The Road Aug 08 2021 NATIONAL BESTSELLER • WINNER OF THE PULITZER PRIZE • A searing, post-apocalyptic novel about a father and son's fight to survive, this "tale of survival and the miracle of goodness only adds to McCarthy's stature as a living master. It's gripping, frightening and, ultimately, beautiful" (San Francisco Chronicle). A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. The Road is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation. Look for Cormac McCarthy's new novel, *The Passenger*.

Blue Notes Aug 20 2022 Jazz can be uplifting, stimulating, sensual, and spiritual. Yet when writers turn to this form of music, they almost always imagine it in terms of loneliness. In *Blue Notes: Jazz, Literature, and Loneliness*, Sam V. H. Reese investigates literary representations of jazz and the cultural narratives often associated with it, noting how they have, in turn, shaped readers' judgments and assumptions about the music. This illuminating critical study contemplates the relationship between jazz and literature from a perspective that musicians themselves regularly call upon to characterize their performances: that of the conversation. Reese traces the tradition of literary appropriations of jazz, both as subject matter and as aesthetic structure, in order to show how writers turn to this genre of music as an avenue for exploring aspects of human loneliness. In turn, jazz musicians have often looked to literature—sometimes obliquely, sometimes centrally—for inspiration. Reese devotes particular attention to how several revolutionary jazz artists used the written word as a way to express, in concrete terms, something their music could only allude to or affectively evoke. By analyzing these exchanges between music and literature, *Blue Notes* refines and expands the cultural meaning of being alone, stressing how loneliness can create beauty, empathy, and understanding. Reese analyzes a body of prose writings that includes Ralph Ellison's *Invisible Man* and midcentury short fiction by James Baldwin, Julio Cortázar, Langston Hughes, and Eudora Welty. Alongside this vibrant tradition of jazz literature, Reese considers the autobiographies of Duke Ellington and Charles Mingus, as well as works by a range of contemporary writers including Geoff Dyer, Toni Morrison, Haruki Murakami, and Zadie Smith. Throughout, *Blue Notes* offers original perspectives on the disparate ways in which writers acknowledge the expansive side of loneliness, reimagining solitude through narratives of connected isolation.

Things Fall Apart Sep 09 2021 THINGS FALL APART tells two overlapping, intertwining stories, both of which center around Okonkwo, a "strong man" of an Ibo village in Nigeria. The first of these stories traces Okonkwo's fall from grace with the tribal world in which he lives, and in its classical purity of line and economical beauty it provides us with a powerful fable about the immemorial conflict between the individual and society. The second story, which is as modern as the first is ancient, and which elevates the book to a tragic plane, concerns the clash of cultures and the destruction of Okonkwo's world through the arrival of aggressive, proselytizing European missionaries. These twin dramas are perfectly harmonized, and they are modulated by an awareness capable of encompassing at once the life of nature, human history, and the mysterious compulsions of the soul. THINGS FALL APART is the most illuminating and permanent monument we have to the modern African experience as seen from within.

The Handmaid's Tale Jul 27 2020 An instant classic and eerily prescient cultural phenomenon, from “the patron saint of feminist dystopian fiction” (New York Times). Now an award-winning Hulu series starring Elizabeth Moss. In this multi-award-winning, bestselling novel, Margaret Atwood has created a stunning Orwellian vision of the near future. This is the story of Offred, one of the unfortunate “Handmaids” under the new social order who have only one purpose: to breed. In Gilead, where women are prohibited from holding jobs, reading, and forming friendships, Offred’s persistent memories of life in the “time before” and her will to survive are acts of rebellion. Provocative, startling, prophetic, and with Margaret Atwood’s devastating irony, wit, and acute perceptive powers in full force, *The Handmaid’s Tale* is at once a mordant satire and a dire warning.

How to Read Literature Like a Professor Revised May 25 2020
A thoroughly revised and updated edition of Thomas C. Foster's classic guide—a lively and entertaining introduction to literature and literary basics, including symbols, themes, and contexts—that shows you how to make your everyday reading experience more rewarding and enjoyable. While many books can be enjoyed for their basic

stories, there are often deeper literary meanings interwoven in these texts. *How to Read Literature Like a Professor* helps us to discover those hidden truths by looking at literature with the eyes—and the literary codes—of the ultimate professional reader: the college professor. What does it mean when a literary hero travels along a dusty road? When he hands a drink to his companion? When he's drenched in a sudden rain shower? Ranging from major themes to literary models, narrative devices, and form, Thomas C. Foster provides us with a broad overview of literature—a world where a road leads to a quest, a shared meal may signify a communion, and rain, whether cleansing or destructive, is never just a shower—and shows us how to make our reading experience more enriching, satisfying, and fun. This revised edition includes new chapters, a new preface, and a new epilogue, and incorporates updated teaching points that Foster has developed over the past decade.

Language and History in Adorno's Notes to Literature Jan 25 2023 Language and History in Theodor W. Adorno's Notes to Literature explores Adorno's essays on literature as an independent contribution to his aesthetics with an emphasis on his theory and practice of literary interpretation. Essential to Adorno's essays is his unorthodox treatment of language and history and his elaboration of the links between the two. One of Adorno's major but often-neglected claims is that truth is relative to its historical medium, language. Adorno persistently and creatively tries to narrow the gulf between truth and expression, philosophy and rhetoric, and his essays on literature are practical examples of his effort to critically rescue the rhetorical dimension of philosophy. Rather than relying exclusively on aesthetic concepts inherited from his predecessors in the Western tradition (Kant, Hegel, Nietzsche, Kierkegaard), Adorno's essays seek to transgress and transcend the conceptual limitations of aesthetic discourse by appropriating a non-conceptual, metaphorical vocabulary borrowed from the literary texts he investigates. Thus, Adorno's interpretations of literature mobilize an

alternative subterranean, primarily essayistic and fragmentary discourse on language and history that eludes the categories that tend to predominate his thinking in his major work, *Aesthetic Theory*. This book puts forth the claim that Adorno's essays on literature are of central relevance for an understanding of his aesthetics because they challenge the conceptual limitations of philosophical discourse.

Notes to Literature Nov 23 2022 *Notes to Literature* is a collection of the great social theorist Theodor W. Adorno's essays on such writers as Mann, Bloch, Hölderlin, Siegfried Kracauer, Goethe, Benjamin, and Stefan George. It also includes his reflections on a variety of subjects, such as literary titles, the physical qualities of books, political commitment in literature, the light-hearted and the serious in art, and the use of foreign words in writing. This edition presents this classic work in full in a single volume, with a new introduction by Paul Kottman.
