fame was reaching new heights—until his "wise guy" past came crashing down upon him. When some of Chris's former 'fellas were arrested, they ratted him out to the government. One case in particular—a botched robbery that turned deadly—was a time bomb that would blow the cushy new world Chris created for himself to bits...and propel him straight back to New York City to face justice.

The Complete Book of BMW May 15 2022 The Complete Book of BMW is a master work. The word 'definitive' is a bold claim but this book should be viewed in this light. It is the most comprehensive survey of BMW Group models from the 501 right up to this year's 1 and 6 Series published in the English language. Data tables covering specifications, production volumes and prices will be invaluable to the BMW enthusiast and the layout and production volumes are second to none. Tony Lewin deserves high praise for this outstanding book. - Chris Willows, Corporate Communications Director, BMW Great Britain BMW is the most remarkable phenomenon to hit the auto industry in a generation. Celebrated for its luxury sports cars, motorcycles and aero engines in the pre-war era, it squandered its glamorous heritage in the 1950s; on its knees and near-bankrupt, it was rejected as a lost cause when offered by desperate banks to Mercedes-Benz. But thanks to a wealthy German aristocrat, a brilliant engineer and a young and inspirational manager, Mercedes would soon regret not having scooped up the once-glorious firm: pioneering the concept of the compact, high-quality sports saloon, the visionary new team systematically built BMW into the spectacular success we know today. Through the most expressive medium of all - the cars themselves - The Complete Book of BMW tells the story of one of the most remarkable turnarounds of the century. From the iconic 2002tii of the 1960s through the mighty M3 of the 1990s to today's born-again MINI and the crowning glory of the Rolls-Royce Phantom.- Every model since 1962- Technical specifications and performance data- Production and sales data- Key decisions that made BMW great- Von Kuenheim's brilliant template- Taking technology leadership- 1,600 color photographs- The new focus: premium at every levelAbout the AuthorTony Lewin is an automotive writer and commentator specializing in the business and design sides of the auto industry. He has reported on the automobile sector for more than two decades as editor of industry publications such as What Car?, Financial Times Automotive World and World Automotive Manufacturing, and as a regular columnist in magazines and newspapers in Europe, Japan and the United States.General AudienceThe Complete Book of BMW tells the remarkable story of the company and its cars. From the luxury sports cars and motorcycles of the pre-war era through its rebirth at the hands of a wealthy German aristocrat, a brilliant engineer, and an inspired manager during the past two decades, the book uses the most expressive medium of all-the cars themselves-to illustrate the story of one of the most remarkable turnarounds in automotive history.

The Last Day Oct 08 2021 An unbearable loss. A shattered life. And a killer who wants more. On the edge of the North Carolina woods, behind an isolated modern house, the watcher patiently waits. He knows all about the couple who live there-a talented surgeon and a successful businessman. He knows all about the people in their lives. He knows they are numb with grief. And he knows what is going to happen next-and why. For Dr. Natasha McCarty and her husband, Ward, their son's tragic death has shaped every moment of the last year. But to add to their pain, a new strangeness is suddenly engulfing them. Natasha's hands have begun to shake. A prized memento has been stolen. Then a sordid scandal explodes out of nowhere, one that threatens everything they've built, and brings friends, strangers-and enemies-into their lives.

And now, as the anniversary of their son's death approaches, for reasons they can't guess, from a place they can't see, an extraordinary evil will emerge before their eyes. Because a killer has chosen this day as their last.

The BMW 5 Series and X5 Oct 28 2020 BMW is a company associated with motoring firsts. The very idea of a sports sedan was merely a novelty until BMW introduced the 5 series in 1972. As BMW's "middle child," the 5 series has drawn features from the company's smallest and largest models, establishing a reputation for performance and practicality through multiple generations. This book covers the history of the 5 series midsize sedan and the related X5 SUV from September 1972 to the e60's major makeover for 2008 and the development of the e70 X5. Specific mechanical, electronic and cosmetic changes are described, including the time of and reasons for their introduction. Several aspects of BMW's corporate history and technically related models such as the 6-series are also described, as are aftermarket modifications by Alpina, Hartge, and other specialist BMW tuners and speed shops. The book includes more than 200 photographs.
