Strive for a 5 Preparing for the AP® Psychology Examination provides a thorough review of psychology with essential tips for test preparation. Designed to align with the second edition of Myers' Psychology for AP®, Strive for a 5 gives you the practice you need to succeed in the AP® Psychology course and on the exam. The book has a study guide section that corresponds to each textbook unit/module and a test preparation section. Publisher's Note: Products purchased from Third Party sellers are not guaranteed by the publisher for quality, authenticity, or access to any online entitlements included with the product. Get ready to ace your AP Psychology Exam with this easy-to-follow, multi-platform study guide The immensely popular test prep guide has been updated and revised with new material and is now accessible in print, online and mobile formats. 5 Steps to a 5: AP Psychology 2020 introduces an easy to follow, effective 5-step study plan to help you build the skills, knowledge, and test-taking confidence you need to reach your full potential. The book includes hundreds of practice exercises with thorough answer explanations and sample responses. You'll learn how to master the multiple-choice questions and achieve a higher score on this demanding exam. Because this guide is accessible in print and digital formats, you can study online, via your mobile device, straight from the book, or any combination of the three. This essential guide reflects the latest course syllabus and includes six full-length practice exams (3 in the book and 3 online), plus proven strategies specific to each section of the test. 5 Steps to a 5: AP Psychology 2020 features:

- 6 Practice Exams (3 in the book + 3 online)
- Updated content for new DSM 5 classifications
- Access to the entire Cross-Platform Prep Course in AP Psychology 2020
- Hundreds of practice exercises with thorough answer explanations
- Powerful analytics to assess your test readiness
- Flashcards, games, and more

REA's Crash Course for the AP® Psychology Exam - Gets You a Higher Advanced Placement® Score in Less Time Revised for the 2015 Exam! Crash Course is perfect for the time-crunched student, the last-minute studier, or anyone who wants a refresher on the subject. Are you crunched for time? Have you started studying for

your Advanced Placement® Psychology exam yet? How will you memorize everything you need to know before the test? Do you wish there was a fast and easy way to study for the exam AND boost your score? If this sounds like you, don't panic. REA's Crash Course for AP® Psychology is just what you need. Our Crash Course gives you: Targeted, Focused Review - Study Only What You Need to Know Revised for the 2015 AP® Psychology exam, this Crash Course is based on an in-depth analysis of the revised AP® Psychology course description outline and sample AP® test questions. It covers only the information tested on the new exam, so you can make the most of your valuable study time. Expert Test-taking Strategies Crash Course presents detailed, question-level strategies for answering both the multiple-choice and essay questions. By following this advice, you can boost your score in every section of the test. Take REA's Online Practice Exam After studying the material in the Crash Course, go to the online REA Study Center and test what you've learned. Our practice exam features timed testing, detailed explanations of answers, and automatic scoring analysis. The exam is balanced to include every topic and type of question found on the actual AP® exam, so you know you're studying the smart way. Whether you're cramming for the test at the last minute, looking for extra review, or want to study on your own in preparation for the exams - this is the study guide every AP® Psychology student must have. When it's crucial crunch time and your Advanced Placement® exam is just around the corner, you need REA's Crash Course for AP® Psychology! About the Author Larry Krieger earned a B.A. in Psychology from the University of North Carolina at Chapel Hill and an M.S. from Wake Forest University. In a career spanning more than 40 years, Mr. Krieger has taught a variety of AP® subjects. His popular courses were renowned for their energetic presentations, commitment to scholarship, and helping students achieve high AP® exam scores. All of Mr. Krieger's students scored above a 3 on their AP® exams, with most students scoring a 4 or a 5. In 2004 and 2005, the College Board® recognized Mr. Krieger as one of the nation's foremost AP® teachers. Mr. Krieger's success has extended far beyond the classroom. He has written several history textbooks and is a co-author of REA's Art History AP® test preparation guide. His latest venture, the AP® Crash Course® series, helps students strategically and effectively prepare for their AP® exams. Publisher's Note: Products purchased from Third Party sellers are not guaranteed by the publisher for quality, authenticity, or access to any online entitlements included with the product. Get ready to ace your AP Psychology Exam with this easy-to-follow, multi-platform study guide! Teacher-recommended and expert-reviewed The immensely popular test prep guide has been updated and revised with new material and is now accessible in print, online and mobile formats. 5 Steps to a 5: AP Psychology 2021 introduces an easy to follow, effective five-step study plan to help you build the skills, knowledge, and test-taking confidence you need to reach your full potential. The book includes hundreds of practice exercises with thorough answer explanations and sample responses. You'll learn how to master the multiple-choice questions and achieve a higher score on this demanding exam. Because this guide is accessible in print and digital formats, you can study online, via your mobile device, straight from the book, or any combination of the three. This essential guide reflects the latest course syllabus and includes three full-length practice exams (both in the book and online), plus proven strategies specific to each section of the test. 5 Steps to a 5: AP Psychology 2021 features: 3 Practice Exams (both in the book + online) Access to the entire Cross-Platform Prep Course in AP Psychology 2021 Comprehensive overview of the AP Psychology format Hundreds of practice exercises with thorough answer explanations Powerful analytics to assess your test readiness Flashcards, games, and more You are likely familiar with the name Dr. David G. Myers. Now, he and his new co-author, Nathan DeWall, bring you a book that will allow you to use College Board's new Personal Progress Checks and Dashboard more effectively. This updated edition includes 100% of the new course content in the new nine-unit structure. All teacher and student resources will also be updated to correlate to the new student edition; this includes the TE, TRFD, TB, Strive, and

LaunchPad. Everything will publish in summer 2020 such that you can use this new program for Fall 2020 classes. If you're not familiar with Myers/DeWall texts, you are in for a treat! Drs. Myers and DeWall share a passion for the teaching of psychological science through wit, humour, and the telling of poignant personal stories (individually identified in the text by the use of each author's initials [DM and ND]). Through close collaboration, these authors produce a unified voice that will teach, illuminate, and inspire your AP® students. Thus begins market-leading author David Myers' discussion of developmental psychology in Unit 9 of his new Myers' Psychology for AP® Second Edition. With an undeniable gift for writing, Dr. Myers will lead your students on a guided tour of psychological science and poignant personal stories. Dr. Myers teaches, illuminates, and inspires. Four years ago, we published this ground-breaking text which is correlated directly to the AP® course. Today, we build on that innovation and proudly introduce the 2nd AP® Edition. Whether you are new to AP® psychology or have many years under your belt, this uniquely AP® book program can help you achieve more. Teach students how to think critically and scientifically about the underlying mechanisms of behavior and cover all topics for the AP Psychology course. In every chapter, important discoveries are explained, the impact on everyday life is examined, and current research is used to see each behavioral principle in action. **PREMIUM PREP FOR A PERFECT 5! Ace the 2022 AP Psychology Exam with this Premium version of the Princeton Review's comprehensive study guide. Includes 5 full-length practice tests, thorough content reviews, targeted strategies for every section of the exam, and access to online extras. Techniques That Actually Work.**

- Online study guides to strategically plan out your AP Psychology prep Now Available in Digital Format!

Be prepared for exam day with Barron's. Trusted content from AP experts! Barron's AP Psychology Flashcards includes 500 up-to-date content review cards. Written by Experienced Educators Learn from Barron's--all content is written and reviewed by AP experts Build your understanding with review tailored to the most recent exam Be Confident on Exam Day Strengthen your knowledge with in-depth review covering all units on the AP Psychology exam Find specific concepts quickly and easily with cards organized by topic Customize your review using the enclosed sorting ring to arrange the cards in an order that best suits your study needs Check out Barron's AP Psychology Premium for even more review, full-length practice tests, and access to Barron's Online Learning Hub for a timed test option and automated scoring. Focusing on experimental methods, authors Anne Myers and Christine Hansen lead students step by step through the entire research process, from generating testable hypotheses to writing the research report. The major sections of the book parallel the major sections of a research report (Introduction, Method, Results, and Discussion), giving students the skills they'll need to design and conduct an experiment, analyze and interpret the research findings, and report those findings. Although the main focus is on experimentation, alternative approaches are discussed as important complements. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. 2016 revised edition. Barron's, 5-Steps and the others are great resources for reviewing at the end of the year, but Tamm's Textbook Tools workbooks accompany students all year long. They are filled with assignments that follow the regular text throughout the year, all 85 modules. They can also be used as reviews. All you need is the textbook,

physical or online. Teachers can copy at will, and parents can use the book as a student consumable. The rationale for having this workbook is that publishers now put so much of their extra content online, traditional classwork is left lacking. No matter if the textbook itself is written in ink or electrons, many students still find it valuable to write and keep notes for themselves on paper, and portfolios still matter. The activities in this workbook challenge students to apply the concepts, give examples, diagram every chapter, and think things through with the authors. Find TTT on FB, or click author name at the top of this page for all titles in this series. Organized for easy reference and crucial practice, coverage of all the essential topics presented as 500 AP-style questions with detailed answer explanations 5 Steps to a 5: 500 AP Psychology Questions to Know by Test Day is tailored to meet your study needs--whether you've left it to the last minute to prepare or you have been studying for months. You will benefit from going over the questions written to parallel the topic, format, and degree of difficulty of the questions contained in the AP exam, accompanied by answers with comprehensive explanations. Features: 500 AP-style questions and answers referenced to core AP materials Review explanations for right and wrong answers Additional online practice Close simulations of the real AP exams Updated material reflects the latest tests Online practice exercises This updated manual presents one diagnostic test and two full-length practice tests that reflect the actual AP Psychology Exam in length, subject matter, and difficulty. All test questions are answered and explained. It also provides extensive subject review covering all test topics. Topics reviewed include research methods, the biological basis of behavior, sensation and perception, states of consciousness, learning, cognition, personality, abnormal psychology, and treatment of disorders. This manual also presents an overview of the test, extra multiple-choice practice questions, test-taking tips, and an analysis of the test's essay question with a sample essay. Enclosed with the manual is a CD-ROM that presents two more practice tests with answers, explanations, and automatic scoring, as well as extensive subject review. Thus begins market-leading author David Myers' discussion of developmental psychology in Unit 9 of his new Myers' Psychology for AP® Second Edition. With an undeniable gift for writing, Dr. Myers will lead your students on a guided tour of psychological science and poignant personal stories. Dr. Myers teaches, illuminates, and inspires. Four years ago, we published this ground-breaking text which is correlated directly to the AP® course. Today, we build on that innovation and proudly introduce the 2nd AP® Edition. Whether you are new to AP® psychology or have many years under your belt, this uniquely AP® book program can help you achieve more. AP U.S. History Crash Course Achieve a Higher AP Score in Less Time REA's Crash Course is perfect for the time-crunched student, last-minute studier, or anyone who wants a refresher on the subject! Are you crunched for time? Have you started studying for your AP U.S. History exam yet? How will you memorize all that history before the test? Do you wish there was a fast and easy way to study for the exam AND boost your score? If this sounds like you, don't panic. REA's AP U.S. History Crash Course is just what you need. Our Crash Course gives you: Targeted, Focused Review - Study Only What You Need to Know The Crash Course is based on an in-depth analysis of the AP U.S. History course description outline and actual AP test questions. It covers only the information tested on the exam, so you can make the most of your valuable study time. Broken down into major topics and themes, REA gives you two ways to study the material -- chronologically or thematically. Expert Test-taking Strategies Written by an AP teacher who has studied the AP U.S. History Exam for 20 years, the author shares his detailed, question-level strategies and explains the best way to answer the multiple-choice and essay questions. By following his expert advice, you can boost your overall point score! Key Terms You Must Know Mastering AP vocabulary terms is an easy way to boost your score. Our AP expert gives you the key terms all AP U.S. History students must know before test day. Take REA's FREE Practice Exam After studying the material in the Crash Course, go online and test what you've learned. Our full-length practice exam features timed testing, detailed explanations of answers, and

automatic scoring. The exam is balanced to include every topic and type of question found on the actual AP exam, so you know you're studying the smart way! When it's crucial crunch time and your AP U.S. History exam is just around the corner, you need REA's AP U.S. History Crash Course! Already The Bestselling AP\* Psychology Author, Myers Writes His First Exclusive AP\* Psych Text Watch Dave G. Myers introduce this new text here. David G. Myers is best known for his top-selling college psychology texts, used successfully across North America in thousands of AP\* courses. As effective as Myers' college texts have been for the AP\* course, we believe his new text will be even better, because Myers' Psychology for AP\* has been written especially for the AP\* course! In this fresh new offering to the Intro Psychology course, authors John Cacioppo and Laura Freberg portray psychology as being an integrative science in two ways. First, they have written a text that reflects psychology's rightful place as a hub science that draws from and is cited by research in many other fields. Second, this text presents psychology as a unified science that seeks a complete understanding of the human mind, rather than as a loosely organized set of autonomous subspecialties. As psychology moves rapidly toward maturity as an integrative, multidisciplinary field, the introductory course offers an opportunity to teach all of psychology in one place and at one time. This text reflects that evolution--and the authors' excitement about it. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. You are likely familiar with the name Dr. David G. Myers. Now, he and his new co-author, Nathan DeWall, bring you a book that will allow you to use College Board's new Personal Progress Checks and Dashboard more effectively. This updated edition includes 100% of the new course content in the new nine-unit structure. All teacher and student resources will also be updated to correlate to the new student edition; this includes the TE, TRFD, TB, Strive, and LaunchPad. Everything will publish in summer 2020 such that you can use this new program for Fall 2020 classes. If you're not familiar with Myers/DeWall texts, you are in for a treat! Drs. Myers and DeWall share a passion for the teaching of psychological science through wit, humour, and the telling of poignant personal stories (individually identified in the text by the use of each author's initials [DM and ND]). Through close collaboration, these authors produce a unified voice that will teach, illuminate, and inspire your AP® students. Always study with the most up-to-date prep! Look for AP Psychology Premium, 2022-2023, ISBN 9781506278513, on sale January 4, 2022. Publisher's Note: Products purchased from third-party sellers are not guaranteed by the publisher for quality, authenticity, or access to any online entitles included with the product. Learn the Secret to Success in AP Psychology! Ever wonder why learning comes so easily to some people? This remarkable workbook reveals a system that shows you how to learn faster, easier and without frustration. By mastering the hidden language of the course and exams, you will be poised to tackle the toughest of questions with ease. We've discovered that the key to success in AP Psychology lies with mastering the Insider's Language of the subject. People who score high on their exams have a strong working vocabulary in the subject tested. They know how to decode the course vocabulary and use this as a model for test success. People with a strong Insider's Language consistently: Perform better on their Exams Learn faster and retain more information Feel more confident in their courses Perform better in upper level courses Gain more satisfaction in learning The Advanced Placement Psychology Vocabulary Workbook is different from traditional review books because it focuses on the exam's Insider's Language. It is an outstanding supplement to a traditional review program. It helps your preparation for the exam become easier and more efficient. The strategies, puzzles, and questions give you enough exposure to the Insider Language to use it with confidence and make it part of your long-term memory. The AP Psychology Vocabulary Workbook is an awesome tool to use before a course of study as it will help you develop a strong working Insider's Language before you even begin your review. Learn the Secret to Success! After nearly 20 years of teaching Lewis Morris discovered a startling fact: Most students didn't struggle with the

subject, they struggled with the language. It was never about brains or ability. His students simply didn't have the knowledge of the specific language needed to succeed. Through experimentation and research, he discovered that for any subject there was a list of essential words, that, when mastered, unlocked a student's ability to progress in the subject. Lewis called this set of vocabulary the "Insider's Words". When he applied these "Insider's Words" the results were incredible. His students began to learn with ease. He was on his way to developing the landmark series of workbooks and applications to teach this "Insider's Language" to students around the world. Handy and easy to use, our flashcards bring you important terms and informative explanations to help turbo-charge your AP test prep. You can study whenever you want, even if you've only got a few minutes. Use the color-coded scale on the sides of the box to help measure your progress by keeping track of how many cards you've studied so far, which terms you've mastered, and which you still need to review. Studying for the AP Psychology Exam doesn't have to be painful—the Princeton Review's Essential AP Psychology flashcards will make it a breeze! The Teacher's Edition provides a wealth of guidance and support for AP® teachers. It includes an introduction with advice about teaching AP® Psychology; a complete listing of Flip It Videos, Student Activities, and Teacher Demonstrations from the Teacher's Resource Materials; answers to all of the end-of-module Multiple Choice Questions and Practice FRQs; answers to all the unit AP® Exam Practice Questions, including full sample rubrics to the FRQs with page number cross references indicating where each portion of the answer may be found. Other features incorporated into the wraparound margins include: common pitfalls to alert students to; suggestions for activities to promote active learning and critical questioning; lesson-opening discussion starters and lesson-closing formative assessment questions; and more. Always study with the most up-to-date prep! Look for AP Psychology Premium, 2022-2023, ISBN 9781506278513, on sale January 4, 2022.

Publisher's Note: Products purchased from third-party sellers are not guaranteed by the publisher for quality, authenticity, or access to any online entitles included with the product. This updated guide offers content and test questions based on the most recent version of the AP Psychology course objectives. Our latest edition includes: Three full-length practice exams: one diagnostic test and two full-length practice tests Comprehensive answer explanations for all questions A review of all AP test topics, including research methods, the biological basis of behavior, and treatment of disorders An abnormal psychology chapter completely overhauled to reflect the latest changes to the DSM-5 Fifteen additional multiple-choice practice questions for each unit with explained answers An analysis of the test's essay section with a sample essay **ONLINE PRACTICE TESTS:** Students who purchase this book will also get access to three additional full-length online AP Psychology tests with all questions answered and explained. These online exams can be easily accessed by smartphone, tablet, or computer. Barron's, 5-Steps and the others are great resources for reviewing at the end of the year, but Tamm's Textbook Tools workbooks accompany students all year long. They are filled with assignments that follow the regular text throughout the year, all 83 modules. They can also be used as reviews. All you need is the textbook, physical or online. Teachers can copy at will, and parents can use the book as a student consumable. The rationale for having this workbook is that publishers now put so much of their extra content online, traditional classwork is left lacking. No matter if the textbook itself is written in ink or electrons, many students still find it valuable to write and keep notes for themselves on paper, and portfolios still matter. The activities in this workbook challenge students to apply the concepts, give examples, diagram every chapter, and think things through with the authors. Find TTT on FB, or click author name at the top of this page for other titles in this series. Announcing a new Myers/ DeWall text, created specifically for the Fall 2019 AP® course framework!
