Presents an overview of twentieth century popular music, documenting the careers of singers, composers, and lyricists from the 1920s through the 1960s, and the big bands and Broadway musicals that characterized the era. From Irving Berlin to Cy Coleman, from “ Alexander ’ s Ragtime Band ” to “ Big Spender, ” from Tin Pan Alley to the MGM soundstages, the Golden Age of the American song embodied all that was cool, sexy, and sophisticated in popular culture. For four glittering decades, geniuses like Jerome Kern, George Gershwin, Cole Porter, and Harold Arlen ran their fingers over piano keys, enticing unforgettable melodies out of thin air. Critically acclaimed writer Wilfrid Sheed uncovered the legends, mingled with the greats, and gossiped with the insiders. Now he ’ s crafted a dazzling, authoritative history of the era that “ tripled the world ’ s total supply of singable tunes. ” It began when immigrants in New York ’ s Lower East Side heard black jazz and blues – and it surged into an artistic torrent nothing short of miraculous. Broke but eager, Izzy Baline transformed himself into Irving Berlin, married an heiress, and embarked on a string of hits from “ Always ” to “ Cheek to Cheek. ” Berlin ’ s spiritual godson George Gershwin, in his brief but incandescent career, straddled Tin Pan Alley and Carnegie Hall, charming everyone in his orbit. Possessed of a world-class ego, Gershwin was also generous, exciting, and utterly original. Half a century later, Gershwin love songs like “ Someone to Watch Over Me, ” “ The Man I Love, ” and “ Love Is Here to Stay ” are as tender and moving as ever. Sheed also illuminates the unique gifts of the great jazz songsters Hoagy Carmichael and Duke Ellington, conjuring up the circumstances of their creativity and bringing back the thrill of what it was like to hear “ Georgia on My Mind ” or “ Mood Indigo ” for the first time. The Golden Age of song sparked creative breakthroughs in both Broadway musicals and splashy Hollywood extravaganzas. Sheed vividly recounts how Cole Porter, Richard Rodgers, Jerome Kern, and Johnny Mercer spread the melodic wealth to stage and screen. Popular music was, writes Sheed, “ far and away our greatest contribution to the world ’ s art supply in the so-called American Century. ” Sheed hung out with some of the great artists while they were still writing – and better than anyone, he knows great music, its shimmer, bite, and exuberance. Sparkling with wit, insight, and the grace notes of wonderful songs, *The House That George Built* is a heartfelt, intensely personal portrait of an unforgettable era. A delightfully charming, funny, and most illuminating portrait of songwriters and the Golden Age of American Popular Song. Mr. Sheed ’ s carefully chosen depictions and anecdotes recapture that amazingly creative period, a moment in time in which I was so fortunate to be surrounded by all that magic. ” – Margaret Whiting

A biography that explores Duke Ellington's life and career, with twenty-one activities for engaging children, such as how to create a ragtime rhythm, make a washtub bass, and write lyrics, and covers topics such as the Harlem Renaissance, the evolution of jazz, and changes in music technology. Duke Ellington was one of jazz's greatest figures, a composer and bandleader of unparalleled importance and influence. But little attention has been given to his chief musical collaborator, Billy Strayhorn, who created hundreds of compositions and arrangements for his musical partner, and without whom the sound of Ellington's orchestra would have been very different. Now, in Walter van de

Leur's provocative new book, *Something To Live For*, Billy Strayhorn steps out from Ellington's shadow and into the spotlight. Van de Leur argues that far from being merely a follower of Ellington or his alter ego, Strayhorn brought a radically new and visionary way of writing to the Ellington orchestra. Making extensive use, for the first time, of over 3,000 autograph scores, Van de Leur separates Strayhorn from Ellington, establishes who wrote what, and clearly distinguishes between their distinctive musical styles. "Both Strayhorn's and Ellington's oeuvres," writes Van de Leur, "though historically intertwined, nevertheless form coherent, separate musical entities, especially in terms of harmonic, melodic, and structural design." Indeed, *Something to Live For* allows us to see the characteristic features of Strayhorn's compositions and arrangements, his "musical fingerprints," and to analyze and evaluate his music on its own terms. The book also makes clear that Strayhorn's contribution to the band was much larger, and more original, than has been previously acknowledged. Based on a decade of research and offering detailed analyses of over 70 musical examples, *Something to Live For* casts new light--and will surely arouse intense debate--on two of the most important composers in the history of jazz. Features photos and bios for all composers. The author of the magisterial *A Biographical Guide to the Great Jazz and Pop Singers* now approaches the great singers and their greatest work in an innovative and revelatory way: through considering their finest albums, which is the format in which this music was most resonantly organized and presented to its public from the 1940s until the very recent decline of the CD. It is through their albums that Ella Fitzgerald, Frank Sinatra, Peggy Lee, Sarah Vaughan, Nat King Cole, Judy Garland, and the rest of the glorious honor roll of jazz and pop singers have been most tellingly and lastingly appreciated, and the history of the album itself, as Will Friedwald sketches it, can now be seen as a crucial part of musical history. We come to understand that, at their finest, albums have not been mere collections of individual songs strung together arbitrarily but organic phenomena in their own right. A Sinatra album, a Fitzgerald album, was planned and structured to show these artists at their best, at a specific moment in their artistic careers. Yet the albums Friedwald has chosen to anatomize go about their work in a variety of ways. There are studio and solo albums: Lee 's Black Coffee, June Christy 's Something Cool, Cassandra Wilson 's Belly of the Sun. There are brilliant collaborations: famous ones—Tony Bennett and Bill Evans, Louis Armstrong and Oscar Peterson—and wonderful surprises like Doris Day and Robert Goulet singing Annie Get Your Gun. There are theme albums—Dinah Washington singing Fats Waller, Maxine Sullivan singing Andy Razaf, Margaret Whiting singing Jerome Kern, Barb Jungr singing Bob Dylan, and the sublime Jo Stafford singing American and Scottish folk songs. There are also stunning concert albums like Ella in Berlin, Sarah in Japan, Lena at the Waldorf, and, of course, Judy at Carnegie Hall. All the greats are on hand, from Kay Starr and Carmen McRae to Jimmy Scott and Della Reese (Della Della Cha Cha Cha). And, from out of left field, the astounding God Bless Tiny Tim. Each of the fifty-seven albums discussed here captures the artist at a high point, if not at the expected moment, of her or his career. The individual cuts are evaluated, the sequencing explicated, the songs and songwriters heralded; anecdotes abound of how songs were born and how artists and producers collaborated. And in appraising each

album, Friedwald balances his own opinions with those of musicians, listeners, and critics. A monumental achievement, *The Great Jazz and Pop Vocal Albums* is an essential book for lovers of American jazz and popular music.
